

CATARH OF THE STOMACH.

A Pleasant, Simple, But Safe and Effective Cure For It.

Catarh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs, and difficult breathing, headaches, feeble appetite, nervousness and a general played out, languid feeling.

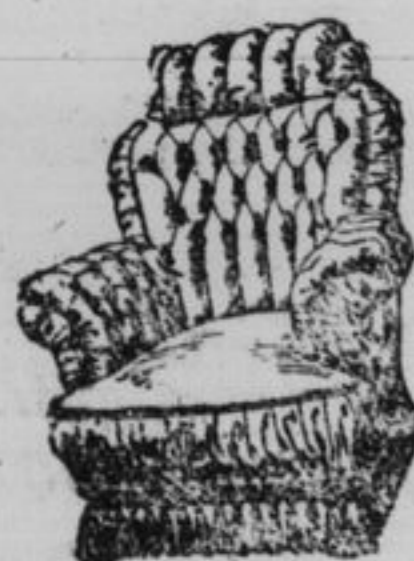

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a shiny, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanon the safest and best treatment is to use after each meal a tablet, composed of Distas, Asepatic Pepsin, a little Nux. Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of "Stuart's Dyspepsia Tablets" and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

R. S. Workman, Chicago, Ill., writes: "Catarh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribe for me for three years for catarh of stomach without cure, but to-day I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I can not find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the simplest and most convenient remedy for any form of indigestion, Catarrh of stomach, biliousness, sour stomach, heart burn, and bloating after meals.

EASY CHAIRS—These low chairs are a large selection—\$1.40 to \$1.40—handsome, comfortable, durable and cheap. That combination will please you.

HANDSOME RATTON CHAIRS—These should be in every parlor if you want style and beauty. Our line runs from \$2.50 to \$15 each.

We imported direct from Austria, Germany, England, and United States—handsome stock of Carpets, Linoleums, Curtains, etc.

Our prices are low, qualities high, variety and selection good.

See our window of White Enamelled Bed-room Furniture. It's worth looking at.

MISTAKE IN CARPET, 13 1/2 x 15 1/2 Best Balmoral, green. Worth \$35; sewed with border all ready to lay. We offer this for \$26.

Our loss is your gain.

T. F. Harrison Co.

Undertaking, etc. Telephone Nos. 90-91.

COTTON DOWN COMFORTERS

Filled with the best quality snow white carded Cotton, 2 yds. wide and 2 1/2 yds. long.

\$3 EACH.

These Comforters are in all respects equal to the best Eider-down at a very much lower price.

Wood's Phosphodine is sold in Kingston at all drug stores.

CURE YOURSELF! Use the Best Cure for all urinary troubles, including Catarrh, Stricture, Gonorrhea, Syphilis, and all diseases of the bladder, ureters, and kidneys. Sold by Druggists.

WILL BUY WOOD

FOR USE OF CITIZENS WHO NEED IT

Property Committee Decides to Purchase 1,000 Cords and Sell it at Cost—Three Aldermen Have "Options"—To Repair the Police Court Chamber.

A regular meeting of the civic property committee was held in the engineer's office on Thursday afternoon, to open tenders for the supply of wood for the city buildings.

There were present at the meeting: Chairman White, Aids. Hipson, Graham, Knapp, Sears and Abbott and the city engineer.

A communication was read from Lieut. Col. Duff, asking the committee to bid the police court chamber into a decent condition. The letter characterized the place as unhealthy and disgraceful.

Chairman White—Col. Duff is right. If I were a magistrate I would refuse to sit in such a place. The paper is falling off the walls, and the whole room is dirty. We have plenty of funds with which to do the work.

All the committee members thought the magistrate's request was a timely one. It transpired that tenders for this work had already been asked for, and three tenders had been received, and they were now at the chairman's suggestion.

"Well, you'd better let us see them," suggested Ald. Graham.

The chairman agreed to produce them. The lowest tenderer, he said, was that of Andrew McMahon.

He could buy 1,000 cords or more and have it delivered here at \$5.50 a cord. This wood would be green, however, and could not be delivered before the first week of December.

Announcement No. 3 elapsed then, and put Chairman White's option clear out of business. It was made by Ald. Graham, who told the committee that he could purchase several hundred cords of mixed wood at \$5 a cord, delivered in the city.

"It was the universally expressed opinion of the committee that wood should be purchased for the relief of needy citizens who could not buy wood or coal in the city. After considerable discussion, Ald. Hipson moved that the committee purchase 1,000 cords of dry hard wood at the lowest possible cost, and that it be sold on citizens at cost price. This was unanimously carried.

The chairman—I believe the time has come when we should open a municipal wood yard for the benefit of needy citizens. In my opinion we should cooperate with Toronto, Brantford and other cities in this matter.

There were only two accounts before the committee, and these were ordered to be paid.

The Board of Works meeting had Chairman McLeod and Aids. Dunlop, Harkness, Walkem, McCammon and Craig in attendance.

The petition of John Hazlett, Brock street, for a tile sewer into Frontenac street, was granted.

Ald. Dunlop said that lower Albert street was in a bad condition and that the residents' petition for improvement should be granted. It was decided that work on the road should be continued. The city engineer stated that work had been begun since the recent rains which were required in order to make ploughing possible.

A communication was read from the city engineer, stating that the city required more yard room, and advised that the Donnelly Wrecking company be asked to remove their plant, etc., from the water works property to the wharf. Such removal would give the city what space was required. It was decided that the engineer consult the water works' committee chairman.

Chairman McLeod stated that the street railway track extension to Queen's athletic grounds was being laid under the supervision of the city engineer. The company had deposited \$100 for any extra work the city might require to do.

Archdeacon Carey appeared before the committee regarding street watering around Paul's church, which congregation did not want it. The chairman advised the archdeacon to lay the matter before the city council.

A report of the city engineer showed that \$10,011.60 of the appropriation had been expended so far on the street works. The balance of \$1,800 was still left, but more than that was needed for the late necessities.

The waterworks committee. The third committee to meet was the water works' committee, with Chairman McLeod, Aids. Dunlop, Harkness, Walkem, McCammon and Sears being in attendance.

All Graham complained that all mason contractors had not been notified in connection with the work being done at the water works' power house. The superintendent stated that he had visited all these who had been mentioned at the previous meeting.

Regarding the requirement of the water works' yard from the Donnelly Wrecking company, which has a lease of it at \$25 a year, on motion of Ald. Graham, the committee reconvened at the chairman and the superintendent confer with the city engineer.

F. G. Smith's resignation as office clerk was accepted. The chairman stated that he had received a dozen applications for the position. Temporary assistance will be employed if the position is not filled by the 15th.

The petition asking for a water works pipe on Johnston street from Colingswood to Macdonnell streets, was granted on condition that each applicant pay \$3.40 a year, the lowest tariff rate. Most of the lots are vacant.

Body Reached Home. The remains of the late James Sughrue, who died suddenly on the 5th inst., in Chicago, of heart trouble, reached the city Thursday afternoon and were taken to Howe Island, where the deceased was born, for burial. The deceased, aged about forty years, was a son of the late William Sughrue, Howe Island, and was well known in this city, holding the respect of all who had the pleasure of his acquaintance. His sudden demise came as a great shock to relatives and friends. He is survived by his mother, three sisters and four brothers: John and William, residing in Kingston; Thomas and Cornelius, on Howe Island; Mrs. Rushford, Kingston; and Nellie and Katie, at home.

The afflicted relatives have received many sincere expressions of sympathy from friends.

Want To Buy It Back. At last night's meeting of the Board of Education the following peculiar letter lay on the secretary's desk:

We will give the Board of Education \$3 per ton for all the hard coal they will let us take away from the public schools. We will take all the stock of hard coal on hand at the schools, or any part of it that the board will sell. Kindly let us have an answer to this by Monday morning. Yours truly, The Kingston Coal Co.

BOARD MEETING

TWO OFFICIALS WILL GO TO TORONTO

To Study the Method of Furnishing Supplies to School Children—Opening of Night Classes—What Becomes of Those Who Pass the Entrance.

A regular meeting of the Board of Education was held last evening. There were present: Chairman Sears, Messrs. K. Meek, Joseph Wilson, J. S. Elliott, R. J. McKelvey, Dr. Fee, Thomas Lambert, H. Richardson, W. H. Wormwith, D. A. Shaw, Edward Bennett, J. S. R. McCann, William Kelly, John McLarty and W. H. Godwin.

The following communications were read and referred to:

From Hannah E. Barney, suggesting as Newlands & Row's copy-books cannot be secured, that the board secure the exercise books for pupils taking writing.—Referred to management committee.

From W. N. Anderson, assistant provincial treasurer, inclosing cheque for \$87.60, the amount of kindergarten grant.—Filed.

The Finance Report.

Mr. Lambert presented the report of the finance committee, recommending payment of the following accounts:

G. Y. Chown, rent of old Collegiate building, \$40; E. Crawford, wood, \$14.75; Rathburn Co., \$5.50; J. H. Hollis, sundries, \$9.84; May E. Martin, kindergarten supplies, \$23.96; D. Hutchinson, seed, \$1.30; J. W. Clark, labor, \$3.28; Map and School Supply company, \$2.40; H. Skinner & Co., supplies, \$52; Oram & Carter, printing, \$96.55; P. Partridge, baskets, \$2.50; Strang, insurance, \$2.50; Strang, sundries, \$1.50; James Hope & Sons, technical supplies, \$6.50; Schy & Co., kindergarden supplies, \$85.23; Thomas Henry, technical supplies, \$15.20; Lemmon, Claxton & Lawrenson, labor, \$7.95; Taylor & Hamilton, \$9.10; John Polie, labor, \$9.13; John A. Strachan, sundries, \$9.75; W. K. Smith, carting, \$36.25; Thomas Milo, contract, \$39.21; Oram & Carter, printing, \$4.75.

Mr. Lambert moved, seconded by Dr. Fee, that the report be adopted.—Carried.

Management Committee. Mr. McKelvey presented the report of the management committee, recommending: (1) That the commercial form in the Collegiate be furnished with the necessary book-keeping supplies and charges, a fee to cover the expense.

That the night classes in the Collegiate be held on Tuesdays and Thursdays during the coming season, that the teachers be W. R. Sills, mathematics, and George Lee, mechanical drawing; salary of each to be \$25 a night.

The quantity of supplies furnished the pupils of the public schools, and at the cost per pupil in Kingston, exclusive of kindergarden, is 63c., as compared with 22 1/2c. in Toronto, recommends that the inspector and secretary go to Toronto with a view to securing information that will assist in making arrangements to materially reduce the cost of supplies here.

Mr. Godwin, requesting information concerning the pupils who passed the last entrance examinations, your committee reports as follows: The number that passed is 141, all of whom are in the Collegiate except twenty-two girls and eight boys. Of the girls three are at work, four at home, two in the business college; one in the Ladies' College, one has left the city, and the whereabouts of one is unknown.

Of the boys, three are at work, one is at home, three have left the city, and the whereabouts of one is unknown. The committee further recommends action on the communication of T. J. Rigney, asking that the pupils of the Convent de Notre Dame be allowed to use the physical apparatus in the Collegiate free of charge.

At the request of Mr. McKelvey, Inspector Kidd gave later details as to what had become of the 141 pupils who passed the entrance examinations in the Collegiate. There are 118; three others not in attendance. Of these thirty, five are working in shops, two in the Business College, one in the Ladies' College, one has left the city, two are in offices, and five are at home.

Mr. McKelvey moved the adoption of the report, and then went into a minute explanation of the various changes in his report. The teachers of the evening classes were the same as last year; they had given good satisfaction then. The two officers of the board, who will visit Toronto, are to study methods there in regard to school supplies. If Toronto's methods are the better, then Kingston may adopt them.

The report was then adopted without discussion.

The Inspector's Report.

Inspector Kidd presented this report for the month of September: Total attendance, 2,282; last year, 2,215; decrease, 33. Average daily attendance, 2,051; last year, 2,087; decrease, 33. In the kindergarden the enrolled attendance was 193, and the average attendance was 183, and the number of pupils admitted, 202 new pupils admitted, of whom 41 were recent arrivals in the city. There were seven cases of truancy and three pupils not suspended. Teachers were absent on account of illness 291 days.

Principal Ellis reported the attendance at the Collegiate Institute was as follows for September: Enrolled attendance, 417; average, 383. In 1900, enrolled, 201; average, 202. In 1901, enrolled, 347; average, 316. In 1902, enrolled, 417; average, 383. Increase in enrollment over the course of two years ago is 116, or nearly two thirds that of last year, and 121 above that of two years ago. There are fifty-three pupils from the county of Frontenac and five from other counties. There are thirty-two more from the county than there were a year ago and one more from the other counties.

The board then adjourned.

SPORT IN GENERAL.

Notes About the Various Sporting Fields.

Ottawa College expects the game with Brockville to be the hardest of the season.

Varsity, like Queen's, is weak in the scrimmage. The Toronto team is very light this season.

Football errorless matches have been played this season in the National baseball league.

Today S. C. Calvin dismantled his trim little yacht, Cock Robin, and put her into winter quarters.

The Ottawa Journal has put a defective on the track of "George" Carro-Harris, the ex-Queen's scrimmager.

Toronto Varsity rugbyists have discarded signal play. They evidently do not believe in the efficacy of numbers.

At Terre Haute, Ind., on a track between two and three seconds slow, Dan Patch went an exhibition mile in 2:01 flat.

Hal Walters was tried at quarter with the Rough Riders and made a splendid showing. He may be a fixture in the position.

Dr. Ethington, and J. M. Young, of Queen's, leave to-night, for Montreal, to officiate at the Varsity-McGill match to-morrow.

Ottawa College has commenced its annual campaign to get Gleason to play. They want him to again win the championship for them.

French, who played last year with Ottawa College, is attending the Dental College in Toronto; and turned out with Varsity yesterday.

The named race, to have taken place at Caturapi driving park this afternoon, was postponed till next Wednesday. The track was in poor condition.

Two-kingston carrier pigeons were let go in twos on Sunday morning. They covered the distance between three and Kingston in less than an hour and three-quarters.

John E. Madden's famous trotting stallion Ad. Bell, world's yearling record of 2:23, while playing in his paddock broke his left foreleg, at Lexington. He cost \$10,000.

Football on Saturday: Limestone vs. Tamblers; R.M.C. I at Deseronto; Varsity at McGill; Hamilton Tigers at Ottawa; Ottawa College at Brockville; Montreal vs. Britannias.

It has been decided to seat all the spectators possible at Queen's athletic grounds. Accordingly, a bleacher that will hold about 500 will be erected on the east-side of the field, for twenty-five cents ticket holders.

Brother "Jim" Sutherland to-day celebrated his 7-2 birthday, and received congratulations. He is nearing the half-century mark, of course, but is a few yards off it yet.

The Knocker's Club presented him with an address.

A Clifford Jack, Montreal, has written Queen's and Granite rubber clubs, asking for the names of players who may desire a place on the all-Canadian team for the proposed English trip. It will be necessary for each player to furnish \$115 and cost of transportation to the seaboard, the amount being later refunded. Players selected must report in Montreal by February 25th. The team will return February 29th. If there are any Kingston players ready for this trip, let them raise their hands and voices.

BUTCHERS ARRANGED.

Cases Held Over for a Week—Other Cases Dismissed. A long array of distinguished names decorated the docket in the police court this morning. Seventeen butchers were arraigned for selling meat without a license, thereby committing a breach of the by-law governing the sale of meat. Twelve delinquents were represented by T. J. Rigney, who asked for an adjournment, which was granted to all seventeen. Wednesday next being named as the day of trial.

Those who received summonses are: A. W. Henry, J. P. Holomey, J. Lem-Roan, E. Robins, J. McCulla, P. H. Haffner, H. Myers, D. Millan, J. Blakely, B. McConville, T. James, P. Haffner, M. Walsh, M. A. Metcalfe, W. Jones, J. Gowley, T. McConville.

A drunk was dismissed. Cases against two license holders, charged with non-compliance with provisions of license law, were dismissed.

Drilled By Sergt.-Maj. Prince.

Four companies of the 14th Regiment will parade at the armoury last evening. The attendance of volunteers was very fair. Sergt.-Maj. Prince, the new Royal Military College physical instructor, put the companies "through their facings."

To Cure A Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box, 25c.

Oak Hall.

Men's all wool underwear, minus the sticks and the bars, with a velvet price 50c, 75c, \$1 a garment. The H. D. Bibby Co.

Jumble Sale

On Saturday, in aid of Flower Mission for hospital, at store on Princess street, lately occupied by R. Uglove.

Jenkins' for stylish hats; all the latest ideas in hard or soft, \$2, \$2.50, 7 bars Star soap, 25c. Saturday only, at Mullins.

DAY'S EPISODES

PARAGRAPHS PICKED UP BY OUR-BUSY REPORTERS.

The Spice of Every Day Life—What the People Are Talking About—Nothing Escapes Attention.

What we want. Boys' heavy sweaters, 50c. Jenkins'. Take the Rideau King for Ottawa every Tuesday and Friday, at 1 p.m. James Swift & Co., agents.

The school children will have holidays on Thursday and Friday of next week.

This morning the thermometer was forced to register thirty-two degrees, the freezing point.

"What's the use of a pair of trousers if there's not a man inside," shrieks the Belleville girl.

Monkey Brand Soap cleans kitchen utensils, steel, iron and tinware, knives and forks, and all kinds of cutlery.

Queen's engineering building will be closed to-morrow to receive a floor painting. Then it will be complete.

How would you like to be the coal man? We wouldn't, for he goes home tired every night from his wrastlings with the public.

Steamer North King leaves Kingston at 5 p.m., for Rochester, N.Y., calling at Bay of Quinte ports, etc. H. Cunningham, piano tuner from Chickering's, New York. Orders received at McAuley's bookstore.

The Kingston teachers' institute will hold a convention on October 16th and 17th. Prof. Halton, Toronto, will be the lecturer on October 17th.

"If every voter were to demand a ton of coal for his ballot, I can see the finish of our mayoralty candidates," remarks the philosophic policeman.

The arbitration between the Rath-bun company, Deseronto, and the Standard Chemical company, Toronto, is proceeding. It has already cost \$7,000.

Five companies of the 14th Regiment drilled last night, having their ranks fairly well filled. "E" company will parade to-night. The companies are preparing for annual inspection.

The officers of the Board of Education, commissioned by the board to go to Toronto to study the school supply question, will probably leave on Monday next for the Queen city.

The civic finance committee was summoned to meet to-night at eight o'clock. The fire and light committee did not meet to-day, there not being any business to bring before the members.

The members of the "Day By Day" company, after the performance last night, had a wordy battle in the corridor of a Princess street hotel. The scrap furnished amusement to a large crowd of spectators.

PERSONAL MENTION.

Movements of the People—What They Are Saying and Doing. Mrs. W. Way, Kingston, is visiting friends in Belleville.

Miss Rachael McClellan, Kingston, is visiting friends in Picton.

Mrs. Robert Moore, Kingston, intends to take up residence in Belleville.

E. Beaupre spent Thursday on Loughboro lake, fishing and shooting. He had splendid luck.

Edward McCarthy, Wolfe Island, on Friday, left for Three Rivers, N.B., to visit a brother who has his home there.

Capt. W. S. Hughes, of the Kingston penitentiary staff, to-day received from a friend in Cornwall, a valuable deer hound.

In this week's Utica, N.Y., Globe appears an excellent likeness of Police Magistrate Duff, accompanied by a brief sketch of his career.

Rev. Henry Wilson, D.D., will be in Montreal on October 27th and following days, conducting a convention for the deepening of spiritual life.

Thomas Buckley, Verona, left Thursday night for Montreal en route to Belfast, Ireland, the city of his nativity, to spend a week or two with friends.

William Stitt, steward on the steamer Bohemian, having laid up that boat for the summer, has taken over the duties of head steward on the steamer Corsican.

The Misses Leamy, Cleveland, Ohio, visiting friends here for some days, were entertained by a Wednesday evening party of young friends in the auditor of Hotel Beaupre. Games, music, dancing, etc., helped pass the time pleasantly.

The Mayoralty Candidates.

The mayoralty candidate, who can not promise an option on a thousand cords of wood, is a luck number these days. Aldermen Graham and White have done so, and now it's up to Alderman Bell to go them one better. The people expect great things of the mayoralty candidates, and the latter should not disappoint them.

NOTICE

Is hereby given the public that I purpose making it warm for all persons using my coal next winter. Your order is solicited.

EVERY WOMAN SHOULD KNOW.

That Prof. W. Hodgson Ellis, Official Analyst to the Dominion Government, has recently made a number of analyses of soaps, and reports that "Sunlight Soap contains that high percentage of oils or fats necessary to a good laundry soap."

What every woman does not know is that in common soaps she frequently pays for adulterations at the price of oils and fats. Try Sunlight Soap—Octagon Bar—next wash day, and you will see that Prof. Ellis is right. He should know. 206
