Angier's Emulsion in the Summer.

If you have weak lungs or consumption make your fight against the disease during the summer. Physicians advocate fresh air, moderate exercise, and plenty of nutritious food. A valuable adjunct to this treatment, is Angier's Petroleum Emulsion. It promotes a healthy appetite, puts the digestive organs in a condition to digest and assimilate food-thus greatly improving nutrition. It keeps the bowels in a normal condition so that pills and aperients are unnecessary. It is pleasant to take, agrees with the stomach, restores health and vitality.

'Way Down Fast.

Much of the humor in "Way Down East" is of the character variety. It is, therefore, genial and lacks sting of so much of the modern society pláv's wit. "Way Down East" is the exact antithesis of the exotic drama. Its story is simple, natural and direct. It gets at nature first hand, and there is nothing in any of its lines to offend the most delicate taste. Indeed, the play has received the endorsement of hundreds of clergymen and religious workers as well as critics and theatregoers. It combines the qualities that make a moral catertainment with the sterling dramatic instensity of a great play. The date of its presentation here is Thurs day. Sept, 25th, when it will be give en in every elaborate detail , which characterizes all of Mr. Brady's pro ductions.

"A Normandy Wedding" is at th Montreal Academy all this week. The inimitable Lulu Glaser began two weeks' engagement at the Victoria, New York, last night. A dramatization of Dickens' "Mr Pickwick," is being played at the Princess, Toronto, this week.

"The Bonnie Briar Bush," one of the finest plays on the stage to-day. is billed for the Grand in January. "San Toy," which appears at the Grand to night, was at the Montreal Academy all last week. Last winter it drew the biggest house of the season here, standing room being limited. The villain in "An American Tramp," acted more like a mild chap at a five o'clock tea. Not one in the company seemed seared of him, and no one in the audience felt like hurling a bad egg at the "villain," because he didn't deserve such treatment. He was supposed to represent a wicked, murderous man, but really he would have been more at home as a Sunday school teacher, or as tenor singer in a rural church choir.
