

VALUE OF TESTIMONY.

Greater Than Assertion. There is none of us so hardened but that when we have been able to aid our fellow creatures by conferring a benefit or bringing a little comfort into their lives we like to have appreciation shown. This generally affords more pleasure than the performance of the act itself, and in this connection the following letter from a Paris, Texas, lady is of more than usual interest: "Dear Friends: I address you as such, for you have been such to me. I suffered for three years of and on with piles. I was treated at the hospital, and the new and elegant hospital, of Memphis; they only gave me temporary relief. I came west, thinking the change of air and water would benefit me; five months ago the bleeding piles came back on me, and bled so much that I thought I would die. I have had four of the finest doctors in this section of Texas; all they did was to finally nearly let me go to my grave; all they wanted was a big sum of money from me and to operate on me. I said no, no surgeon's knife would enter me; if it was my time to die God knew it, and when I died I would die all together. I began hearing about your medicine, I had no faith in you, but I sent and got a box of your Pyramid Pile Cure; in two days the blood flow had slackened to one-half the amount, and in one week I felt so much better I walked four blocks and did a little housework. I was not bleeding then in three weeks I was well. God bless you for putting such a wonderful medicine within the reach of suffering men and women. I shall never cease to recommend your medicine or be without it; also I used your Pyramid Pills, Sallie A. Heardon." Testimony like this should be more convincing than all claims and assertions, and should leave no doubt in the mind of the reader as to the merit of the remedy. Pyramid Pile Cure is sold by druggists for fifty cents a package, or will be mailed by the makers to any address upon receipt of price. Write Pyramid Drug Co., Marshall, Mich., for their book on cause and cure of piles.

SMALL MARGIN BUTCHERS LICENSE FEE UNDER DISCUSSION

Report of Finance Committee Carried by a Small Majority—The Legality of the Fee Until 1903 is Questioned.

For a short time last evening it looked as though the adherents were going to press their summer vacation but by quarter past eight o'clock a quorum had taken seats around the horse shoe, and the city's business was more given a whirl by the representatives of the people. When the roll was called these members answered to their names: Mayor, Shaw, Alds. Behan, Craig, Farrell, Graham, Harkness, Hipson, King, Knapp, McCannion, McFarlane, Sears, Walkem, White, Abbott, Dunlop, Mallen and McLeod.

On motion of Alds. Walkem and Farrell, the minutes of the last regular and two special meetings were confirmed as printed.

Communications Considered. Anson A. Gard, Montreal, offering to write a ray book on Kingston's attractiveness as a summer resort; Mr. Gard has been very successful in his efforts for other cities.—Finance committee.

Mrs. Catharine Fraser, asking for remission of taxation on store, 53 Princess street, because of vacancy.—Finance committee.

E. A. Padfield & Co., London, Eng., desiring to sell the city cast iron pipes, etc.—Board of works.

A. B. Cunningham, applying for remission of taxes on the athletic grounds.—Finance committee.

John Gillies, declining to accept the city's terms for smelter site.—Referred to committee on industries.

Treasurer Fair Association, asking to have turned over to him the municipal grant of \$500.—Complied with on motion of Alds. White and Harkness.

C. A. Macpherson, for Ontario Power company, offering \$250 for old mill and water works, pumping station. A resolution of the water works committee and a "round robin" signed by a majority of the council, accepted the company's offer, and this action was approved by council.

C. A. Joy, asking for use of city hall, at a nominal fee, for a religious meeting.—City property committee.

Mrs. Catharine Morrison, asking to be relieved of payment of local improvement taxes on asphalt walk, on Brook street, as the walk is not of any benefit to her property.—Finance committee.

J. L. Whiting, K.C., notifying Joseph of injury received by Mrs. Joseph A. Whiting, by reason of defective sidewalk, and holding the city responsible for damages.—City solicitor and board of works.

Mrs. A. Wilder, asking to have water works system extended to her house.—Water works committee.

W. H. Reid, wanting to purchase an old watering cart.—Board of works.

Left in Committee's Hands. With respect to the communication of John Gillies, declining to accept the city's terms for the smelter site, Ald. King pointed out that the fact that Mr. Gillies was willing to drop negotiations so suddenly showed that the action of the committee on industries was the wisest course and its action was justifiable. Had any other course been taken the council might find itself in the position it now is in, nine months hence. However, there must be something underlying the action of Mr. Gillies, or he would not have sent the council such a curt letter. He may have been misinformed as regards certain points; he would not have taken such action without good reason. At the least, he showed the council scant courtesy. The speaker asked that the matter be left in the hands of the committee on industries to carry on further correspondence.

Ald. Craig stated his mind ran in the same channel as that of Ald. King in regard to the matter. There was more underlying the action of Mr. Gillies than appeared on the surface. He would favor the appointment of a deputation of the council to wait upon Mr. Gillies to learn the particulars, and suggested the names of Mayor and Ald. King. The matter should be referred to the board of works. Deals of this kind are often interfered with by outside parties. Mr. Gillies when here, had spoken highly of Kingston's facilities as suitable for the proposed industry, and his letter now showed that there must be some strong reason for him desiring to cut off negotiations.

Ald. Harkness informed council he had been told that Mr. Gillies or his agent had tried to secure a three months' option on land north of the smelter site, but the owner would give a longer option than thirty days.

Ald. McLeod thought that perhaps the conditions which the city endeavored to enact were objectionable to Mr. Gillies.

Ald. King stated that the conditions were exactly what Mr. Gillies asked for.

Ald. Mallen could not see that a few trivial objections would deter the man coming if it wanted to locate here.

Ald. Behan did not favor a deputation; it might be thought as a lever against the city. He thought the matter might safely be left in the hands of the committee on industries.

Ald. Craig stated that he had seen Mr. McLennan, Mr. Gillies' agent, in Ottawa on the day prior to the date of the letter, and he was quite enthusiastic over the proposed industry. Mr. King stated that the agreement contained only those conditions approved by Mr. Gillies; he did not want the impression to go abroad that the agreement contained a lot of objectionable conditions. The only clause Mr. Gillies could object to was the one which provided for the land being used for the location of a manufacturing industry.

The matter was referred to the committee on industries for further action.

The Butchers' Fee. Ald. Walkem presented the report of the committee on finance, recommending payment of about 225 accounts which accrued during the vacation; these were paid on the order of the chairman of committees responsible

for them. The committee further recommended that: On the petition of James McCulla and others, for a reduction of the butchers' license fee for 1902, no action, as the fee for 1902 is \$40 and not \$50, as stated by petitioners against it. Ald. Harkness stated that fifteen or sixteen butchers had approached him and asked that the increased fee be put into force from June 1, 1902. Ald. Mallen asked why the butchers, who desired the heavy license fee, had not come forward and paid it, if they wanted it, as claimed. Ald. White had been given to understand that those butchers who had paid \$2 had deposited that much on account, that they were responsible for the balance of the increased fee. The amendment was declared lost on this vote: Yeas—Alds. Abbott, Behan, Craig, Farrell, Graham, Hipson, Knapp, Mallen—5. Nays—Ald. Shaw, Harkness, King, McLennan, McFarlane, McLeod, Sears, White, Walkem—9.

Further discussion followed on the motion to adopt the report. Ald. Behan read the original by-law, and contended that those butchers who had paid a fee of \$2 in January and had received a license entitling them to sell until the current year, could not be compelled to pay the increased rate. The motion to adopt the report was carried on the same division.

Ald. McLeod submitted the report of the Board of Works, already published. Adopted on motion of Alds. McLeod and Walkem.

INCIDENTS OF THE DAY.

Newsy Paragraphs Picked Up By Reporters On Their Rounds. Boys' school caps, 25c. Jenkins. The G. T. R. is building twenty-five new compound engines.

There is a beautiful bed of begonias in the centre of the City Park, well worth a visit.

E. Stoughton and others have petitioned the city council for a new sidewalk on King street, between Centre and Collinswood streets.

Steamer North King leaves Kingston Sundays 10:17 a.m. for 1,000 Islands, and at 5 p.m. for Rochester, N. Y., calling at Bay of Quinte ports.

McKelvey & Birch are moving their stock into the vacant store east of the present premises, pending improvements to their own store.

The committee on industries have several schemes under consideration for the use of the smelter site, in the event of the Gillies Bros' scheme falling through.

There are many forms of nervous debility in men that yield to the use of Carter's Iron Pills. Those who are troubled with nervous weakness, night sweats, etc., should try them.

A local livery has been served with a notice by a labor union that it must pay the drivers of the opera house scenery a collar extra for every night's work.

Next season the Thousand Island Steamship company will follow in the footsteps of the Standard railway company, and cut off nearly every annual pass, of which there are scores.

For any case of nervousness, sleeplessness, weak stomach, indigestion, dyspepsia, try Carter's Little Nerve Pills. Relief is sure. The only nerve medicine for the price in market.

Arrangements are being made for the holding of a big reception to the young men of the city at the Y. M. C. A. building on October 2nd. The committee on decoration and the committee on programme met last evening and outlined their plans.

Teams of Rose and Almonds will make the short trip, soft and white and preserve it from the action of drying winds, cold and bright sunshine. McLeod's drug store, 35c. per bottle.

Among the larger items in the finance report presented to council last evening, were the following accounts: Kingston Light, Heat & Power Co., \$2,054.26; labor pay list, \$1,137.50; A. Street house, \$29.00; maintenance of prisoners, \$3,165; Rathbun Co., lumber, \$995.59; Dalton & Strange, hardware, \$455.29; Anglin & Co., coal, \$2,190.76.

Grant Convocation Hall. The building of Grant convocation hall will not be begun this fall, as expected. It was thought that the building could be got under way so as to permit of the cornerstone being laid with fitting ceremonies on University Day, October 16th, when several noted Canadian statesmen would be present. The other three buildings, however, have taken up the whole attention of the architect and contractors, and it was found impossible to make a start this summer or fall upon the building to be erected in memory of the late Grant.

It is probable that the matter will be discussed at the trustees' meeting tomorrow. More than enough money has been subscribed.

Grapes Scarce This Year. This is the time of year when the grape trade should be at its best, but, as a fact, very few baskets of the luscious fruit have arrived in the city.

"The grape dealer said last evening: 'The grapes are scarce, and I am sure this year, due to the excessive cold and wet of the past summer. There should be tons of the fruit moving now, but there is scarcely a shipment at all. The vine-makers of St. Catharines are offering \$25 and \$30 a ton for grapes and supply the packages themselves. Ordinarily the price per ton is only from \$15 to \$20. Unless the weather continues warm, the prices will be higher still. A sharp frost now would cut off the crop.'

A Big Fruit Sale. "Saturday was the best day's business I ever had," said a fruit dealer last evening. "Although the day was wet, keeping the farmers out of the city, my sales were large. Before I closed store at night I sold 1,200 baskets of fruit, Kingston, for a small city, consumes a big pile of fruit."

Heart Relief In Half An Hour. A lady in New York State, writing of her cure by Dr. Rowen's Cure for the Heart, says: "I feel like one brought back from the dead, so great was my suffering from heart trouble, and so almost miraculous my recovery through the agency of this powerful treatment. I owe my life to it." Sold by H. B. Taylor and H. Wade.

SPORTING NEWS

A MOONSHINE DESPATCH FROM GANANOQUE

About the Ponies—Canada's Missionable Cricket Team at Philadelphia—Sport In General.

Toronto and Buffalo continue to win their matches in the Eastern. The Hamilton teaming club is a new organization at Hamilton, Ont.

Montreal Herald: That Toronto Cricket team that calls itself All-Canada, got it where the Hogtown team generally do.

The United States has won eighteen of the international cricket matches and Canada has taken eight. Two have been drawn.

London, Ont., has not yet been able to advance to the series of the O.R.F.U. It will again enter an intermediate team, being still a big overgrown boy.

Nelson Long, a Hamilton pitcher, signed by the Boston National league team, pitched a match here for Ganaquoque two years ago. Ponies batted him all over the field.

Catcher Kelly, of Providence, is studying for the priesthood in the Roman Catholic church, and during the summer picks up enough money from baseball to pay for the tuitions during the winter.

Sheriff Elbeck's baseball colts in Dawson City went up against the Sourdoughs, of the Forks, on a Saturday in August in the presence of 1,000 spectators, and were defeated by eighteen to twelve. The Sun says that while it was not league ball it was as good a game as can be seen anywhere by amateurs.

"Curly" Ross was in Toronto last week, and on the same page of the Toronto Star, which contained the Ganaquoque story, is "Curly's" confirmation of that piece of moonshine. Funny, isn't it, that the report should appear a week after its alleged occurrence, and just at the time of Ross' visit to Hogtown!

The so-called "All-Canada" Cricket team disgraced itself at Philadelphia, United States won by an innings and 101 runs. The Canadian Cricket Association was warned by the press not to send a team over, as the best players could not be secured at this late period. But they persisted, and with the above melancholy result.

The executive committee of the Ontario Rugby Football Union will meet in Toronto on Friday evening next when the senior and intermediate schedules will be drawn up and other arrangements for the coming season will be made. Three teams so far have signified their intention of playing: senior Argonauts, Ottawa and Hamilton. Kingston has not, as yet, made application for admission to the senior ranks. Peterboro, Argonauts II, Hamilton II and London are the clubs which so far have announced their intention to play in the intermediate. The junior series cannot be fixed until next week.

The despatch in the Toronto Star, reporting to be from Ganaquoque, is full of the grossest mis-statements about the exhibition match at the labor unions' picnic here on Sept 6th, between Ponies and Ganaquoque. The latter players were not pelted with cinders and small stones, and Duquette was not hit on the head with a pondent. The score in the ninth was 2 to 2 in favor of Ganaquoque, is a sample of the truth of the other statements. The score then stood five to four, and with two out Dorgan made his home run which tied the score. Ganaquoque in that listless match was assisted by three Kingston players, Carso, Derry and Laird, who virtually won the game for the visitors.

Baseball On Monday. Eastern league—At Toronto, 7; Newark, 2. Buffalo, 12; Worcester, 1. At Montreal, 3; Jersey City, 5. At Rochester, 1; Providence, 5.

American league—At Boston, 4-2; Philadelphia, 8-8. At Baltimore, 8-4; Washington, 11-4. At Chicago, 7-4; Detroit, 2-3.

National league—At Philadelphia, 7; Boston, 6-2. At New York, 2; Brooklyn, 7. At St. Louis, 1; Pittsburg, 6. At Chicago, 6; Cincinnati, 3.

A GIRL'S PROBLEM. How to Feed Herself When Running Down.

"I am a stenographer!" That statement brings up a picture of long hours of tiresome indoor confinement, close mental concentration and subsequent exhaustion and brain fog. Then comes the food question.

Writes young lady in Dayton, Ohio, writes: "Some time ago I was a stenographer in a large city store and having the responsibility of the office work resting largely upon me my health began gradually to decline, and I stood facing the difficult problem of finding relief of some kind or leaving my situation. I became nervous and nervous and suffered with insomnia and sleeplessness at night.

I was speaking of my illness one day to a trained nurse, who recommended that I begin a systematic diet of Grape-Nuts at once as she had seen its beneficial effect upon several of her patients who had suffered as I did.

I began to use the food conscientiously. It formed my entire breakfast with perhaps Postum (coffee) or some other nourishing drink and a second dish was taken at the evening meal. In about two weeks' time, I began to feel stronger and more hopeful; my digestion and appetite were better; I was less nervous and could sleep; I continued the diet steadily, and soon courage and vitality began to revive and once more I began to think success lay somewhere in this big world for me.

My work grew smoother and easier and after seven months of this diet I could do almost twice the amount of work in a day and do it easily and without being exhausted.

To-day I am filling a much more responsible position and do the work as easily and satisfactorily. I attribute it all to Grape-Nuts which I still continue to use. For a palatable and healthful diet, there is nothing on the market to equal it, and the fact should become of common knowledge. Name given by Postum Co., Battle Creek, Mich.

PERSONAL MENTION.

Movements of The People—What They Are Saying And Doing.

Arthur and William Cotter left today in C. R. Webster's yacht for Big Bay, on a duck-hunting trip.

W. J. Hart, superintendent of the dairy school, has returned to the city after a trip through Western Ontario.

The late George Dennison, of Harrowsmith, left \$8,000 and a farm to be divided among surviving relatives.

Miss Lottie Howard, Bradford, Yorkshire, England, arrived this morning to spend the fall and winter with her sister, Mrs. Shannon, 123 Colborne street. She was a passenger on the S.S. Numidian, which went aground at Three Rivers.

Chicago Canadian-American: Joseph Gunn, formerly of Kingston, Ont., now a prominent banker at Breckinridge, Minn., made his usual visit to this office on Tuesday. Mr. Gunn reports everything in the business line as booming in his state.

Ben Cadman, late of Portsmouth, in writing to William Kenney, from Roland, Minn., says he found everything up to expectation as to wages and other things. He reports the crops so wonderful that they have to be seen to be appreciated.

Ex-Alderman George Creagan, master tailor of the R.C.F.A., was today receiving the congratulations of friends upon the forty-sixth anniversary of his wedding day. He is hale and hearty, with good prospects of celebrating many more anniversaries.

Mrs. William Hutton, Barriefield, last evening entertained a number of friends on the eve of the departure of her son, Archie, who is returning to Lethbridge, N.W.T. He had not been home in fifteen years and all his old friends and acquaintances were pleased to greet him again.

A Funny Incident. H. P. Moore, of Aetna, Ont., in a very rare letter to his paper referring to the trip to the Methodist general conference, relates the following: An amusing incident occurred during the examination of the hand baggage by the United States customs officer as we passed through the Sarina tunnel. As the officer was examining the grip of one of the leading connexional officers of the church several playing cards dropped out of the reverend gentleman's bag. Of course, he declared that he knew nothing about it, nor how it got there, but he had to endure a lot of good-natured bantering the remainder of the day.

Barriefield Pioneer Dead. The death occurred on Tuesday morning of Amelia Clement, relict of the late John Ryan, postmaster of Barriefield, at the age of seventy-nine years. Deceased was the daughter of the late James Clement, one of the first settlers of Barriefield, where she was born and lived all her life. Surviving are four children—two unmarried daughters at home: Judge Ryan, Portage La Prairie, Man., and Benjamin Ryan, Buffalo, N.Y. The funeral will be private on Thursday morning. A requiem mass will be sung in St. Mary's cathedral.

To Leave For Seattle. Frank Macdonald, for ten years a popular young clerk in Metcalfe's meat market, Brook street, has resigned his position and will leave the latter part of this week for Seattle, Wash. He will be accompanied by his brother, Alexander Macdonald, an hotel-keeper of Dawson City, who has been visiting at his old home in this city. The brothers will spend the winter of the next year in the city, and in the spring push on into the Yukon territory. They are sons of Francis Macdonald, clerk in the local post office.

Fall Importation Of 1902. Prevost, of the New York clothing store, Brook street, has received all his fall importations for order work in his tailoring department. His ready-made department is well assorted and a large assortment to choose from. For low price and durability he defies competition.

Perpetual Motion.

When George Stephenson was asked, "Do you believe in perpetual motion?" he replied, "Yes, if you lift yourself by the waist-band of the trousers, and carry yourself three times round the room."

Just so, and a woman would just as soon believe that she has not to pay dearly for common premium soaps, in the low quality of soap, in ruined hands and clothes. She would be kept in perpetual motion trying to do with common soap what she could so easily do with Sunlight Soap—Octagon Bar. 216
