JUSTICE GIROUARD.

Coincidence During His Recent Visit to England.

"M. A. P." (Mainly About People), edited by T. P. O'Connor, M.P., of 23rd August, contains the following reference to Justice Girouard's recent visit to England, contributed by James Johnson, formerly of Ottawa:

"Among the colonial coronation visitors to London who were obliged to leave for home before that event took place was Mr. Justice Girouard, one of the judges of the supreme court of Canada, a descendant of Antoine Girouard, of Rim, France, a private secretary to Governor de Ramezay, of Montreal. He was born in 1836; was educated in Montreal; is a D.C.L. of McGill university of that city, and an honorary LL.D. of Ottawa university. He was a member of the Canadian house of commons from 1878 to 1895, and was for fourteen years chairman of the committee on privileges and elections. He was called to the bar in 1860, and was appointed a judge of the supreme court in 1895. He has written extensively on legal subjects, and is generally recognized as among the ablest jurists in his native province of Quebec.

THE DEAL MADE.

PURCHASE MADE BY G.T.R. COMPANY

Of the Detroit & Toledo Shore Line—The Acquisition Opens up a New Route From Canada.

Detroit, Mich., Sept. 4.—The Tribune says there is no doubt that the Detroit and Toledo Shore line has been sold to the Grand Trunk railway deal having been closed up yesterday, in this city, when General Manager Hays, of the G.T.R., met E. W. Meddough, counsel for the road, and several other officers.

The acquisition of the Detroit and Toledo Shore line opens up a line of connections at Toledo which is very valuable and will enable the G.T.R. to tap the coal fields of Ohio and West Virginia, through the roads running into Toledo. It also means either the purchase of the Toledo, St. Louis and Western by the G.T.R., or the making of a close traffic agreement by which the G.T.R. will gain an entrance into St. Louis, where it will connect with the St. Louis and San Francisco, and thus open up a new route from Canada and the east to the Great South-West. It is not thought the Grand Trunk contemplates the purchase of the Clover Leaf at the present time.
