

FREE TO MILLIONS.

A Valuable Little Book Sent Free for the Asking.

Medical books are not always interesting reading, especially to people enjoying good health, but as a matter of fact scarcely one person in ten is perfectly healthy, and even with such, sooner or later sickness must come.

It is also a well established truth that nine-tenths of all disease originate with a breaking down of the digestion, a weak stomach making it easy for disease to gain a foothold.

Nobody need fear consumption, kidney disease, liver trouble or a weak heart and nervous system as long as the digestion is good and the stomach able to assimilate plenty of wholesome food.

Stomach weakness shows itself in a score of ways and this little book describes the symptoms and causes and points the way to a cure so simple that anyone can understand and apply.

Thousands have some form of stomach trouble and do not know it. They describe the headaches, the languor, nervousness, insomnia, palpitation, constipation and similar symptoms to some other cause than the right track and the heart trouble, lung trouble, liver disease or nervous debility will rapidly disappear.

This little book treats entirely on the cause and removal of indigestion and its accompanying annoyances.

It describes the symptoms of acid dyspepsia, nervous dyspepsia, slow dyspepsia and all affections of the digestive organs in plain language easily understood and the cause removed.

It gives valuable suggestions as to diet, and contains a table giving length of time required to digest various articles of food, something every person with weak digestion should know.

No price is asked, but simply send your name and address plainly written on postal card to F. A. Stuart, Co., Marshall, Mich., requesting a little book on stomach diseases and it will be sent promptly by return mail.

CARPETS!

Every purchaser of Carpets, whether for the smallest room or the largest hotel wants his mind satisfied on three points, namely, price—quality—style.

It is because we convince our customers as to every one of these requirements that we confidently expect your patronage.

Carriages

EVERYBODY

Who has rubber tires on their carriages are well pleased with the ease and comfort they enjoy in driving, if you have not got them on your carriage you should send to LATURNEY and have them on and enjoy your drives.

JAMES LATURNEY, CARRIAGE MAKER.

390 Princess St. - Kingston.

ONLY TWO HITS

MADE BY GANANOQUE OFF MORIARITY.

Ponies Upheld Their Championship Title—They Had an Easy Victory Over Their Rivals.

The combination of "big leaguers" who represented Gananoque against the Ponies yesterday afternoon could muster only two hits off Moriarity, and fell an easy prey to the Kingston team, which upheld its right to the St. Lawrence International League championship. Gananoque had a bunch of players who appeared stronger than the Ponies, "Knotty" Lee, O'Hara, Ross and Brohan being with them, while the Ponies were without Dorgan, Burke and Islin.

Moriarity, though suffering from a wrenched ankle, pitched a brilliant game, and only twice did the ball get outside the reach of the fielders, O'Hara and Ross each making a single. Brohan pitched five innings for Gananoque, and with nine hits against him, left the box, disgusted. "Knotty" Lee completed the other three innings. Little interest was manifested in the contest, although twenty Gananoque fans came up to see the "big leaguers" get trimmed, though they expected that Ponies were doomed to receive a dose of defeat.

R.H.P.
Gananoque.....1 0 0 0 1 0 1 0-3 2 5
Ponies.....3 0 2 3 0 2 2 2-12 11 3

Gananoque—O'Hara, 3 b.; Ross, c.f.; Randolph, I.; Lee, 2b. and p.; Corrigan, c.f.; Baker, 1b.; Willis, s.f.; Drohan, p. and 2b.; Moore, c.

Ponies—Easton, 2b.; Tilton, r.f.; Dingley, c.f.; Laird and Black, I.f.; Elliott, c.; Hunt, 1b.; Derry, 3b.; Williams, s.s.; Moriarity, p.

Struck out—Drohan, 5; Moriarity, 4; Pases on balls, Drohan, 3; Moriarity, 1. Hits—O'Hara, 3; Lee, 2; off Moriarity, 2; Umpires, J. T. Sutherland.

Of Ponies' eleven hits, Elliott made 3; Dingley and Hunt, 2 each; Easton, Tilton, Laird and Black, 1 each.

Some one unlawfully carried off "Chance" Elliott's ten dollar pad, and as Gananoque is still like a bad thirty cent piece, both catchers appeared behind the bat.

"Curly" Randolph is now manager and cashier of the Gananoque baseball team. He came to town ahead of the aggregation yesterday, walking the whole distance, so Con. Millan says. Then the team arrived late in the afternoon in a bus, and are therefore ineligible for the stagecoach license of which "Bill" Dehoney's "Joyceville Jubilee" are members.

Baseball On Tuesday.

Eastern league.—At Toronto, 3; Worcester, 1. At Montreal, 1; Providence, 2. At Rochester, 2; Jersey City, 9. At Buffalo, 2; Newark, 2.

American league.—At Boston, 7; Baltimore, 2. At Philadelphia, 7; Washington, 3. At St. Louis, 3; Detroit, 2. National league.—At Philadelphia, 2; Boston, 13. At New York, 2; Brooklyn, 7.

Sport In General.

Four Hamilton rugby teams are forming a city union.

Kingston will not even enter an intermediate team in the O.R.F.U. Binghamton, of the New York state baseball league, wishes to join the Eastern.

Oriele and Longhorne were to play baseball at the Wolfe Island fair this afternoon.

Williams, of the junior Athletics, played shortstop for Ponies yesterday. He is a promising player.

Gordon Crawford, formerly of Toronto Argonauts, is captain of the London Intercollegiate rugby team.

Kingston, won in the 2.50 class trot at Peterboro, but didn't get a place.

Sidney Pointer, Deveras and four other horses will start in the free-for-all race at Brockville on Thursday.

McDonald, who played rugby with Ottawa College last year, may be with the Kingston Ramblers this season.

The Kingston "fat men's" baseball team won at Watertown, N.Y., yesterday afternoon, defeating the fatties of that place by 14 to 9.

Toronto won from Worcester yesterday, and increased its lead in the Eastern by two points, as Buffalo managed only to tie with Newark.

Ponies are to play in Gananoque on Friday, when Burke and Islin will likely be on the team. Dorgan has a position in Syracuse Electrical Works, and could return this week.

The Toronto Newark match on Monday was played in six to three minutes, the Ponies-DeGensburg match here on July 1st was played in less than one hour.

The Ramblers' football team and its supporters will meet in the Y.M.C.A. building tomorrow night to organize for the approaching season. They are trying to get together a very strong team this year.

Next year there may be a revival in Kingston rugby circles. It is perhaps just as well that old scores were buried, and that silence should reign in the arena. A rest is always good. Then will come the Phoenix-like revival.

Intercollegiate senior-rugby series opens on October 11th. Queen's home matches are on October 18th, with McGill, and on November 1st, with Varsity, while the games away are on November 8th in Toronto and November 15th in Montreal.

The Kingston football team will have the assistance of Arthur Page, a centre-strimmer. He is a powerful athlete and knows the game well, and will greatly strengthen the Lincstones. The team will practice again in the slating rink tonight.

The last game of the semi-finals, in terminal round series, F.C.A., between Ottawa and Copper Cliff, went in favor of the Copper Cliff team, by the score of four to two. Play was fast and furious from the start. Nearly one thousand persons witnessed the match.

Toronto Mail and Empire: Varsity will enter a team in the junior series of the C.R.F.U. It is altogether likely that St. Andrew's college will also enter the O.R.F.U. series, as there is little likelihood of the intercollegiate junior series being played this season.

DAY'S EPISODES

PARAGRAPHS PICKED UP BY OUR BUSY REPORTERS.

The Spice of Every Day Life—What the People Are Talking About—Nothing Escapes Attention.

This winter may be both cold and not cold.

John Hamer and two assistants were engaged to-day in repairing the market weigh scales.

Take the Rideau King for "Ottawa" every Tuesday and Friday, at 1 p.m. James Swift & Co., agents.

The Imperial Limited, C. P. R. fast express, will make its last trip of the season on September 19th.

Work on the new hard-wood floor, to be placed in the Y.M.C.A. gymnasium, will be begun on Monday next.

The Lake Ontario Park car has been taken off for the season. Portsmouth cars now run to the asylum switch only.

The October number of The Smart Set surpasses its predecessors. Stories, poems, witticisms, all are of the best.

William Mooney, Livingston avenue, sold his household furniture yesterday by private sale. He intends leaving the city.

A van load of young people drove out to Sydenham last evening, where the visitors attended a pleasant dance.

A closed car, betokening the approach of autumn, has been placed on the depot branch of the street railway system.

The bugle band of the 14th Regiment will begin its practice this evening. The organization is in the charge of Sergt. Brough.

Steamer North King leaves Kingston Sundays 10:17 a.m. for 1,000 Islands, and at 5 p.m. for Rochester, N. Y., calling at Bay of Quinte ports.

The sheriff is doing a prolific business in hotels these days. At present he is in charge of two, one of which he has closed out outright.

Frank Lee Bengtson never wrote a better story than his "The Turn of the Wheel" the novelette with which the October Smart Set opens.

Alfred De Root, grocer, and Percy McClymont, news agent, York street, while fishing yesterday at Lee's Park, succeeded in capturing ten large eels.

The Catarqui ward alderman who declared in council on Monday night that "meat is as cheap now as ever it was," has evidently been subsisting on a vegetable diet.

Cream of Rose and Almonds will make the skin smooth, soft and white and preserve it from the action of drying winds, cold and bright sunshine. McLeod's drug store; 35c. per bottle.

Last evening "C," "D" and "E" companies, 14th regiment, paraded in preparation for the forthcoming inspection in October. The companies were fairly well filled.

A prominent local coal dealer has only enough hard coal left to last another month. Other dealers are little better off. There is no possibility of coal being any cheaper this winter.

Some person, whose lump of destruction is largely developed, tore up three large planks from the boardwalk in front of Chapman's grocery, Queen and Division streets, last evening.

W. C. Martin, manager of the Grand opera house, has appealed to the police for better protection at the opera house entrance, where boys congregate and cause no end of annoyance to patrons of the house.

The Ontario cereal company will erect two new buildings on the property of the Frontenac Milling company, and will be used in the manufacture of cereal and breakfast foods.

ABOUT EYES.

Glasses Are Not Always Necessary.

Parents are often advised to get glasses for their children by the school authorities who attribute the weak, watery condition of the eyes of the child to some defect in the vision, and do not realize that the trouble may arise from the common practice of coffee drinking.

A case in point, Mrs. C. E. Knapp, of Elyria, O., says, "Six months ago we were a family of invalids; my husband, myself and two children were all afflicted with stomach trouble. I would get so faint before it was time for regular meals, and after eating the subject in the Cleveland paper, which I felt, though there was a hard lump there, I felt drowsy and stupid most of the time. It was out of the wind my eyes would water so it hindered me from seeing.

My son was the worst afflicted. His eyes blurred so they hindered his progress in school and we thought it would be necessary to have them treated. His teacher finally had him bring his reader home with word that I have him read an hour each day out of school. He could not read a paragraph without stopping to wipe his eyes or close them. We were great coffee drinkers, especially my boy, but never thought that was the cause of our trouble until I read an article on the subject in the Cleveland paper.

We were discussing it at table one day and my daughter said, "I know it is coffee that hurts me for when I do not drink it I do not have that lump in my stomach." My boy said "A lump is nothing, every time I drink coffee my fingers prickle just as though they were asleep. I was both scared and astonished at such information and told them I had made the last cup of coffee I ever would for home use. I got a package of Postum Food Coffee and tried it for our next meal and we soon learned to like it and think it better than coffee.

We have none of us been troubled with our stomachs since we commenced to use it. Our eyes do not water any more when in the wind, our cheeks and lips are red instead of blue or purple when we are out in the cold; the drowsy feeling has left and the prickly feeling has entirely left my son. We use it twice a day and give it freely to my 20 months' old baby. We find it better and cheaper than coffee. We cannot speak too highly of its merits for we know we owe the change in our health to Postum Cereal Food Coffee."

Our Fine Chocolates.

Are giving perfect satisfaction judging from the amount sold. We have just received to-day over 250 lbs. fresh from New York. Taylor, 124 Princess street.

"Bibby's." Oak Hall. "Bibby's." The best dressed men in town this fall will be the ones we dress. The H. D. Bibby Co.

THEY REFUSE TO PAY.

The Increased Butchers' License Fee is Unpopular.

Market Clerk McCammon started out yesterday, in compliance with an order issued by Mayor Shaw, to collect the annual license fee from the butchers. He was not very successful in his mission, the butchers refusing to pay up, and offering diversified excuses. Some offered him \$2, which was refused, whereupon they stated that they would not pay until they had looked further into the matter.

Only four butchers went to the city treasurer and voluntarily paid the increased fee. These are: W. Harkness, W. H. Reid, W. Hayes and H. Ward. Four others paid \$2 each, W. McFederick, J. Robbs, J. Fraser, and a Jew doing business in the upper end of the city. The market clerk will report the situation to the mayor exactly as he has found it, and trouble may be looked for. Five butchers declared outright that they would stand a law suit before they would pay up.

Re-organization A Myth.

"Some months ago we were told by the water works committee that there was to be a reorganization of affairs at the pumping station," remarked an alderman last evening. "The year is almost at an end and so far as I know a reorganization has not yet taken place. In fact, we were told in council that the reason that Rice was not added to the staff permanently was because of this proposed reorganization. Of course, the water works committee must be given credit for sincerity of purpose in making such statements, but it does look to me as though there were other reasons underlying the committee's refusal to appoint Rice permanently. I do not find fault with the present incumbent, but Rice had been fairly treated and had received justice, the present second engineer would not have had occasion to apply for the job."

A Clever Young Preacher.

The St. Luke's Ashburnham, Home Words has this to say of a young Kingston clergyman, recently ordained: "The services at St. Luke's on August 17th were taken by the incumbent of Havelock, Rev. W. R. Tandy, M.A. It was the first appearance of Mr. Tandy in the pulpit of St. Luke's, and we are glad to say that his preaching made a very good impression. The reverend gentleman is a preacher of much ability and has certainly before him a bright future of much usefulness to the church. The rector exchanged pulpits with Mr. Tandy, administering the Holy Sacrament at St. John's, Havelock. He noticed marked improvements, both spiritually and otherwise in the mission on Havelock since Mr. Tandy took charge."

Will Have A Modern Building.

The workmen, who will raise to the ground the old stone building, occupied by McKelvey & Birch, Brock street, and in its place erect a fine modern structure, have already laid their hands to the task. The stock in the plumbing has been removed to a new store located a few doors east. This enterprising and successful firm has long stood in need of larger, brighter and more modern quarters, and at last it is to have them. The new building will be of brick and a three-story structure of attractive design. It will form the centre portion of what will now be a fine brick block.

Death Of George Parent.

A promising young life was cut off in its springtime, when the angel of death this morning summoned the spirit of George Parent, son of Napoleon Parent, to its eternal home. The young man, aged nineteen, was ill for a long time with a pulmonary complaint, but despite his frailty he bore up cheerfully and was resigned when the end came. Sincere sympathy is expressed for the parents, in the loss of one whom they held so dear.

Funeral Of Mrs. McKenty.

The funeral of the late Mrs. John McKenty, Johnston street, took place this morning, when a solemn requiem mass was celebrated in St. Mary's cathedral at 9:30 o'clock. The floral offerings were very beautiful. The pall-bearers consisted of the following gentlemen: John Hickey, T. J. Leahy, Joseph Steacy and the three sons of the deceased, Dr. James D. Daniel and Robert McKenty. Interment took place at St. Mary's cemetery.

Enforcing Market Laws.

Market Clerk McCammon has caused notices regarding city market regulations to be posted in conspicuous places around the market and in the stores. These notices call attention to the strict enforcement of the by-laws governing descent in weight and the wholesomeness of goods and the required weight of all grains and vegetables offered on the market. The by-laws hereafter will be strictly enforced.

"A Jolly American Tramp."

"Laugh and the world laughs with you," is a true axiom. To be sure you laugh with the world, see "A Jolly American Tramp," which Manager U. D. Newell, brings to the Grand Opera House on Saturday next, matinee and night. Its scenes are so funny, its comedy so bright and its specialties so clever that you will regret it if you don't see it.

An Unlucky Hit.

William Murray, King street, while wheeling along the street yesterday at a rapid rate, was struck on the eye by a cinder, which penetrated the covering of the eye. The assistance of a surgeon was required to remove the object, the operation being a painful one.

To Serve Time For Desertion.

Gr. Keator, of the R.C.F.A., tried at the Deserter's court on charges of desertion, was sentenced to 168 days' imprisonment. He was brought to the city yesterday under escort, and will serve his sentence in the county jail.

"Bibby's." Oak Hall. "Bibby's." New, fall overcoats are here. Perfect beauties, \$6.50, \$7.50, \$8, \$9, \$10, \$12, and \$14. The H. D. Bibby Co.

HART IS HOME

FROM A TRIP THROUGH WESTERN ONTARIO

Visiting Creameries That Do Big Business—The Manufacture of a By-Product—At a Curing Station.

On Saturday last W. J. Hart, superintendent of the Kingston Dairy school, returned from a trip through Western Ontario, which is one of the finest portions of dairying country to be found in the world. On the tour he visited the Milk Condensing company's plant at Ingersoll. Here twenty tons of milk are received each day, and the manufactured product finds a ready sale in China, Japan, India, Cape Colony, British Columbia and the Klondike region.

"I also visited Ireland's Creamery, situated at Beachville, a few miles out of Ingersoll," said Mr. Hart. "I found that this creamery received, on an average, twelve tons of milk per day. It turns out some of the very finest of butter. Cassin, as a by-product, is manufactured from the skimmed milk. This product is used in making glue and furniture polish, and also for a material resembling celluloid. This is the only factory of its kind in the Dominion. A company in the United States has a patent on the process of manufacture, and it is making a determined effort to close up the Canadian factory."

"Of course, the demand for the product in Canada is very limited as yet, but as the country grows I believe the demand will be large. It goes to show how many purposes milk can be made to serve."

"The Dominion Experimental Curing Station at Woodstock is another interesting place which I visited last week. Many cheeses from the surrounding factories are being cured at the station at a low temperature. Mechanical refrigeration is in use there. The cheese are brought in, packed and placed at once in a bath of hot paraffine wax. This coats the exterior of the cheese, preventing mould and cracking of the rind. It removes all danger of excessive shrinkage and of the cheese losing its moisture, and, consequently, its weight. The cheese are brought in, packed and placed at once in a bath of hot paraffine wax. This coats the exterior of the cheese, preventing mould and cracking of the rind. It removes all danger of excessive shrinkage and of the cheese losing its moisture, and, consequently, its weight. The cheese are brought in, packed and placed at once in a bath of hot paraffine wax. This coats the exterior of the cheese, preventing mould and cracking of the rind. It removes all danger of excessive shrinkage and of the cheese losing its moisture, and, consequently, its weight."

Mr. Hart thinks that Eastern Ontario dairymen do well to adopt some of the progressiveness of the western section of the province. The east has done well in the dairying business, but there is much yet to learn.

BOOTS CAME BACK.

After Travelling Extensively Over South Africa.

On Monday Sutherland Bros. received from South Africa a parcel of three pairs of riding boots which they had shipped there many months ago. The boots were sent to Halifax in the care of an officer there, who was supposed to address it correctly to the person it was consigned to in South Africa. Some mistake seems to have been made in the address, however, as the boots went to Cape Town, journeyed up and down South Africa for a month or two, and were finally returned to the office in Kingston. The officer who brought them back to Halifax was not aware of the name of the firm which shipped them from Canada, but he learned this at Halifax, and at once sent the parcel along to Sutherland Bros. In a letter to this firm, the officer stated that had the fact been known in South Africa that the parcel contained three pairs of boots, it would never have been returned. The boots are worth \$15 a pair.

Twenty Years Of Service.

The annual number of the Farming Record is designed to commemorate the twentieth year of publication of this most excellent farm journal. This number to some extent contrasts the position of agriculture to-day with that of twenty years ago. The illustrations are numerous and represent farm work of other eras in all parts of the Dominion. The various departments of the paper contain special matter of interest, and the publisher is to be congratulated upon the excellence of the number throughout.

"A Normandy Wedding."

F. C. Whitney, the light opera impresario, will present another new star at the Grand on the night of Thursday, Sept. 18th. In the person of Miss Grace Cameron, whom he will introduce as "A Normandy Wedding." Mr. Whitney has surrounded his new star with an exceptionally strong support company.

Fall Importation Of 1902.

Prevost, of the New York clothing store, Brock street, has received all his fall importations for order work in his tailoring department. His ready-made department is well assorted and a large assortment to choose from. For low price and durability he defies competition.

Favors A Monday.

St. Thomas Journal. The Galt Reformer suggests a Monday for Thanksgiving Day. Why not? There is no reason why we should follow in the footsteps of the Puritan fathers as our neighbors do.
