COMMERCIAL MATTERS.

What is Going On in the Business World—The Market News.

COMMERCE—Chesse sales: Woodstock, 10 1/2; Stirling, 10 1/2; Pictou, 10 1/2.

Large quantities of winter wheat have been shipped from Toledo via the St. Lawrence this season.

A lot of grass-fed steers from North Dakota, averaging 1,600 pounds each, were sold in Chicago at \$107.90 per head.

Montreal street railway will pay over to the city this year \$94,806.54, being \$8,000 in excess of last year's percentage.

The millers' strike at Minneapolis was averted by a compromise on eight hours' work with an advance in pay, but not nine hours' pay.

News has been received of rich discoveries of platinum ores in Similkameen district, B. C. On two claims assays show three ounces of platinum to the ton.

The car earnings of the Toronto Railway Company for September, 1902, were \$196,010.37, an increase of \$35,378.48 as compared with the same month last year. The heavy increase is apparently due in part to the fact that last year's portion of the Industrial Exhibition was held in August.

A canvass of the producing districts of Louisiana and Texas indicates that the rice crop this year will be 500,000 sacks or 600,000,000 pounds short of last year's yield.

The figures show a total yield of 3,109,194 sacks, two-thirds of which is the output of Louisiana. The quality of some of the crop is said to be inferior, and higher prices are predicted.

There is no truth in the report that we intend to remove the car shops from Kingston, said C. W. Spencer, general manager of the K. & W. P. railway to a Whig reporter this morning. Instead of taking anything away, we're adding much new machinery to the shops that will ensure to Kingston the repairing of our engines, which would otherwise have to be sent to another place. The changes being made are simply for our own convenience.

SHOPS WILL REMAIN.

What General Manager Spencer Has To Say.

There is no truth in the report that we intend to remove the car shops from Kingston, said C. W. Spencer, general manager of the K. & W. P. railway to a Whig reporter this morning. Instead of taking anything away, we're adding much new machinery to the shops that will ensure to Kingston the repairing of our engines, which would otherwise have to be sent to another place. The changes being made are simply for our own convenience.

LETTERS TO THE EDITOR.

A Voice From A Sick Bed.

Kingston, Oct. 3.—(To the Editor): I write this from a sick bed, and I only do so in justice to myself and in connection with the attack made upon me by Alderman Graham in Monday's Whig. The garbled statements made with reference to my breaking my word to ex-Mayor Robinson compel me to say that I never made a promise to him or any other man in connection with my position as an alderman to assist me in my election. Statements made by Alderman Graham are a tissue of falsehoods.—JOSEPH TAIT.

Was Very Much Shocked.

Later particulars say that Rufus Lane, the former Brockvillean found dead in his orange grove, at Delrose, California, was not murdered, but that he committed suicide while crazed by insomnia. On the 24th of September he was found dead in his cabin with his throat cut; he had not been seen for some days previously. He was about fifty-three years of age and unmarried.

The deceased was a cousin of C. W. Lane, jeweller, Wellington street, this city. The first intimation he had of the death of his relative was upon reading the report in the newspapers of the finding of the body. Needless to say he was very much shocked.

To Keep It Canadian.

A Canadian officer attached to the South African Constabulary, writing to a friend in this city, states that there are over 500 applications on file for commissions in the Canadian regiment of the constabulary, but that none but Canadians need apply, as he intended to keep the corps a purely Canadian one and a model regiment. It is intended that deserving non-coms. may be able to attain commissions.

Want To Expand.

A deal is almost concluded whereby the Locomotive Works company acquires the land, wharf, etc., at present occupied by M. G. Craig & Co., and the old railway cottages, fronting the government dry dock. The company desires the land for the extension of its work shops.

THEY'RE SILENT

CONFERENCE TO BE RESUMED THIS AFTERNOON

Only a Brief Conference in the White House—Getting Down to a Place of Confering.

Washington, D.C., Oct. 3.—At 11:25 o'clock, when the conference on the coal strike situation had been in progress but fifteen minutes, the railway representatives left the conference room and were closeted in a room on the lower floor of the White House. The general supposition was that they had either received a proposition and had retired to consider it or had retired to prepare one of their own.

Soon after retiring to their room the railway representatives left the White House. They refused to say anything except that they were coming back at three o'clock for a further conference. President Baer was asked by a number of newspaper men, where he could be seen, and said: "Gentlemen, we are trying to get just where we can confer, and where you cannot see us."

President Mitchell and his party left the White House soon after the railway president.

The following statement was made public at the White House: "Remarks of President Roosevelt at opening of conference: 'I wish to call your attention to the fact that there are three parties affected by the situation in the anthracite trade. The operators, the miners and the general public. I speak for neither the operators nor the miners, but for the general public. The questions at issue which led to the situation affect immediately the parties concerned, the operators and the miners, but the situation itself vitally affects the public. As long as there seems to be a reasonable chance of these matters could be adjusted between the parties it did not seem proper to me to intervene in any way. I disclaim any right or duty to intervene in this way upon legal grounds, or upon any official relation that I bear to the situation, but the urgency and the terrible nature of the catastrophe impending over a large portion of our people in the shape of winter fuel famine, impels me after much anxious thought, to believe that my duty requires me to use whatever influence I personally can bring to end a situation which has become literally intolerable.

"I wish to emphasize the character of the situation and to say in my own words that I am constrained to insist that each one of you realize the heavy burden of responsibility upon him. We are upon threshold of winter, with an already existing coal famine, the future course of which we can hardly yet appreciate. The evil possibilities are so far-reaching, so appalling, that it seems to me that you are not only justified in sinking, but required to sink, for the time being, any tenacity that your respective claims in the matter at issue between you.

"In my judgment the situation imperatively requires that you meet upon the common plan of the necessities of the public.

"With all the earnestness there is in me I ask that there be an immediate resumption of operations in the coal mines in some such way as will, without a day's unnecessary delay, meet the crying needs of the people.

"I do not invite a discussion of your respective claims and positions. I appeal to your patriotism, and to the spirit that sinks personal considerations and makes individual sacrifices for the general good."

NAVAL RESERVE.

Movement Among Newfoundland Fishermen Proves a Success.

St. John's, Nfld., Oct. 3.—The British admiralty is so satisfied with the success of the naval reserve movement among Newfoundland fishermen that it has decided to double the contingent which will winter in the Caribbean sea. The cruiser Charlybis and Aridne, the latter the flagship on the station; will each take fifty naval reserves. The admiralty has agreed to station the naval reserve training ship Calypso at St. John's, instead of Placentia Bay, because of the superior advantages for enrolling volunteers here.

A FAST SERVICE.

Unofficial Report From London Brings Good News.

Manchester, Eng., Oct. 3.—The Daily Despatch, this morning, asserts that the terms of a British syndicate for a fast service of steamships between Montreal and Liverpool, Bristol and London, have been accepted. The syndicate is to receive a joint subsidy from the imperial and Canadian governments.

A Veteran Killed.

Ingersoll, Ont., Oct. 3.—John O'Callaghan, known to nearly every one in Ingersoll, and in years gone by by the best known of Oxford county, was struck by the locomotive of a C.P.R. construction train, at Wouham street, last evening, sustaining injuries from which he died a few minutes later.

Mr. O'Callaghan was on his way to attend service in the Roman Catholic church when death overtook him. He was eighty-eight years old, and leaves four sons and four daughters.

Dr. Petry To Resign.

Lennoxville, Que., Oct. 3.—Dr. H. J. Hamilton Petry has decided to resign his resignation of the headmastership of Bishop's College school at Lennoxville, in the hands of the corporation.

"Rupert Of Hentzau."

Wallace Munro's splendid company of players, headed by Harry Leighton, will present Anthony Hope's masterpiece, "Rupert Of Hentzau," in this city on Tuesday, October 7th.

"Bibby's" Oak Hall. "Bibby's."

Elegant and aristocratic are our new overcoats. "Gloster" \$10. "Westminster" \$12.50. The H. D. Bibby Co.

JAIL STATISTICS.

Governor Corbett's Report For Past Year.

Jail Governor Corbett has compiled his annual report to the Ontario government for the year ending September 30th, 1902. From it this information is gleaned:

Prisoners in custody, October 1st, 1901, 13 males and 2 females; committed during year, 79 males and 7 females; total 86; at present confined, 11 males and 1 female. Number of prisoners whose maintenance defrayed by government, 29; by municipalities, 57. Total number of days government prisoners in custody, 950; total number of days municipal prisoners in custody, 1,955.

Nationalities of prisoners—Canadian, 70; English, 8; Irish, 4; Scotch, 2; United States, 2.

Religious denominations of prisoners—Roman Catholic, 43; Anglican, 17; Methodist, 15; Presbyterian, 11.

Number of prisoners married, 17; unmarried, 69. Number of prisoners who could neither read nor write, 7.

Number of prisoners temperate, 22; prisoner intemperate, 64.

Prisoners committed for assault, 3; contempt of court, 3; deserting employment, 3; drunk and disorderly, 40; escaping from prison, 1; forgery, 1; horse-stealing, 2; larceny, 19; lunatics, 4; manslaughter, 1; rape, 2; unlawful fishing, 1; vagrancy, 5.

Prisoners sentenced for assault, 3; contempt of court, 3; deserting employment, 3; drunk and disorderly, 38; escaping from prison, 1; horse stealing, 2; larceny, 13; unlawful fishing, 1; vagrancy, 3.

Occupations of prisoners—Agents, 1; bakers, 1; barbers, 2; bartenders, 1; blacksmith and boiler-makers, 2; boot and shoemakers, 1; boys of no occupation, 3; broom-makers, 1; butchers, 1; carpenters, 4; cigar-makers, 2; clerks, 4; doctors, 2; machinists, 2; farmers, 1; laborers, 38; painters, 1; sailors, 7; domestics, 4; plasterers, 1; printers, 0; reporters, 0.

There were eleven less commitments this year than last, and seven less were committed for drunkenness than in the previous year.

LOOKING FOR FUEL.

The City Authorities Ask Outside Parties.

In view of the prospect of not receiving tenders for fuel from local merchants, for a supply for municipal purposes, City Engineer Kirkpatrick is negotiating with outside firms for tenders. If the supply of wood and coal is not obtainable by contract, the council will likely decide to purchase in quantities as needed, though that would be the dearer plan.

PAID \$12 FOR HIS COAL.

An inland revenue officer, who has been in the habit of getting his coal very cheaply, went to a local dealer on Wednesday.

"Ten dollars a ton," demanded the coal merchant.

"Oh, you don't," said the officer as he walked away.

But there wasn't any coal at home and so next day he returned to the coal merchant.

"Send me up a ton to-day. Here's your \$10," he remarked, as he reluctantly counted out the bills.

"It's \$12 to-day," explained the coal merchant. "You can't get it for a cent less."

The man paid the money and has now a ton of precious coal in his cellar.

Humors Of The Situation.

A Princess street shoe dealer displays a quantity of coal, covered with gold dust, in his window, and announces that he will give away one of the precious nuggets with every pair of shoes purchased.

A King street hotel-keeper announces to his patrons that he will present a piece of coal with every 5c. and 10c. drink. It is said that his bar trade has grown to enormous proportions.

Heir To The Dukedom.

London, Oct. 3.—The Duchess of Manchester, formerly Miss Helene Zimmerman, gave birth to a son on Thursday morning at Tanderage Castle, Armagh, Ire. The birth of a son and heir to the dukedom greatly enhances her prestige and social position. The news of the birth of a son to the Duchess of Manchester was received in London with the ringing of church bells and great rejoicing.

The Duchess of Manchester, who is a member of the Duke of Manchester's English staff. The child becomes Viscount Mandeville.

Killed A Desperado.

Williamsport, Pa., Oct. 3.—Five masked and desperate burglars made a bold attempt to rob the safe of the Montourville Passenger railway company yesterday morning. In a terrific battle with revolvers one of the desperados was killed and two others wounded by Engineer Allen Bly, who was shot twice by the robbers. The other desperados have not yet been captured.

May Summon Butchers.

This morning Mayor Shaw had a consultation with City Solicitor McIntyre with reference to the best means of enforcing payment of the license fee of \$10 from the butchers. The solicitor advised summoning a couple of butchers before the police magistrate on a charge of selling meat without a license, therefore committing a breach of the by-law. This advice will likely be followed.

"The Pride Of Jennico."

"The Pride Of Jennico," which will be given at the Grand on Monday, October 6th, is one of the latest and most popular successes which has been produced in New York by Daniel Frohman. It ran there for nearly a year and is worthy to rank equally with "The Prisoner of Zenda," "The Christian" or "Ben Hur" in popular approval.

The Separate School Board Was Called To Meet Last Evening.

The separate school board was called to meet last evening but owing to want of a quorum, business could not be transacted. A meeting will be held to-night.

If you want some choice flakey pastry we have it every day. W. J. Crothers.

Hand picked malpeque shell oysters at Carnovsky's.

THE BEST YET

RECEPTION AT THE Y.M.C.A. ROOMS

There Was a Fine Gathering Last Night—A Capital Programme Was Presented and Enjoyed.

The Y.M.C.A.'s reception to young men, held last evening, was the most successful event of its kind ever held in the association building. Between 350 and 400 people were present. The decorations, especially those in the gymnasium, were very elaborate. Much of the material was loaned by the city, and Secretary Lawrence and his assistants had artistically arranged it. The platform had a background composed of gymnastic apparatus. The 14th Regimental Band, which freely contributed their services, occupied a platform near the centre of the hall. Their selections were greatly appreciated. The programme included: Violin solo, Miss E. Armstrong; vocal solos, Arthur Craig and Miss Mabel Bailey; piano selection, Miss L. Singleton.

E. P. Jenkins, who made a capable chairman, gave a thoughtful five-minute talk on physical culture. He pointed out its relation to spiritual and moral life. A strong man, physically, was far more apt to have strong will power and a stout heart. The Mendelssohn Quartette rendered several fine selections. It was composed of Messrs. Shea, L. W. R. Mulloy, H. D. Gilman and J. Howard Philip. Mr. Mulloy, the blind trooper, sang second tenor, and showed that he possesses a voice of great richness. He was heartily received. O. H. Killer read an interesting paper on membership privileges. The electric club singing by A. E. Shannon, was skilfully done. The Y.M.C.A. orchestra selections were well received.

During the half-hour's promenade the visitors explored every part of the building. Refreshments were afterwards served by the Ladies' Auxiliary. Much of the success of the evening is due to Thomas Renton, who as head of the ten ushers, rendered faithful assistance. Secretary Lawrence announced that the gymnasium classes could be started next week. The oldest Y.M.C.A. workers in the city state that the reception was the largest and best ever held in Kingston.

RESERVOIR BROKE.

A Deluge of Water Swept Into Camden, N.J.

Camden, N.J., Oct. 3.—The city reservoir near the Delaware river, broke yesterday and about 8,000,000 gallons of water escaped and flowed down 27th street, flooding the cellars of many houses and doing other damage. The reservoir is 311 feet long by 180 feet wide and is twenty-one feet deep. A watchman whose duty it is to open a valve when the water reaches a certain height, neglected to do so and the water flowed over the embankment, washing away the earth to such an extent that the break followed. It will cost the city \$25,000 to repair the damage.

FOR ACCEPTING BRIBE.

Minneapolis Former Chief of Police Gets Six Years.

Minneapolis, Oct. 3.—Judge Brooks sentenced ex-Superintendent of Police Fred W. Ames to six years and a half in the penitentiary for accepting a bribe. A stay of fifty days in which to move for a new trial was granted.

Waterworks' Clerkship.

Most of the aldermen are in favor of placing W. A. Newlands, city engineer's clerk, in the waterworks' office, in place of F. G. Smith, who has resigned. Mr. Newlands was clerk in that department for seven years, and is thoroughly conversant with the work. This appointment will likely be made at the next council meeting.

The water works' clerkship involves some laborious duty. There are 3,600 consumers in Kingston, and this means over \$14,000 original entries and the same number in posting, or about 29,000. Besides there is the receiving and collecting, and all other routine of the office.

More Writs Issued.

Writs have been issued by W. D. Carey and another party against all the agents of J. S. Gallagher, M.P. P., and W. J. Shibley in the recent election, who did not take the required oath before they voted on their certificates. The usual penalties are claimed. The writs are now being served.

Are Doing Quick Work.

The contractors who have the task of building Dr. Sand's new residence at the corner of Bagot and William streets, are rushing along the work. The old building, which was a very ancient structure, has been removed, and the excavation for the new building has been nearly completed.

Woman Drank Iodine.

A despatch received by the Whig at 3:45 p.m. states that Mrs. Ryder, of Yarker, to-day swallowed a dose of iodine, in mistake for cough medicine. She is improving and the physician has hopes of her recovery.

"Bibby's" Oak Hall. "Bibby's."

Perfect beauties, are our new fall overcoats, \$6.50, \$7.50, \$9, \$10, \$12. The H. D. Bibby Co.

Ten Per Cent Off

All kinds of boots and shoes, trunks and valises at Abernethy's.

Taylor is giving 25 per cent reduction of Parker fountain pens; a bargain for students.

The Misses Whitney, Norwalk, Ohio, who have been visiting for some time in the Limestone City, which they greatly admired, left to-day for Toronto and Niagara Falls, en route home. They made many warm friends here who will be pleased to see them return.
