THE SAD CONDITION OF MANY YOUNG GIRLS.

When Their Daughters Complain of Headache, Fickle Appetite, Dizziness or Heart Palpitation.

Many mothers neglect the health of their growing daughters. Not wil fully, of course, but because they think the occasional headaches from which they suffer, fickleness of appetite, and pale cheeks, are the natural result of the merging of girlhood into woman let. For terms and particulars apply at University Avenue.

hood. This is a serious mistake. There is no period in a girl's life when she needs more attention, and unless the needs more attention, and unless the little troubles are successfully treated, more serious ones-perhaps decline and consumption-are sure to follow. What every young girl needs at this period s a tonic medicine that will give her BUSINESS COLLEGE a rich, red blood, strong nerves, and period in her life. For this purpose there is no other medicine in the world can equal Dr. Williams' Pink Pills. Thousands of girls throughout Canada owe their present health and happiness to this medicine, and thousands of others who are suffering would soon be strong if they would give Dr. Williams' Pink Pills a fair trial Among the many young ladies have proved the great worth of medicine is Miss Jennie Beamer, Boyle, Ont. Miss Beamer saysand my friends feared I was going

Doctor Mecklenburg Praises Ozone.

The Celebrated Specialist of Montreal, Cured of a Severe Case of Eczema by this Drugless Product.

Dr. Mecklenburg, formerly of New York, has been cured of a serious case of Eczema, and he has given us a full account of his endeavors to get cured. His final recovery, by using Powley's

Liquified Ozone, reads more like a miracle than an actual happening in this the 20th century. Read his letter-it is extraordinary.

"I feel it my duty to write you this testimony of the wonderful merit of Powley's Liquified Ozone. For over twelve years past I have been a great sufferer from eczema.
My hands and limbs were so bad that blood would ooze out of my skin, and I had a very bad sore on my right leg at the knee. It was so painful at times that I was unable to walk, and often my hands were so bad I could not attend to my practice, and I had to wear silk rubber gloves. I was treated by the best specialists on skin diseases in New York City and elsewhere. I also went to Kingston, Canada, and engaged another specialist who said he could cure me, but I received no permanent relief.

"About the first of December, 1901, I saw your preparation—Ozone—advertised, and without the slightest belief that it would cure me, as I had given up all hope, I procured a dollar bottle at John T. Lyons' drug store, and began taking it. To my very agreeable surprise I noticed an improvement almost immediately. I continued taking

Ozone until I had taken eleven bottles. I also used one jar of Ozone Cream, which I found an excellent preparation for the skin. "I am now cured of that troublesome disease, my skin is as smooth as a baby's, and I can attend to my prac-"I cheerfully recommend Ozone to all sufferers from
