Hungarian Strikers Kill Worker and Make Merry Around His Body—Jump on Victim and Sing—Mob Tears Up Tracks.

Scranton, Pa., Sept. 26.—James Winston, aged forty-eight years, was killed, and his son-in-law, I. J. Lewis, severely injured by a gang of Hungarian strikers, who waylaid them on their way to work at Grassy Island colliery of the Delaware & Hudson company. The affair took place half a mile from and almost within sight of the camp of the Thirteenth Regiment at Olyphant.

Lewis got away, but Winston had his skull crushed with a club and fell unconscious. While he lay prostrate and dying the crowd jumping on him, kicked him in the face and beat him with clubs. After dancing about their victim, clapping their hands and singing, the crowd left him.

Winston was carried home by a non-union man, and Mrs. Doyle, who witnessed the murder, Harry Shubak, Tom Preston and Harry Shubak, the three men who are alleged to have committed the actual crime, have fled.

Mrs. George Marshall, colored, wife of the proprietor of a hotel at Jessup, armed with a shotgun, safely escorted a non-union man through a crowd of 100 strikers from the hotel to the American Creek colliery stockade late last night. When the crowd began to avenge itself by bombarding the hotel Mrs. Marshall fired on the nearest group and peppered a dozen men with bird shot. This scattered the mob.

A company from the Thirteenth Regiment was called to disperse a crowd which was tearing up tracks at the Pancoast colliery in Throop. A crowd of strikers threw stones at non-union men who were being escorted home from work in Forest City. The soldiers loaded their guns and the commander said he would give the word to fire if another stone was thrown. The crowd melted away.

They live in temporary buildings inside a stockade on the company's property and nearly all are armed with revolvers or shotguns.

Soldiers Suppress Mobs. Wilkesbarre, Pa., Sept. 26.—Col. Dougherty dispatched three companies of the Ninth Regiment to Pittston and Nanticoke to suppress mobs which had assembled in those places. At Exeter 200 men and boys gathered to intercept non-union men on their way to work. At Nanticoke a number of non-union men stood upon the arrival of the soldiers the crowds dispersed. One arrest was made at Nanticoke, that of a foreigner who was armed. The prisoner was brought to this city and given a hearing before Magistrate Pollock, who held him in bail for trial at court.

DRAWING UP TREATIES For Island of Cuba—Reciprocal Commercial Treaty.

Washington, Sept. 26.—Negotiations are pending between the United States and Cuba, and the State department with regard to a commercial treaty, an extradition treaty and a treaty to adjust the title to the Isle of Pines. It is expected that these treaties will be ready for the next session of congress.

It is the purpose of Minister Juscelino to draw up the commercial treaty on reciprocal lines. An extradition treaty between the United States and Cuba has already been drafted. The provision for the establishment of civil government in Cuba omitted the Isle of Pines from the constitutional boundaries of Cuba, and left its title to future definition.

He spoke against the rituals of the Establishment Church in his usual style. After the meeting while he was being escorted to a car by policemen, one of the crowd of hooting youths threw a chisel at him, hitting him in the left eye, and inflicting a dangerous wound.

He was followed by the force of the law. He was taken to the Liverpool Infirmary, where, at a late hour, he was receiving blood. The physicians pronounce his condition most serious. BARON JAILED

OTTO VON SCHAEZLER ARRESTED FOR CRUELTY

Baroness, An American Girl, Causes the Bavarian Nobleman to Be Taken Into Custody—Threatened to Kill Her.

Chicago, Sept. 26.—Banished from his vast estates and fatherland because of a duel fought when a young man, Baron Otto von Schaezler is now a member of the titled foreign colony in the county jail. The scion of an old and wealthy family was taken into custody while at his desk in the auditor's office of the Chicago, Rock Island & Pacific Railroad company, and is being lodged at the expense of the taxpayers of the county because of his inability to secure \$3,000 bond to insure his appearance in court when his divorce case of his wife of four months is called.

Cruelty is the charge of the baroness, who is an American girl, in the petition filed in the circuit court. And, though according to her story the baron less than two years ago received a remittance of \$25,000 from Germany and has an annual income of more than \$7,000, his wife is threatened with eviction from their home in West Grosslade because the payments are far in arrears.

The baron married his present wife in Davenport, Iowa. She was Mrs. Emma Smith, a widow with a child four years old. The baron had also been married before, but he was divorced about two years ago. The first wife was a Davenport woman. He married his present wife last June after borrowing \$300, the baroness says, to make a final payment on the \$3,500 home in West Grosslade.

Two weeks later she says she was forced to return to her mother because of the cruel treatment of her husband. She has returned to him three times. Yesterday, she says, when he left home, he put a revolver in his pocket, and said if he found her in the house when he returned at night he would kill her. She then consulted an attorney. A young brother of the baron is said to be royal chamberlain to the king of Bavaria and a lieutenant of the heavy artillery of Germany. He lives at the family castle near the Vorbach, near Munich, which he rents from his brother.

AN ATROCIOUS MURDER. Aged Widow Killed—The Motive Was Robbery.

Chippewa, Ont., Sept. 26.—There is still no clue to the murderers of Mrs. Jessie Franks. The murder was an atrocious one, the motive evidently being robbery, although as far as is known, the amount of money taken was trifling. From the general appearance of things, Mrs. Franks had been eating her supper when the door leading out into the back yard was forced, and the murderer, entering, had pursued the woman through her bedroom, which was next to the front room, and there killed her by striking her over the head with a club piece of iron pipe. After committing the dreadful deed, the man evidently had dragged the body into the room where it was found.

Mrs. Franks' calico dress was almost entirely torn from her body, one sleeve of it being torn off, evidencing that she had made a terrible struggle before death. Mrs. Thomas, an elderly lady, occupied a portion of the house. She was never at home during the day and it was not until she returned to the house about five o'clock, accompanied by Thomas Macleod, at whose house she boarded, that the crime was discovered.
