The Queen's rugby excursion train left for Toronto at one o'clock this afternoon with 300 people, the largest number that has come from Kingston on a similar occasion for years—since the days in the past decade when the prowess of 'old Queen' on the rugby field stirred the hearts and pockets of the people of the old Limestone City. The scene around the G.P.R. station was one of great bustle. Queen's colors fluttered from the dress of nearly every excursionist. A large flag, decked out in red, blue and yellow, was taken along as a mascot. "Alice" Pierce was much in evidence.

Italy After Turkey

Paris, Nov. 7.—The Petit Journal asserts that the bombardment of Mili, on the coast of Arabia, by two Italian gun boats was not a mere police operation against pirates as was asserted at the time. It was rather the beginning of a conflict with Turkey for which Italy has been preparing. The Porte is endeavoring to gain time but is not likely to avoid the misunderstanding which Italy is seeking. In this connection it should be remembered that Italy is openly waiting to take possession of Tunis.

Still Marching.

Winnipeg, Nov. 7.—The main body of Doukhobor crusaders, about 500 strong, passed through Strathclair, yesterday afternoon, eastward bound. They halted on the streets and informing the inhabitants that they were going to convert the world, asked for food and shelter, "for Jesus' sake."

A CASE OF MURDER.

Canadians in a Domestic Tragedy.

Welland, Ont., Nov. 7.—Word has been received from California of a tragedy of which the principal actors were formerly of this vicinity. George Hansler, of Ontario, California, shot and instantly killed his wife last week and then attempted to kill himself. The cause is supposed to have been domestic trouble. Mrs. Hansler left home with her brother-in-law, and her husband followed and overtook them shot her and then turned the gun upon himself. The charge tore one side of his face and head in a frightful manner and will probably prove fatal. Hansler is forty-five years old and his victim was his second wife. His first wife procured a divorce a few years ago and still lives in California. About a year ago Hansler married a

Car Checked By Afghans.

London, Nov. 7.—A statement made by an Afghan merchant, who has just arrived in Calcutta from Kabul, is contained in a despatch to the Times from the former city. The merchant says a letter from the Russian government asking for closer commercial relations with Afghanistan was read by the Amer in Kabul, and on one occasion a young Afghan, and a nobleman suggested that the bearer of the letter be beaten. The Amer caused a reply to be written, in which it was stated that he was willing to discuss the matter, but it was impossible to change in a moment the whole tenor of Afghan policy. All future communications must be addressed to the government of India, according to the precedent set by the late Amer, Abdul Rahman.

What Is Proposed.

Birmingham, Nov. 7.—The latest version of the syndication of the collieries of the United Kingdom represents the scheme as formulating a combination similar to the German coal ring with the view to regulating prices and wages, and resisting the encroachment of United States trusts. It will be a pooling arrangement, under which, in the event of part of collieries closing down, owing to strikes or over-production, the owners would be compensated from national reserve fund.

OVERWORKED.

BIG GATHERING AT THE LORD'S DAY ALLIANCE.

Growing Public Interest in the Work of the Body—The Introduction of New Rules in the Intercollegiate Union is to be Urged.

Toronto, Ont., Nov. 7.—Judge McDougall was seized with a fainting fit about four o'clock yesterday afternoon while sitting at his desk in his chambers at the city hall. He lay for twenty minutes quite unconscious. A doctor was called in, and as a result of his treatment his honor, after a rest, was able to talk quite freely and to go home without assistance. The cause of the judge's sudden disorder is attributed to overwork.

The largest annual convention in the history of the Ontario Lord's Day Alliance commenced, last night, at the Jarvis street Baptist church. Varsity's representatives at the annual meeting of the Intercollegiate rugby union, will make a strong fight for the adoption of the Bursdale rules. In the event of the league deciding against the total reception of the rules, Varsity will urge strongly the adoption of the snap-back, the reduction of the teams to twelve men a side, and the gaining of ten yards on three downs.

Matches between the Argonauts and Varsity, for the city championship, have been arranged to be played on November 15th and 22nd, on Varsity field. One, and probably both, of the games will be played under the new Bursdale rules.

Are In High Feather.

New York, Nov. 7.—The Cleveland and Liverpool bye-elections are nasty bills for the government, and the liberal party is in high feather again. Such a big reduction in the Tory majority at Liverpool was not anticipated by the party managers on either side, and the thumping majority for the liberal candidate, in Cleveland, clearly indicates the unpopularity of the education bill in work-a-day Yorkshire.

Grandin, Mo., Nov. 7.—Joseph Farrow and Marion Dun engaged in a duel with pistols on the streets, as the result of which both men were killed. Eleven shots were exchanged at short range, eight taking effect, each man being hit four times. Numerous Lives Lost.

Seattle, Wash., Nov. 7.—No less than eight men were drowned, three vessels driven ashore and practically every lighter on the Nome beach was wrecked in a storm that commenced on October 14th, and continued throughout the day. A dozen or more people thrown into the surf were rescued by the life-saving crews. The schooner Louise, the steamer Elk, and the launch Fleet wing were among the larger craft lost on the beach. Attacked By Butterflies.

Tokio, Nov. 7.—According to the native papers, a host of large butterflies, numbering about fifty thousand, entered a house and fluttered round an electric light in the parlor. The occupant of the house was frightened, and ordered his servants to burn a fire in the street. The butterflies swarmed to the fire, and many of them were burned to death.
