No woman ever sings in a choir of a Greek church. There are no organs, and no musical instruments of any kind are allowed.

Rev. Dr. Barclay, Montreal, was a passenger on the S.S. Lake Erie from the Old Country last week, and preached last Sunday to the passengers.

Church of England missionaries laboring in Western Equatorial Africa report that the Mohammedian missionaries are undermining the native Christian communities.

A religious census is about to be taken in London under the direction of the Ministerial Association in order to ascertain what proportion of the population is non-church going.

In the Episcopal diocese of Massachusetts it is now possible for a clergyman who has reached a proper age to claim and receive a fair allowance on which to retire for the rest of his life.

All Sunday long congregations pour in and out of St. Patrick's Cathedral, the most costly church edifice in New York. Here may be seen all sorts and conditions of men, made equal before the infinite.

Yuyuo, China, has been the seat of an annual convention of Christian Endeavorers for several years. This year it was held at Ningpo. The people come in boats and live in their boats during the sessions.

The Australian papers contain reports of a huge missionary meeting recently held in Adelaide, at which fully 5,000 people were present, including the bishop and representatives of all Protestant denominations.

The gift of a processional cross to Westminster Abbey comes opportunely for the Abbey has possessed no proper processional cross, and when Queen Victoria was crowned sixty-four years ago a cross was brought from St. Paul's for the service.

There will be two curates attached to Christ church cathedral, Ottawa, to replace Rev. Mr. Loucks; that St. Luke's church will be made a chapel of ease; and that the rector, Mr. Garrett, would be attached to the cathedral. The object is to have a full clerical staff at the See church.

A house built by the monks of the Order of St. Francis in 1591 in the town of St. Augustine, Florida, is still standing. When Sir Francis Drake sacked and burned the town this was the only house he left standing. The structure is most solidly built of coquina, a combination of sea shells and mortar.

Archbishop Bonald, Montreal, has appointed Rev. G. Osborne Troop, M.A., rector of St. Martin's church, to be his domestic chaplain, succeeding Rev. Dean Evans, resigned. Rev. Mr. Troop, besides being an earnest, efficient and well-liked pastor, has always taken a keen interest in diocesan affairs and the work of the church at large.

The appointment of his successor in his appointment will be received with pleasure by members of the Anglican body.

There is more Catarrh in this section of the organ than in all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it to be a constitutional disease, and therefore required constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from one to four times a day. It acts directly on the blood and mucous surfaces of the system. Thus, it cures Catarrh of any form, and is guaranteed to cure. Send for circular and testimonials.

AT THE CITY HALL.

R. F. Drury's Visit Recalled—T. A. Holbrook and the S.V.
It is now nearly nine months since the visit to Kingston of R. F. Drury, B.A., delegate to this country of the Children's Special Service Mission, of London, Eng., and the members of the various local branches of The Scripture Union for Children and Young People, who have a lively recollection of Mr. Drury's presence amongst them on that occasion will be pleased to learn that T. A. Holbrook, of Stayner, Ont., district organizing secretary of the Union, has arranged to address a general gathering of the members and their friends in the City Hall on Monday evening, October 6th, at eight o'clock. A cordial invitation is extended to the children and young people of the city, and their parents, in general, the Scripture Union being interdenominational, and with all who heard Mr. Drury on the occasion alluded to. Mr. Holbrook will be an open and a collection being taken up to cover the inevitable expenses involved.

Mr. Holbrook, who is a graduate of Trinity college, Dublin, and has been in close touch with the work of the C.S.S.M. from his boyhood, is considering his time to the interests of The Scripture Union, and during the last six months has been instrumental in forming the city branches in Ontario, and securing a total additional membership of six hundred and thirty-one.

Previous to the general meeting on Monday evening, Mr. Holbrook will hold two special meetings, for girls and boys respectively, the former at 8 p.m. on Saturday, October 11th, at the Y.W.C.A., and the latter at the Y.M.C.A., at 4.30 p.m., Sunday afternoon.

Butchers Must Pay Up.
Market Clerk McCammon, is instructed by the city council has notified all the butchers that they must pay a license fee of \$10. With the exception of those whose names were recently published, the meat dealers refuse to pay the fee.

Will they be compelled to pay it? The clerk was asked this morning.

"Yes, I believe, they will," he replied. It is his duty, as the chairman of the city property committee, and markets will enter a suit against them. This would be a test case, and, as such, it would be very interesting.

Foot Badly Fractured.
An unfortunate accident befel James Merchant, son of V. Merchant, jeweller, Princess street, last evening about seven o'clock. He worked in the machine shop at the locomotive works and while engaged at his duty a cylinder bolt weighing about 700 pounds fell on his right foot, crushing it severely, and fracturing the bones in three places. The young man was removed to the Hotel Dieu, where the painful injury was dressed. It will be two months at least before he will be able to use the foot.

An Interesting Docket.
Justice Britton will have a highly interesting docket to face when he opens the assizes here on the 29th. There will be the Sharp manslaughter case, the election actions against Sheriff Dawson and W. Carey, and the suit for damages brought by the Locomotive works' company against the striking machinists, besides other cases.

WILD PLAYING

DONE BY THE PONIES AT GANANOQUE

"Threw" the Game Away—Buffalo and Toronto Still Fighting for the Eastern Pennant—A Story About "Foxy Grandpa."

Sidney Pointer, owned by Moffat, of Picton, won the free-for-all race at Brockville fair.

Hardisty, the free-punter of the Toronto Argonauts, is again sending the ball into the heavens.

The British journalists, touring Canada, attended the Eastern league baseball match in Toronto yesterday.

The Toronto Pittsburg baseball match next Tuesday will be a benefit for Manager Barrow and his players.

Pittsburg and New York's attitude ever hockey will result in that game being thoroughly professionalized on the other side, just like baseball.

The Montreal Shamrock increase team are not as sprightly as either Toronto or Capitals, but are more scientific players, hence their success.

Two former Kingston rugby players are to be with Hamilton Tigers this season. Hazlett will play in the scrum, and "Shorty" Guay quarter-back.

Detroit Tribune: Manager Barrow, of Toronto, has been asked to manage Detroit. He has he controls all his players and at least one of them, Fitcher Bruce, could be used here.

Both Toronto and Buffalo won their two matches yesterday. If Toronto wins of this afternoon's matches with the Argonauts, the pennant of the Eastern league will go to Canada's Hogtown.

It is by no means easy for the Royal Military College cadets to keep together a good rugby team. Classes and drills conflict with practices, and not the slightest freedom or liberty seems to be allowed the players by the staff.

The coming season promises to be the most successful in the history of the intercollegiate rugby union, and judging by the enthusiasm already displayed there is certain to be some close and exciting football played on Canadian college grounds this autumn.

The Montreal Gazette says that George Sullivan, usually the toughest kind of an enigma for the Birds, was an exception on Thursday, being hit safely twelve times. Sullivan had won the four matches he pitched against Montreal this season. He didn't expect to play again, on account of his bad ankle and arm, but Manager Murray wished him to go on.

It is now assumed the name of the Ponies played an exhibition match in Gananouque yesterday afternoon and were defeated 11 to 7. When the Kingston players reached the river town they were eight strong, and had to borrow a Gananouquean to play left half.

The latter was responsible for four of the runs scored by "Curly" Randolph's bunch, and a few overthrows, one by "Jerry" Hunt into the grand stand, added several more unearned scores. It looked as though the game to get even with Gananouque for their poor exhibition here on the "civic holiday" Lee pitched for Gananouque, and Murray for Ponies.

"Do you know why the Ponies call him 'Foxy Grandpa'?" asked "Chancer" Elliott at the Knockers' Club meeting. "Well, it came about in this way: When Ponies were playing at Canton last month, Islin and Joe Daly came to me, and Charlie acted as spokesman, and said: 'Say, Gop, we've just seen a bunch of a bat and a Canton player will sell for fifty cents. It's just the bat Ponies need for hunting.' So I gave them a dollar bill, and told them to go ahead and buy the stick. And what do you think? An hour later they came back, and handed me fifty cents and a fly about the size of a chicken in a shoe-jug. It was a line bat for hunting, they said. That man Islin is a foxy old guy. He knew how to get forty-five cents to blow in with his pal 'Joe' Daly." And the Knockers looked with astonishment at the two culprits, who sat on a table, their faces wreathed in smiles.

James Swift's Statement.
The following letter from James Swift, this city, appeared in the Friday edition of the Toronto World: "I noticed in your issue of Thursday a despatch from Ottawa stating that George Johnson, Dominion statistician, says that Welsh coal can be laid down in Montreal for four dollars a ton. I have been endeavoring to secure some of this Welsh coal and the best offer I have had was seven dollars and twenty-five cents per ton at Montreal. If your worthy statistician is equally correct in his other calculations, I think the public will lose confidence in his estimate."

Will Be No Union.
There will be no union, at present at least, of the First Congregational and Bethel churches. This is the decision of the committees from both churches, appointed to confer about the proposal, and it will be announced at the service to-morrow.

A Veteran's Story.
George Lewis, of Shamokin, Pa., writes: "I am eighty years of age. I have been troubled with Catarrh for fifty years, and in my time have used dozens of many catarrh cures, but never had any relief until I used Dr. Agnew's Catarrh Powder. One box cured me completely." 50 cents. For sale by H. B. Taylor and Henry Wade.—25.

"SAN TOY" COMING.

At the Grand on Tuesday—Other Good Shows Booked.

Toronto Mail and Empire: Sydney Jones' charming operetta, "San Toy," was presented at the Princess last night. The beautiful scenery and costumes, the tuneful music, and effective story make it a welcome visitation.

The chorus and orchestra gave an admirable presentation of the piece from a musical standpoint. Miss Elgie Bowen, in the title role, justified the judgment of those who selected her for that part by her fresh, young voice, attractive personality, and individual beauty. George K. Fortescue was, as ever, an admirable impersonator of the fat Mandarin. Hobart Smoak, in the tenor role, displayed a beautifully rich tenor voice.

Miss Nellie Lynch, the most graceful and vivacious of dancers, was a decided improvement on Paula Edwards in the soubrette role. Sam Collins in the comedy part, danced, joked, and disported himself in a manner most attractive.

"Way Down East."
"Way Down East" has proven again the "old saw" that "nothing succeeds like success." With each return to the larger cities the management find it necessary to extend the time originally booked, and in some instances, notably in Chicago, to introduce a matinee daily, during the last week of the engagement in order to accommodate the crowds. "Way Down East" comes to the Grand here on Thursday next, 25th inst.

To-Night.
Laughter, chasing away tears, bright, scintillating flashes of wit, dispelling gloom, and catchy specialties, aiding in making the hours fly like minutes, are promises held forth by Manager U. D. Newell, when he presents his charming comedy drama, "A Jolly American Tramp," at the Grand Opera House to-night.

The Favourites Return.
Marks Bros. No. A.I company will begin a two weeks' engagement at the Victoria Theatre on Monday evening. Their opening bill will be an Irish comedy drama, "Larry Brogan's Promotion"; also high-class vaudeville between the acts, giving a continuous performance. It is so long since the theatregoers of Kingston have had an opportunity of witnessing a first class company in drama and vaudeville at popular prices that no doubt the Victoria Theatre will be packed for the next two weeks.

Queen's Principalship.
It is the general impression that Rev. Dr. Barclay had some thought of accepting the principalship of Queen's, were it tendered him, else he would not have allowed his name to have been brought forward. He was aware all along that he was the most prominent of all those suggested, and was no doubt approached by the professors who advocated him so strongly.

G. M. Macdonnell, K.C., and E. W. Rathbun were those who led the minority in the debate. They were not so much opposed to Dr. Barclay, but pressed for a longer period to consider the question of appointment. However, the general opinion outside, is that the trustees did right in making an appointment immediately, and that Dr. Barclay is the best man who could be found to take up the mantle of the late Principal Grant.

A TRUE SAYING.
"Most Men Dig Their Graves With Their Teeth."

The wrong kind of food fills more graves than any other cause. It is easy to retain good health by the use of good food and good habits.

The Rev. G. M. Lodge, of Iowa City, Iowa, made a successful experiment.

"I am 65 years of age and a preacher. Last winter I went to Kansas and had charge of two churches. A little use of Grape-Nuts Food made me believe it to be a true brain and nerve builder. I wanted to experiment further with it, so I used Grape-Nuts for breakfast and supper for over three months with the best results. I not only never had better health in my life, but the effect on my brain was wonderful. I had become forgetful of names and persons and things, was often unable to recall even the names of old friends."

After using Grape-Nuts for two weeks forgotten names came to me, and as the days and weeks passed my memory was wonderfully quickened as to names and dates, and mental ability in general. I could preach without manuscript or notes as never before, and in a quiet or less I said to myself, 'Grape-Nuts is a brain food, and as such I now recommend it.'"

It also gives health and blood, nerve and muscle. Cheerfully and earnestly I advise students, clergymen, teachers and all mental workers to use Grape-Nuts steadily and systematically. It is a health and mental tonic and literary work, renew your eyes and feel well. It is the best nerve and brain food I have ever known."

Threshing Is Slow.
The farmers in the surrounding district are just beginning to have their crops threshed, and so far the yield is reported to be an excellent one. The threshing outfits, which operate in Frontenac are not very numerous, and consequently it will be some time before the work will be finished. It is expected that as soon as threshing operations are over the city markets will be much more largely attended
