EDITORIAL NOTES.

Wood is \$10 a cord in Toronto. The council that permits the people to be robbed in this way expect a serious time when they ask the people for their votes by and bye.

The Ogdensburg man who said he would sell his coal at the usual price to the poor, because it cost him no more than usual, is one of the most popular men in America.

Public opinion in England is forcing the government to recognize this one fact—that in education the people, through their representatives, must prevail. Secular education to be satisfactory, must be free of church influence of every sort.

The special court has confirmed the taxation of gas, telephone and electric light plants in Toronto, and by the decision the Queen City gains to the extent of \$27,000 a year. Still Mayor Howland is dissatisfied with the assessment department.

Capt. Hobson, writing to the North American Review, refers to America as the "Mistress of the Seas." The Montreal Star, after reading the same, says the impression has been deepened that "his forte is either swimming or kissing." A man cannot be an expert in everything.

When Hon. Mr. Ross became premier in 1898 there were 135 out of the 181 books used in the schools that were written in the United States and Britain. Now all our school books are of Canadian authorship and manufacture. The liberal government is working for the Canadian people.

The Mail has come to the conclusion that nobody knows what Mr. Ross meant by his recent reference to the tariff. So that he did not favour immediate revision, and did not endorse Mr. Tarte! Will the conservative papers recall their eulogies in consequence? Or will they take warning and avoid going off at half-cock in future?

The premier of Ontario has made one serious mistake. When called upon by the Tory members in Toronto and asked to provide wood for the people he should have given each one an axe and saw and told them to go to work. The M.P.s are expected to serve the people occasionally, and it is time the Toronto chaps did something.

The Dominion Coal company has contracted to deliver 10,000 tons of coal to Boston, but when asked by Toronto for a supply of coal said it had none for sale. Is the American membership of the company capable of making it serve the Americans first and only? What about the policy of Canada for the Canadians now?

PRESS NOTES.

They're The Quacks. Toronto Globe. Some of the tariff doctors seem to think Canada needs a cure for the growing pains.

So Say We All. Toronto Telegram. Old King Coal is a merry old soul. He has a grim sense of humor these days.

The Strike Predicted. Hamilton Times. There shall not be a coal to warm at, nor fire to sit before it. Isaiah, xlvii, 11.

A Delicate Question. St. John's Telegraph. A Montreal contemporary is asking, "when is a man old?" It is well to be cautious in these matters but we venture the assertion that Adam is no longer in the first flush of youth.

We Are More Fortunate. Victoria, (B.C.) Colonist. Criminals cost the United States \$1,000,000,000 a year. It has been estimated that the United States could afford to pension her criminals with \$300 a month a head to live out of the country.

Why Editors Get Rich. After a great deal of study and worry we have "figgered" out why so many country editors get rich. Here is the secret of their success. A child-tending physician gets \$10, the editor gives the loud-lung youngster and the "happy parents" a send-off and gets \$0. It is christened and the minister gets \$1 and the editor gets \$00. It grows up and marries; the editor publishes a flowery article and tells a dozen lies about the "beautiful and accomplished" bride. Minister gets \$10 and a piece of cake, and the editor gets \$000. In the course of time it dies, and the doctor gets from \$5 to \$100, the undertaker gets from \$5 to \$100, the editor publishes an obituary two columns long, lodge and society resolutions, and gets \$000. No wonder country editors get rich.

Visited At Fair View. Fair View, Oct. 6.—Fall ploughing and potatoe digging is the order of the day. John Loucks and Miss Loucks attended Tamworth fair. Mr. and Mrs. T. Bennett attended Odessa fair. Miss Ethel Gilmore, Kingston, and George Close, Gananoque, spent a few days last week at John Bennett's. Mr. and Mrs. A. D. Fraser attended Odessa fair. Archie Hess moved last week on to Victoria street. Mr. Hally has moved his house out to the road.

Crown Prince Constantine, of Greece, Duke of Sparta, was painfully, but not dangerously injured on Saturday by the overturning of an automobile.

SLEW FAMILY.

THE WORK OF A VIENNA HOTEL KEEPER

His Troubles Affected Him And He Entered Upon the Work of Annihilation—Took Only a Few Minutes.

Vienna, Oct. 7.—Johannann Feorchgott, a hotel proprietor, killed his entire family here yesterday. Feorchgott had been on the verge of bankruptcy for some time and his troubles had preyed upon his mind until he became mentally unbalanced. He spent Sunday night playing cards and, apparently, was in the best of spirits. He left the card table at daybreak, going home, entered the room where his family were assembled, locked the door, and shot his wife dead with a revolver. His eldest son, seventeen years old, tried to take the revolver

from him, but Feorchgott overpowered the boy and shot him through the forehead. He then turned on his two daughters, one aged fifteen and the other aged thirteen, and shot them both. Then he placed the barrel of the revolver in his mouth and killed himself. The entire slaughter occupied only a few minutes.

Mountain Grove Personals. Mountain Grove, Oct. 6.—Rev. E. Lawson, Sharbot Lake, preached a very interesting missionary sermon in the Methodist church on Sunday. Miss M. E. Dickson has returned to Kingston, where she has secured a position in the Ladies' College. Miss G. A. Donovan, B.A., has taken her place.

Don. A. H. Rogers and J. W. Laidley took in the excursion to Manitoba last Tuesday. Miss Mabel Gates, Westbrook, called at her sister's, Mrs. D. McDonald, while on her way to take charge of Ardoch school. Howard and Miss Annie Godfrey visited friends at Godfrey last week. Mr. and Mrs. W. Miller and Mrs. Joseph Coulter are visiting Mrs. A. Reynolds at Oak Flats. Mrs. Samuel Whitsett is visiting relatives on Wolfe Island. Mrs. Haeg has returned to her home in Havelock, accompanied by her father, G. Flynn. Mrs. W. Flynn and children are spending a few weeks with her parents, near Harlowe. Howard Godfrey left on Thursday for Chapleau, where he has secured a position as brakeman. A young daughter has come to stay at Samuel Dawson's. Visitors: Mr. and Mrs. J. B. Cowdy, Godfrey, at S. Cowdy's.

Down The River Notes. Thousand Island Park, Oct. 6.—The cottagers are nearly all gone. The association is removing all buildings from the New England, on St. Lawrence avenue, to the corner of Rainbow and St. Lawrence avenues, and will erect a three-story block, 100 feet on St. Lawrence avenue and ninety feet on Rainbow avenue. Work will be started immediately so as to have the building enclosed before the severe weather begins. The contractors are not yet known. William James is building a new cottage on the corner of Rainbow and United States avenues, and also another on the corner of United States and Paradise avenues. H. V. Moore has sold the Fine View store to W. E. Newton, postmaster at this place, and has retired. Sanford Kemp is running the Fine View meat market. Miss Lillian Hutchinson has come to Strachan for the winter. I. R. Robinson is building a wing on Mrs. Child's cottage on Isl and avenue.

The Macedonian agitation is developing into a serious revolt. The Russian government asks the parts that adequate steps be taken to restore order in the Balkans. It is believed that Turkey is unable to quell the insurrection, and Russia's interference may lead to complications. It is rumored that Hon. Mr. Brookrick, M.P., is to marry the step-daughter of a well-known judge, whose house is noted for the hospitality of to visitors from all lands. Mrs. Jessie Chapman, who lived at Calgary, was burned to death in her house.

PROCLAMATION.

To the clergy and laity of the Province of Ontario: To all to whom These Presents shall come, Greeting— We, the saints on earth, satisfied beyond the least doubt of the surety of our exalted position, and considering the unlimited power that we hold over the minds of the people, announce to the government that we will not be satisfied with any half measures, or half-way goings, in this campaign. We tell the government that if they do not submit to our dictation that they can go out of office. They have tried too long to be friends of prohibition and liquor at the same time. We are the Puritan root-and-branch men, raised up for the special purpose of ridding this evil generation and dictating to the people who have no minds of their own what they shall eat, what they shall drink, and what they shall wear. We repeat, we will be satisfied with no half-way measures or half-way doings, and the people who refuse to be guided by us are sunk in iniquity.

His Clothes Seem Part of Him.

This is the remark that is so often made about the man wearing a suit bought here. It's the utter absence of the ready-made look that does the business. The new swagger cut garments in the latest fabrics are here. Suitings this season are handsome, but not loud in style. Our Suits are equal to any high-price tailor-made garments. Everyone bears the stamp of merit.

ELEGANT SUITS \$15, \$14, \$13.50, \$12.50, \$12, \$10, \$9, \$8, \$7.50, \$7, \$6.50.

Corticelli SPOOL SILK. Too Strong to Break

Corticelli WASH SILKS are put up in patent holders, which prevents waste by tangles or soiling; keeps each shade separate and automatically measures a correct needleful. It is recommended as the only proper way to put up filo and floss silk, and used by art societies everywhere.

Corticelli SHIRT PROTECTOR is of firm and even texture. When soiled a sponge or brush makes it clean again, and no damage done. It has peculiar wearing qualities, and perfectly straight selvage. Corticelli Skirt Protector is a great favorite with careful and fashionable dressers. For sale everywhere.

THE PEOPLE'S PROOF

Want anything stronger to convince of the merit of any article in daily use than the unsolicited testimony of the people who've used it? The

S. J. HORSEY, Local Agent, Princess Street, Kingston. Souvenir Range has all Canada to its back in testifying to its merits in everything that goes to make it the most perfect stove in the world of stoves. The "Souvenir" owners recruits by the thousands every year. Would that be the case if it had not been proven "the best by test"—for appearance—for durability—for convenience—for up-to-dateness in appointments—improvements—economy in fuel and general good service as a heater, cooker and baker? If you're thinking of a new range question yourself a bit—then put the "Souvenir" to the test. Sold everywhere. One will last a lifetime.

Made by THE GURNEY-TILDEN CO., Limited, Hamilton, Canada. Wholesale Branches—Toronto, Montreal, Winnipeg.

Among The Advertisers. The Troy, N.Y., Budget is 105 years old. The Globe, Mason City, Iowa, opens its circulation books to advertisers as does the Whig. It is a sign of honest dealing. The latest general advertiser's are Medical Sales company, None Such Meat company, Syracuse Model Specialty company, with motor cycle Joseph Cowan company, New York. Dr. R. Schiffman's asthma cure, is being given greater publicity. The Lyman D. Morse agency, New York, is figuring on more advertising their cover letters. The Plasmion company will do a large amount of advertising this season through a New York agency. The Topoka, Kansas, Evening Journal was bought at sheriff's sale a few years ago by Frank Melbaum, who had to borrow most of the money to do it. It had only 1,200 subscribers, little advertising, and a bad case of neglect. Now it has 15,000 subscribers and a big advertising patronage, demanding a new face press.

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is also internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the system strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J.
