Lord Strathcona referred the matter to Mr. Chamberlain, and the latter now advises Mr. Fisher that Lord Milner has got charge of the work, and the colonial secretary handled Mr. Fisher's report over to him.

TO GO IN A CRUISER.

Hon. Joseph Chamberlain's Trip to South Africa.

London, Oct. 29.—It is officially announced that the king wishes Colonial Secretary Chamberlain to make his trip to South Africa on a vessel of the navy, and that arrangements have been made for him to sail on the cruiser Good Hope. The Good Hope is the gift of Cape Colony to the empire, on the occasion of Queen Victoria's diamond jubilee in 1897. The vessel, which has just been completed is 14,100 tons burden. She is 500 feet in length, and her engines are 3,000 horse-power. They give her a sea speed of twenty-one knots. Mr. Chamberlain's voyage on her will be the occasion of her first visit to the Cape Colony.

REAR-ADMIRAL ROBLEY D. EVANS. Who assumed command of the United States Asiatic squadron to-day.

Will Work Harmoniously. New York, Oct. 29.—The Tribune's London cable says: The rumor mongers are seeking to stir up strife between Mr. Chamberlain and Lord Milner. Many stories are current respecting disagreements between the two men, and appeals from the judgment of one to the decision of the other, and their emphatic assertions that Lord Milner will submit with grace to the official visitation of the secretary of the colonies. All gossip of this kind is unfounded and malicious. Mr. Chamberlain and Lord Milner have disagreed over the conditions of the peace, the suspension of constitution of Cape Colony, the political relations with the leaders of the Boer party, and many other questions, but their divergence of views on matters of principle and policy has not affected their personal friendship. Each is loyal to the other and there is no jealousy. South Africans here are confident that circumlocution and red tape will now be dispensed with and the settlement of countless matters and details facilitated by the colonial secretary's presence in South Africa, and that Lord Milner's work, which now passed without observation, will command general appreciation when his official chief is in a position to direct attention to it.

Asked To Visit Australia. Melbourne, Oct. 29.—Premier Barton has extended an invitation to Colonial Secretary Chamberlain to visit Australia before he returns to England from South Africa.

Consolidation of these interests will launch by far the strongest bituminous concern in the world. The combined coal output of the two concerns is close to 30,000,000 tons a year. The plan is to make the Pittsburgh company lessee and the purpose to economize operations."

SHOT BY HER BROTHER. Dies Five Minutes Afterward—Accident at St. Catharines. St. Catharines, Ont., Oct. 29.—Miss Muriel Benson, a young lady who was visiting her mother in the city, was last night accidentally and fatally shot by her only brother, Carl, aged fourteen years. AN EXCITING TIME.

Kept Young Lady From Asylum Incarceration.

Valparaiso, Ind., Oct. 29.—There was an exciting race here to-day between Sheriff LaCount, Porter County on one side and City Marshal Billings of Valparaiso and Dr. J. C. Sharpe of Jacksonville, Ill., on the other, upon the result of which hinged the liberty of Miss Stella Josephine Teller, cousin of United States Senator Henry M. Teller, of Colorado.

Miss Teller, after some trouble concerning property, was placed in a private insane asylum at Jacksonville, Ill., six months ago. She escaped three months ago and came to this place, where she has quietly resided since. Recently she engaged legal counsel to file a suit for \$50,000 against one of her brothers for her asylum experience. This step revealed her whereabouts and Dr. Sharpe of the Jacksonville institution came to take her back. He enlisted the services of City Marshal Billings, and went to the hotel where Miss Teller was stopping, placed her in a hack and started in a hurry for the Pennsylvania railroad station. Miss Teller's attorneys were apprised of the sudden turn of affairs and hurried to the station with a blank habeas corpus writ, arriving two minutes before the train pulled in. The writ was signed, a notary public who happened to be a passenger on the train affixed his seal. Circuit Judge McMahon hastened to grant the necessary order and Sheriff LaCount, after a hard run, caught Dr. Sharpe and his unwilling protegee as the train was leaving the station. The Jacksonville physician was compelled to release his former patient.

SAMOAN CLAIM.

One Reason Given for King Oscar's Decision.

Washington, Oct. 29.—The officials here find an ample explanation of the adverse decision of King Oscar in the matter of the Samoan claim in the statement that comes from Stockholm to the effect that the king's decision was influenced by three jurists, one of whom was M. Cederkrans, one time chief justice of Samoa. It is stated that while filling that important post, Mr. Cederkrans came into frequent collision with Judge Chambers, the American land commissioner, who afterwards succeeded Cederkrans as chief justice, and it is believed that the personal ill-feeling that followed undoubtedly influenced the character of the advice given to King Oscar.

Thieves Quarrel Over Division of Spoils.

Portland, Maine, Oct. 29.—William Thompson, alias William Riley, Chelsea, Mass., known to the police as a "hobby burglar," was shot by fellow burglars at Stroudwater, yesterday. It is supposed the burglars, who had robbed O. L. Sherman's general store nearby of whom Thompson was undoubtedly one, quarrelled when it came to dividing the spoils and Thompson was shot. His companions ran away. Thompson crawled to a neighboring house, from which place he was taken to the Westbrook police station, where he died. Conservative Out in North Perth by Agreement.

Stratford, Ont., Oct. 29.—North Perth becomes open by mutual agreement of the two candidates. Negotiations were held by the opposing counsel at the hour set for trial. It seems that on a scrutiny the majority of one held by J. C. Monteith, conservative, would be reversed, and Brown would be declared elected. At the opening of court, a consultation took place, between counsel, with the result that an agreement that each side pay its own costs and the election be declared void was reached. As the judge was unwilling that this should be done by consent, evidence was taken regarding a case of apparently unawaited resignation, in which James Fraser, of North East, who voted in Avon ward, Stratford, in place of another James Fraser, who thus lost his vote. This, it was shown, would have left the result of the election a tie, and their lordships found that each candidate had, therefore, received the same number of votes, and that there was no election.
