NOVEL SERMON

A WEEK'S RECORD CAUSED BY DRINK

Most Liberal Church in the World
—The King is Generous to Christianity — Doings in the Churches.

Methodist churchmen will provide an evening recreation place for St. John, N.B., boys.

Knob church, Galt, has granted \$200 a year, retiring allowance, to Rev. Dr. J. K. Smith.

Rev. Dr. Joseph Parker is nearing the end of his ministry in City Temple, London. Ill-health is the cause.

Rev. F. McAmmond, late pastor of Ashbury church, Perth, has accepted a call to a fine church in Orelan, Ill., near Chicago.

Zion Tabernacle, Hamilton, has decided to extend a call to Rev. John Pickering, Brantford, to become the next pastor of the church.

Rev. Dr. Sowerby, pastor of the Talbot Street Baptist church, London, Ont., will not accept a tempting offer of a pastorate in Joliet, Ills.

The Volunteers of America have under consideration plans for establishing training schools at San Francisco, Chicago and New York. The schools will be for the training of young men and women in evangelistic work.

Rev. George M. Campbell, pastor of Centenary church, the leading Methodist church in St. John, N.B., has received a call to Wesley Methodist church, Vancouver, the largest Methodist congregation west of Winnipeg.

The King of Siam, though a strict Buddhist, is very generous towards the Christian religion, assigning valuable property in his kingdom to the use of missionary workers and often making cash contributions to their work.

The Presbyterian, in speaking of "Prophetic Ideas and Ideals," says: "Dr. Jordan's fine scholarship, sympathetic insight, literary skill and high purpose combine to make this a highly valuable contribution to Biblical literature."

Rev. R. C. Horner, B.O., has purchased the property located on the corner of Waverly and Bank streets, Ottawa, and intends erecting a college and general headquarters for the use and benefit of the sect of which he is the founder.

The United Brethren, the Cumberland Presbyterians, the Methodist Protestant and the United Evangelical churches have creeds and church policies very similar. Some of the leaders of these churches are now considering a national federation.

To-day is the festival of All Saints, which is observed by the Anglican and Roman-Catholic churches. All Souls' Day generally follows All Saints' Day, but this year, Sunday intervening, it will not be observed till Monday. Sunday is always a festival of joy and solemnity.

Rev. Dr. Young, St. Thomas, who had an invitation to a leading Methodist church in Omaha, Neb., has decided to remain in St. Thomas. The doctor was offered \$3,000 a year and a free parsonage. He is a brother of the colored minister, in his closing prayer, said: "O good Lord, bless our brother L., who has preached to us in his poor, weak way."

church, Denver, Colo., by a vote of 154 to 12, have refused to accept the resignation of the Rev. Bruce Brown, which had been tendered on recommendation of the elders. The opposition to Mr. Brown had its origin in his inviting labor union leaders to discuss labor questions from his pulpit.

Rev. Howard S. Bliss, who for five years has been the pastor of the Christian Union Congregational church in Upper Montclair, N.J., and who was at one time assistant to the Rev. Dr. Lyman Abbott, in Brooklyn, has been elected to the presidency of the American College, in Beirut, Syria, to succeed his father, the Rev. Daniel Bliss.

According to Dr. Ashmore, China, the most liberal church in the world is found in Hawaii. They are carrying on a mission of their own in the Gilbert Islands, sending money to the American board also. Last year they gave \$10,000 to carry on their mission. This year they have already sent \$1,000 of Uncle Sam's yellow gold on to Boston, and the second and third thousands are to follow soon, and that does not include private gifts of individuals whom the Lord has prospered.

One of the longest sermons on record was preached at Eastport, Me. recently. The sermon consisted of one week's newspaper reports of the suffering, shame, sin, and crime caused through intemperance. The reports were pasted on paper strips made into a huge roll, and as the roll was unrolled extracts were read by the pastor, who made comments on special cases, while several attendants carried the end through the church and into the street. It was then placed on exhibition as an object lesson showing the misery caused by drink.

The British Weekly says that the Rev. G. Campbell Morgan was at one time much in need to join the Salvation Army. He consulted the wife of General Booth, who asked him if he felt that he could not work for God anywhere else than in the army. When he replied in the negative she advised him not to come, saying: "I have no desire to bring into the army all the men in this country who stand for evangelistic work." It was a wise remark of a wise woman. General Booth and Mr. Morgan were fellow-passengers on the steamship Campania.

Congregational pastors in Massachusetts are carrying out various plans for holding the young people. At Adams a modified form of institutional work is carried on in the splendidly equipped parish house. The basement of the chapel at Alton is given over to the boys and youth for lessons in carpentry and wood carving. Other pastors have nature study classes, and by walks and talks with their boys and girls seek to know them and to acquaint them with the finer things of life. One minister considers that he has made no investment that yielded larger dividends than the gift of Warren's "Almost Fourteen" to the adolescents of the Sunday school.

An eloquent preacher tells this good joke at his own expense: "When I was in Florida last winter I preached to a negro congregation one Sunday, excusing myself from saying much on account of my poor health. The colored minister, in his closing prayer, said: 'O good Lord, bless our brother L., who has preached to us in his poor, weak way.'

Evening subject, "Be-cause Day in our Sunday Schools," and "The Faculty of Courageous Encouragement."

No mind mystery and uncertainty has formerly surrounded diseases of the nerves that people often make the dreadful mistake of neglecting them. They feel weak, miserable, and nervous, but try to console themselves that it will wear away. No so. Nervous diseases do not get well of themselves, but gradually weaken the system until there is nothing left to build on.

Mrs. James Hurst, grocer, 159 Pitt street, Kingston, Ont., states: "I frequently had distressing dizzy feelings in my head in the morning and suffered a great deal with pains in my back. About two months ago I began a treatment with Dr. Chase's Nerve Food, and it was not long before I noticed a great change in my condition. I rest and sleep well now and get up refreshed in the mornings. The pains in my head and back don't bother me anymore. I am firmly convinced that this preparation is thorough and permanently curing me and that my system is much benefited by its use."

Dr. Chase's Nerve Food may not cure you in a week or even in a month, but it is bound to benefit you and will naturally and certainly restore vigor to body and nerves. There is no treatment, so thorough and effective in curing nervous disorders and none which has been so generally endorsed, by physicians, and laymen alike. The secret of its remarkable power lies in the fact that it is a food for the nerves, and acts in accordance with nature's laws, 50 cents a box, at all dealers, or Elmslie, Bates and Co., Toronto.

SEASONABLE ADVICE.

CHANGE OF WEATHER DISASTROUS TO MANY PEOPLE

Bad Blood Makes You Liable to Cold — A Cold Makes You Liable to Twenty Diseases — How to Protect Yourself.

Changes of the season affects the health more or less perceptibly. The effect of the hot weather on the blood leaves it thin and watery, and now that the weather is changeable this makes itself disagreeably felt. You feel fatigued, dyspeptic and tired; there may be pimples or eruptions of the skin; the damp weather brings little twinges of rheumatism or neuralgia that give warning of the winter that is coming. If you want to be brisk and strong for the winter it is now that you should build up the blood, and give the nerves a little tonic. Dr. Williams' Pink Pills are the greatest of all blood-making, nerve-restoring tonics, and will make you strong and stave off the aches and pains of winter if you take them now. James Adams, Brandon, Man., is one of the thousands whom Dr. Williams' Pink Pills have restored to health and strength. He says: "It is with deep gratitude that I acknowledge the benefit I have derived from the use of Dr. Williams' Pink Pills. Before taking the pills my health was much shattered with rheumatism, nervous depression and sleeplessness. For fully twelve months I rarely got a good night's sleep. When I began the use of the pills it was with a determination to give them a fair trial. I did so and can truthfully say that I could not wish for better health than I now enjoy. I shall always speak a good word for Dr. Williams' Pink Pills."

Poor blood is the cause of most diseases. Good blood means health and strength. Dr. Williams' Pink Pills do not purge—they simply make pure, rich blood. That's why they cure so many diseases. But you must always get the genuine with the full name, "Dr. Williams' Pink Pills for Pale People." On the wrapper around every box, sold by all druggists or sent by mail, post paid, at 50 cents a box or six boxes for \$2.50, by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont.

Live Stock Market.

Toronto, Oct. 30.—For export cattle cables from England are not at all encouraging and the demand is slow. The offerings continue heavy. Picked lots of steers, in good condition, will bring \$5 per cwt., while loads of good stock sell down as low as \$4.10. Medium grades, including mixed lots and light weights, are selling at \$3.75 to \$4.25.

There is a steady demand for choice lots of butchers' cattle for legal trade, and these sell readily up to \$4 per cwt. Picked lots are in better demand of course. One firm here is prepared to take 1,000 bulls and steers before the season closes and to pay the prices which have been ruling of late. Good feeders are scarce and very steady at \$4 to \$4.50 per cwt. Medium weights are selling fairly well at \$3.75 to \$4, while light are steady at \$3.25 to \$3.75.

Milk cows. The receipts were very light, and the demand for fine cows was not satisfactory. Milkers are wanted at prices ranging from \$40 to \$60.

Sheep and lambs. Sheep are steady and are selling rather well at \$3.25 to \$3.40 per cwt. Lambs are dull, however, and quotations are 15c. to 25c. lower at \$3.25 to \$3.60 per cwt. About 200 of them were left unsold.

Calves. Steady and unchanged at \$3 to \$4 each. There is a continued demand for choice veal.

Hogs. Run was light and market was steady, with prices unchanged at 86 per cwt. for selects and \$5.75 for lights and fats.

"Bibby's" To-Night. "Bibby's," Westminster, the new tailor made overcoats, \$8, \$10, \$12, \$12.50, \$14, \$15. The H. D. Bibby Co.

We receive our order from the west and it is so improved that it will not sour. James Redden & Co.

At The Reception.

She—Do you know, I think masked balls are just lovely.

He—Yes; I wish this was one.

At The Y.M.C.A.

A social evening was spent in the Y.M.C.A. building last night. Candies and apples were freely distributed, and songs and music added pleasure to the occasion. F. W. Coates' gramophone was another attraction. The candy was the handiwork of the assistant secretary, Fraser Pell, and he showed himself to be a splendid manufacturer of sweets.

The men's meeting to-morrow afternoon will be in charge of the general secretary, J. A. Lawrence. The programme will include a mandolin solo, "The Holy City," by Mr. DeLong, of Queen's College.

Vital Statistics.

These vital statistics were registered at the office of the city clerk during the month of October: Births, 51; marriages, 13; deaths, 36. Compared with last year, the figures are: Births, 20; marriages, 8; deaths, 37.

To Fill The Position.

During the absence of W. A. Gunn, who leaves on Monday for New York to spend a month's holidays, his assistant, Harry Pegg, will fill the position of hospital overseer at the Kingston penitentiary.

Boys' Overcoats.

Just in this morning a large shipment of boys' Raglan overcoats, cuff, vertical pockets, long, loose back, etc., etc., dark grey melton, special value, £1.50.

"Bibby's" Overcoats.

"Our overcoats are such as any customer might be proud of, \$8, \$10, \$12, \$12.50, \$14, \$15. The H. D. Bibby Co.

SOCIAL SATURDAY NIGHT.

(Continued from page 2).
The Countess of Minto, with Lady Eileen, and Lady Ruby Elliott, Major Marie, Mrs. Maude and Captain Pell, A.D.C., were present at the Indian entertainment given in the Ottawa University hall Wednesday evening. Lady Minto wore an elegant gown of black net and sequins over white satin, a handsome necklace of pearls and diamonds, and touches of pink in her hair and corsage. Lady Eileen Elliott wore a gown of blue silk and Lady Ruby Elliott was in pink. Mrs. Maude wore a handsome gown of black net. Lady Minto was presented with a pretty bouquet of pink and yellow roses by a little Indian girl, Kehe-towaks.

The Princess of Wales is glad to see me now have her children about her, in their own home, at York House. The past year has been one of unusual racket and strain, and right bravely did Her Royal Highness ride to the needs of the occasion. But just now she is only too glad to be quiet. The princess is resolved that her children shall be equipped with that best piece of life's armour-plating—recollections of a free and joyous childhood, which both she and the prince enjoyed.

The coronation durbar is to be a disturbing element in the social life of New York and other large American cities. The majority of those who go abroad each winter will extend their trip to India this year, and others who were to remain at home have changed their plans to attend the magnificent spectacle, of which an American girl, Lady Curzon, will be one of the two central figures. The display will be a dazzling revelation to western eyes, as the native princes are to wear the fabulous gems that have been preserved in the palaces for centuries, and never shown to Europeans.

To celebrate the ending of the cold strike, the guests at Mrs. John I. Warburton's luncheon, at the Morris County Golf club house, Morristown, N.J., were presented with miniature coal scuttles filled with imitation black diamonds. The scuttles were gold plated affairs, each holding about two tablespoonsfuls of black broken chocolate. They were served with the cream course at dessert. In each scuttle was a gold plated coal shovel, with which the ice cream was eaten.

Mr. and Mrs. W. K. Vanderbilt are planning an automobile trip across the continent to San Francisco in November. It will be the first time that anything of the kind has been attempted and it is bound to excite an immense amount of interest.

The first assembly ball will take place at the Waldorf, December 12th. Its list of patroresses has been very carefully prepared and will really indicate those who are at the head of New York society.

A large portion of the fence fronting the late Col. Duff's residence on Princess street, was torn down; while on the opposite side of the street Mr. Gibson's fence was also leveled. A large portion of the walk on Garrett street was torn up, as well as many parts of that on King street west. Many pieces of fence on Garrett street were also thrown down.

A crowd of young men invaded the yard of Louis Lesses, second hand goods dealer, Chatham street, and dragged out a large wagon belonging to him. He interfered to protect his property and was roughly handled, while his wagon was hurried down town, and abandoned on Col. Duff street.

The same crowd tore down a part of Market Clerk MacCannan's residence on Queen street, and a verandah on H. Hitchens' house on Brook street. They attacked a fence on the Mills property, Cobham street, but a local auctioneer got after the boys with a club, laid three of them out and broke up the gang.

Another company of young men were causing destruction to vehicles, etc., in a laneway near Elder's livery, Wellington street, from which spot they were chased away by several policemen.

A large derrick for the hoisting of stone was carried away and deposited in the Haymarket Square. The large cannon in Frontenac Park at the end of Clergy street, was tipped up, so that the muzzle reposes on the ground. It was too heavy to unhinge.

Jim Dumps one morning had the dumps. The world seemed full of useless chumps. His clothes and things were not in place; His razor slipped and cut his face. But breakfast made its change in him; Once more, "Force," he's "Sunny Jim."

"Force" puts a smiling face on trouble.

The Ready-to-Serve Cereal.

Sweet, crisp flakes of wheat and malt.

Gained Ten Pounds.

"Every summer I have had to take tonics but now I use 'Force.' I take four tablespoonfuls every morning and I am now enjoying excellent health—it has built me up—gained about ten pounds."

"(Mrs.) Kate W. Dow."

PROPERTY DESTROYED.

On Hallowe'en—Much Damage Was Done.

Last night the accustomed pranks were played. Many of the sports, however, were nothing less than wanton destructiveness. At a conservative estimate, \$500 of damage was done in the city by boys and young men who thought they were "having a good time." That the damage was not trebled is due to the vigilance of the police, who prevented several gangs from carrying out their senseless designs.*

A large portion of the fence fronting the late Col. Duff's residence on Princess street, was torn down; while on the opposite side of the street Mr. Gibson's fence was also leveled. A large portion of the walk
