COMMERCIAL MATTERS.

What is Going On in the Business World—The Market News.

Agricultural produce and articles manufactured therefrom valued at \$4,400,000, were imported into Natal last year. This was exclusive of military supplies.

A Toronto paper says the Dominion bank has notified its customers that its rate for call loans will be raised to six per cent. on the 20th of the present month.

Information is on its way to the gold output of the Klondike for the past year will not exceed \$12,000,000. Two years ago it was \$19,000,000, and one year ago it was \$23,000,000.

Putting the estimates of damage to the corn crop through frost into figures they range from 100,000,000 bushels to 300,000,000 bushels. Basing the crop at 2,400,000,000 bushels, the highest estimate would be 12.5 per cent.

South Africa, says the Tobacco Trade Review, is now being looked to in the trade as the future great producing field of first-class tobacco. It is said that with proper irrigation and cultivation the South African would be more popular than the American leaf.

British Columbia coal mines during 1901 made an output never before equaled in their history, namely, 1,190,331 tons, valued at \$1,380,993. The output in 1900 was 1,439,595 tons, valued at \$1,318,785, and in 1881, 228,357 tons, valued at \$685,071. The total output of coal in 1901 was 127,081 tons, an increase over 1900 of forty-nine per cent.

Coal sold for consumption in Canada amounted to 413,705 tons, in the United States 895,197 tons and in other countries 18,966 tons. More coke was sold for consumption in Canada than in the United States. The total for Canada was 80,154 tons and for the United States 47,379 tons.

Ladies Auxiliary Officers.

The annual meeting of the Y.W.C.A. ladies' auxiliary was held in the rooms yesterday afternoon. These officers were elected: President, Mrs. B. W. Robertson; first vice-president, Mrs. Tanaly; second vice-president, Mrs. R. H. Toye; secretary, Mrs. Taylor; treasurer, Mrs. William Gill. A vote of thanks was extended to Mrs. Toye for her efficient services as president for the past eight or ten years.

The ladies decided to paper the parlor and to co-operate with the young men in the reception on the evening of October 2nd.

There are many forms of nervous debility in men that yield to the use of Carter's Iron Pills. Those who are troubled with nervous weakness, night sweats, etc., should try them.

SIR FRED HOME

ARRIVES IN CANADA TO-DAY FROM ENGLAND

Sir John Bourinot Sinking Fast—Canadian Tobacco in Europe—Canadian Goods Wanted in South Africa.

Ottawa, Sept. 20.—The department of agriculture has issued a bulletin pointing out once more that the pacification of South Africa, and the establishment of a line of steamers opens up a profitable field for trade. It is pointed out that South Africa needs nearly every line produced in Canada, and requires it in two grades, the best, irrespective of price, and the best at comparative prices. The establishment of agencies and a personal canvasser business is urged. The field offers a practically profitable opening for farm stuffs.

Col. Pinault, deputy minister of militia, left last night to meet Sir Frederick Borden at Quebec, when it is expected the Minister will arrive from Quebec. Sir Frederick and Col. Pinault will go to the camp at Three Rivers, where they will remain for a day or so.

It is altogether likely that the cabinet will fix Thanksgiving day for the middle of next month.

Sir John Bourinot still lingers with the complicated illness, which has kept him in bed all summer. To-day he was reported as getting a little weaker every day, with but slight hope for recovery.

The militia department states that the proper person to apply to for arrears of pay due to the Canadian Mounted Rifles is the imperial paymaster at Halifax.

At a meeting of the Civic Finance Committee a resolution was adopted recommending the council to enter legal proceedings to compel the Canada Atlantic railway to return the \$50,000 paid by the city for the erection of a central station, and to make application to the railway committee of the privy council to compel the railway company to proceed with the erection of the central depot under the terms of the lease with the government, and in default, to cancel the lease.

The influx of settlers to Canada is shown by the constantly increasing number of homestead entries. For the month of July last the entries were 2,623, or 1,702 greater than during this month last year. For August the entries were 1,922, or 1,151 in excess of August, 1901. The total increase for the two months as compared with the same time last year was 2,856. This is unprecedented in the history of the country. There were more homestead entries during the month of July than there were for the whole year in 1895.

The department of agriculture will make a strong effort to introduce Canadian tobacco on the European market. Early this year Blaise Dugas, a well known grower, of Quebec, was appointed to select and pack seven cases of the tobacco produced in the province, to be sent to Antwerp for submission to the merchants there. The cases have just been forwarded and Mr. Dugas was in Ottawa yesterday consulting with Hon. Sydney Fisher, which is one of the great tobacco markets of Europe. Mr. Dugas will learn not only how Quebec tobacco suits the European taste, but also in what manner it can be improved. He will be absent six weeks, and will report to the government upon his return.

ECHOES FROM PELEE. Arriving From Tahiti Finds His Entire Family Destroyed.

San Francisco, Cal., Sept. 20.—Judge Marais, chief justice of the French island of Tahiti, was a passenger on the steamer Mariposa, from Tahiti. He is a native of Martinique and his entire family was destroyed by Mont Pelée. His wife and children had gone to the West Indies to visit relatives. The steamer upon which he was expecting them, brought him the news of the eruption of Pelee and its results. He is on his way to Paris upon official business.

BOBS' OPINION INVITED.

Asked to Give His Views on the Recent German Manoeuvres.

Birmingham, Sept. 20.—A despatch from London to the Post says the Kaiser has asked Earl Roberts and Major-General Corbin to send him reports of their opinions of the recent German manoeuvres. The reports will, of course, be regarded as confidential.

Missionary Steamer Wrecked.

San Francisco, Sept. 20.—The schooner Southern Cross, belonging to the London Missionary Society, was wrecked on September 1st, on the French island of Tahiti, near the harbor of Paapeete. There were a number of passengers on board, but all were rescued. The vessel was broken to pieces on the coral-bound shore. News of the disaster was received by the steamer Mariposa.

To Visit The King.

London, Sept. 20.—Lord Stratford had a hurried visit to London on Wednesday, arriving in the morning and returning to Glenoe in the evening. It is reported in exclusive quarters that the Canadian high commissioner has been invited to visit the king at Balmoral Castle.

Novel Tug-of-war.

Rome, Sept. 20.—At Montalfo, in Piedmont, an original tug-of-war took place, when two stout men were pitted against four men. After a hard struggle the latter proved victorious.

Fred. Beamer and his wife were arrested at their home near Drumbo, Ont., at the instance of the former's mother, charged with arson.

While working in the Farmers' elevator at Pilot Mound, Man., Charles Harmon of Manitoba, fell forty feet into a bin and was killed.

The Chatham, Ont., Gas company has given a bonus of six per cent. to each employee, thus instituting a species of profit-sharing.

Mrs. George Warren and three children have returned from Smith's Falls after a pleasant visit with Mrs. Hodgkins.

AN EXCITING EXECUTION.

Peter Hernia Made Desperate Effort to Escape Gallows.

New York, Sept. 20.—Peter Hernia was hanged at the jail at Hackensack, N. J., for the murder of Barney Kantor, a butcher, but he first made a desperate fight for life. When the two sheriffs approached him to strap his arms he suddenly tore off two brass brackets on the side of his cell and getting into the corridor leaped over a partition. Here he ripped off a piece of lead pipe and crouching in a corner, shouted that he would learn any one that came near him. By this time the jail was in an uproar. The sheriff and his deputies were at first puzzled as to how to deal with the murderer and disarm him but it was finally decided to turn a hose on him.

This was done and as Hernia put up his hands to ward off the water from striking him in the face, a deputy sheriff leaped over and grabbed the hand of the murderer in which was the lead pipe. Other deputies quickly rushed in. Hernia was finally overpowered and securely strapped. He was then placed in a chair and carried to the gallows.

Bad Money Given.

The postmaster to-day received from a country office a ten dollar bill to pay for a supply of postage stamps, but it did not take him long to discover it was bad money. It was a Dominion government one dollar bill raised by clever erasing and pen work to a ten. The only clumsy part about it was the inserted stamp on the face "Bank of Toronto" over the sawlog engraving covering "Dominion of Canada." A school boy could have done better work; the letters are not only blurred but of all sizes. The large Roman letters X are well executed on front and back. The only other glaring catch is the word "dollars," which should have changed to "cents," when the one was raised to a ten. The bill is dated March 31st, '98, and its number is 300,627.

Came From Belleville.

Belleville Intelligencer. It is related of a Kingston man, who seldom helps to wear out church cushions, that he was persuaded to hear a sermon last Sunday, and was much impressed. "You are never too old to learn," he remarked confidentially to a friend. "Now I always thought Sodom and Gomorrah were husband and wife, and I find they were nothing but two cities."

The Kingston man referred to is a native of Belleville, where he received his earlier education. He has only lately removed to Kingston, where he followed the example of all Kingstonians and went to church.

Garnished Gate Receipts.

The management of the Gananoque baseball team have got themselves into trouble by garnishing the Ponies' bags with gate receipts there yesterday. When Gananoque played here in August, under the auspices of the Fair Association, Burke, formerly of Gananoque, garnished the Gananoque guarantee, in order to collect his wages. Yesterday's action on the part of the Gananoque management was by way of retaliation, but they will find they have made a mistake.

Raised \$100 Last Night.

The joint boards of Sydenham Street Methodist church met last night, to make preparations for the re-opening of the church. The members were well satisfied with the work already done. It was decided to ask for \$900 for the re-opening, and of this sum the directors who were present last night contributed \$100. The church improvements have cost about \$1,800, and the \$900 required will enable the board to pay off all its floating debt.

Saturday's Good Market.

Saturday's market was a splendid one, and the square presented a scene of great activity. Now that the harvest is practically over, the farmer has time to bring his vegetables to the city. The display to-day was of the finest, and good prices were obtained.

TARTE'S SPEECH

DELIVERED YESTERDAY AT TOWN OF ORILLIA

Says Canadians Must be True to Their Own Interests—Favors All-Canadian Exhibit at Toronto in 1903.

Orillia, Ont., Sept. 20.—The Simcoe county exhibition here was formally opened yesterday afternoon by Hon. J. Israel Tarte, in a speech in which he emphasized the importance of all classes of Canadians living in unity and peace, with the one object of promoting the general prosperity of the country. The minister of public works also heartily endorsed the suggestion that a great Canadian exposition be held in Toronto next year. Such an exhibition, he said, would show the world what Canadians could produce, and would bring the people of the east together with those of the west, so that they could become better acquainted. Port Arthur and Fort William should be the capitals of the North-West and not Duluth and Chicago. Charles Marcell, M.P., who accompanied Mr. Tarte, together with Louis Coste, also spoke.

The liberals of Orillia tendered Mr. Tarte a banquet in the evening. In responding to the toast of his health, Mr. Tarte began by speaking of the transportation question in Canada, he said, had the only natural water-way to the sea, but it was necessary to improve it, and this would cost money. The situation simply amounted to this—If Canada could not carry its own trade, it was not worthy to be called a nation. As to the tariff, Mr. Tarte said the question is, whether we are going to rely upon the Americans for our destiny or rely on ourselves.

He quoted from speeches of Mr. Fielding, delivered last session, in which the minister of finance said that as time passed conditions changed and it would be well for us to take note of this so that we might adjust our tariff accordingly. What Mr. Fielding said, declared Mr. Tarte, would be realized before long. It would be unwise to raise the tariff all along the line. He added, "What I am trying to induce our fellow citizens to ask for to-day, is a tariff that is all-Canadian people. That is all."

Mr. Tarte denied that in doing this he was untrue to the liberal party. This was not a political question, he said. It was a Canadian question, and if we did not keep wide awake in a few years we should regret our inactivity.

POLICE COURT CASES.

Rights of a Bicyclist—Stole Her Apples.

Charles Burtman was arrested yesterday for being drunk. He is a young man, and at the police court this morning said he had been working for a farmer near Glenburnie. He was born, he stated, in Rockport, but his people lived in the States. He paid a fine of \$2 and costs, and went away rejoicing to help bring in the sheaves that got the Glenburnie farm.

K. Wilson, J. Rice and W. Manly were up again to answer the charge of immoderate driving at Catarqui last Sunday. Police Constable Craig gave evidence against them. A. B. Cunningham appeared for the defendants. The latter did not turn out when the policeman came along on his wheel; he thought he should be entitled to half the road. Counsel for the defendant disputed the point.

"A man on a bicycle is certainly entitled to half the road," said his worship.

"I submit that the act says not," replied Mr. Cunningham.

"Show me the act," demanded the court.

"Revised statutes, Vol. II." The chief supplied the book, and counsel read the law, which stipulated that a bicyclist should have "sufficient room to pass to the right."

"That doesn't mean half the road," said Mr. Cunningham.

"I think it does," replied his worship. "No man with any sense would cause a bicyclist to turn out on the stones."

The case was further enlarged until Tuesday.

Two little boys residing on Barrie street were charged with stealing apples from a neighbor woman's trees. This case was also adjourned until next week.

Rev. Dr. Barclay Considering.

Montreal Star. Sir Sanford Fleming, of Ottawa, Chancellor of Queen's University, Rev. Dr. Milligan, of Toronto, and Rev. Dr. Herridge, of Ottawa, the special delegation from the trustees of Queen's University, waited on Rev. Dr. James Barclay at his residence last evening, to give him formal notice of his appointment to the principality of Queen's. The delegation informed Dr. Barclay how the choice had been an unanimous one and one and all of the trustees were anxious that if possible, he should accept the appointment. The various details with regard to salary and residence were then submitted. Dr. Barclay asked that he should be allowed a few days before making any definite announcement with regard to the offer.

Does Some Clever Work.

Police Constable Hazlett is proving himself to be a most efficient policeman. Though but a new man on the force, he has already made a splendid record. On Thursday some one entered the house of Mr. and Mrs. Way, Ontario street, and stole a value. The chief was not seen, and the theft was a mysterious one. The police were informed, and Sergt. Snodden despatched Constable Hazlett to unravel the mystery. In less than an hour Hazlett had his man in the cells, and had recovered most of the goods. It was a piece of clever work, for which Mr. Hazlett deserves much credit.
