

THE ROOT OF THE MATTER.

He Cured Himself of Serious Stomach Trouble, by Getting Down to First Principles.

A man of large affairs in one of our prominent eastern cities by no close attention to business, too little exercise and too many club dinners, finally began to pay nature's tax, levied in the form of chronic stomach trouble.

In his own words he says: "I consulted one physician after another and each one seemed to understand my case, but all the same they each failed to bring about the return of my firm digestion, appetite and vigor. For two years I went from pillar to post from one sanitarium to another.

"Friends had often advised me to try a well-known proprietary medicine, Stuart's Dyspepsia Tablets and I had often perused the newspaper advertisements of the remedy but never took any stock in advertised medicines nor could I believe a fifty-cent patent medicine would touch my case."

"To make a long story short I finally bought a couple of packages of the nearest drug store and took two or three tablets after each meal and occasionally a tablet between meals, when I felt any feeling of nausea or discomfort."

"I was surprised at the end of the first week to note a marked improvement in my appetite and general health and before the two packages were gone I was certain that Stuart's Dyspepsia Tablets was going to cure completely and they did not disappoint me. I can eat and sleep and enjoy my coffee and cigar and no one would suppose I had ever known the horrors of dyspepsia."

"Out of friendly curiosity I wrote to the proprietors of the remedy asking for information as to what the tablets contained and they replied that the principal ingredients were aspartic pepsin (government test), malt diastase and other natural digestives which digest food regardless of the condition of the stomach."

"The root of the matter is this, the digestive elements contained in Stuart's Dyspepsia Tablets will digest the food, give the overworked stomach a chance to recuperate and the nerves and whole system receive the nourishment which can only come from food stimulants and nerve tonics never give real strength. They give a fortifying strength, invariably followed by a nervous, every drop of blood, every nerve and tissue is manufactured from our daily food, and if you can insure its prompt action and complete digestion by the regular use of so good and wholesome a remedy as Stuart's Dyspepsia Tablets, you will have no need of nerve tonics and sanitariums."

"Although Stuart's Dyspepsia Tablets have been in the market only a few years yet probably every druggist in the United States, Canada and Great Britain now sells them and considers them the most popular and successful of any preparation for stomach trouble."

"Sends Photographs Home." This morning Police Sergeant Nesbitt received from Trooper William Carson, a Kingston member of the South African Constabulary, a copy of the S.A.C. Journal for June and a half dozen photographs of South African scenes. The latter include an excellent picture of a boat, of a Bear commanding a surrendering of captured Zulu chiefs, etc. Trooper Carson, writing from Smallegoed, Orange River Colony, on July 2nd, states that he is enjoying the best of health. He expects to secure a position on the railway. If that does not prove agreeable to his tastes, he will probably return home.

"To Lay Up at Toronto." The Richelieu & Ontario Navigation Company want to lay their steamer Toronto up at Toronto, instead of sending her to Kingston. They inquired of the property committee of the Toronto city council if you will grant us permission to let her lie at the city wharf, and if such privilege be granted, would there be any charge for it?"

"Concert at The Barracks." The Salvation Army Band gave a concert at the barracks last evening in aid of raising their portion of the harvest home offering. Coffee, cake and gingerbread were afterwards served. Much of the success of the evening was due to the energetic bandmaster, John Mayell. The attendance was very good.

"Fall Importation of 1902." Prevost, of the New York clothing store, Broad street, has received his fall importations for outer work in his tailoring department. His ready-made department is well assorted and a large assortment to choose from. For low price and durability he defies competition.

"Bibby's, Oak Hall, Bibby's." Don't try to wear that old rusty flat all fall. A new one, in the latest shape, will cost you only \$1.50 or \$2. The H. D. Bibby Co.

"Baseball." Gananoque vs. Ponies, Lake Ontario Park, Saturday at 2:30 p.m. Admission 15c. Come and see Sullivan pitch.

"The market clerk has in his possession two dozen ears of corn and a basket containing three pounds of butter, which somebody bit on the market yesterday. The clerk will shell out the corn, etc., to whoever owns them."

"Mierman Joseph Tait, who has been seriously ill for some time, is able to be out again, though he has not quite recovered his usual health."

"The following civic committees were called to meet today: Water works, 3 p.m.; and finance, 8 p.m. City council meets on Monday evening."

"McKevley & Birch have closed two heating and plumbing contracts at Tweed. Their workmen will leave soon to carry out the work."

"STAMPS AND MARKERS. RUBBER STAMPS OF ALL KINDS, SELF INKERS, LINEN MARKERS, DATES, SEALS, SCHOOL BOOKS, TICKET AND STAMPS, etc. Wholesale prices. -J.B.P. OFFORD This Office."

SPORT TIDINGS

WANT EASTERN DIVISION OF THE O. R. F. U.

No Intercollegiate Junior Series—Eastern League Picked Team to Play a Series of Matches in the States.

Craig, captain of the Montreal rugby football team has resigned, on account of ill-health.

Reg. Parmenter, of rugby and rowing notoriety, shortly leaves for Vancouver, B.C., to practice law.

Brookville rowing club has a surplus of \$100 from the year's doings, last year there was a deficit.

Secretary Hoyle, of the Intercollegiate Rugby Union, has definitely announced the abandonment of the proposed junior series.

Quarterback Barton has no intention of going to Ottawa to play with the Rough Riders. He will not be in the game at all this season.

Christmas, captain and centre half-back of Montreal Britannias last year, intends to remain in Toronto and will likely turn out with the Argonauts.

An Eastern League combination play exhibition matches in the States for the next two weeks. Bruce, Toff and Massey are the Toronto representatives.

The Pittsburgh, Pa., rink authorities are trying to get the whole Montreal championship hockey team to emigrate to their city. They offer good situations.

Ottawa announces that they will turn their attention towards developing new rugby players rather than to having inter-stars. Kingston started to do that a couple of years ago.

Great efforts are being made to join the two senior Winnipeg hockey teams together and bring in enough new material to keep them up to the status of Stanley cup competitors.

Today, at Merrickville, Smith's Falls and Perth, play a lacrosse match. Great interest is being taken in the struggle in the two towns, as each twelve are champions of their own league.

The Perth hockey club is counting on a new player for the coming season. "Jimmie" Rooney, their speedster forward, who is working on the steamer Kingston, is expected to bring a crack player with him when he returns to Perth.

Ponies and Gananoque are to have one more collision before the time for burning coal arrives. It will take place at Lake Ontario Park to-morrow afternoon, when George Sullivan, of the Eastern league, will pitch for his old team the Ponies. Lee will likely be the box for Gananoque.

The Toronto Telegram admits that Kingston, Brockville and Ottawa are in Ontario, and that their rugby teams should form an eastern senior division of the O.R.F.U. Now, we have been lately of the opinion that Toronto alone constituted Ontario, and this idea has grown so that Kingston, Ottawa and Brockville naturally turned towards the Quebec rugby union. But, darling Cathbert, it's too late to change the map. In rugby hereafter, Toronto alone must represent Ontario. The eastern teams, to stay on the north and maintain any identity at all, must join in with little places like Montreal, and keep away from the western Rochester metropolis.

"Kingstonians Forging Ahead." George O'Rielly, formerly of Kingston, and a son of the late Judge O'Rielly, is the democratic candidate for judicial honors in St. Paul, Minn. Another Kingstonian, Frederick Higo of Duluth, and a brother of Mrs. Higo, is the republican nominee for one of the state senatorships. The success of both is, of course, hoped for.

"Are Pushing The Work." The well-known contractors, Messrs. Langdon & Sullivan, are pushing forward the work of repairing the exterior of St. Mary's Cathedral very successfully. By the middle of next week they expect to have three of the buttresses finished completely. Three more will be commenced at once.

"Raftery Party Here." The stamper yacht Jessie L. returned yesterday from a fishing cruise up the Rideau, with the Raftery party, of 15th Imperial, Alexandria Bay, on board. The party will arrive here again on Monday and proceed up the Rideau for a month's fishing and hunting.

"G.T.R. Change Of Time." Another improvement in Kingston train service will be effected, commencing Monday, 29th inst., the local passenger train, No. 15, now leaving here at 6:03 p.m., will leave Kingston at 8:00 p.m. and is due to arrive at Belleville, 9:10 p.m.

"Bibby's, Oak Hall, Bibby's." Overcoats, all lengths, short and long, medium and safe, long and impressive, \$7.50, \$8, \$9, \$10, \$12.50, \$15. The H. D. Bibby Co.

"Prescriptions, Taylor's specialty." "HARD ON CHILDREN."

"When Teacher Has Coffee Habit." "Best is best, and best will ever live." When a person feels this way about Postum Food Cakes, they are glad to give testimony for the benefit of others.

"Miss Evelyn Purvis, of Free, Ran, Miss, says: 'I have been a coffee drinker since my childhood, and the last few years it has injured me seriously. One cup of coffee taken at breakfast would cause me to become so nervous that I could scarcely go through with the day's duties, and this nervousness was often accompanied by deep depression of spirits and heart palpitation.'"

"I am a teacher by profession, and when under the influence of coffee, have to struggle against crossness when in the school room. When talking this over with my physician, Dr. Johnson, of Eden, Miss., he suggested that I try Postum Food, so I purchased a package and made it carefully according to directions; found it excellent of flavor, and nourishing. In a short time I noticed very gratifying effects; my nervousness disappeared. I was not irritated by my pupils, life seemed full of sunshine, and my heart troubled me no longer. I attribute my change in health and spirits to Postum alone."

MARINE INTELLIGENCE.

Notes Regarding the Movements of Vessels.

Craig's wharf: Steamer Alexandria, up. Swift's wharf: Steamers Toronto and Spartan, down; Rideau King, from Ottawa.

Richardson's elevator: Steamships Owen, from Wellington; Kenyirring, from West Point.

Knapp's roller boat has been converted into a tubular one, and now looks like a whaleboat. The steamer made a successful run from Ogdensburg to Brockville yesterday.

Mr. Knapp says his boat will carry 50 tons on twelve feet draught, and can be built for \$12,000, whereas boats of old time models, to do the same service, would cost \$100,000.

"The most terrific storm experienced on Lake Ontario this season visited Charlotte, Wednesday, blowing yachts ashore, pounding boats, and wrecking and doing hundreds of dollars worth of damage. The big lake tug Proctor from Ogdensburg with two barges in tow endeavored to make the harbor for six hours before she succeeded in getting behind the piers. It looked as if the tug and its tow would be swamped, and at one time the life saving crew launched their boat to go to their rescue."

THE FALL ASSIZES.

Cases to Be Tried By Justice Britton.

The fall assizes open on Monday afternoon before Justice Britton, who will sit upon the bench in Kingston for the first time since his elevation. These cases are on the docket:

Criminal. The King vs. Eric Sharp. Charge of manslaughter. The accused boy shot and killed Beatrice Holland in Frontenac public school on April 28th last. Mr. Roper, counsel, will be the prosecuting attorney, assisted by Mr. Whiting, K.C. The accused will be defended by Mr. McIntyre, K.C.

Jury Cases. The Expanded Metal and Fire-Proofing Company, limited, vs. The Clarified Milk Company, of Kingston, limited. Action for payment of work under contract.

Thomas A. Bibby vs. F. A. Bibby. Action for payment of wages.

Non-Jury Case. George Smith vs. William D. Carey. Action for penalties under provincial election act.

At The Police Court. John Grace, Kelly Wilson and William Murray, charged with immediate driving at Catarqui on a recent Sunday, appeared in court the third time this morning. The mayor, after a few words of fatherly advice, dismissed the young men.

The driver of a grocery's delivery rig, charged with indecent assault, was arrested last evening by Constables Hazlett and Craig. He was safely across the border, but returned home. In the police court this morning the young man was remanded until Friday, October 3rd. J. L. Whiting appeared for the defendant, and W. F. Niekler for the plaintiff.

Kingstonians Forging Ahead. George O'Rielly, formerly of Kingston, and a son of the late Judge O'Rielly, is the democratic candidate for judicial honors in St. Paul, Minn. Another Kingstonian, Frederick Higo of Duluth, and a brother of Mrs. Higo, is the republican nominee for one of the state senatorships. The success of both is, of course, hoped for.

PLAY OF PLAYS.

"WAY DOWN EAST" SUSTAINS REPUTATION

The Noble Side of Country Life Presented—Miss Ruby Bridges Enthusiastically Received—A Good Crowd at the Victoria Theatre Also.

"Way Down East" was the attraction at the Grand Opera House last evening. Its splendid reputation, which drew for it a large house, did not at all suffer in the hands of the capable company which presented it.

To those who love a pastoral play—and who is there that does not?—"Way Down East" came as a welcome sensation after the variety shows we have had during the past month.

It tells a simple, truthful story of light and wrong, brightened here and there by honest humor. The scene is laid in the New England states, and the curtain goes up on the first act revealing a beautiful pastoral scene, with the green fields and farm houses and the line sunset. The third act was less than a technical triumph; the snowstorm, although protected by a number of patents, was perfectly natural and beautiful. The stage setting throughout was superb.

No enthusiastic was the audience that the curtain had to be raised several times after each act, and at the close of the third Miss Bridges was accorded a generous ovation.

"Way Down East" is a play of days—a play that deals with life as it is. It seeks to portray the noble, not the ludicrous side of country life. Because the play is true to life it is what it is—one of the best of plays. In its lines there are many truths which would be taken to heart by most of our quickly-thoughtful people.

Miss Ruby Bridges, as the wronged girl, did the most praise-worthy work. She at once, by her soft voice, sweet face and winning ways, elicited the sympathies of the audience. She was perfectly natural and most artistic, and one could desire no better interpretation of the character. William Frederic, in the leading male role, gave a clever rendition of the kind old firm squib. Miss Vivian Ogden, as the meddlesome gossip, did a clever bit of character work. Henry Auerbach, as the chore boy, produced considerable merriment, but was rather high and did not get into the mood of a special mention as Grace Romine, Leonard Ide, A. F. Cairns, Nora Beery and Ida Ellis. The village choir, composed of Maurice Robinson, A. Comer, Anna Oltman and Minnie Ellis, came in for a large share of praise. The audience demanded a number of encores, which were graciously given.

At Victoria Theatre. Marks Bros. had a very large audience last evening at the Victoria theatre. The popularity of the company was well demonstrated by the reception the different members received from the audience, which was richly deserved.

A society drama entitled "A Country Girl's Romance" was the subject of a decision hit. There were many amusing incidents and entrances which were untraveled to the delight of their admirers. The principals were Eric Marks, Earle C. Simmons, C. H. Saunders and Helene Reicha in her dual character. Little Kittie Marks received a rousing ovation and was a general favorite.

Although the company is a good one and no doubt will be well patronized during its engagement here. The several specialties were fresh and original and were well received.

Guy Bros. Coming. In addition to their minstrel entertainment the Guy Bros. have introduced a number of novelties, notable among them is "The Vivograph." The coronation of King Edward was the theme of a moving picture which were taken on the company. They will appear at the Grand opera house on Monday evening next.

Have Lost A Good Secretary. The local Council of Women, at the meeting of the executive on Thursday, accepted with regret the resignation of their treasurer, Miss Nichol, who has left Kingston, at the same time expressing their warm appreciation of her valuable services to the council and cordial wishes for her future success. Mrs. C. Cochran was appointed as Miss Nichol's successor. An invitation was extended to the Woman's Council of Canada to meet in Kingston this fall.

Off For Rice Lake. "Jack" Brennan, and "Fike" Hovan left last evening on the steamer Corvian to spend well-earned holidays at Colongue, Harwood and Gore's Landing. They will enjoy a week or ten days' fishing and duck hunting on Rice Lake, and come home with a bran new lot of stories for many of the faces of these two popular young men wish them an enjoyable trip.

Is Now A Captain. K. C. Folger, second son of F. A. Folger, and formerly a cadet at the Royal Military College, has succeeded well since going to South Africa, where he received a commission as Lieutenant nearly two years ago. He has now been raised to the rank of captain in the South African Constabulary. His allowance will be about \$5,000 a year.

Laxative Quinine Tablets. Will check a cold in a few hours, does not cause ringing in the head. 25c. at McLeod's drug store.

One-penny pure Java and Mocha blend coffee 25c. at Mollon's.

Stomach and Bowels? Angier's Petroleum Emulsion, by its antiseptic properties and its wonderful soothing and healing effect upon the mucous membrane of the stomach and bowels, is of special value in intestinal disorders, such as Gastric Catarrh, Fermentation of the Bowels, Diarrhoea, (acute and chronic,) Summer Complaints of Children, Constipation, etc. In fact, in nearly all cases where the bowels are "out of order" it restores them to their normal condition often after other remedies have failed.

ANGIER CHEMICAL CO., BOSTON, MASS.

Drowned at Charlotte. Albert Osterander, South Bay, was drowned off the schooner Queen of the Lakes at Charlotte, on Thursday. The body has not been recovered. The young man was the son of Capt. Osterander, owner of the vessel. The latter suffered an unfortunate accident at Toronto recently, having several ribs broken by the falling of a boom.

Bibby's, Oak Hall, Bibby's. If you want the correct fall style in a hat, still or soft, you will find it here. \$1.50 and \$2. The H. D. Bibby Co.

Lever's Y-Z (Wash Head) Disinfectant Soap. Powder dusted in the bath softens the water at the same time that it disinfects it. The full assortment of toilet soaps.—Taylor, 124 Princess street.

FEW LINE INTERVIEWS.

Ald. J. B. Walken.—I would not be surprised if the judgment in the appeal case heard in Toronto, goes against this city. I have no reasons, but just feel that it will.

A. J. Rees, fruit dealer.—We fruit handlers are put to great inconvenience through the slowness of fruit arrivals. Perishable fruit shipped from points only a few miles west of Toronto, often does not reach here till a week later. Such service as that is not very up-to-date.

"We may be all mayorally candidates next year," remarked Ald. McCannion yesterday, and he looked significantly at his friend, Ald. Walken, who is said to harbor in his soul the same fond hope.

INCIDENTS OF THE DAY.

Newsy Paragraphs Picked Up By Reporters On Their Rounds.

Toronto hotel men chipped in and raised a fund of \$2,100 to light the referendum.

Queen's supplemental and matriculation examinations conclude to-morrow. The results will be posted on Tuesday.

The price of coal will not be held down. This morning it rose to \$9 a ton. It will soon be doled by the quart.

Dickens' lake shop and adjoining property, Belleville, was badly damaged by fire yesterday. Loss, about \$2,000.

Steamer North King leaves Kingston Sundays 10:17 a.m. for 1,000 Islands, and at 5 p.m. for Rochester, N. Y., calling at Bay of Quinte ports.

A lot of horse farmers are coming to Canada, but they won't create anything like the sensation a lot of Canadians did in South Africa during the past few years.

When there's a rock in the road, the prudent driver will turn to the right or the left to avoid it. The road of life is wide enough for all to treat ordinary obstacles in the same way.

To be of enough consequence in the community in which your lot is cast to be consulted in proposed improvements. You have a right to your say if you are neatly entitled to it.

Evelyn, the little daughter of Mr. and Mrs. William Martin, Garden Island, died in the General hospital on Thursday. She remains were interred in the Wolfe Island cemetery on Friday.

The residents of Colborne street were awakened from their slumbers this morning by a terrible noise. They rushed to their windows and found that a neighbor was getting in a ton of coal.

"Way Down East," that pretty rural drama, will be produced to-night in Belleville, where it will be truly at home. Belleville-people will rejoice to see their home life depicted upon the stage.

Lieut.-Col. Clarke, clerk of the legislative assembly, has been subpoenaed to attend the Kingston assizes to give testimony in the case of George Smith vs. William Carey, to be tried here next week.

It does not generally follow that because the man, when a boy, did not look apples and other fruit from his neighbor's garden, he has a complete cinch on all the honesty lying around loose.

A correspondent of the Canadian Furniture Journal calls his attention to gross feasting at the undertakers' convention at Toronto during the industrial fair, under which men sank to the utterly helpless stage of intoxication.

The G.T.R. auxiliary was called from Belleville yesterday to assist in clearing the line near Kingston. Two cars of a freight train left the trucks causing a blockade. No person was hurt and the damage done was slight.

B. company, 14th Regiment, possesses a good basket ball team, and games will be arranged between it and the Y.M.C.A. team. This company is also proud to own an indoor basket ball team. It goes in for athletics all around.

Alfredman Tait shows a great interest in city affairs, and generally attends all committee meetings, whether he is a member or not. Yesterday, he was an interested spectator at the meeting of the board of works.

The two former Belleville closed cars which have been summering at Moores' conveyor, were taken to the street railway barns to-day to be fitted up for winter service. Their Belleville verandah will be removed before they are allowed to go through Kingston's streets.

Local dealers complain that fruit shipped to them by fruit growers from stations not far west of Toronto is frequently a week in reaching Kingston. Much of it is spoiled in consequence of the long time wasted in tardy transit.

Bibby's, Oak Hall, Bibby's. Men's underwear, we keep only the comfortable kind of underwear, the garments are made up right—they fit, and fit in underwear means comfort. 25c. to \$2.50 a garment. The H. D. Bibby Co.

CITY NOTIFIED

MRS. ABRAMSON CLAIMS DAMAGES FOR INJURY

Board of Works Refers the Matter to the City Solicitor—That Montreal Street Wall—Communications Read.

The civic board of works sat in the city engineer's office yesterday afternoon, there being present: Chairman McLeod, Aldermen Walken, and McCannion. As no other aldermen showed up at 4:15 p.m., business was proceeded with without a quorum. After the minutes of the last meeting had been read, Ald. Craig arrived on the scene, and his presence constituted a quorum.

A number of accounts were considered, and ordered to be paid. The pay list amounted to \$982.

E. Stoughton and others petitioned the board for a new board walk on King street, between Collingwood and Centre streets, alleging that the present walk was a menace to public safety. The board had intended to lay an asphalt walk there next year, and so decided only to patch it up at present.

W. H. Reid wrote the committee offering to purchase one of the city's spare watering carts at its proper value; he had had the loan of the cart during the summer. The city engineer and chairman will make a valuation of the cart, and the committee gave them power to sell it if they saw fit.

J. L. Whiting, acting on behalf of Mrs. Joseph Abramson, wrote the committee to refer the injury to her through a defective sidewalk, and notifying the city that it would be held responsible for the damages. The matter was referred to the city solicitor.

A communication was read from E. Padfield & Co., offering to represent the municipality in London, Eng., for a small salary or on commission. The articles they might handle were pipes, valves, burners, etc. The letter will be filed.

Chairman McLeod spoke of the desire of those interested in the Kirkpatrick memorial to have the work all finished up, and the fountain formally presented to the public this fall. Would the city do its share under the local improvement plan, and co-operate in the work with the county committee? A new walk was required in front of the court house.

The engineer suggested that a graniteolithic walk and a fifteen-foot road-way be constructed around the fountain.

The matter of a new walk in front of the court house was left to the chairman, the city solicitor and the city engineer to confer with Wardens Spoor and the board of council. The county is willing to pay its share of the cost.

Ald. Tait addressed board, presenting a statement from the owners of the Wellington Terrace, Montreal street, agreeing to put their defective wall in good repair if they get a clear title to the strip of land between the street and the houses, by their agreeing to pay one-half the expenses. As the communication had not been referred to the council, it will be sent to that body.

ANOTHER LARGE ADDITION.

Vermont Farm Machine Company Build New Machine Shop. Bellows Falls, Vt., Times.

The contract for building a new machine shop 60x172 feet, two stories high with a basement 17x113 feet, for the Vermont Farm Machine company has been awarded. Work will be begun at once and the building pushed to completion as rapidly as possible.

The new shop will be located west of the present main building and will add greatly to the manufacturing capacity of the company. The new addition to the main building 40x66 feet and three stories high has just been completed. A storehouse—four stories high to be located along the line of the electric road and so arranged that freight cars can be hooked into the building for loading is a possibility of the near future. It was only last winter that this company built and equipped a handsome new office building. All these changes and additions give the Vermont Farm Machine company one of the largest and best equipped manufacturing plants in New England.

Unicycle Sulky.

Cleveland Ledger. A little cramped-up room at the corner of Michigan and Seneca streets contains a few pounds of steel, wood rubber which have been so cunningly devised and combined that they bid fair to revolutionize horse racing, and perhaps, lower the trotting record to a point under the two-minute mark.

The new sulky, which has but one wheel, will weigh from twelve to sixteen pounds less than the lightest bicycle sulky. Road friction will be reduced one-half, and on curves centrifugal force will help to decrease, rather than to increase friction.

The unicycle racing machine is the invention of J. S. Scarborough, the inventor of the Jupiter steel process of the United States Steel company.

The Old Land All Right.

Chicago British American. The British rifleman can shoot—they carried off the Palma trophy against America's best shots. The British rifleman can run—they defeated every man on our way—they defeated every thing at Hendley. The British rifleman can do duty competition; the British army can fight; the British navy has a near competitor, and we should guess that if it comes to the pinch the British business man and manufacturer can keep up to the best pace set him by his rivals of whatever country, notwithstanding all the recent clamor.

NOTICE

Is hereby given the public that I purpose making it warm for all persons using my coal next winter. Your order is solicited.
