LETTERS TO US

ONE ABOUT THE MATTER OF PROHIBITION

J. M. Denyes Replies to the Remarks of a Wolfe Island Clergyman—A Correction Made by Rev. Mr. Forsythe.

Newburgh, Sept. 29.—(To the Editor.) A Whig report of an address by Rev. J. W. Forsythe, of Wolfe Island, gives that reverend gentleman's reasons for opposing the prohibitory liquor law put on the statute book of Ontario to go into force upon its ratification by the people on December 4th.

Now that the campaign has begun on the question of this vote, we may expect a revival of the arguments previously urged against prohibitory legislation. Two of the old arguments are used by Mr. Forsythe, viz., that prohibition does not prohibit, and that a prohibitory law is inferior to high license.

Mr. Forsythe answers at once the non-enforcement of the anticipated prohibitory act, and cites the experiment of the Scott Act. This poor unfortunate act has surely received sufficient abuse already and I do not intend to defend it, though its salient features are commendable and defensible.

But the reverend gentleman must know that the penalties attached to the violation of the act and the machinery necessary to set in motion prosecutions were woefully inadequate as compared with those of the Ontario liquor act. He says that under this act people might keep liquor in their houses and no one could stop them. So they may under the proposed measure and that is just what we want.

But the moment any man is guilty of giving liquor to anyone, even in his own house, the said house becomes, on proof of this offence on the part of the occupant, no longer a private house, but under the provisions of the act, must be treated as a public house and no liquor may be kept in it.

There was a very large audience at the Victoria theatre last evening on the opening of the second week of the Marks Bros. engagement, demonstrating in a very marked manner the popularity of the company.

The orchestra was a splendid one, and made the theatre-goers long to possess one like it. Guy Bros. are doing some artistic slack wire walking. As musical experts George and Albert Guy were right at home—the former especially. They made music out of everything, including Mount Pelee in eruption, king and queen out driving, etc. were also very good.

The Lavette Bros. showed great skill in their exercises, while Victor Lewis proved to be a successful character impersonator. There was some good tumbling by Charles and Arthur Guy and Batambo, the latter also doing some artistic slack wire walking.

A GOOD SHOW

WAS THAT OF THE GUY BROS. LAST NIGHT

They Drew a Large House and Put up a Performance of Merit—Ladies Were Out by the Score.

Guy Bros. minstrels were greeted with a full house when they appeared at the Grand last night. The old-time "circle" and "end men" were dispensed with, and in their place was substituted a pretty English hunting scene. While resting the hunters regaled themselves with song and joke.

The songs were cleverly rendered, James Rowell, in "Beyond the Gates of Paradise," making a decided hit. "My Whippoorwill," by Fred Aekins, proved to be another very sweet and popular song. Ben Moorehouse's "Anvil Song" was a difficult but finely rendered selection, his deep bass voice being well suited to the character of the song.

Albert and Edwin Guy, who have delighted Kingston audiences for years, were also heard to good advantage in their songs. The jokes were bright and new, and the audience seemed to appreciate them.

The Lavette Bros. showed great skill in their exercises, while Victor Lewis proved to be a successful character impersonator. There was some good tumbling by Charles and Arthur Guy and Batambo, the latter also doing some artistic slack wire walking.

EVANS' JOB.

Admiral Appointed to Report on Chinese Situation.

Washington, D.C., Sept. 29.—Rear Admiral Robley D. Evans, second in command on the Asiatic station, has been sent up the Great Yang Tse river to investigate and report upon the situation in the provinces of China which according to recent advices from United States Minister Conger, may soon become the scene of another Boxer uprising.

The navy department has received a cablegram from Admiral Evans stating that he had transferred his flag from the battleship Kentucky to the gunboat Helena, and sailed from Woonsocket, R.I., on the 27th inst. for the river to which a vessel of the Helena's draft can go. Ichang lies about eighty miles from the mouth of the Yang Tse.

About ten miles to the west is the eastern border of Sze-Chuan province, in which the massacre of native Christians and the destruction of the churches erected by the missionaries occurred.

Why Salisbury Resigned. Promised Actor a Peerage—King Refused It.

London, Sept. 29.—A curious story has been persistently circulated for several weeks in parliamentary circles in regard to Lord Salisbury's retirement as prime minister of Great Britain.

It is affirmed that the coronation honours prepared by Lord Salisbury included peerages for William Waldorf Astor and Sir Edward Lawson. King Edward peremptorily refused to approve these. Prime Minister Salisbury replied that they had been promised and he must insist.

The king was not moved by this argument, whereupon Lord Salisbury resigned a few days before the coronation and refused to attend the ceremony, giving as the reason his alleged ill-health, for which at the time there was no foundation.

Ladies And Gentlemen. We draw special attention to the Visit of Prof. Dorenwend to Kingston, who will be at B. A. Hotel, Thursday, October 9th, with a large selection of samples, styles in hair goods, such as curls, wigs, toupees, bangs, long switches, etc. His hair coverings are worn everywhere, and the satisfaction obtained by those who adopt them, are health, comfort and younger appearance. Don't miss this chance. Investigate the art hair coverings manufactured by Prof. Dorenwend, whose skill in this line is world-renowned. They are feather-weight, securely adjusted, durable, and a great protection to the head against cold, catarrh and other ailments, and give a much younger appearance.

Reciprocity With Canada. Boston, Mass., Sept. 29.—Henry C. Lodge, speaking upon reciprocity with Canada, maintained that the republican party had always favored such movement, and had come all that had ever been accomplished toward that end. He declared that the democrats had simply talked reciprocity. Mr. Lodge was not optimistic regarding the advantages to be gained by the United States in reciprocity with Canada, however. Reciprocity would give Canada an added market of 90,000,000 people, and it would give the United States an additional market of only 5,000,000.

Strong Words By a New York Specialist. After years of testing and comparison I have no hesitation in saying that Dr. Agnew's Cure for the Heart is the "quickest," safest, and surest known to medical science. I use it in my own practice. It relieves the most acute forms of heart ailment inside of thirty minutes and never fails. Sold by H. B. Taylor and Henry Wade—35.

There is more Catarrh in this section of the country than at all other places put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local inflammation, and prescribed local remedies, by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from two drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case that will cure. Send for circular and testimonials.

Indianapolis Faces Hard Winter. Indianapolis, Ind., Sept. 30.—This city faces the distressing fact that tomorrow the supply of natural gas for fuel and heating purposes will be entirely cut off. For weeks past, or ever since the announcement came that the gas would be shut off, thousands of workmen have been engaged remodeling houses and constructing new chimneys, designed for coal or wood fires. Despite the unusual activity, however, it has been found impossible to build more than a third of the chimneys necessary, so that hundreds of property holders are facing an untoward winter.

Water Emerson, Tex., went to the Shamrock fair on Saturday, put his horse in a shed, and when he wanted to go home found the animal gone. On Monday the horse was found at Deseronto.

The Belleville rolling mills "drab" off. The option given to the Youngtown capitalists expired on Saturday and nothing was heard from them.

Mrs. R. Booth died at Huntington, Que., on Friday. She was mother of Mrs. (Rev.) R. E. Taylor, of Aylmer, Que.

Wanted. We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia and liver troubles that has not been cured—and we also mean their restlessness, such as stomach, fermentation of food, habitual constipation, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try one bottle first. We have never known of its failing. If so, something more serious is the matter with you. Ask your oldest druggist.—G. G. Green, Woodbury, N.J.

Makes A Correction. Sylvanham, Sept. 29.—(To the Editor.) Permit me to correct the mistake of your Sylvanham correspondent, who, in a recent issue of your paper, speaks of a "Young People's Guild of St. Paul's church" here.

By a parochial or church guild is everywhere understood a permanent association of members of a congregation for some useful church purpose, working under a constitution and by-laws with the approval and guidance of the minister, and generally with the representative, as its patron or president.

I heartily wish that we had such a useful, well-organized society here. Perhaps we may succeed in organizing one in the near future.

But one or two prominent ladies, or a few young men acting together temporarily to arrange, we will say, for a garden party and some popular entertainments or the like, and without any clerical supervision, is surely not entitled to be called a church guild. And this is all we have any experience of at present. In the proper sense of the word no church guild was organized by any of my predecessors, and no such organization as the "Young People's Guild" in connection with St. Paul's church is known to us at the present time. Faithfully yours, J. W. Forsythe, M.A., pastor and rector.
