A SUCCESSFUL TEA

In Princess Street Methodist Church—All Expenses Met.

The tea and entertainment in the Sunday school room of the Princess Street Methodist church, on Monday evening, held to mark the opening of the enlarged school room, was largely attended, about 280 people sitting at the well-supplied tables. The ladies of the congregation had prepared many a tempting dish, the contents of which soon disappeared. At the entertainment which followed, T. F. Harrison presided, and in a brief address referred to the opening of the new hall and conveyed to Princess street school the best wishes of the Sydenham street school. Rev. W. T. G. Brown, St. Lambert, Que., spoke eloquently on the elements of success, emphasizing the fact that the young man must do his best and do it all the time, if he is to succeed in the world. Rev. Dr. Philp, pastor of Sydenham street Methodist church, also made a brief address. A male quartet, composed of Messrs. Philp, Gibson, Walker and Daniel Cooper, Williams'ville's peerless soloist, was in great demand, and he contributed three well-rendered songs.

As a result of the tea and entertainment \$62 was cleared. On Sunday the pastor asked for \$50, and received in offerings nearly \$75. The total expense of the improvement, and the construction of the school room, \$800, has now been met. The last \$100 was subscribed in a few minutes last evening. The pastor and congregation of the little church have every reason to be proud of the splendid work they have done. In their hands, Methodism in Williams'ville is steadily growing.

133 Pupils Attended.

Since the opening of the public schools for the fall term, Inspector Kidd has admitted 133 new pupils, only twenty-four of whom are from outside the city, four being Russians who are unable to speak a word of English. The admitting of pupils will go on for a week or so yet. Many of the parents are just returning from camp or summer resort, and others will not return for a few days yet. The agitation to extend the summer holidays until September 15th meets with the approval of many Kingston parents. The number of new pupils admitted this year is far in excess of last year's figures.

Met With An Accident.

Miss Rowan, a passenger aboard a down bound electric car, got with a painful mishap on Princess street, Saturday night. She accidentally allowed her umbrella to fall off the car, and in attempting to recover it, as the car was proceeding at a fairly lively rate of speed, made the mistake that most ladies are guilty of, and descended with her face towards the rear of the car. As a result she was thrown to the ground and severely bruised, besides having her face cut.

Opening of Victoria Theatre.

The Victoria Opera house, which will be managed this year by W. A. Brown, of Allen & Brown, auctioneers, will open on Friday and Saturday. M. Kinney Bros.' big minstrel show, with its military band and symphony orchestra. "The coronation of King Edward," is an important feature of the programme.

On Geological Survey.

Drs. Whiteaves and Ellis, paleontologists, of the government geological survey, Ottawa, were in the city on Sunday. They left yesterday morning from Picton to look into formations in Prince Edward county. Dr. Whiteaves is perhaps the foremost paleontologist in America.

Coronation Medal.

An exhibition in the window of Sutherland Bros., Princess street, is the coronation medal presented by the Prince of Wales to Veterinary Captain F. Metcalfe, of the Canadian Scouts who did service in South Africa, and whom Capt. Metcalfe represented at the coronation.

SEDDON SPOKE

PREMIER ADVOCATES NATIONAL COUNCIL.

For Colonial Affairs—People, He Said, Are Prepared to Go Further Than Their Representatives at Recent Conference.

London, Sept. 9.—The prime minister of New Zealand, Mr. Seddon, delivered a characteristic farewell address at Plymouth, yesterday, upon his departure for home. Mr. Seddon declared that he believed the people were prepared to go further than were their representatives in the recent colonial conference, or the imperial officials. He advocated a national council for colonial affairs, and advised Colonial Secretary Chamberlain that the leaders of the colonies were visiting all of the colonies. Mr. Seddon said the cheering of the Boer generals was not consistent with British dignity, and that it would not commend itself in the colonies.

LEFT FOR CAMP.

Cases of Glanders Found in Ottawa.

Ottawa, Sept. 9.—The 2nd Field Battery left for Deseronto this morning to go into annual camp. The battery was not able to full strength, a fact due to the busy season. Maj. Arnold is in command. Fire at noon, to-day, did \$2,500 damages to Stevenson's drug store, corner Elgin and Waverley streets. The upstairs flat, occupied by a private family, was badly scorched. A number of cases of glanders have been discovered in the city. One man had to shoot several valuable horses. A heavy loss was the shooting of Ambrosial, a pedigree stallion, for which \$8,000 were paid a few years ago.

MAINE ELECTIONS.

The Republican Ticket Carries the Day.

Portland, Me., Sept. 9.—Republicans and democrats both had losses in yesterday's election. The returns from 200 cities and towns showing fourteen per cent. decrease for the former, and twelve per cent. loss for the democrats as compared with the governor's vote of two years ago. The indicated plurality for Governor John F. Hill on the figures given is 27,000. Congressional returns indicate that all four republican congressmen, Amos L. Allen, Sanford; Charles E. Littlefield, Rockland; Edwin C. Burleigh, Augusta; and Llewellyn Powers, Houlton, their vote running close to that for governor.

Drowned On Way To Lighthouse.

Parry Sound, Ont., Sept. 9.—The body of a woman, afterwards identified as Mrs. C. L. White, wife of C. L. White, lighthouse keeper, of this place was found on the shores about a mile from here yesterday. Mrs. White and her son Jackson left here Saturday in a sailboat for the lighthouse, and it is supposed a squall capsized their boat. No trace of the boy or boat has yet been found.

Mitchell's Denial.

Wilkesbarre, Pa., Sept. 9.—President Mitchell, states that the report sent out from Scranton to the effect that he told a friend that the strike would be over by September 15th and that the strikers would have to go back to work to save the miners' union, was a "pure fabrication." He says he never made such a remark to any person.

Sentenced To Four Years.

Toronto, Sept. 9.—John Joseph Scott, who early this morning murdered a nearly-slain John Renshaw, is almost watchman at the factory of the Imperial Varnish and Color company, pleaded guilty in police court, and was sentenced by Police-Magistrate Doustson to four years in Kingston Penitentiary.

Good For Lancashire.

London, Sept. 9.—The Lancashire coal trade is rapidly improving in consequence of purchases for the United States. It is said that orders aggregating hundreds of thousands of tons have been placed in the South Lancashire collieries for shipment to various ports of the United States.

Invited To London.

Kansas City, Mo., Sept. 9.—George C. Hale, former fire chief of Kansas City, has been invited by the secretary of the British fire brigade station to go to London next May to assist in re-organizing the English fire fighting services. He will consider the proposal.

Lisgar Election.

Winnipeg, Sept. 9.—A protest has been filed against the election of D. A. Stewart for Lisgar. The protest was made on behalf of R. L. Richardson, the defeated candidate. The bill of particulars charges general corruption, eighty instances being cited.

Fight With Slave Dhov.

London, Sept. 9.—Information has been received at the admiralty office of a sharp fight in the Persian gulf, between a boat's crew of the British gunboat Lapwing and a slave dhov. A dhov was killed and several were wounded.

Progressing Satisfactorily

St. Petersburg, Sept. 9.—It is officially announced that the ezarina has passed the critical stage of her recent miscarriage. Her case is without complications and she is progressing towards complete recovery.

The Suicide Identified.

Halifax, N.S., Sept. 9.—The remains of the young man who strangled the Dartmouth ferry steamer, last night, has been identified as Ralph McCreary, aged twenty, of this city.

TRIENNIAL SESSIONS

Will Hereafter Be Held By Anglicans.

Montreal, Sept. 9.—The general synod of the Church of England will, in future, hold triennial sessions. The suggestion of the lower house in that respect was adopted by the house of bishops to-day. The bishops named Toronto as the next place of meeting but the lower house is in favor of Quebec on the ground that the interests of the church would be better served by not confining the synods to two or three places. It is considered likely the lower house's view will prevail.

In connection with the forthcoming convention of the Canadian Fire Underwriters' Association in Quebec, on

MRS. ASTOR. The foremost society leader of the United States.

The 24th and 25th of this month, it is announced that the companies will not reduce the rates of insurance in this city as they are not satisfied with the improvements made by the city in connection with the fire brigade. All the premiums for the three years averaging a million a year have been wiped out by the losses.

Besmantram, of the Montreal police A.A.A., goes to New York for the championships on Saturday. He will throw the fifty-six pound weight.

BODY IDENTIFIED.

Remains Found at Goderich Those Of Frank Lawrence.

A telegram reached the city this afternoon, addressed to Joseph Lawrence, conveying the intelligence that the body found at Goderich yesterday had been identified as that of Frank Lawrence, of Kingston, drowned off the steamer Marine City last fall. The identification, made at the coroner's inquest this morning, resulted from the fact that the marks of a broken right leg, sustained some time ago by Mr. Lawrence, were plainly recognizable on the body found. The rubber boots which he wore were padded with Kingston newspapers, as the boots were too large for him. The clothes were also identified as those worn by Mr. Lawrence at the time of the foundering of the ill-fated steamer. The telegram further stated that the remains were badly decomposed. If it is possible, the son will bring the remains home for burial.

A PORT HOPER DROWNED.

Robert Robinson Fell Off The Steamer Kingston.

Port Hope, Ont., Sept. 9.—It is an old adage that troubles never come singly. To-day we have to record the death of another of Robert Robinson's sons, drowned off the steamer Kingston, on Saturday, opposite Munro Park. He was on his way to join the North King at Charlotte where he was engaged as a hand on that boat.

His aged mother, at the Ontario home, is nearly broken hearted, and it is feared she will not survive the shock. One thing is certain, however, the father and mother and the family generally have the sympathy of all their friends and acquaintances in Port Hope.

Set For Hearing.

The appeal from the judgment of Justice Lount in the case of the Kingston Light, Heat and Power company, in which the city won its contention, has been set for hearing, in court of appeal, Toronto, which began its sessions to-day.

The city solicitor says that the action is pretty well down on the list and it was feared, a hearing might not be secured at the present sittings, hence by instruction, the city's agent in Toronto, Mr. Mowat, presented a motion to the court "to suspend the trial." The result has not been announced.

E. L. of C. E. Elects Officers.

The annual election of officers of the Epworth League of Christ the Endless Love of Kingston, Methodist church, took place last night, resulting as follows: President, Alfred Milne; vice-president, Miss Lulu Clark; secretary, Miss M. Merritt; treasurer, Miss Nellie Hutchison; lookout committee, Miss B. Hammond; prayer meeting committee, Miss Frankie Clark; missionary committee, Miss Mamie Merritt.

Due To The Storm.

During the heavy wind to-day a tree, standing on the street near Alvington house, King street west, was blown down, the trunk, delaying street car traffic for a time. A window in the second story of Waldron's dry goods store was blown in at noon.

Cranberry Crop Destroyed.

Halifax, Sept. 9.—Frost last night destroyed nearly the whole cranberry crop in the Annapolis valley. The loss will be very heavy. The streets to-day were very dusty, though hundreds of citizens pay street watering rates to overcome just such a kind of annoyance. The streets department should be awakened.

NEWS OF WORLD

TELEGRAMS FROM THE FOUR QUARTERS OF EARTH.

Matters That Interest Everybody —Notes From all Over—Little of Everything Easily Read and Remembered by the Dear Public.

The Boer generals expect their tour of the United States to occupy six months. A feeling is growing strongly in New England in favor of reciprocity and a closer union with Canada. A discussion of appendicitis will be given first place at the Brussels surgical conference, opening September 8th.

Emperor William told United States generals that he would like to visit America, but he feared he would never be able to do so. The Consolidated Gas company, New York, has contracted for 25,000 tons of coke from Sydney, C.B., to be delivered there.

Gertrude Miller, aged sixteen, believing she had been deserted by her husband, whom she had just married, suicided at Monticello, N.Y. Despatches announce the destruction of the town of Bolivar, Argentine Republic, by a cyclone. Fourteen persons were killed and fifty were injured.

During the manoeuvres near Trivoli a military balloon burst and sixteen soldiers were badly injured in consequence. Two of the men were fatally hurt.

At Vienna, Hoger Jagrele, who was a drummer boy for Andreas Hofer in the war against the great Napoleon, celebrated his 102nd birthday the other day.

F. W. Unit, superintendent of main building, industrial exhibition, Toronto, has been stricken with paralysis and lies in a precarious condition at his home. All the lower portion of his body is affected.

The 'creamery men of the North-West will have to be on the watch, otherwise in a year or two they may find themselves having to compete in the British Columbia markets with Danish butter produced in Siberia, while on a climbing expedition, fell and broke his neck on the Klestergetz, near Vienna. The death record on the Rax Alps for the present season now has reached the total of thirty-two persons.

Three members of the Vienna Social and Touring club, while ascending the Rax Alps, lost their way. Two of the climbers fell 600 feet and were killed. The third member of the party, who survived, was obliged to stand upright upon a narrow ledge of rock from noon on Sunday until Monday morning when he was rescued.

THE TWO TYPES

Of Living Death, Dunkeness and Insanity. One day this week as the car was leaving Lake Ontario Park, a drunken man clambered to the front and sat down. The ashy complexion, puffy eyelids, trembling hands and general appearance of the man proclaimed the habitual hard drinker.

The conductor, who appeared to know him put him off passive and unresisting at the park gate and he staggered toward the side of the road. Some of the inmates of Newcourt, just opposite were loitering near.

One of these lunatics whose squatly figure, misshapen head, and clumsy gait in some way suggested the gorilla, spied the drunken man, staggering in his direction. A great, wavering light flashed into his eyes as he looked, a hoarse, chuckling laugh broke from his wide loose mouth, and he started toward him with hurried reeling steps and outstretched hands.

A throat-tightening horror gripped the watchers from the car. The drunken man stopped and stood swaying slightly. The lunatic trembled with joyous eagerness pronounced on his face. Then the light flickered and died out leaving the whole man limp and nerveless, an expression of vague disappointment. He laid his hand gropingly on the drunken man's arm, and the old dreary look crept into the poor wailing eyes again.

The bell rang and the car started cityward, leaving together those two types of a living death, drunkenness and insanity.

Conferred With Machinists.

A special committee of the board of trade held a conference last evening with three delegates from the Machinists' Union, with a view to obtaining some concessions on their locomotive works strike. When seen to-day Capt. Gaskin, president of the board, stated that nothing for publication had transpired. "We will later on have a conference with the management of the works," he said. "I believe the prospects are good for settling the differences and ending the strike. The men, the company and the citizens are losing by the strike."

Given A Call To Picton.

Through the kindness of a friend we are informed that, on Monday evening, at a congregational meeting held in St. Andrew's Presbyterian church, Picton, a call was given to Rev. James S. Shortt, M.A., to become the successor of Rev. D. G. McPhail, B.A. now of Frank, Alberta. Mr. Shortt is a Queen's man, a brother of Prof. A. Shortt, and well known in this city.

Saved A Life.

Yesterday a conductor on an electric car saved a woman's life as the car was descending the asylum hill at a rapid rate. The woman's hat was blown off and she attempted to jump off to regain it. The conductor divined her motive had prevented her carrying it out. Had she stepped off the car she would have been killed, to a certainty.
