What Is Going On In the Business World—The Market News.

Cheese sales: Picton, 11 1/2-16c; Surling, 11c. Coal is widely distributed in India but many of the coal fields have not been fully explored. Sixteen thousand emigrants have left Norway this year, chiefly for North America. Last year's total was 11,000. It was officially announced to-day that the purchase price of the White Star line is \$53,497,180 of which \$15,736,180, is payable in cash.

The Pittsburgh, Western & Lisbon company has increased its capital stock from \$10,000,000 to \$5,000,000. The company, incorporated a few weeks ago, will control the lines of the company which formerly bore its name, and will make extensions to Ash-tahara Harbor, Salem, Steubenville and Marion.

In September, 1901, the net profits of the Canadian Pacific railway, were \$1,352,731.72 and from July 1st to September 30th, 1901, there was a net profit of \$3,754,230.75. At Berlin, Ont., the best sugar factory began operations on Thursday and turned out its first sugar to-day. This is the first sugar to be made in the country from sugar beets grown in Canada. The plant is a \$600,000 one. The capacity is 600 tons of sugar daily, and 100 tons of coal and forty tons of limestone are used every twenty-four hours. This produces 125 barrels of sugar and involves the employment of from 250 to 300 men.

Shut Out The Fur Sale. A. Franklin, Montreal, who was to have sold a large consignment of furs by public auction, in this city, and who advised the matter extensively, has changed his mind, as every man has a right to do. The furs of the city objected to such a sale, claiming it would injure their business. Mr. Franklin was instructed by the city commissioner that unless he took out a transient traders' license of \$250, he would be summarily dealt with. Not being able to see any profit in the transaction under these conditions, Mr. Franklin packed up his goods and this morning returned to Montreal.

A Theatrical Protest. Efforts were made by outside theatrical parties this morning to prevent the Castle Square company producing "David Harum" at Victoria theatre to-night, the claim being made that the play was copyrighted by a company which is to produce it at the Grand theatre. On Wednesday evening Anthony McGuire brought to the city 200 lambs, which were shipped from Calabogie. From 300 to 350 carcasses of sheep or lambs are consumed in Kingston every week. During the same period twenty-five or thirty heaves and about ten hogs are required for the local market. This trade alone gives employment to a large number of men.

At The Grand. "The Sign of the Cross," Wilson Barrett's strong and impressive religious drama, presented by the original English company from the Lyric theatre, London, will be the attraction at the Grand Opera House, Wednesday, November 3th. The play is now world-renowned. It has been running constantly in England for the last five years.

END OF DIGGERS

EX-STREET CAR CONDUCTORS ARE SENTENCED

The Judges Selected to Try Election Petitions—C.P.R. Messenger Boys are on Strike Against Company's Orders.

Toronto, Oct. 31.—Judge McDougall, this morning, sentenced the ex-street railway conductors found guilty of stealing from fare boxes by using "diggers." There were five sentenced. Shea, who pleaded guilty, gets six months; Howland and Ruman get two years, and the other two short periods. One who pleaded guilty, has two other indictments to answer at the next sessions, when seven others will also be tried. The result of the whole affair is that of the fourteen arrested one has been found "not guilty"; five have been sentenced; one is found "guilty" on one charge and seven remain to be tried.

NO ACTION TAKEN.

As to the Way Police Clothing Went.

Montreal, Oct. 31.—No decision has yet been reached by the civic authorities regarding the suggestion that criminal proceedings be taken against the contractors for police clothing on a charge of conspiracy to defraud. The council will decide the matter and, it is claimed, if the decision is in the affirmative the police officers who are concerned in the scandal will have to walk the plank as the city council cannot afford to have officers on the police force who were guilty of fraud. The iron moulers, of Montreal, have adopted a resolution opposing the perpetration of the name of Andrew Carnegie in this city by the erection of a library with his money on the ground that the money offered properly belongs to widows and children of Homestead, Pa.

Virulent Editorial in South African Paper.

London, Oct. 31.—The Cape Argus, in an article quoted by the Cape Town correspondent of the Times, comments on the virulent editorial on Mr. Chamberlain's approaching visit to South Africa, which appeared in the South African News. The Argus says the members of the Afrikaner bond are afraid of Mr. Chamberlain's visit. They know they cannot hood-wink him any more than they could Milner. They will do all they can to make the colonial secretary's trip a failure, but Mr. Chamberlain is more than a match for them all.

Chicago, Oct. 31.—After brooding for fifteen years over the accidental shooting of a friend, Henry Sweet, a farmer living in Bloom township, near East Glenwood, killed himself with the same shotgun that had ended the friend's life. The accident for which the farmer apparently decided to atone occurred while Sweet and his friends were on a hunting trip.

OCTOGENARIAN CALLED HOME

A Life That Reflected Honor on Himself and on Frontenac.

After a long and useful life John McGrath, one of Storrington township's widely known and highly respected residents, passed to the other shore on Thursday night. He had reached the advanced age of eighty-two years, and few men in township or county were more favorably known. He was a prosperous farmer, kind neighbor, and most honorable in all relations of life. A staunch liberal, he was chosen as the party's standard bearer for the Ontario legislature at one of the general elections. He also

served for many years in township and county councils. Mr. McGrath was born in Ireland, and with his parents came to Canada in 1825. He located in this city and lived in it until 1837. At that time his parents removed to Storrington, near to Sunbury village. Deceased was married in 1851 to Miss Johanna Daly, daughter of the late Patrick Daly, of Glenburnie. His wife predeceased him by twelve years. A family of twelve children survive: John and Thomas, in Chicago; Henry, in Nashville, Tenn.; Dr. Michael McGrath, in California; James, William, Joseph and Frank, at home; and four daughters, Kathleen, Mary, Annie and Alice, also at home. In religion the deceased was a Roman Catholic, and his funeral services will be conducted in the church at Cushehdall, on Sunday, at 1 p.m. Interment will take place at St. Mary's cemetery.

Has Been Re-Authorized.

The Phonic Primer some time ago was authorized by the education department for use in the public schools of the province. It was recently claimed to have been printed in the United States, and accordingly was re-authorized. Now it has been shown that the work was done in Canada, and so the department has re-authorized the book, and notified the city Board of Education of this fact. Authorized, deauthorized, re-authorized—in these words the story of the book might be summed up. Inspector Kidd declares that the new primer is a splendid book.

Advertising For Farmers.

L. W. Lighty writes: "The farmer is too modest in setting forth the merits of the wares he has for sale. I know a farmer who is very particular to have the cleanest and finest seed wheat, and a little local advertising took all his wheat at nearly double market prices. I know others who have just as fine wheat but they hide their light under a bushel and sell their wheat at the warehouse. First-class products command a premium at all times, and it pays to find the people who appreciate the best, and are willing to pay the premium."

Brought Home For Burial.

The death took place in Washington, D.C., on October 28th, of Edward James Nelson, aged thirty-five years. The deceased, unmarried, was a carpenter by occupation. He was born in Pittsburg township, and left here about twelve years ago. The remains are expected to arrive in Kingston on the Cape Vincent boat this evening. The funeral will take place at 2 p.m. on Saturday from the residence of the bereaved father, George A. Nelson, Johnston street.

Was Not Impressed.

Col. Drury recently paid a visit to the Gatineau district, and inspected some land which it had been said would be suitable for an artillery range. The land in question is about nine miles in extent, and is covered with a scrub, which could be removed only at considerable expense, hence Col. Drury was not impressed with its suitability for artillery purposes.

To Labor At Lyn.

Carnovsky, Princess street, for some time, will leave Saturday morning for Lyn, where, on Sunday, she will open a series of special services in the Methodist church. Rodenstein pleaded guilty, and was fined eight dollars and costs. W. E. Nickle appeared as prosecutor, and John McIntyre, K.C., on behalf of the accused.

For The Nurses' Home.
