TOO GREAT EXPENSE

Not The Reason. It is not because Pyramid Pile Cure is so expensive that many people de SHORT cline to give it a frial, but because they find it too great a tax on their recedelity to elieve that the published letters bearing testimony to the merit of this remeay are genuine and bona fide; especially to those who have realized the suffering incident to piles is it incredible that anyone who has been afflicted twenty-five and thirty years with the worst forms of protruding and bleeding piles should be cured by the application of a simple remedy when their physician has assured them that the only relief is in a surgical operation. This is rightfully viewed with dread by all those afflicted, as it means at the least a great shock to the nervous system, with more than a possibility of utter collapse and death; in the majority of cases, too,
