WEDDED TO-DAY A CHARMING SERVICE IN ST. MARY'S CATHEDRAL

Major Panet, D.S.O., of the Royal Military College, and Miss Mollie Bermingham stood at the Altar and Were Married. A very pretty and fashionable wedding was solemnized in St. Mary's cathedral at 11 a.m. to-day, the contracting parties being Maj. Henri Alexandre Panet, D.S.O., R.C.F.A., staff-adjutant of the Royal Military College, and Miss Mollie Bermingham, sister-in-law of the Hon. William Hart, M.P. The bridal gown, an imported one, was of exquisite white crepe de chine, with trimming of lily of the valley applique. The skirt, which was built on white china silk, over a tulle foundation, had a graduated flounce of the crepe, accordion pleated, with a band of the applique near the hem, which was beautifully finished underneath with frills and flunesses of lace. The overdress was caught up in front, and fell away to ward the back, ending in the long graceful train. The bodice which was of the crepe de chine, with trimmings of applique, had a tucked chiffon guimpe studded with pearls, a row of pearls finishing the neck. The tulle veil was caught to the pretty head with a coronet of orange blossoms, and the bride's soft ornament was a pearl pendant, the groom's gift. Very lovely indeed she looked as she came up the aisle with her brother, Mr. William Bermingham, carrying a showy bouquet of bridal roses, and an ivory-bound prayer book, the gift of her mother.

The marriage ceremony was performed by Rev. Fr. Kelly, a life-long friend of the family, assisted by Rev. Fr. Mea. The maid of honor, Miss Kathleen Barry, the bride's niece, wore a pretty frock of soft-toned yellow crepe de chine, the upper part of the skirt laid in fine circular tucks, the berthe of the bodice being edged with a wide rill of handsome old Linenick lace, a piece of the same lace being let in to form the outside of the graceful sleeves. A large white beaver hat, with long white plumes and a shower bouquet of red roses, completed the costume. The winsome wee flower girl little Miss Katie Bermingham, who wore a dainty mass of white fluff, and carried a basket of red roses, almost divided the honors with the bride's aunt, Major Lafferty, R.C.A., who was best man, and the ushers were Capt. Symons, R.M.C., Mr. Arthur Panet, of Ottawa, and the B. S. M. of the Royal Military College, Mr. Lucas, who represented the military element, and Dr. Jock Hart, and Mr. Willie Hart, the bride's nephews, and Mr. Tuck Osler, of Toronto, who represented the civilian side.

After the marriage the guests drove to the residence of the bride's mother, where the wedding cake was cut, and everybody had an opportunity of seeing the lovely cut glass and silver, of which this very popular girl received an amount which quite defies particular mention. Crispicuous, however, in the sparkling array, were three delectables, in an oak and silver stand, from the attached officers of the battery, and a dinner set from the staff of the R.M.C. After healths had been drunk, and felicitations heaped upon Major and Mrs. Panet, the bride slipped away, and changed to her travelling gown, of brown camel's hair cloth, tailor-made, with which she wore a very smart brown velvet toque, trimmed with mink. The out-of-town guests were: Mrs. Panet, Montreal, mother of the groom; Mr. and Mrs. Charles Panet, Ottawa; Mrs. Steers, New York; Mrs. O'Reilly, Cornwall; Mr. and Mrs. Willie Bermingham, New York; Mrs. Lamb, Brooklyn, N.Y.; Col. and Mrs. H. M. Bellart, and Miss Hoskin, Toronto; Miss Cecile Paquet, Quebec; Miss Keenan, Miss Brophy, and Mr. Daniel O'Connor, Ottawa. It was most unfortunate that Mr. Cornelius Bermingham, who was to have given the bride away, was called away to Europe at the last moment on business. The wedding was a small one, the list of invitations in the city including only the military people and the closest and oldest friends of the family.

Among the guests were: Mrs. Bermingham, mother of the bride, Archdeacon and Mrs. Clare Worrell, Col. H. R. Beale, commanding officer of the Royal Military College, and Mrs. Beale, Col. and Mrs. Drury, Col. and Mrs. Geikie, Surg-Major and Mrs. Massie, Mrs. H. Macarow, Miss Macarow, Mr. and Mrs. J. B. Carruthers, Prof. and Mrs. Martin, Capt. and Mrs. Norman Stuart Leslie, Mr. and Mrs. Alex. Kirkpatrick, Mr. and Mrs. Grant, Mr. and Mrs. E. H. Macdonell, and Mrs. Hemming, Mr. and Mrs. Keut, Miss Lorraine Lesslie, Mrs. Graham, Mrs. Vere Hooper, Dr. and Mrs. Kilborn, Miss Ethel Hendry, Miss Marion Redden, Miss Edith Felger, Mrs. Howard Felger, Miss Frances Sullivan, Mrs. Sherwood, Miss Cherry Steers, New York, Mr. and Mrs. Steers, Miss Mabel Gilderslove, the Misses Brown, Miss Bolger, Miss Flanagan, the cadets of the Royal Military College, who lined the aisle at the bridal party entered and left the cathedral and Messrs. H. H. Gilderslove, Lewis Shannon, C. G. Shannon, W. B. Kent, E. Strange and Victor Drury.

The altar and sanctuary were beautifully decorated with white chrysanthemums, palms and ferns, while a rope of smilax, caught here and there with large bunches of the lovely flowers, festooned the chancel rails. Bunches of chrysanthemums barred the pews set apart for the guests. After the marriage ceremony few lines were celebrated by Rev. Fr. Kelly, with Rev. Fr. Mea as deacon. Major and Mrs. Panet left on the east-bound train and will spend some time in the south before returning to Kingston to take up housekeeping at Point Frederick.

"Bibby's" Oak Hall. "Bibby's." Bibby's overcoats, long, short and medium lengths, \$3.50 to \$10. The H. D. Bibby Co. One need not expect good returns from occasional advertising. An old farmer tried "now and then" feeding upon his favorite mare, and it was not long before the "critter" laid down and died. The river which "dries up" in summer is not regarded with any favor by navigators. Taylor sells the finest chocolates.

PERSONAL MENTION. Movements Of The People—What They Are Saying And Doing.

Miss Fee, Pieton, is visiting friends in Kingston. Walter Martin returned to Gananoque this morning, after spending a few days in the city. The engagement is announced of Miss Rose Jackson, Detroit, Mich., to Joseph Silver, Kingston, Ont. Dr. H. A. Bowie, Kingston, a recent graduate of Queen's, has begun practice in Essex, Ont., a most promising field. Mrs. Macpherson, widow of the late Richard Macpherson, is spending a few weeks at her sister's, Miss Macpherson, Brock street. Miss Mary Perry, Johnston street, an employee of Wood's Fair, entertained a number of her friends last evening, and a happy time ensued. Sergt.-Maj. O'Hagan, of the R.C.F.A. hospital, arrived home this morning after an absence of three weeks. He visited Detroit and Chicago. J. A. Goodbar, of the ferry office, arrived home to-day after three weeks vacation. He visited Washington and places in the "sunny south."

Mrs. W. England Irwin, Vancouver, B.C., visiting her sister-in-law, Mrs. T. H. Cunningham, Westmont, has come to Kingston, as the guest of her mother. Mr. Telmann, Kingston, has completed arrangements for the production of the opera, "Leo, the Royal Cadet," by Renfrew talent during the winter. The quarterly board of Broadway Tabernacle, Toronto, have just granted Rev. Dr. Chown ten weeks' leave of absence to assist in the referendum campaign. Rev. Dr. Alex. Richardson and wife are on their way home from the old land. He has been taking a post graduate course in medicine in London hospitals.

Miss Kathleen Hagerty and Mrs. Innis, mother of James Innis, Chicago, who have been visiting friends in Kingston for several weeks, returned home yesterday. Invitations are out for the wedding of Miss Jennie Warham, Minneapolis, to Mr. Cornish, also of Minneapolis. Miss Warham is the daughter of Richard Warham, formerly of Belleville. William Robinson, Bagot street, was out to-day for the first time since his accident at Shabot Lake three weeks ago. He carries his arm in a sling. The veteran was warmly greeted by his friends. Bishop Mills on Tuesday made visitation to three congregations, Pittsburg, "South Lake and Storrington. On Wednesday he completed his third diocesan tour since November 1909, by services at "Sydenham," Harrowsmith and Murvale.

WAITED ON MINISTER. Rideau and Other Canal Employees Ask for Increased Pay. Police Magistrate Farrell returned on Tuesday night from Ottawa, whither he went on the previous morning to present the petition of the Rideau Canal employees to the department. This petition, which was signed by every man along the canal route as well as by prominent citizens of Kingston and other places, prays the department to increase the employees' wages from \$1.25 to \$1.75 a day. Petitions were also presented from the employees of the Welland, St. Lawrence, Trent Valley, Soulanges and Sault Ste. Marie canals, asking for an increase in pay, though a stipulated raise was mentioned in all cases. The deputations were received by A. G. Blair, minister of railways and canals. The minister did not commit himself to an expression of opinion, but promised to make enquiries into the existing conditions.

Those who had charge of the petitions argued that the prayer of the employees be given every consideration. These men worked only from May 15th to Nov. 30th, and were paid but \$1.25 a day, which yields them less than \$250 a year. This was scarcely a living wage at present. Furthermore, the canal employees are obliged to live at the locks during all the rest of the year, in order that they may be summoned at any time in case of emergency. This prevents them from going elsewhere to seek employment, and most of them are obliged to remain idle during almost half of the year. One can easily understand how impossible it would be for them to secure work at Kingston Mills, Washburn and the winter months. These deans during the winter months. These employees surely deserve consideration at the hands of the department, and it is felt that existing conditions will be improved.

MARINE INTELLIGENCE. Notes Regarding the Movements of Vessels. Craig's wharf: Steamers Persia down; Niagara up; Steamers Corsican down; Hamilton up. The schooner New Dominion cleared for Oswego to await a cargo of hard coal. M. T. company elevator: Tug Thomson cleared for Oswego with two light barges. Richardson's elevator: Steambarge John Milne and schooner Echo from bay ports with grain. The schooner Oliver Mowat, from Oshawa, unloaded 17,500 bushels of barley at the M. T. company elevator to-day.

The schooner Jamieson, from Frenchman's Bay, is unloading wheat at the mill house. She clears for Oswego to load hard coal. The Montreal Transportation company has contracted with Swan & Hunter, Wallsend, Newcastle-on-Tyne, England, to build a steel steamship. The new vessel will be a little larger than the Banookburn or Rosemount. Her dimensions will be 218 feet over all, 42 feet beam, and 23 feet moulded depth. Engines will be of the new steamship will arrive at Kingston at the opening of navigation next spring.

"Bibby's" Underwear. "Bibby's." Underwear, underwear, underwear, 30c, 40c, 50c, 75c, 90c, \$1, \$1.25, \$1.50, \$1.75, \$2, \$2.50 a garment, at The H. D. Bibby Co. Taylor's emulsion of cod liver oil is as good as the best and better than many—two sizes, 35c and 75c.

EXPECT TO WIN VARSITY THINK THEY CAN BEAT QUEEN'S.

Ottawa College and Rough Riders Will Certainly Play for the Canadian Championship — Theobald's Horse Wins the Race. Galt and Petrolia play off in the O.R.F.U. junior semi-finals. Port Hope will enter an intermediate and a junior team in the O.H.A. Toronto Argonauts have gone out of training. Their period of mourning has been fixed at thirty days. An amendment will be brought in this year at the annual meeting of the O.R.F.U. to adopt the snap-back system. Rochester baseball club has decided to have a bench manager next season. They find a playing manager unsatisfactory. "We're pretty heavy," said Capt. Nagle, of McGill, in Toronto, "but Queen's has a much heavier team than we have."

It is now said that Montreal will again have a team in the Eastern Baseball League, and that Arthur Irwin will be manager. Bannan, captain of last season's Toronto baseball team, has signed as second baseman and captain of the Columbus American league team. The sisters of the Hotel Dieu very much appreciate a kindly donation of \$21.45 from the employees of the Dominion Cotton Mill in this city. The hunting parties are getting in readiness to leave within a day or so for the northern country, to be in the woods when the deer season opens on November 1st.

Thead girls who sing with a quiver in their voices are doing a thing that is artistic as well as unpleasant to many. Don't shake your voice; shake your bad habit. The mistake of mistakes is to wait until one has money (lots of it) before one begins to advertise. Without exception, the really successful men of this country began advertising when they had but little money. The Whig is always glad to publish the movements of people, old friends in the city, and anything of interest to the readers. Write the facts, on a post card, sign your name (not for publication), and will do the rest on receipt of the document. A GRADUATE'S WORK. A Canadian's Achievement in India Well Set Forth.

New York Post. The highest electrical power transmission works in Britain's Indian empire have just been opened in Southern India. The plant was constructed at Cauvery Falls on the borders of the Mysore state, and is one of the great sights of the country. The natural difficulties which had to be overcome before the 4,500 horse-power could be conveyed over ninety miles, to supply the force for ten gold mines, were enormous. Billy jugles infested by tiger, panther, and bear, had to be spanned, and herds of wild elephants to be combated before the telegraph posts, carrying six strands of copper wire, could be set up. The machinery had to be dragged thirty miles from the railway station to the works by elephants and the long-horned white oxen bullocks for which Mysore has long been famous. Another and even greater enemy fought by Capt. Joly de Lothimere, the Canadian officer who initiated and executed the enterprise, was the widespread superstition that the god of the sacred Cauvery would annihilate all who tampered with the stream. Labor was consequently most difficult to obtain, and it was only by the greatest tact and ingenious explanation that the work was enabled to proceed. Cholera and malaria, always deadly in the river beds, particularly when freshly dug, also proved an obstacle. The Cauvery, one of India's sacred rivers, sometimes called the Ganges of the south, rises in a rugged valley on the western borders of Mysore, and flows through Mysore and Madras, forming on the borders of the two states the falls and rapids which enclose the island of Sivasamudram, where stands a wonderful bridge, three-quarters of a mile long, built on piers of monoliths. The falls are two in number—Bur Chooki and Gunga Chooki—and are somewhat under 200 feet in height. The spray is particularly beautiful; the spray of the latter, at the foot of which stands the generating station, can be seen for miles.

Public Cost Of The Child. Some interesting figures about the cost of school board education in London, were given to the board by its chairman, Lord Reay, when it re-assembled after the recess. Every child in London board schools now represents a gross average cost of £4 11s. 6d., and a net cost of £2 18s. 3d. a year, compared with £2 4s. 9d. gross and £1 12s. 8d. net, in 1874. The cost per child on account of teachers' salaries alone is £3 3s. 11d. Though this is double what it was in 1874, the board experiences difficulties in getting efficient teachers in many parts of London. School buildings exclusive of sites and furniture, cost £11 8s. 3d. per child in 1882, £17 6s. 5d. in 1900, £20 9s. 9d. in 1895, and £25 12s. 6d. in 1900. Experience shows that the large schools, though more expensive, are among the most successful.

"Bibby's" Overcoats. "Bibby's." "The Westminster" a distinguished overcoat, always "swagger and smart," \$8, \$10, \$12, \$12.50, \$14, \$15. The H. D. Bibby Co. Wedded At Portsmouth. In the Church of the Good Thief at Portsmouth, a happy event took place at nine o'clock on Wednesday, when Miss Minnie Doyle, daughter of Mrs. John O'Neil, was married to John P. Burke, all well known residents of the village. The ceremony was performed by Rev. Father Macdonald. The duties of the bridesmaid were gracefully filled by Miss Gertrude Burke, sister of the groom, while the latter's brother, Eddie Burke, was best man. After the conclusion of the ceremony a wedding breakfast was served at the residence of the bride's parents. The bride is a former member of the church choir, and a graduate nurse of the Rockwood Hospital for the Insane. The groom is head clerk in McFaul's carpet warehouse, Princess street, a position he has capably filled for many years. Both young people are well-known and deservedly popular.

Broken Into The Cottage. When J. B. Cooke visited his summer cottage at Rock Point, below Barrieffield, on Tuesday, he discovered that someone had broken into the house and stolen a carpet and several small articles. He has a good clue to the identity of the thief, and prosecution may shortly follow. Wells Attended. A Good Evening's Enjoyment at Victoria Theatre. Victoria theatre was crowded to the doors last night on the second appearance of the Castle Square Stock Comedy company. The play presented was "The King of the Plains." The piece was one of the old-time stories and scenes that occurred on the plains in the past. The different characters were well portrayed and realistic and kept the attention of the audience. The specialties were very fine and received well-merited applause. Miss Beatrice Gordon and Miss Pauline Fessing, by their sweet melodies and handsome personality, won the hearts of the listeners and were rapturously cheered. The dancer of Miss Erman was bewondered of some thirty players. The company is a good one and will draw good houses here.

AT THE GRAND. Listen To A Fine Band To-Night. Gnamini's Royal Marine band, of Italy, and Grand Opera company, under the direction of Signor Ettore Martin, will be heard at the Grand to-night. The Ottawa Journal says the band is a surprisingly good one, and is composed of some thirty players, a large proportion of them being musicians of ability. They responded twice to enthusiastic demands for encores. "The Sign Of The Cross." Wilson Barrett's religious historical drama, "The Sign of the Cross," will be seen at the Grand Opera House, Wednesday, November 5th. This play has enjoyed five wonderfully successful seasons. Returns From England. Henry Thurston, chief engineer for the Montreal Transportation company, has returned from a month's sojourn in England. In company with some of the directors he went thither with a view to having built at Wallsend, near Newcastle, a new boat, which would be a sister ship to the Banookburn.

CITY AND VICINITY. A Hurried Luncheon.

For unexpected guests, or the busy business man, Clarke's ready lunch beef just the dish. To Cure A Cold In One Day. Take Laxative Bromo-Quinine Tablets. This signature is on every box, 25c. Fall Importation Of 1902. Preview of the New York clothing store, Brock street, has received all his fall importations for orner work in his tailoring department. His ready-made department is well assorted, and a large assortment to choose from. For low price and durability he defies competition. Society Said To Offend. At the Ontario W. C. T. U. during a discussion on the Lord's Day observance, Mrs. McCallum of Kingston, stated that Sabbath desecration had greatly increased, especially in society. To remedy this should be one of the main objects of the Lord's Day observance department.

Two Hunting Parties. C. R. Webster, B. Webster, W. F. Webster, O. Dunlop, H. McFaul and J. Newman left last night in the former's steam yacht for Sand Lake on a hunting trip. This morning, N. J. Dingman, Alexander Milne and Capt. Batten also departed stealthily with their guns, and supplied with a fortnight's provisions. In The Police Court. In the police court this morning Patrick Gilroy, whose whiskers had grown gray with the passing years and schooners of beer, pleaded guilty to the oft-repeated charge of being drunk. "Ten days," said Magistrate Farrell. Another citizen, who had given his family a great deal of trouble, was remanded until Monday on a similar charge. He, too, acknowledged his guilt and confessed repentance.

Indigestion, That Menace to Human Happiness. Pitiless in its assaults, and no respecter of persons, has met its conqueror in South American Nerve. This great stomach and nerve remedy stimulates digestion, tones the nerves, aids circulation, drives out impurities, dispels constipation, and brings back the glow of perfect health. Cures hundreds of "chronics" that have baffled physicians. Sold by H. B. Taylor and Henry Wade.—6S. Views On Nature Study. Last Friday night at Renfrew before an audience of over two hundred Professor Short, Queen's University, delivered an address on nature study. The lecturer clearly outlined what he considered to be the scope of nature study, showing that it was within the reach of every child. Then he dealt historically with its intellectual influence and lastly showed that social life, the basis of patriotic feeling rested upon an intimate knowledge of the natural life of the country.

Millions Of Shad Stranded. A day or so ago W. S. Anglin, Kingston Mills, had occasion to make some repairs to his flour mill there. In order to do so, he let the water out of the flume. Then a unique sight met his eyes. The bottom of the flume, which is about ten by twenty feet in size, was covered, to a depth of at least four inches, with a school of shad. There were millions of the little fish; and their brightly colored bodies shone like silver in the sun.

'Twas A Crowded Building. The Y.M.C.A. building was a busy place last night. The temperance workers held a meeting in the parlor; twenty-five members of the mechanical drawing class were at their tables in the reception room; in another room Prof. Pike, of Queen's College, was conducting a bible class; the reading room was well patronized, while the business men's class was on the gymnasium floor. The only available space left to the members of the association was the hall, and they accepted the "benamans" with good grace.

A Useful Invention. Frederick J. Cleare, Deacon street, has invented a non-explosive burner for coal oil lamps. The object of the new invention is to prevent a lamp from exploding in case it is upset, and it positively does prevent such an occurrence. The new lamp has been patented in six countries, and has been favorably received everywhere. The upsetting and consequent explosion of lamps is very common, and an invention that immediately extinguishes the flame, thus making an explosion or fire impossible, should be of great service to every user of coal oil lamps.

Ashes For Lawns. The consumption of fuel wood in the city this winter will yield a quantity of ashes (by the way General Booth says "hashes"), of value for dressing lawns. In "Country Life in America," appears an advertisement of "Canada Hardwood Ashes," as the most valuable manure for lawn grass. The city parks would be much improved by a liberal manuring of ashes composted with leaf mould. In this way the coal miners' strike may become a blessing in disguise. Will some of the many worthy individuals take an action in this business? Wedded At Portsmouth. In the Church of the Good Thief at Portsmouth, a happy event took place at nine o'clock on Wednesday, when Miss Minnie Doyle, daughter of Mrs. John O'Neil, was married to John P. Burke, all well known residents of the village. The ceremony was performed by Rev. Father Macdonald. The duties of the bridesmaid were gracefully filled by Miss Gertrude Burke, sister of the groom, while the latter's brother, Eddie Burke, was best man. After the conclusion of the ceremony a wedding breakfast was served at the residence of the bride's parents. The bride is a former member of the church choir, and a graduate nurse of the Rockwood Hospital for the Insane. The groom is head clerk in McFaul's carpet warehouse, Princess street, a position he has capably filled for many years. Both young people are well-known and deservedly popular.

Broken Into The Cottage. When J. B. Cooke visited his summer cottage at Rock Point, below Barrieffield, on Tuesday, he discovered that someone had broken into the house and stolen a carpet and several small articles. He has a good clue to the identity of the thief, and prosecution may shortly follow. Wells Attended. A Good Evening's Enjoyment at Victoria Theatre. The specialties were very fine and received well-merited applause. Miss Beatrice Gordon and Miss Pauline Fessing, by their sweet melodies and handsome personality, won the hearts of the listeners and were rapturously cheered. The dancer of Miss Erman was bewondered of some thirty players. The company is a good one and will draw good houses here.

DAY'S EPISODES PARAGRAPHS PICKED UP BY OUR BUSY REPORTLKS.

The Spice of Every Day Life — What the People Are Talking About—Nothing Escapes At Taylor sells purest drugs. Pay water rate and save discount. The little folks are getting ready for Halloween. Hard coal is now retailing in Oswego at \$6 a ton. Who is it? the telephone girl never asks you to call again? The Toronto Cigar Makers' Union has voted \$10 to the machinists on strike at Kingston. H. Cunningham, piano tuner from Chickerling's, New York. Orders received at McAuley's bookstore. Catearquin Lodge, No. 10, I.O.O.F., met last evening, and initiated one new member into the mysteries of the order. The thermometer dropped to a few degrees below freezing point early this morning, the coldest snap this autumn.

The barges sent to Oswego by the M. T. company are to load hard coal for Montreal dealers. They had not begun to load on Tuesday. To-day the city clerk posted in his office a copy of the voters' list for 1903. This is the earliest the lists have been issued in years. The sisters of the Hotel Dieu very much appreciate a kindly donation of \$21.45 from the employees of the Dominion Cotton Mill in this city. The hunting parties are getting in readiness to leave within a day or so for the northern country, to be in the woods when the deer season opens on November 1st.

The specialties were very fine and received well-merited applause. Miss Beatrice Gordon and Miss Pauline Fessing, by their sweet melodies and handsome personality, won the hearts of the listeners and were rapturously cheered. The dancer of Miss Erman was bewondered of some thirty players. The company is a good one and will draw good houses here.

BRAIN FOOD. Is of Little Benefit Unless It Is Digested.

Nearly everyone will admit that as a nation we eat too much meat and too little of vegetables and the grains. For business men, office men and clerks, and in fact everyone engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful. Only men engaged in a severe outdoor manual labor can live on a heavy meat diet and continue in health. As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten. But many of the most nutritious foods are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly. It is always best to get the best results from our food, that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years experience have proven Stuart's Dyspepsia Tablets to be a very safe, pleasant and effective digestive and a remedy which may be taken daily with the best results. Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ but only on the food eaten. They supply what weak stomachs lack, pepsin diastase and by stimulating the gastric glands increase the natural secretion of hydrochloric acid.

People who make a daily practice of taking one or two Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion which means perfect health. There is no danger of forming an injurious habit as the tablets contain absolutely nothing but natural digestives: coraine, morphine and similar drugs have no place in a stomach medicine and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies. Ask your druggist for a fifty cent package of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.
