A SAD ILLNESS.

E. A. RIKLEY, Napanee, Stricken With Paralysis

NEAR TO DEATH.

NAPANEE CURLERS HAVE ORGANIZED.

Great Demand in Apple Barrels— Health Improving in the West —A Teacher Resigns—Notes About People.

Napanee, Nov. 15.—E. A. Rikley was stricken with paralysis last evening about six o'clock while attending to the decoration and refreshments about to be served in the Masonic rooms. He was in his usual health all day, but unusually busy superintending the work for which he was the caterer. Two long flights of stairs had to be ascended and descending a number of times, which it is supposed was too much for his strength. A ruptured blood vessel in the brain caused an almost instant collapse, and Mr. Rikley had to be carried to his home, and doctors summoned. He lies in an unconscious state and is in a very critical condition.

There was no cheese boarded at the regular meeting of the cheese board here yesterday afternoon. The board adjourned to meet the first Wednesday in May. Dr. N. J. Sills this week removed his dental rooms to the new premises over F. W. Smith & Bro's., Hay Bay, fell from a building he was erecting as an addition to his home, and sustained very serious injuries. He was unconscious for about three hours after his fall.

The curlers held their annual meeting in the public library last Monday night. The treasurer's report showed a balance of \$1,150 on hand from last season. The following were elected officers for 1902-3: Patron, W. A. Bellhouse; patroness, Mrs. W. A. Bellhouse; president, W. S. Herrington, K.C.; vice-president, W. Smith; secretary, A. Alexander; treasurer, W. F. Hall; chaplains, Rev. Messrs. Macdonald and Hogan; executive committee, Messrs. Bellhouse, Dr. Leonard, Robinson, Ham, Daly, ice committee, Messrs. Ham and Smith. It was decided to postpone the election of skips until the members of the club were called together at a later date. The president, vice-president and secretary were appointed a committee to receive the rules governing the inter-club matches, and report at a meeting held in the public library next Monday night, 17th inst.

Hugh Hill, Conway, purchased this week the William Secker farm at Hawley for the sum of \$9,500. The case of Wagner vs. Ferguson, an action to recover damages for loss of life was tried on Tuesday. Judgment for defendant, T. B. German for plaintiff; W. S. Herrington and H. M. De-roche for defendant.

Charles Stevens has been kept hustling for the past few weeks making over 13,000 apple barrels, and still the demand keeps up. Miss Ada Reid, teacher at the River school, South Napanee, has had to give up her school owing to poor health.

Mrs. John Row, nee Sara Allen, is spending a few days in town this week. Mrs. C. Allen is visiting friends in Belleville. Mrs. L. C. McHenry, Chicago, is visiting her many friends in town.

The many friends of Miss Fannie Allingham will be pained to hear that she was obliged, through failing health, to leave her position in Chicago, and seek a warmer climate. She left this week for Southern California.

Charles Wilson, who left recently for Denver, Col., for his health, writes that the climate is just what he wished for, and that he had gained four pounds in a week's stay.

Dangerously Ill.

Paris, Nov. 15.—A dispatch from St. Petersburg says it is reported there that the Grand Duke Michael has been taken suddenly ill. His condition is said to be very serious. The Russian doctors are of opinion that there is little chance for recovery. As all the czar's children are girls the grand duke, who is about twenty-four years old, and is the only brother of the Emperor Nicholas, is the heir-presumptive of the throne.

BRAZIL'S PRESIDENT.

He Was Inaugurated With Ceremony.

DR. F. RODRIGUES ALVES.
Rio de Janeiro, Nov. 15.—Dr. Francisco de Paula Rodrigues Alves was today inaugurated as president of Brazil, the installation being marked with the customary ceremony and the day being observed as a general holiday throughout the republic. The new president has chosen a cabinet that enjoys the confidence of all the business and banking interests and it is generally felt that Brazil is about to enter upon a new era of prosperity. The ministers, notably Baron de Rio Branco, the minister of foreign affairs, and Senor Leopoldo Bulhões, the minister of finance, have travelled extensively in the United States and are generally recognized as liberal and progressive statesmen.

Dr. Rodrigues Alves, the new president, for many years has been a conspicuous figure in the politics of Brazil. He is a native of the state of Sao Paulo and has lately been governor of that progressive and rich state. As a manager he is said by his friends to be superior to any man in South America. His ability was recognized by President Peixoto, who appointed him minister of finance in his cabinet. President Moraes retained him in that place.

Dr. Rodrigues Alves is a lawyer and has occupied a leading place in the republic since he was elected to the republic. He was the candidate of the republicans in the election and is considered a great triumph because of the high standing and prominence of his defeated opponent, Dr. Ubaldino do Amaral.

MIGHTY DUST STORMS.

Hardly Possible to Breathe While They Raged.

Sibley, N.S.W., Nov. 15.—The southern parts of Australia have been visited by a series of dust storms. The dryness which has prevailed for seven years is reaching its climax this year. The terribly destructive drought has destroyed the herbage in large areas, laying the land bare. A heavy gale on November 13th, raised tremendous quantities of dust from these tracts and drove vast clouds of red powder over the whole of the state. The atmosphere was oppressive and it was hardly possible to breathe. The darkness was intense while the dust clouds were passing. The inhabitants of numerous towns were badly frightened by the darkness and hid in their houses. Artificial light was necessary in the streets of Melbourne, where there was much hail lightning, which ignited several buildings. It was very dark in Sydney. The clouds extended twelve miles seaward. The railroads in some places were blocked by heaps of dust. After the wind subsided the atmosphere was brilliantly pink and the temperature fell suddenly. The lack of rain continues.

ACTIVE AND STRONG.

How Mgr. Bruchesi Found His Holiness.

Montreal, Nov. 15.—A letter has been received by the canons of the archdiocese of Montreal from Mgr. Bruchesi in Rome, stating that he found the pope more active and stronger than on his last visit to Rome five years ago.

A seat on the Montreal stock exchange has been sold by Montreal Co. to C. S. Garland, for \$25,000. The last seat sold for \$23,500.

The Richelieu & Ontario steamer Quebec, which went aground on Thursday, has not yet been floated, but is expected to be got off to-day or tomorrow. She is on a mud bank and the company are using their own men and apparatus for the work, as the company is not pressed for steamers at this season.

TO ASK RATEPAYERS.

Whether They Will Vote \$50,000 for Sanitarium.

Toronto, Nov. 15.—At the request of the Toronto anti-consumptive league the board of control has decided to submit a by-law to the ratepayers whether the city would vote \$50,000 towards establishing a sanitarium for consumptives.

The proposition of the Lake Simcoe Water Supply Syndicate to furnish water to the city, was rejected by the board of control yesterday. (City Engineer Rust reported that the adoption of the scheme would entail an expenditure of \$7,000 a year, more than the city now pays for its water supply, while, in his opinion, Lake Simcoe water was not superior to the present supply.)

A Clergyman Dead.

She Was A Matrimonial Bureau Bride,

GETS \$300,000.

THE DENOUEMENT OF A HAPPY ROMANCE.

Chicago Girl Weds Aged and Wealthy Man, Who Dies and Leaves Her Rich—Three Daughters Ignored by Will.

St. Joseph, Mich., Nov. 15.—The death of Miles Beebe, the wealthiest citizen of the village of Paw Paw, Mich., thirty miles north of this city, is the denouement of a romance which began a short time ago. Beebe was seventy years of age, a widower and anxious to spend his last years in domestic happiness on his farm, two miles east of the village. A few months ago he wrote to a matrimonial journal for a wife, which ended in his meeting a train from Chicago, one evening and escorting Miss May Burns, a young Chicago woman, to his home on the farm. She was a girl of twenty-four summers, brunette, with shrewd, black eyes. The bride-elect was pleased with farm life, and the marriage followed.

To all appearances the couple seemed happy and contented, until a few months ago, when the aged husband arrived from the field one day and found that his young wife had deserted him, taking along \$3,000 of his money. Later she attempted to cash checks, but failed in her mission. Later, he persuaded his wife to return to his home and Beebe was stricken with apoplexy and died. It is said the young wife received property valued at \$300,000 by will. Three daughters were ignored in the will by her father.

ENCROACHING UPON CANADA.

Charge Made Against United States Surveyors.

Victoria, B.C., Nov. 15.—The Province says:

"In the quietest possible manner and with every precaution to secrecy, United States surveyors have encroached upon Canadian territory to the northeast of Cape Fox, and appropriated thousands of square miles of land lying within the boundaries of British Columbia to the westward of the Portland canal.

The line from Portland canal runs northeasterly for a short distance from that body of water, and then turns and runs nearly due west and finally it connects with the Ykoot river at the confluence of that stream with the Sitkine river. At the same point there is to be found an old post supposed to be erected by the Hudson Bay company, and by running the line to that post it is apparently the claim of the American government that the post in question was placed in position by the Russians, although the survey line is distinctly marked by squared and cut granite monuments. The monuments run to an apex and mounted on the apex of each is a copper rod, which surveyors state was placed in position with a view of marking exactly the spot where the American surveyors placed their instruments when running the line.

It is hardly possible to believe, in view of the presence of a British Columbian government official at Port Simpson, that Americans can have occupied this territory without succumbing to some of the knowledge of the government agent and by him transmitted to the provincial government and thence to Ottawa.

MINISTER ARRESTED.

Dominie Accused of Abduction of Young Girl.

Atlanta, Iowa, Nov. 15.—Rev. D. E. Knapp, a Wesleyan Methodist minister, of Guthrie Centre, Iowa, and Leota Deamy, a fifteen-year-old girl from the same place, were arrested in this city yesterday.

The pair left Guthrie Centre, Tuesday morning, and went to Audubon, where they tried to procure a license to marry, but could not. They will be taken back to Guthrie, the man to answer a charge of abduction and the girl to her parents.

The minister has been in Guthrie Centre for a year and has charge of the pulpit of the church of his denomination there. He is a widower and has four children. For six months the girl has been his house-keeper.

WORE A MASK OF DEATH.

Paint Caused Blood Poisoning and Child Succumbed.

Orange, N.J., Nov. 15.—Freda Harker, four-year-old daughter of Otto Henke, is dead at her home here as a result of blood poisoning, contracted by wearing a papier mache mask at a Halloween party she gave to her friends. Perspiration on the little girl's face melted the paint on the mask and she was inoculated through an abrasion on her upper lip. Her face and head became greatly swollen.

FATALLY WOUNDED.

A Neighbor Shot by a Man Who Turned Insane.

Edmonton, N.W.T., Nov. 15.—Robert Heddel, a farmer, who lived near Ledoux, was shot and fatally wounded by a neighbor, Charles A. Buecke, who afterwards became violently insane. Heddel had shown symptoms of insanity for some time. After shooting Heddel he pulled the revolver on another neighbor, but the weapon missed fire.

She Saved 2,000 Dimes.

New York, Nov. 15.—Since the death of Mrs. Katherine Sipe, in this city, on Tuesday, her relatives have discovered that she was by no means so poor as they had supposed. Searching the house yesterday they found various treasure boxes, and in one of Mrs. Sipe's dresser drawers 2,000 dimes were stowed away.

Money was found in every room of the house, as well as in the cellar, and finally in Mrs. Sipe's mattress, the bed upon which she died. \$2,000 was found, a part of it in government bonds.

Did Not Kill Latimer.

New York, Nov. 15.—The man who recently surrendered himself to the police of Brooklyn as the murderer of Albert C. Latimer, confessed that his name was Ralph E. Doughty. He declared that he is the son of wealthy parents in Cape May. He is unable to explain why he accused himself as the Latimer murderer.

Can Bury Wife Alive.

Emporia, Kan., Nov. 15.—Judge Madden in the circuit court last night decided that a man had the right to bury his wife alive. The city asked for and was refused an injunction to prohibit a "professor" giving an exhibition of hypnotism by burying his wife for six days.
