Address: ROBERT YOUNG, Superintendent of Agencies, Toronto.

SHOW HONOR

Chamberlain Is Highly Regarded Now

TO SEND HIM OFF

IN GOOD FASHION IS THE DESIRE.

A General Who Has Faith in West Point—Big Profits as the Result of Municipal Ownership and Enterprise.

New York, Nov. 1.—The Tribune's London cable says: The colonial secretary needs to be delivered from the zeal of his ardent worshippers. Not only is the brass belt on which he will sleep on ship board described in detail, but there are numerous projects for speeding him on his journey to the Cape, by a series of receptions at the Guild Hall, banquet at the Colonial Institute, and elsewhere, and other demonstrations of an unusual character. As he is received and entertained at Guild Hall recently, it is improbable that further honors will be heaped upon him in that quarter, and his closest friends intimate that he will be content to depart with the expressions of goodwill at the Birmingham banquet. If there be any other demonstrations it will be under colonial, rather than city, auspices. The Tory prejudice against Mr. Chamberlain has been dispelled by the loyalty with which he has supported Premier Balfour. The Boer generals are emphatic in expressing approval of his journey and in forecasting a friendly reception by the Dutch community.

Gen. Wood, who inspected the best German military school two months ago, has been visiting the chief British nursery of art of war, but his faith in the superiority of West Point in all matters relating to the education of army officers is unshaken.

The whirligig of time makes strange revolutions. The Municipal Journal, which has been taking a serious view of criticisms of the London Times on the administration of English and Scotch cities and resenting Robert P. Porter's comparisons with United States electrical undertakings, publishes the detailed figures respecting the results of municipal trading in general and tramway ownership by corporations in particular. The results disclose larger profits than had been heretofore claimed, Darlington, Birmingham, Bolton, Manchester, Leeds and Nottingham being conspicuous examples of remunerative municipal enterprise. The advocates of municipal socialism assert that the tramway business, as managed by the town councils, is profitable enough to float another electrical trust and do not hesitate to attribute interested motives to all critics and opponents of municipal enterprise.

Editors In Jail. New Orleans, Nov. 1.—M. E. Foster, editor, and Abbott, reporter of the Houston Chronicle, have been fined and sent to jail by District Judge Gillespie of the Houston district court for publishing the testimony in the Williams murder case. Judge Gillespie prohibited the publication on the ground that there might be a new trial.

His Idea of Reciprocity. Chelsea, Mass., Nov. 1.—The republicans had a big rally in the Academy of Music, at which the principal speech was made by Hon. William Moody secretary of the navy. Secretary Moody devoted his attention largely to the discussion of a reciprocity treaty with Canada, provided it could be made in the interests of the United States. "The balance of trade," he said, "is constantly in our favor, and it would seem as if we had no reasonable ground of complaint. If, however, he added, "there is any way in which we can justly increase our trade with Canada, it is the part of statesmanship to do it."

May Sue Dutton Village. Dutton, Nov. 1.—It is said that Daniel Sellars intends entering a suit of \$3,000 against the village of Dutton. During the smallpox fright this summer, Mr. Sellars was isolated by the authorities, and it is alleged that he contracted lung trouble from sleeping in a tent. W. L. McLeas, of St. Thomas, has charge of Mr. Sellars's case.

Grapes In The West. Edmonton, N.W.T., Nov. 1.—A carload of grapes from the Niagara district of Ontario arrived on Wednesday. The grapes were on sale in the fruit stores on Thursday at 65c for a ten-pound basket. The price is considered very reasonable, especially as the grapes are of splendid quality, and came through in fine condition.

Bloodhound For Burglar. Syracuse, Nov. 1.—In the effort to run down the trousers-pocket burglar, who has been terrifying Syracuseans for six months, detectives used a bloodhound. The animal was set on the trail of a burglar who broke into the residence of 12 W. Haykinson early this morning, but the effort was a failure. Two or three burglaries are reported every night.

Halloween. The boys break down fences and tear up walks, but they can't break nor tear our boys' rough and tumble suits, \$1.50 to \$6; Jenkins.

Try Mitchell's Magic cough cure, at Taylor's, 121 Princess street. Men's suits, \$7.50 \$10, \$12; Jenkins.

PRaise FOR METHUEN.

He Was Given Higher Order of the Bath.

London, Nov. 1.—At a luncheon, at Devises yesterday afternoon, the Marquis of Lansdowne, secretary of state for foreign affairs, proposed the health of Gen. Lord Methuen and, in speaking to his toast, said that no officer had borne a heavier share of stress and burden of war than Gen. Methuen or had borne it more cheerfully. He quoted Lord Roberts' eulogies of Gen. Methuen's services at Modder River and Magersfontein, and predicted that Gen. Methuen would be promoted to a higher grade in the order of the Bath.

General Methuen, in reply, praised the chivalry and kindness of Gen. Delarey, and of the other Boers who

captured him, and spoke highly of their bravery and thoughtfulness. He said in his last mishap not a single "Tommy Atkins" left him. Though their hearts were all right, he thought that in the future it would be advisable to teach the Yeomanry their duty before they were placed in front of an enemy.

Lord Lansdowne's prediction concerning Methuen was quickly fulfilled. The Official Gazette last night announced that Gen. Lord Methuen, who was a Knight Commander of the Order of the Bath, had been made a Knight Grand Cross of that order.

Other appointments in recognition of services in South Africa are those of Generals French and Haughey to be made lieutenant-generals. General French also is made a Knight Commander of the Order of St. Michael and St. George.

WHAT IS DESIRED. Cordial Relations Between Britain and Portugal.

Vienna, Nov. 1.—The Neuse Wiener Tageblatt's London correspondent telegraphs an interview with the Marquis de Soveral, the Portuguese minister to Great Britain, regarding the reports of sale, and cessation of Lorenzo Marques, Portuguese East Africa, to Great Britain. The minister emphatically assured the correspondent that no negotiations whatever were pending in reference of the cessation of Lorenzo Marques. Great Britain had never approached Portugal with any suggestion of the sort. England desires only a good harbor and good railway service to Johannesburg and Pretoria, both of which would be at her disposal. The relations between England and Portugal, at Lorenzo Marques, were never better than now. The Marquis de Soveral added that the forthcoming visit of King Carlos to England will be entirely private.

Physician, Heal Thyself. New York, Nov. 1.—In the course of forty-six years in the ministry, Rev. Dr. Alonzo Church Morehouse gained a reputation as one of the most successful debt raisers in the Methodist denomination. But like the shemamok's children who go barefoot, he quite forgot to look after his own finances, and there was an auction sale of his household goods and his library to meet some small debts. He is aged eighty-two years, and has been superannuated, but owing to shortage of church funds receives only \$300 out of \$150 per year.

Boston Excursion. Eighth annual Boston and New England excursion will run on Tuesday, November 12th, leaving Kingston 2:30 p.m., via Cape Vincent and N.Y.C. and H.R.R.R. Tickets good for ten days and good to Springfield, Palmer, Worcester, and South Framingham, only \$10 return. For particulars see Fred A. Folger, foot Brock street, Kingston.

Restoring The Canteen. Washington, Nov. 8.—The annual report of Adjutant-General Corbin contains a strong recommendation for the re-establishment of the army canteen. The reports of general officers of the army all indicate an increased number of desertions, and more men were tried for drunkenness in the absence of the canteen than when it was in existence.

Partner Leaves Chicago Firm. Chicago, Ill., Nov. 1.—A. M. Day, of Counsellman and Day, retired from the firm to-day. The house is one of the oldest and best known brokerage firms in the west. Mr. Day's departure will make no change in the affairs of the house, which will continue in business with the remaining members. Mr. Day was at one time a partner of Cyrus W. Field.

Cut Her Daughter Out. Syracuse, Nov. 1.—Mrs. Theresa Robyns was married Thursday to Daniel O'Connor, who a short time ago was engaged to her daughter, Mrs. Theresa Dorschel. The case was carried to the Catholic chancellor of the diocese, who permitted the marriage. A breach of promise suit is threatened.

A NEW DEPUTY

For The Dominion Indian Department

FINE INCREASE

IN THE QUARTER'S CUSTOMS RETURNS.

Highest Revenue Ever Known in the Dominion at This Season—A Former Legislator Died on Thursday Night Last.

Ottawa, Nov. 1.—It is fully understood that Frank Peiley, superintendent of immigration, is to be the deputy minister of Indian affairs. Since the present government took office and Hayter Reed stepped out of the Indian department, James A. Smart has been administering that branch of the service.

For the four months of the current fiscal year, up to the end of October, the customs collections of Canada amounted to \$12,311,618, an increase of \$1,591,693 over the same period of 1901, and by far the highest revenue ever known in the dominion at this season. For October alone the total was \$3,240,901, an increase over 1901 of over half a million.

Simon James Dawson, C.E., who represented Algoma in the Ontario legislature from 1874 to 1878, when he left for the Dominion parliament for the same constituency and represented it until the general election of 1891, died here on Thursday. He was aged eighty-two years.

ABJURE THE POPE. Catholic Church of the Philippines is Formally Inaugurated.

Manila, Nov. 1.—The Catholic church of the Philippines has been inaugurated here, and celebrated and Bishop Aglipay, the leader of the movement, delivered an address, in which he renounced allegiance to the papal authority. He said the new church would maintain practically all the religious forms of the Roman Catholic church.

Agripay has been named as a lay officer of the Church of the Philippines. He did not attend the inaugural ceremonies on account of illness, but sent a letter approving the matter.

Paris Musicians Strike. Paris, Nov. 1.—The musicians employed at sixteen theatres and music halls struck for high rates, and picketed these resorts the other evening. They were not replaced. Several managers, alarmed for the matinee, gave way with haste. The strikers, carrying violins cases, trombones, bassoons and other instruments arrived at the Labor Exchange this afternoon. The speakers were bitter against MM. Saint-Saens and Ganne, the composers who had expressed themselves as unfriendly to the strikers. The meeting decided that all orchestras belonging to the syndicate refuse to play music written by the offending composers.

Going Home To Vote. Washington, D.C., Nov. 1.—To-day witnessed a general exodus of department clerks and other federal office-holders who are going home to vote. For a political year the number of those returning home is regarded as unusually large, a fact that tends to contradict the general supposition that the elections to be held next Tuesday have not aroused much interest. The close contests in Indiana, Pennsylvania, New York, and other states where the result is in doubt will attract every federal office-holder hailing from those commonwealths back home to cast his ballot.

Students' Strike Ends. Lansing, Mich., Nov. 1.—At a mass meeting of the students of the Michigan Agricultural College a proposition from the faculty to end the strike was accepted. The students will resume their studies and a new committee of the faculty will hear their grievances. If they can show that the former action of the faculty in suspending seven students for participating in the freshman-sophomore class rush was unjust the sentence will be changed, and they will have the right of appealing to the state board of agriculture.

Buggies To Cost More. New York, Nov. 1.—An advance of from ten to twenty-five per cent. in the prices of carriages and buggies, the same to go into effect to-day, is announced by the manufacturers. The reason given for the advance is that the price of materials has increased from fifteen to 100 per cent. and that a corresponding increase is necessitated in the selling price of the completed article to save the manufacturer actual loss.

Partner Leaves Chicago Firm. Chicago, Ill., Nov. 1.—A. M. Day, of Counsellman and Day, retired from the firm to-day. The house is one of the oldest and best known brokerage firms in the west. Mr. Day's departure will make no change in the affairs of the house, which will continue in business with the remaining members. Mr. Day was at one time a partner of Cyrus W. Field.

Cut Her Daughter Out. Syracuse, Nov. 1.—Mrs. Theresa Robyns was married Thursday to Daniel O'Connor, who a short time ago was engaged to her daughter, Mrs. Theresa Dorschel. The case was carried to the Catholic chancellor of the diocese, who permitted the marriage. A breach of promise suit is threatened.

WANTS A CHARTER.

A Railway Concern May Build Many Lines.

Winnipeg, Nov. 1.—C. E. Hamilton, of St. Paul, has applied to the Manitoba government for a charter for a company for purposes to build 2,500 miles of railway in the province. No names are attached to the application and nothing is definitely known as to who are behind it, but it is generally believed that the Northern Pacific is the promoter. The proposed line will enter the province at Emerson and all points in Manitoba, now important, or likely to be, will be tapped.

A. H. Braden, whose supposed corpse was taken from beneath the wheels of a C.P.R. train, several weeks ago, has turned up in the flesh here. Braden's wife came here from Toronto and after much difficulty identified the remains found as those of her husband. The corpse was taken east for burial at Toronto. It is now supposed to be that of a man named St. Denis, missing from Montreal. Braden has been working in the harvest fields at Cayville.

The city of Winnipeg has received word that eastern coal men will sell direct to the city to prevent squeezing by dealers.

William Johnston, a prominent member of the Glasgow corn exchange, in a Winnipeg interview, has condemned the dual grading of Manitoba wheat.

MESSAGES SENT. From Ottawa to Those in Australia.

Ottawa, Nov. 1.—Although the Pacific cable will not be open for business for a month the courtesies of the line were tendered last evening to Sir Sandford Fleming, the father of the project. Through Sir Sandford's kindness the mayor was enabled to forward two telegrams on behalf of the citizens of Ottawa. One was to Sir Edmund Barton, prime minister of the commonwealth, of whose visit to the capital Ottavians have still lively recollections. It read: "Ottawa extends kindly greetings via all red lines."

To the mayor of Sydney, N.S.W., one of the terminal points of the cable line in the Australian commonwealth, Mayor Cook sent the following message: "Ottawa greets progressive sister city beneath Southern Cross. Hurrah for all red lines."

The Canada Gazette, to-day, notes the acceptance of the resignation of Commissioner Ross, of the Yukon, which took effect October 1st, and the temporary appointment of Major Zachary-Taylor Wood.

WYNDHAM DEFENDS THE POLICY OF THE BRITISH GOVERNMENT. London, Nov. 1.—Chief Secretary for Ireland Wyndham made a speech at Dover, in which he dealt with the Nationalists' challenge of the government's Irish policy.

The speaker expressed his belief that the end of the Irish question was coming soon and said that the Irish land purchase bill, based upon sound business proposals, would be the principal measure proposed at the next session of parliament.

In the meantime the government must vindicate law and order, the defence of which, Mr. Wyndham said, was "frontier politics."

USE ELECTRICITY. Swedish Government Lines to Adopt It.

London, Nov. 1.—The Swedish government has decided to convert the 4,200 miles of government-owned railways in that country into electric traction systems for the purpose of utilizing the natural water-power of the country. Representatives of the government of Sweden are now in London conferring with experts on the subject, and plans have already been submitted for the work which will be completed in three years. It is probable that Denmark will take similar action.

CURED ULCER IN THE KING. Treatment Applied to His Majesty's Nose.

London, Nov. 1.—A correspondent of the Medical News asserts that some time ago King Edward had a small rodent ulcer near the root of the nose, which was successfully dealt with by X-ray treatment. This was applied by Dr. Arthur Barry Blacker, who has since died. Dr. Blacker cured the king in sixteen sittings. How long the cure will last remains to be seen, but at present it is complete.

A TERRIBLE FALL. Body a Bleeding Mass—Head Unrecognizable.

Montreal, Nov. 1.—James Ross, a lad employed on the construction of the grain elevator, on King Edward Pier, fell from a height of sixty-five feet this morning and, in the descent, struck numerous iron beams and when his body reached the bottom it was practically reduced to a bleeding mass of pulp. About every bone in his body was broken while his head was unrecognizable.

Woman Lost Her Life. Hamilton, Ont., Nov. 1.—Word has been received in this city to the effect that Miss Lizzie Hunt, formerly of Hamilton, lost her life in the big hotel fire at Fair View, B.C., a short time ago. She was employed as a domestic by Reginald Russell, also formerly of Hamilton.

Jenkins' Suits. Fit Reform pleases those who wear it. If you try it you will get value for every dollar you spend, \$10, \$12 Cider at Redden's.

WEATHER PROBABILITIES.

Toronto, Ont., Nov. 1. (11 a.m.)—Fog and mild to-day. Showers toward Sunday evening.

One Corset Has To Be Best.

The W. B. Erect Form corset is the best in the world. It is first of all a healthful corset, but not less healthful than stylish and just as cozy and luxuriously comfortable as it is stylish and healthful.

There is a particular Erect Form model for each different build of figure.

PRICES, \$1 35, \$2, \$2.50.

LADIES' KNIT-TO-FIT COMBINATION UNDERWEAR

Fits the figure like a glove. Unequaled for wear and warmth.
