sident to first consider a compromise. When it was agreed to submit the matter to an arbitration commission, or an investigating commission, as ple claimed a victory, asserting that the action on the part of the railroad men was a complete recognition of the union. Since then things have changed, and Mr. Baer alleges that he has not recognized the unions and refuses to do so in any future arrange-

ments that may be made. It is known that some of the mem bers of the commission fail to see how arbitration can possibly be successful when both sides of the controversy declare that upon one of the most important points at issue neither side will yield. If Mr. Baer and his associates in the coal business will not agree now to abide by the decision of commission should the commission decide that ion must be recognized, Mr. Mitchell. it is said, does not see how miners should abide by the decision of the commission in case it decides against recognition of the union.
