SIR WILFRID LAURIER WRITES A LETTER Showing That Canadian Goods Should be Shipped Through United States to Escape Special Entrance Duties.

Montreal, Oct. 2.—Sir Wilfrid Laurier has written to the Chambre De Commerce regarding French duties on Canadian goods, which would be admitted on better terms were they carried direct, there being a special tax on goods transhipped through England. The premier writes: "This question occupied my attention during my previous visit to Paris, and while unable to make any positive affirmation, I have reason to

CAPE VINCENT.

BUDGET OF NEWS FROM THAT VILLAGE David Laird's Sudden Death — A Cape Vincent Boy in Politics — A Teacher Resigns — Notes About Many People.

Cape Vincent, Oct. 1.—A Seymour and Alex. Home caught a fine mask-throwing in Button Bay, Monday it weighed in at 15 lbs. The festival in the Empire Hall block Saturday evening, for the benefit of St. Vincent de Paul's church, was a success, the proceeds amounting to about \$70. The scows Denver and Allie C. are in the hay trade, and large quantities are being brought to this port for shipment. David Laird, a resident of this village died suddenly at Riverview, where he resides in summer, Monday morning. He went to the barn to get ready to drive to this village, and as he did not return search was made and he was found dead near the door. As he had been afflicted with heart trouble for some time, it undoubtedly caused his death. Mr. Laird was well known in this vicinity and respected by all who knew him. He leaves a wife, adopted daughter and several brothers and sisters to mourn his death. The funeral will be held at his home at Riverview this morning, and the remains placed in the vault in Riverdale cemetery. It was expected that a game of baseball would be played here Saturday, between a club from Dexter and one from this village, but no game occurred, as the former club failed to put in an appearance. It is rumored that Rev. Father Guilbault, pastor of St. Vincent de Paul's church, will have an assistant. Several young men from this place have gone to Watertown, where they have found employment. A petition has been circulated here to induce Hon. Watson M. Rogers, of Watertown, to become an independent candidate for the judgeship. At the republican convention held last week a Mr. Davies was nominated, but as certain things irregular occurred at the time, a large number of republicans became dissatisfied, and the government to run Mr. Rogers, the only other candidate before the convention. The petition was freely signed here and similar petitions were circulated in the district. Mr. Rogers is an old Cape Vincent boy and our people, regardless of politics, will be glad to help elect him. There is nothing definite regarding the electric light plant. The village board is working hard to accomplish the project, but are handicapped by the amount voted for, \$10,000. It appears that there must be some close figuring to put in a first-class plant for that amount, and as the board will have nothing but a first-class plant and one that will light the whole village, the question of lighting by electricity is a little uncertain. If we should not get the plant at present, the time will surely come when necessity will demand it, and perhaps then a proposition could not be carried. As a majority of the taxpayers have said that they shall have electric lights, it will be unsatisfactory if the village does not get them. Fred Stowell is attending the democratic convention at Saratoga. It is expected that he will look out for the interests of Cape Vincent there. A slight misunderstanding has existed in our high school since the term ended in September, the result being the resignation of one of the teachers last week. School commissioner Chick came here this week and matters were settled satisfactory to all, the teacher returning to the school. The question regarding the school house being too small to accommodate the scholars and in an unsatisfactory condition, has not been settled. In August a resolution was carried to expend \$2,000 to build an addition to the building. Why the proposition was not carried out is a mystery. A rumor, stating that Charles A. Jerome was to be manager of the electric light plant when it was in operation, is denied by that gentleman. As he is proprietor of a hotel, manager of the local branch of the democratic party and promoter of all baseball enthusiasm here, it would certainly be unkind to ask the worthy gentleman to take any more load on his shoulders, but as he is a scholar of "public improvement," he would be the right man in the right place. Master T. Fox, spending the summer here, has returned to New York. Four marriages will occur in this village in the near future. Rev. Dodge and family, who have resided in the village the past summer, have moved back to Beachwood for the winter. The improvements on the building owned by T. Daley, Broadway, have been completed. J. G. Gregor is building a sailing outfit at his home and making other improvements to his property. W. Raymond has constructed a machine whereby he propels a skiff at a good rate of speed. The machine is turned by hand and propels a wheel at the stern of the boat. The invention is a success. The first lecture of the winter course will occur some time during the present month. Joseph Pok, unwell during the summer, is taking a needed vacation. For the first time in many years grey squirrels have been seen in this vicinity. Two young men living near this village enjoyed a little unpleasantness Tuesday morning, the result being a lawsuit in the evening. The verdict was "no cause of action." The young man, who recently purchased for this election district is now on exhibition in the firemen's building. Mrs. J. R. Kilborn is visiting relatives and friends in the west. Dr. G. A. Potter is repairing the interior of his office. Miss C. Robinson and Miss R. Sholey attended the Epworth League convention at Sandy Creek last week. Mrs. D. E. Smith, Jersey City, is visiting in the family of her brother, M. E. Lee. George Flake has gone to Watertown, where he has secured a position in a hardware store.
