

Do not go without Abbey's Salt!

If you have a bottle of Abbey's in your travelling bag, you are safe from the discomfort and danger of constipation, biliousness, sour stomach and kindred ailments that mar the pleasure of a holiday trip.

Take a teaspoonful of

Abbey's Effervescent Salt

In a glass of water before breakfast and it will keep you well for the rest of the day.

Tell your druggist you want 'Abbey's.'

Four Lovely Diamonds.

When on a diamond buying trip to the cutters at Amsterdam, we never forget to supply ourselves well with four "special" sizes, viz:

For our \$45 Diamond Ring. For our \$30 Diamond Ring. For our \$25 Diamond Ring. For our \$15 Diamond Ring.

Every one of these diamonds must be of such a quality that the most critical cannot find a fault, for a "Special" Diamond Ring from Ryrie's must be of "first quality" always.

Send for our Ring Catalogue. DIAMOND HALL, Established 1854.

RYRIE BROS., Yonge and Adelaide Sts., TORONTO.

Willing to Be Tested

We possess the most ample facilities for serving the public with pure, fresh Drugs, Toilet goods, Perfumes and all other lines usually found in a first class drug store.

EXPERIENCE HAS PROVED That Paine's Celery Compound has no equal for building up the weak and run-down. It is specially recommended to suffering from rheumatism, neuralgia and nervous prostration.

W. H. MEDLEY, DRUGGIST, KINGSTON, ONT.

Watch 'Em Go!

Our stock of AUER LIGHT SUPPLIES will go far as these prices: CYLINDERS..... 7c. LARGE CHIMNEYS..... 10c. MANTELS..... 10c. BURNERS..... 15c.

BRECK & HALLIDAY, Princess Street.

Carriages

EVERYBODY

Who has rubber tires on their carriages are well pleased with the ease and comfort they enjoy in driving, if you have not got them on your carriage you should send to LATURNEY and have them on and enjoy your drives.

JAMES LATURNEY, CARRIAGE MAKER, 390 Princess St., Kingston.

TRANSFER OF TAVERN LICENSE.

NOTICE IS HEREBY GIVEN, THAT I have this day applied to the License Commission to transfer my Tavern License for the Imperial Hotel, this city, to Patrick McAvonia, of Kingston, and they have decided to consider the matter on Monday, 24th September, 1912, at 8 o'clock P.M., in the Police Court room.

FOR SALE. THE SUBSTANTIAL BUILDING ON KING Street, between Wade's Drug store and Congress Hotel, in excellent condition. Second floor leased for a long term. Apply to D. A. Gays, real estate agent, King Street.

IN GRAVE YARD

WILL-O'-THE-WISP BADLY SCARES WATCHERS.

Supposed Warnings of an Impending Calamity—Light Badly Frightens People—Appears at Frequent Intervals.

Philadelphia, Sept. 23.—This community is wrought up to a high pitch of excitement by strange lights which lit nightly between the old and new Episcopal cemeteries. Superstitious persons believe them to be warnings of some impending calamity. There are residents who declare that similar lights were seen just prior to the flood of 1889 and the small-pox epidemic of 1891.

Wednesday night Mrs. Shoemaker, an aged resident, was returning to her home after spending the evening with a neighbor, when, nearing a vault in the old cemetery, she was startled at seeing a brilliant red light leave the vault, move slowly across the street directly in front of her and lose itself in the new cemetery. Badly frightened, she made rapid strides for home, but had taken only a few steps when she again saw the same light some distance away on a hill. This time it was waved up and down in such a manner as trainmen give signals. Then it disappeared. Before she was half way home Mrs. Shoemaker fell and rolled into the gutter. When regaining her feet and senses she saw the same light appearing hanging in the middle of the street only a few feet from her. Almost frantic, she ran, screaming, to the house of a neighbor where she recounted her experience. Thinking she was the victim of mischievous boys' pranks, her friends paid little attention to the matter.

Thursday morning the story of the light flew like wildfire, and before noon several hundred persons had visited the scene. That night three or four prominent residents stationed themselves near the cemeteries to watch for the lights, but were so badly frightened by a repetition of the same light appearing hanging in the middle of the street only a few feet from her. Almost frantic, she ran, screaming, to the house of a neighbor where she recounted her experience. Thinking she was the victim of mischievous boys' pranks, her friends paid little attention to the matter.

Although no grasses or phosphoric minerals are known to exist in this locality, ex-Sheriff William Ryan and other prominent citizens say they have seen these lights at various times, and that all former efforts to gain a clue to their origin had proved futile.

STRIKERS WILL NOT YIELD.

Because Would Mean the Dismemberment of Union.

Washington, Sept. 23.—President Compton, of the American Federation of Labor, said to-day that the striking miners in the Pennsylvania coal fields were prepared to hold out for months. He said the miners were disposed to make concessions, but the operators had refused all overtures from them, and that the men now "are not going to yield."

"The strikers," he said, "are receiving all the supplies they really need, and can continue their fight indefinitely. The federation will do all it can to aid them. One thing is certain, that the strikers will never yield on the basis of the dismemberment of their organization, which is all that has raised them even over so little above their desperate condition."

EXONERATED FROM BLAME.

Naval Board Reports On Accident To The Brooklyn.

Washington, Sept. 23.—The report of the naval board of inquiry, headed by Rear Admiral Watson, which met at the Brooklyn Navy Yard to investigate the circumstances attending the accident to the cruiser Brooklyn in Buzzard's Bay during the recent manœuvres, was received by the navy department to-day. The court exonerated Rear Admiral Coghlan, Captain Todd and the Brooklyn's crew from all blame or responsibility for the accident and recommended that no further proceedings be had in the matter.

TORN UP THE RAILWAY.

Albanian Chief at Mitrovitzva Opposes Russian Aggression.

Constantinople, Sept. 23.—The railroad between Mitrovitzva and Vuchitov has been torn up by the followers of the Albanian chief Issa Bolgetinaz, who announced his determination some time ago not to allow the newly appointed Russian consul to take his duties at the former place. This will delay the advance of further Turkish troops sent to protect the consul. Although it is alleged that Bolgetinaz is surrounded by troops he is still ensconced at Mitrovitzva.

Some Of It Was All Right.

It is related of an Irish coachman that his medical adviser prescribed animal food as the best means of restoring health and activity. "Pat," said he, "you're down a bit, that's all. What you need is animal food." Remembering this case a few days afterward, he called upon Pat at the stable. "Well, Pat," said he, "how are you getting on with the treatment?" "Oh, shine, sir," Pat replied. "I manage all right with the grain and oats, but it's mighty hard with the chopped hay."

Canker.

There is a mistaken idea as to the cause of cankers in the mouth and throat. Sufferers imagine that they arise from stomach troubles, but it is nothing more or less than the result of impure blood. Numerous so-called remedies have been floated on the market, but experience has shown that there is only one cure—Fring Tonic Pills, 25c. a box, at Wade's drug store.

William Hooper Young, for whom the police of New York have been searching in connection with the murder of Mrs. Anna Nelson Pulitzer, has been caught. Young has admitted his identity and also is said to have made a confession regarding the killing of Mrs. Pulitzer. He was masquerading in the guise of a tramp.

MOBS RULE; TROOPS OUT.

Serious Outbreaks in the Vicinity of Scranton.

Scranton, Pa., Sept. 23.—Sheriff Schadt, of Lackawanna county, telegraphed Governor Stone to send troops to his assistance. The sheriff had prepared a proclamation announcing that he would call troops if the lawlessness did not cease when he received a series of telephone calls to quell disturbances up the valley. He found an investigator that the situation was such that he could not cope with it and sent a call for troops.

Adjutant General Stewart called the sheriff by telephone and had a long conference with him. The adjutant general suggested that a posse of members of the Citizens' Alliance be called upon for assistance. While the sheriff was preparing to act on this suggestion he received more reports of violence up and down the valley and at once sent another urgent telephone to the governor calling for immediate assistance.

The worst of to-night's outbreaks occurred at Archbald. A crowd of 200 strikers, mostly foreigners, ransacked the quarters occupied by the forty men employed at the Raymond washery of the Ontario & Western company, while the men were at work and then meeting with the men as they were returning drove them back to the refuge of the washery.

The men then returned to the colliery proper, drove out the engineers, firemen, pumpmen and guards and took possession of the breaker. The plant of the Crescent Electric Light company, which is supplied with steam from the breaker, had to shut down and the whole region around was left in darkness.

In the attack on the breaker two men were shot, one a striker and the other a workman. Their names or condition could not be learned. Deputy Sheriff Miles McAndrew was attacked and shot by a mob at Olyphant. The steam pipe of the Pennsylvania Coal company's colliery at Old Forge were blown up with dynamite. Two colored cooks at the William A. colliery were rescued by deputy sheriffs from a crowd that was threatening to lynch them.

Governor Orders Troops.

Harrisburg, Pa., Sept. 23.—Governor Stone issued an order shortly after midnight directing the 13th Regt. to report to Gen. Gobin for duty in the strike region. The 13th's headquarters are at Scranton. The authorities apprehend serious trouble, and if there should be another outbreak the 9th Regiment, with headquarters at Wilkes-Barre, will probably be ordered out.

INCIDENTS OF THE DAY.

Newsy Paragraphs Picked Up By Reporters' On Their Rounds.

Dr. Lake and wife, Battersen, spent to-day in the city.

Mrs. H. I. Lyons, Livingstone avenue, is seriously ill.

B. W. Folger, Jr., left this afternoon for New York City, via the Champlain Powder, just received. Taylor, 124 Princess street.

R. G. Murphy, the prominent dairyman of Elgin, was a city visitor to-day.

Secretary Macdonald, of the Board of Education, is sending out 100 College Institute accounts.

The Winnipeg detachment to take part in the artillery competition at Deseronto left for the east Monday.

Mrs. Larkin returned to-day to Atlantic City, N.J., after a visit with her sister, Mrs. F. A. Folger, Jr., Alfred street.

Mrs. F. E. Ely, New York City, and sister, Miss Bertie Reynolds, Westport, are guests of Mrs. K. E. Aiken, Colborne street.

The remains of the late Mrs. Moults will arrive on the 7:30 Cape boat this evening and the funeral will be at 9:30 to-morrow morning.

The many friends of C. H. Corbett, governor of the county jail, will be pleased to learn that he is convalescing after a long siege of illness.

H. H. Horsey, of Ottawa, a very well remembered Kingstonian, is sojourning with Mrs. Yates, William street, on his way home from summer outing.

All cases of weak or lame back, lumbago, rheumatism, will find relief by wearing one of Carter's Smart Weed and Bedouin Backache Plasters, Price 25c. Try them.

The Board of Education of Oswego has decided to burn wood in the schools, owing to scarcity of coal, and has ordered 200 cords of hard maple. The cost will be \$500.

Bruce Culbreth, Portsmouth, until 6 p.m., yesterday, a clerk in Starr & Sutcliffe's old store, left on a steamer for Minneapolis, Minn., where he has a good position.

In Syracuse the officials of the Board of Health are obliged to have their faces clean shaven. The fear seems to be that whiskers are likely to take microbes and germs.

Alexander Calhoun, M.A., late of Queen's University, Kingston, who spent the summer with his parents at Ottawa, has come to Winnipeg to fill the position of lecturer in the Manitoba College for the ensuing year.

Palpitation of the heart, nervousness, tremblings, nervous headache, cold hands and feet, pain in the back, and other forms of weakness are relieved by Carter's Iron Pills, more especially for the blood, nerves and complexion.

At the local post office care is evidently not taken in sending out mail bags. This afternoon, one of those being taken to the steamer New Island Wanderer contained a large opening from which mail matter projected, and was in danger of being lost.

PREMIER PARENT STOPPED IT.

Did Not Fall in With Views of Provincial Premiers.

Montreal, Sept. 23.—The conference of provincial premiers has not yet been held. It is said the maritime premiers have agreed to appeal to the British government against any redistribution measure taking away members from those provinces. Premier Parent's failure to fall into line has blocked the proposed conference.

Judge J. H. Ballwe, the negro favorite, who precipitated the panic in the Shiloh Baptist church at Birmingham, Ala., which ended in the loss of 115 lives, has been arrested.

TRAIN SAILORS

CANADA WILL SOON BE DOING THIS.

Sir Frederick Borden's Views on Imperial and Colonial Defence — To Disband Provisional Battalion.

Ottawa, Sept. 23.—Sir Frederick Borden has arrived at Ottawa, looking fit and healthy after his sojourn in England. Interviewed, he made several statements regarding imperial and colonial defence.

Speaking of the naval defence of Canada, Sir Frederick said: "We will take up in a tentative way the training of Canadian seamen. In this matter whatever we do will be at our own expense and entirely within our own selves. We will co-operate if necessary with Britain, but we control our own expenditure."

On the subject of imperial defence Sir Frederick said that the contributions agreed upon to be given by the Australasian colonies would really be a relief from the burden of the present system. The warships contributed by the colonies are becoming obsolete, while the cost of their maintenance is considerable. Under the new arrangement the naval equipment will be furnished by the admiralty, and will be up-to-date.

"As to Canada," continued the minister, "our policy is to carry out and perfect what we have undertaken in the way of increasing the efficiency of our own system of defence, as I outlined in parliament last session. We should be in a position to defend ourselves against sudden attack from any quarter, and then, in case of prolonged war, to rely upon aid from the mother country, just as we should of our own free will and accord give aid to the empire according to the necessities of the conflict. That has been our policy. As for any tax being levied towards prosecution of wars abroad, I do not think the Canadian people would submit to such taxation unless we had representation in the councils of the empire. We might, however, be disposed to relieve the imperial authorities of the expense of garrisoning Halifax and Esquimaux. That is my personal opinion. But I am doubtful if the imperial government would give us control of such an important station as Halifax, which is the base and coaling port of the North Atlantic squadron. Of course the figures are never given, but I believe the British government spends more on those two stations than we do on our entire militia."

"Will the present Canadian regiment at Halifax be maintained in commission?" was asked.

"Certainly not," was the minister's reply. "The imperial regiment, which is to replace it has sailed from England, and as soon as it arrives the Canadian regiment will be disbanded."

Hon. William Paterson was also interviewed, but was not communicative. He was enthusiastic about his impression that Canada occupies a very high place in the affections of the people of Great Britain and that Sir Wilfrid Laurier is held in very high esteem there.

\$4,000,000 INVESTED.

Sent East Because it Can Earn Better Interest.

Chicago, Sept. 23.—Regarding the transfer of \$4,000,000 to New York by Armour & Co., to be placed on loan there, J. Ogden Armour, head of the packing corporation, denied that the money was sent with any idea of relieving financial straits that may exist in Wall street.

"We simply made the loan as a business investment to New York," said Mr. Armour. "Conditions with the wife of an engineer, had attempted suicide in her room in a hotel at Algiers. The first report said the man was Grand Duke Paul Alexandrovich, uncle of the czar, and later this was changed to Grand Duke Vladimir. Another report denied that."

The money will be paid over to the counter of the sub-treasury on Monday morning," he added, "and can almost at once become part of the reserve funds of the national banks."

RUSSIAN PRINCE SHOT.

Reported it Was Czar's Uncle — Mysterious Case At Algiers.

Paris, Sept. 23.—The Petit Bleu printed a despatch from Algiers saying that a relative of the czar, who had dined with the wife of an engineer, had attempted suicide in her room in a hotel at Algiers. The first report said the man was Grand Duke Paul Alexandrovich, uncle of the czar, and later this was changed to Grand Duke Vladimir. Another report denied that.

The Russian is apparently Prince Vladimir Vladimirovich. The shooting appears to have been more or less of an accident, after two days of somewhat riotous living. He will recover.

WIRELESS TELEPHONY.

Good Results Being Obtained By A German Inventor.

Berlin, Sept. 23.—Encouraging results of wireless telephony have been obtained on the Wannsee Lake by Ernst Ryhmer, the physicist, who followed the line of Prof. Graham Bell's experiment with light. Clear and comparatively loud sounds were heard at distances of four and even seven kilometres, respectively about two and a half and four and a quarter miles.

Herr Ryhmer's invention is said to be on the principle of the transformation of light waves by using a searchlight and a microphone.

Politics in Montana.

Bezman, Mont., Sept. 23.—A congressional candidate and a nominee for associate justice of the Supreme court are to be named by the democratic state convention in session here to-day, but of far more interest is the contest for the control of the party between Senator Clark and F. Aug. Heinze, the young mining millionaire of Butte. When the democratic state committee met two weeks ago, it was found that each had thirteen votes. Then came sensational charges of bribery. If Heinze fails to get control of the party, it is believed he will bolt the democrats and align himself with the labor people.

SUED BECAUSE OF STRIKE.

Manufacturing Company of Paterson, N.J., Asks Damages.

Paterson, N.J., Sept. 23.—The Bamford Silk Manufacturing company has begun suit against this city for \$2,500 damages. The suit is the first of a number threatened by the strikers as a result of the riots of the striking dyers' helpers last June. The rioters attacked Bamford's mill and bombarded it with stones. More than 100 panes of glass were shattered, and machinery and silk in process were damaged.

Panther Arrives At Colon.

Colon, Colombia, Sept. 23.—The United States auxiliary cruiser Panther, from Longue Island Navy yard, with a battalion of marines on board, has just arrived here. Efforts are being made to secure suitable quarters here for the American marines.

George Pilster, aged twenty-two years, was working in the New York Central yard, Watertown, N.Y., and stepped in front of a string of cars. The cars knocked him down and the wheels passed over his right arm, which was amputated.

Buying a Range. The King of Ranges—'Buck's Happy Thought'. There are three essential things to consider when buying a Range—Quality, Consumption of Fuel, and the Price. A good Range will last many years, and when it saves in fuel it pays for its self, while a cheap Range is constantly adding to its price in extra consumption of fuel. 'Happy Thought' Range is the lightest fuel consumer in the world, and the most perfect Range constructed. It is a perfect cooking apparatus. Write the Manufacturers for an Illustrated Catalogue. THE WM. BUCK STOVE CO., Limited, BRANTFORD. Sold by McKELVEY & BIRCH, 69 and 71 Brock St.

ARE POURING IN. Americans Flocking Into the Canadian North-West. Brandon, Sept. 22.—The latest condition bulletin issued by the Territorial government at Regina indicates that the territories this year will produce about three million bushels more than last, the acreage under crop being about a million greater. In six months later the Saskatchewan Valley Land company has turned over one million two hundred thousand acres. Just the other day the Order of St. Benedict at Minneapolis bought 200,000 acres, and will establish a colony. A trip along the Soo line of the C. P. R. leaves the impression that the territories are absolutely infested with Americans. They are bound for all parts in Alberta, Saskatchewan, and Assiniboia. Some of them have fixed on Alberta as a country for ranching and out-raising. They have heard of this wonderful land, where a farmer in cold moments may go down and wash gold in the river or dig coal off his own farm. Others hold the Saskatchewan valley to be the garden spot of the territories. Others, again, see nothing wrong with the yellow grass country in Assiniboia, and refuse to move far from the forty-ninth parallel.

Corticelli SPOOL SILK. Too Strong to Break. The Reptile Caught Carrying Away A Child. Jacksonville, Fla., Sept. 22.—While a number of passengers were waiting for a train at Pablo Beach they heard the wail of a child. A short distance away they saw a big alligator dragging a child away, having secured hold of its dress in its mouth. The child was shrieking. The crowd rushed to the rescue, and the alligator reloaded its efforts to get to the bayou near by. A big dog belonging to the child came running along and dashed at the alligator's head. The alligator whacked its tail around with great force, dashed the dog against its mouth, which it opened with a gulp, taking in the dog and swallowing him with ease. The alligator dropped hold of the child's dress in the struggle. The crowd killed the alligator. It was fifteen feet long. It is thought to have been made fierce by hunger. The child was uninjured.

Corticelli SPOOL SILK. For dress-making and family sewing, Corticelli Silk is the best silk made. For hand or machine use it has no equal. Corticelli runs smoothly in the needle; it is always even in size, and always full length and full strength. Ask your dealer for Corticelli. WASH SILKS are put up in patent holders, which prevents waste by tangling or soiling; keeps each shade separate and automatically measures a correct neckline. It is recommended as the only proper way to put up filo and floss silk, and used by art societies everywhere. SHIRT PROTECTOR is of firm and even texture. When soiled a sponge or brush makes it clean again, and no damage done. It has peculiar wearing qualities, and perfectly straight selvege. Corticelli Skirt Protector is a great favorite with careful and fashionable dressers. For sale everywhere.

A HEAVY IRONING can be done with less labor and worry when you use BEE STARCH. Try it and prove for all time our assertion. The iron cannot stick to the linen—nor will the latter crack when BEE STARCH is used. 10 Cents Per Package. SAVE THE COUPONS. SNOWDON, FORBES & CO., Agts., 449 St. Paul St., Montreal.
