**Weather Predictions for October.**

Already the weather prophets are beginning their prognostications for the forthcoming winter. There are some who declare that all signs lead to the belief that the weather will be severe.

The cold setting in early and continuing unabated until the incoming of spring. Others, again, predict that the winter will be a short and mild one. Capt. John Bresler's prediction seems the most reasonable of all.

"My belief is," said he to a group of friends in the Auction Club rooms, "that we will have plenty of weather of one kind or another, and that we must be satisfied with what we get."

## A MURDERER.

A Religious Army Convert Confesses

ADMITS THREE

HE WAS PUT UNDER ARREST BY OFFICERS.

A Murder That is Engaging Attention of the Authorities—Various Strange Cases Turn up in Australia.

Melbourne, Oct. 1.—At a Salvation Army meeting, held at West Gunnesbury, New South Wales, last Wednesday, an elderly man named Edward Purcell confessed that he had committed three murders in Queensland. Afterwards he repeated his statement before three witnesses and was then arrested.

Purcell declared that twenty-eight years ago while at Adelaide in company with a man named Burns, he shot a half-caste named John Nicholls, and subsequently killed Burns, because he feared he might betray him. He also shot one Williams at Bullaroo ten years ago.

At Dandenong, Victoria, another crime is engaging the attention of the police. The body of a man named Sangal, terribly mutilated, was recovered from a well. Constables found the bedroom which had been occupied by the deceased and his wife bespattered with blood, and an ineffectual attempt had been made to remove the stains with water.

Daniel Sangal, the eldest son of the murdered man, has deposed that on a certain Friday night he heard the sound of blows and struggling in his parents' room. His father was calling faintly, "Dave, Dave! come to me!" but his mother stood in the doorway and would not let him in. The blows were repeated, and then silence followed, until he heard a sound as of something being dragged out of the room.

In the morning his mother told him to get a scrubbing brush and wash some blood stains off the wall and floor and the verandah and the edge of the well.

Mrs. Sangal and a Finn named Tisler, an employee of her husband, whom she has accused of the crime, have been arrested on a charge of wilful murder.

At Captains Flat, New South Wales, the body of a squatter named Ranken, who was found dead last June near a wire fence with his rifle hanging to it by the trigger, has been exhumed, as there are strong suspicions of murder. Doctors declare that the two bullet wounds in the head could not have been self-inflicted.

**DECAPITATION ON STREET.**

Shocking Fate of a Street Railway Conductor in Montreal.

Montreal, Oct. 1.—George Laviolette, a conductor on the Wellington street car line, fell under the car yesterday and was decapitated. He had collected fares from three ladies who took the front seat of an open car, and in swinging around lost his balance, and in making an unsuccessful grasp at the handle on the front of the car fell under the wheels which severed his neck.

**Offers A Reward.**

Chippawa, Ont., Oct. 1.—Albert E. Fleming, El Paso, Ill., brother of Mrs. Jessie Franks, the murdered widow, is here and has posters issued offering a reward for the apprehension and conviction of the murderer.

Mr. Fleming purposes to leave no stone unturned to discover the perpetrator of the crime. He will employ a riding to obtain this object, but, it is thought, will prove to be a clue in a printed, filled form addressed to Mrs. Franks, dated about the middle of last month, from the John Hancock Insurance company, of Hartford, Conn., refusing to take a risk on the woman's life. The document was found in Mrs. Franks' secretary's desk. The insurance company has been communicated with to find out who made the application for the risk.

**Would End Big Strike.**

Washington, Oct. 1.—The president, yesterday, took initiative steps to ascertain what, if anything, could be done by federal authority to settle the coal strike. The result was a rather general expression of opinion by the advisers of the president who were parties to the conference to the effect that the federal laws and constitution did not afford means of federal interference to end the strike, but another conference will be held and the president will do all he can properly and legally to bring about a settlement.

**Building A New Barn.**

Moscow, Sept. 20.—A number from this neighborhood attended the fair at Centreville last Saturday. The work upon Amos Huffman's barn is progressing rapidly. Mr. and Mrs. Alfred Martin and son Earl, his wife, went to Dresden to visit relatives. Next Sabbath was rally day in the Sunday school. The attendance was large. Cottage prayer meetings have been started, the first being held at the home of J. Patterson.

**Receives 160 Per Cent.**

New York, Oct. 1.—Members of the original United States Steel Underwriting syndicate, to-day, receive another five per cent. dividend of \$10,000,000, notices to that effect being sent out by J. P. Morgan & Co. This makes a fourth dividend of \$10,000,000 a total profit of \$40,000,000 on an actual output of \$25,000,000, a return of 160 per cent.

## NEW DUTIES

Are Taken Up By a Well-Known Worker.

JOHN WILLIS BAER.

New York, Oct. 1.—John William Baer, who, during the last decade, has been the most prominent figure in the Christian Endeavor circles, next to "Founder" Clark, to-day entered upon his new duties as assistant secretary of the Presbyterian Board of Home Missions. As secretary of the United Society of Christian Endeavor, Mr. Baer was a powerful factor in building up that organization and his place will be difficult to fill. In the twelve years of his administration the membership of the society increased more than 3,000,000, and spread from the United States over Canada and Mexico and to England, Germany, France, Australia, South Africa and other parts of the world.

J. C. School, a prosperous New York merchant, attempted suicide as a result of the coal strike, which affected his business.

Lieut. Commander Bronaugh, of the United States battleship Kearsarge, lost his brains with a revolver on Tuesday. There is an epidemic of suicides in the navy.

Senator Hill declares that Bird L. Coler will be the democratic candidate for the governorship of New York, with Charles N. Bulger, Oswego, N. Y., as candidate for lieutenant governor.

One hundred and twenty houses out of 129 comprising the village of Voshnik, Russian Poland, have been burned to the ground. The fire was caused by the children playing with fire. Two children perished in the flames.

At Port Jervis, N.Y., Theodore Tuttle shot and killed Jonathan Sloder and then shot himself. He died within an hour. Tuttle asked the girl to marry him. This she refused to do. He said he could not live without her.

It is announced that 5,124 cases of cholera and 2,740 deaths from that disease were reported in the Province of Hebe, Island of Pannu, on Monday. This is the highest record in any district since the outbreak occurred.

William O'Doherty, M.P., Donegal, who represents that seat in the house of commons, has been asked to resign because he attended the coronation of King Edward. Mr. O'Doherty declared that he intended to resign, and condemned the separation policy of the Irish nationalists as impracticable.

There are strained relations in Australia between Sir William Lyne, acting minister of defence, and Maj.-Gen. Hutton, because the context of the scheme for the establishment of military instruction schools throughout the commonwealth, drawn by Gen. Hutton, was published before being submitted to the minister.

**Excites Resentment.**

London, Oct. 1.—The threatened opposition of the Irish nationalists to the education bill excites the resentment of English Roman Catholics, who under the leadership of Cardinal Vaughan and the Duke of Norfolk, have made a common cause with the English churchmen. It is estimated, roughly, that the voluntary schools now conducted in England by the Roman Catholics will receive £200,000 from local taxation if the education bill be passed without material amendment.

The Irish nationalists are masters of their own tactics, and are now in an excellent state of discipline. Mr. Redmond's notices to that effect being meting of his parliamentary followers takes place, are likely to prevail without dissent.

**Will Have A Hearing.**

St. Thomas, Oct. 1.—Charles King, the youth accused of the murder of Willie Freeman, of Aldborough, Ont., on September 29th, will receive his preliminary hearing in the town hall at Rodney, on October 7th.

## BIG REVENUE

Quite An Increase Over Last Year

WHERE IS HILL?

MEDALS FOR CANADIANS IN IRREGULAR CORPS.

Capt. Johnson's Changes on the "Lady Laurier"—The Latest Tidings From the Capital—Yukon Trade is Given to Canada.

Ottawa, Oct. 1.—The customs revenue of Canada for the first quarter of the current fiscal year ending Tuesday is \$3,470,717, an increase of \$355,622 over the same period of 1901. For September alone the collections were \$3,141,030, a gain of \$382,905 over September of last year.

The adjutant-general is desirous of learning the present address of No. 407, Trooper C. Hill, Canadian Scouts.

Nine South African medals have been received at the militia department for the Canadians who served in South African corps, such as Brabant's Horse, Kitchener's Horse, Roberts' Horse, Imperial Light Horse, and other South African corps.

The marine department has been advised that the government boat, Lady Laurier, now being constructed on the Clyde, Scotland, will not be ready until about the end of November. Since Capt. Johnson, who is to command her, went over, he has ordered several changes which will require some time to make.

Canada is getting hold of the Yukon trade. During the first two or three years of its existence as a mining camp the trade of the Klondyke was controlled by the United States business men. Strong efforts were made to induce Canadians to go after it, and the latest returns show that they have done so and succeeded in getting very nearly two-thirds of it.

The customs department has received an unreserved statement of goods entering the Yukon and Northern British Columbia by the White Pass railway and Yukon routes for the year ending June 30th last. The Canadian goods entering the country amounted to \$3,104,191, and the foreign goods \$1,192,391, an excess of Canadian goods over foreign of \$1,916,870.

**UNDER CONDITIONS**

Can the Boer Generals See-Emperer William.

Berlin, Oct. 1.—A correspondent writes from the best authority that Gen. Botha, Delarey and Dewet, the Boer leaders, applied to the government to ascertain the possibility of being given an audience by Emperor William. They were informed that an audience would be granted conditionally, and the government is now waiting to see if the conditions are fulfilled. It is not doubted that one of the conditions is that England tacitly consents to the audience and, it is almost certain, that this has been diplomatically obtained. The German press is emphasizing the status of the Boers as British subjects, and declares that there is no reason why British sentiment should feel hurt by the Kaiser granting an audience to the Boer generals.

Judging from the tone of the imperial organs it is likely that the emperor will find a way to decline to receive them.

**GENESIS A BOOK OF MYTHS.**

Jewish Rabbi Makes a Startling Statement.

Chicago, Oct. 1.—Dr. Emile G. Hirsch, preacher to the congregation of Temple Israel, declared that the book of Genesis was a book of myths.

"The book of Genesis," said Dr. Hirsch, "is not a record of science or fact. It is a book of myths; the myths reflecting the spirit of all humanity. The story of the first man in the book is merely the fate of that man's family, illustrating the whole race at that time. One family was saved from the deluge. That, too, is a myth."

In his argument Dr. Hirsch attempted to show that all races came from one stock. The unity of the races is thus emphasized," he said. He declared the idea that the Jews are an exclusive race of that it is the ambition of the race to regain a state in Jerusalem. The Jewish race is a part of all humanity working for the good of humanity, he declared.

**THE FAST SERVICE.**

Cunard Line Keeps Out of the Combine.

New York, Oct. 1.—The London Tribune's cable says: "The Cunard steamship company remains a British concern and the newspapers are chattering over what they regard as a defeat for Mr. Morgan and the Atlantic shipping combine. It was generally expected that in Liverpool, last night, that Sir Christopher Furness and Sir Alfred Jones will make an offer to the Cunard company, which may end in their taking a hand in the business of the company. It is believed that the new Cunard boats will be the fastest liners afloat. They will be capable of steaming twenty knots an hour, and this will mean that Great Britain will wrest from Germany the laurels for speed and supremacy on the Atlantic. The order for the vessels will be given to two of the best firms on the Clyde. These are expected to be the Fairfield company and the Thomsons."

## ALL RE-ELECTED.

Directors of the Canada Pacific R.R. Co.

Montreal, Oct. 1.—At the annual meeting of the C.P.R. company the directors were all re-elected and, hereafter, instead of being elected annually in bloc, will be retired in ones, two, three and four years, according to some plan to be chosen by the directors. The company may have a steamship service of its own, so that it can quote through freight rates and give through bills of lading without being dependent on any of the present steamship lines.

**In Good Condition.**

Montreal, Oct. 1.—Sir William Van Horne, returned from a ten days' trip to the Pacific coast, says he found the Canadian Pacific in excellent condition throughout. Nearly all the original temporary structures have disappeared and on the greater part of the line heavier rails have been laid. Sir William was particularly struck with the growth of Winnipeg, Vancouver and Calgary. "People are coming in from all directions," he said, "and I saw hardly a train in the whole North-West without, at least, twelve passenger cars."

**NEARLY ASPHYXIATED.**

Prominent Young Man Attempts Suicide at St. Louis.

St. Louis, Mo., Oct. 1.—Clarence Thurston, son of former United States Senator Thurston, Nebraska, and an attaché of the World's Fair offices in St. Louis, was found unconscious from asphyxiation in his apartments at a hotel this morning. There was every indication of suicidal intent. Physicians say Thurston may recover.

**MOORINGS FOR WARSHIPS.**

Thirty Will be Kept At Gibraltar.

London, Oct. 1.—The Birmingham Post says the government has resolved to lay moorings for no fewer than thirty war ships at Gibraltar. The vessels will be taken from the Mediterranean and Channel squadrons to be held in reserve.

**Zola's Funeral.**

Paris, Oct. 1.—The body of Emile Zola will be interred in Montmartre cemetery on Friday. The funeral will be a civil ceremony though probably the body will be accorded the military honors to which the deceased is entitled as an officer of the Legion of Honor. The League of the Rights of Man is organizing an imposing demonstration at the funeral and has issued an appeal for subscriptions to erect a monument to the dead novelist.

**Strathcona's Hope.**

Toronto, Oct. 1.—An Evening Telegram's special London cable says: Lord Strathcona expresses regret that manufacturers and shippers do not endeavor to obtain more advantage from Canada's preferential tariff.

His lordship considers that the information to hand about the Canadian South African steamship service is most satisfactory. He hopes that the trade will develop that it will require more frequent sailings.

**Little Hope Of Relief.**

Toronto, Oct. 1.—Mayor Howland has received an answer to his letter to the Dominion Coal company, Cape Breton, in which he enquired as to the possibility of a supply of soft coal from the seaboard. The reply held out but little hope of relief from this quarter, but his worship will continue negotiations.

**No Cause For Crime.**

Vancouver, Oct. 1.—Durant, the Italian, has been committed for trial at Golden for the murder of Gordon Atfield. The evidence showed no apparent cause for the crime, as Gordon simply knocked at Durant's doors when the latter pulled a revolver from under his pillow and shot him.

**Late Crawford Peaches.**

Two hundred baskets received to-day in the rain and slightly damaged with the wetting they received. On this account we have marked them 10c. to 25c. per basket less than regular price for quick sale to-night and Thursday morning. Carnovsky's, "On the Corner."

**Carnegie's Gifts.**

London, Oct. 1.—Andrew Carnegie, according to his own computation made to a friend recently, has given away nearly \$15,000,000 per annum. He averages about eight libraries per day, giving an average of \$15,000 to each.

**Fatal Explosion.**

Leithbridge, N.W.T., Oct. 1.—A private telegram states that an explosion occurred in the mines at Frank, in which two men were killed, including a young man from Leithbridge named John Clark.

**Photo-Negative Plates For Sale.**

Sheldon & Davis having closed their business, valuable old negative plates will be sold to those who desire them at greatly reduced prices. Enquire at Whig office.

Westminster Abbey was reopened on Wednesday and the first service since the coronation of King Edward held.
