A STEEL COMBINATION.

Has Been Arranged With British Firms. London, Sept. 12.—The correspondence continues that lengthy negotiations were recently concluded for the formation of the British steel combination comprising all the British manufacturers of steel rails. The title of the new organization is the British Rail Makers' Association. It has no registered office, or public existence and is concerned only with rails. Its aim is an offensive and defensive alliance to control prices and regulate the output. There are only eight steel rail makers in England and they comprise the combination. The combination is to raise the price of steel rails from twenty-five shillings to thirty-five shillings per ton.

INDICT WIDOW

Secreted Large Portion Of Husband's Estate.

A QUIET THEFT

SUCCEEDED IN FINDING IT OUT AT LAST.

Giving List of Large Number of Securities Belonging to Estate—Grand Jury Indictment Followed—A Clever Fraud.

New Orleans, Sept. 13.—The grand jury has returned an indictment against Mrs. Rose Branche Dauphin, widow of Maximilian Dauphin, for many years president of the Louisiana state lottery. Mrs. Dauphin is said to be ill in or near New York.

Dauphin, who was president of the Louisiana Lottery company, died in 1891. His estate was inventoried at \$100,000, his widow and a friend being executors. There were other heirs, including Dauphin's mother. The estate was settled up, the heirs were paid their share and the widow and legatee came into possession of the rest of the property.

Eleven years after the settlement among the effects of Judge Porche, who had been Mrs. Dauphin's lawyer in the probate case, an old, badly worn paper was found giving a list of a large number of bonds which apparently formed part of the Dauphin estate, but which had not figured in the inventory.

Mrs. Dauphin was called on to explain. She failed to appear before a Louisiana court, but piece by piece the trouble buried for eleven years was brought to light. Dauphin had kept his money and securities in a box in his room and was a much wealthier man than many supposed. From that box his widow, it is charged, had removed and secreted \$214,000 in securities and \$100,000 in cash. In order to cover up her work she is alleged to have sold the bonds, invested and reinvested the money in new securities, so that no trace could be found of it. She kept no bank account and frequently had \$100,000 on her person in \$1,000 bills.

Judge Lazarus, counsel for the heirs, succeeded in tracing every bond for more than twelve years. The court awarded judgment against Mrs. Dauphin for \$388,066.

DROPPED DEAD AT A FIRE.

Retired Farmer Expires From Excitement. Newington, Ont., Sept. 13.—About two o'clock on Thursday night a fire broke out in the grocery and feed store owned by Joseph Rutley and the building was completely destroyed.

A sad incident in connection with the fire was that Abram Shaver, a retired farmer, who lives in the village, came over to give some assistance. He had worked for about fifteen minutes carrying goods out of the store when he dropped dead in the street. Mr. Shaver had been troubled with heart failure for some years. He belonged to the Ancient Order of United Workmen and was highly esteemed by all in the locality. He leaves a wife and two small children, a son and a daughter, and a host of sorrowing friends to mourn his loss.

To Look After Interests.

Hamilton, Ont., Sept. 13.—Creditors of the defunct Stinson's bank, at a largely attended meeting, decided to retain Church, McMurphy and Sherman a Chicago firm of lawyers, to look after their interests. M. S. Bright, Superior City, the receiver of the estate, came in for some very severe criticism at the meeting, he not having, in the past two years, made any move to wind up the estate. The agreement with Church, McMurphy and Sherman, was signed by 135 depositors whose claims aggregate \$200,000.

May Cost \$300,000.

New York, Sept. 13.—It is said at the navy yard in Brooklyn that the injury sustained by the cruiser Brooklyn during the naval manoeuvres in Buzzards Bay last week, is of such a nature that she is not in a condition for hard work and may go out of commission. The repairs on her may cost \$300,000.

General Chicoyne Hanged.

Port-au-Prince, Sept. 13.—General Chicoyne, of the Firminist forces, who was defeated at Petit Goave on August 8th, and set fire to that town before evacuating it, and who was subsequently arrested near Jaclmel, was executed at Jaclmel on September 10th after having been tried by a military tribunal.

Its First Robbery.

Paris, Sept. 13.—The officers of the Bank of France are reported to have submitted showing the exact working of the new method, which went into effect on July 1st. Reports thus far received show that the larger railroad systems have been obliged to increase their clerical forces and have incurred other expenses in connection with the per diem plan that have tended to create some dissatisfaction with the new system.

MINERS' WAGES.

The Money They Earn During a Year.

Seranton, Pa., Sept. 13.—Acting under instructions of President Mitchell, of the Mine Workers' Union, President Nichols, of district No. 1, has issued a statement of the earnings of the anthracite mine workers, their hours and periods of employment each year. According to this statement most of the men engaged in mining hard coal were employed 194.5 days during the twelve months preceding the present strike. There are 37,894 contract and company miners employed, who earn annually on an average \$391.22 and \$496.38 respectively. Company mine laborers earn \$375.75, and contract mine laborers \$276.49. Drivers and runners receive \$239.65, and doorman boys get \$153.65. The highest annual earnings of any inside worker is that of \$631, which goes to pumpmen, who

work 240 days a year to receive it. Stable men, who work 265 days a year, receive \$600.

In every case it is stated the men work ten hours a day when on duty. The first demand in the list of grievances which the miners have stated they shall be required to work eight hours a day, instead of ten, for which they shall receive the same wages as paid before the strike was inaugurated, which would amount to a twenty per cent. increase.

According to the statement of President Nichols, the mine worker who is required to work ten hours a day, instead of ten, for which they shall receive the same wages as paid before the strike was inaugurated, which would amount to a twenty per cent. increase.

A TRIP TO BRANDON.

Four Hundred Enjoyed Hospitality of Mr. Gordon.

Winnipeg, Sept. 13.—Four hundred persons, delegates to the Methodist general conference, and friends, took advantage of the offer of J. T. Gordon, M.P.P., and went on a jaunt to Brandon on a special train via the Canadian Northern R.R., yesterday. The train reached Brandon in the afternoon. A luncheon was served in the city hall, after which the visitors were driven to the Experimental Farm and other points of interest. The caterers were much impressed with the thriving wheat city and greatly enjoyed the trip to Brandon. The conference resumed its labors this morning.

TO LAY THE CABLE.

A Cable Steamer Has Reached Victoria, B.C.

Victoria, B.C., Sept. 13.—The cable steamer Colonia arrived here, yesterday, from London, via Singapore and Yokohama. The boat has on board 11,000 tons of wire and supplies. The voyage covered 35,000 nautical miles. The steamer will be here until Monday and then will proceed to Bamfield Creek, where she will start laying the wire. The contract is to be completed before December. The ship and cargo are insured for five million dollars. A repair ship of two thousand tons is now building to be stationed here.

REDMOND'S VIEWS.

Chief Secretary's Acts Justified Even Rebellion.

London, Sept. 13.—John Redmond, leader of the Irish party in the house of commons, said, in a speech at Waterford, yesterday, that the Irish party had exercised the greatest influence during the last session of parliament. He expected that the land question would be settled shortly. He spoke strongly against emigration. Mr. Redmond also declared that the coercion proclamation of the chief secretary for Ireland, justified any resistance even armed rebellion against England.

GREAT BUSH FIRES.

The Town of Alberne, B.C., is in Danger.

Victoria, B.C., Sept. 13.—Huge bush fires are burning in the surrounding districts. The town of Alberne is threatened. Several houses have been burned at Sooke and the aerial tramway and ore bins of the Tree mine are in danger. The blue-jackets had a hard fight to reach the naval hospital. A pall of smoke hangs over the city and ashes are falling in the streets.

THE U. S. LEADING.

Half the Contest Found the Canadians Behind.

Ottawa, Sept. 13.—With the shooting at 800 yards half finished, the score in the Palma trophy contest stands: Canadians, 246; British, 262; United States, 281.

At the completion of the first range 800 yards, the official score stood: British, 528; American, 550; Canada, 505.

And the British Columbia Conservatives Unite.

Revelstoke, B.C., Sept. 13.—The convention of the provincial conservatives resulted in the different factions reconciling their differences and becoming united with Charles Wilson, K.C., as leader. Richard McBride presided over the meeting; R. L. Borden, the Dominion opposition leader, was present and delivered an address.

The Drift Of A Bottle.

Moise, Que., Sept. 13.—A large bottle was picked up on Wednesday, off this place, containing a compass, and a few other articles, but nothing else by which it could be identified. A bottle was found on the beach containing a card on which was written: "Lamarie—of St. Lawrence House, Alexandria Bay, but dropped overboard from R.M.S. Lake Erie, off Belle Isle Gulf of St. Lawrence." The drift of the bottle is interesting, and probably some tourist is responsible for it.

To Oppose Crossing.

Winnipeg, Sept. 13.—The C.P.R. will oppose the C.N.R. crossing its tracks near Emerson, until the latter receives legal authority. For this it is stated the company must go to the privy council. The construction gang on the C.N.R. will reach the C.P.R. track early next week.

To Move To Ontario.

Prescott, Mich., Sept. 13.—The big Hutterer saw mill, which cuts 200,000 feet of pine in one day, is to be removed to the Canadian side in the Georgian Bay county, as the timber in this locality is nearly exhausted.
