

A GOOD SAMARITAN.

Being Helped Himself Wishes to Help Others.

The papers were never so filled with advertisements of remedies that will cure every known disease, as they are to-day; these are invariably accompanied by letters from the people, testifying in the strongest terms to the virtue and merit of the particular preparation advertised; but because so much is claimed for the medicine, it has come to the point where most readers regard such testimonials as pure "fakes" and made out of whole cloth.

We are glad however to vouch for the reliability of the following from William Lichenwater, proprietor of the largest printing house in Canton, Ohio, regarding the Pyramid Pile Cure, for which nothing is claimed except that it will cure any and every form of Piles.

"For several months past I have received so many enquiries from sufferers asking if my testimonial is authentic, that I am inclined to send in a bill to you for postage and stationery.

It is now two years since I was last troubled, and my rectum is as clear and clean as any man who never had piles, although I suffered with protruding, bleeding and internal piles for twenty-seven years. I will not attempt to detail the agony I suffered, being too happy to say I believe I am cured, after two years of evidence.

What will cure one man will sometimes not cure another; whether it was the Pyramid Pile Cure that cured me, I cannot say; but I have been free from piles for two years after using your treatment. I leave sufferers to draw their own conclusions.

I will answer any communication that a sufferer may ask, and will refer to any business house, bank or manufacturer of Canton, Ohio, concerning my identity, among whom I have lived for forty-eight years."

Pyramid Pile Cure is sold by druggists for fifty cents a package, or will be mailed to any address by Pyramid Drug Co., Marshall, Mich., upon receipt of price.

Drop this firm a card, asking for their little book describing the cause and cure of piles.

IS IN ERUPTION

GREAT VOLCANO OF ITALY AGAIN SHOWS ACTIVITY

A Magnificent Spectacle—Eruption is Accompanied by a Terrific Explosion and Immense Flow of Lava—Flames Rise and Illuminate the Surrounding Sea.

Rome, Nov. 18.—A fresh eruption of the volcano Stromboli occurred, Sunday evening, accompanied by a terrific explosion and a great flow of lava. It formed a magnificent spectacle, which was visible from all the northern part of Sicily, the flames rising from the volcano illuminating the surrounding sea.

The situation of the few inhabitants of the island of Stromboli is precarious. They are especially frightened by the washing ashore of great quantities of dead fish, which have apparently been killed by a submarine disturbance.

A number of yachts from Naples and other places have visited the waters surrounding the island to allow those on board to view the eruption.

The Kilauea Active Again.

Honolulu, Nov. 17.—A wireless message received from the island of Hawaii states that the volcano Kilauea has broken out in the most violent eruption for the past twenty years. Kilauea has shown mild intermittent activity since the outbreak of St. Pierre.

DIPHTHERIA STARTED.

From Unsanitary Conditions in Barrie.

Barrie, Nov. 17.—The township council met on Monday and had a very lively time over the appointment of a constable for the village. A. Riekey was offered the position at a good salary, but has not yet decided if he will accept. Mr. Riekey acted as municipal clerk in the absence of Mr. Belwa through illness at his home.

The contractors, Messrs. Tait Bros., who have been crushing stone for the township roads closed their work for the season, and treated the members of the council to an oyster supper, on Monday evening at Mr. Byrne's Hotel. Mrs. Hunter has returned home after visiting her daughter at Streetsville. J. Woods last week distributed a couple of hundred dollars' worth of fruit and flower trees through Pittsburg.

Diphtheria started in Barrie, when the pits poisoned the air. Council men have no business to take office if they are not willing to appoint a man or see to it themselves that unsanitary pools are not allowed to fester during the hot weather, filling the air with poisonous odors and disease germs, which have kept the centre of the village in quarantine for the last three months. H. Lechup has almost finished the frame work of a beautifully designed sofa composed of polished oak horns.

DOWN THE RIVER.

Budget of News From Thousand Island Park.

Thousand Island Park, Nov. 17.—The walls of the new hotel are completed. Capt. George Brown, one of the contractors of the new hotel, has arrived back, having been away buying building material. Jay J. Gardner and Capt. Ira Carpenter, who have been away duck hunting, have returned with plenty of game. Pratt's new cottage, corner of Rainbow and Outlook avenues, is nearly completed. Farrell's new cottage facing Crystal Bay, is completed. Thomas Mitchell, who has been seriously ill, is recovering.

Mr. H. M. Lee and daughter, Syracuse, are here for a two weeks' visit. Sanford Kemp has left for Syracuse, where he has secured a job in a meat market. Connections are now made with Clayton with Gardner's naphtha launch Kittle. Eller, A. F. Pennock, of this place, attended the golden wedding of his parents at National Bridge a few days ago. R. R. Robinson has returned from Brockville. Miss Etta Tipl, of this place, is visiting friends in Carthage, N.Y. Miss Mabel Nunn has returned from visiting friends at Clifton Springs. Presiding Elder A. C. Danforth will visit the Park next Sunday.

An Action For Divorce.

Watertown, N.Y. Times.

Through her attorney, Bradley Winslow, Josephine E. Martin, has commenced an action against her husband Allen E. Martin, for absolute divorce. The parties were married at Lansing, Ont., September 13th, 1883, and came to Alexandria Bay, March 14th, 1884, where the plaintiff now resides. The defendant left the plaintiff in March, 1896, ostensibly for the purpose of going to the lumber woods. They have one child, a girl of eight years, of which the mother asks the custody.

The alleged acts are said to have occurred in August, 1895, but with whom the plaintiff is unable to state. Martin cannot be found and the summons will be served by publication.

THE COUNTESS OF TANKERVILLE AND HER SON, LORD OSSULSTON.

The Countess of Tankerville is American by birth, for she belongs to one of the oldest Knickerbocker families in New York, the Van Meters. Lord Tankerville is still Lord Benmet when he married Miss Leonora Van Meter, but succeeded to the title some four years later. Lady Tankerville is mistress of one of the most splendid of British historic homes, namely, Chillingham Castle, the park of which is noted as being the resting place of the last herd of wild cattle in England. Lady Tankerville's little son, Lord Ossulston, a charming boy of five years, was the prettiest as well as the youngest page at the coronation.

THINGS THEATRICAL.

General Comments About Plays, and Players.

E. H. Sothorn will begin his New York engagement at the Garden theatre, December 20th, with "Hamlet." Cecilia Loftus will be the Ophelia.

"The Show Girl" drew crowded houses at the Montreal Academy all last week. It is full of comedy from beginning to end, has pretty chorus girls and catchy music.

The New York dramatic papers show that Proctor's Montreal theatre is about closing as a stock house and will hereafter play attractions not in the bill syndicate, with which the other houses are connected.

"Sherlock Holmes," which was at the Kingston Grand last Thursday, began a week's engagement at the Montreal Academy, Monday night. Their excellencies, the Governor-General and Lady Minto, occupied a box.

Herbert Kealey and Effie Shannon, now playing "Sherlock Holmes," have secured a new play, which they will act first in New York. It is a translation from the German, and the plot is woven around a biblical incident. The cast will call for 100 players.

The Dublin newspapers refused to retract what they said about "Sapho," which Miss Olga Netherole is playing. They called it immoral and told the people to stay from it. Miss Netherole threatened suit, and the newspapers invited the actress to go abroad.

Rev. Morgan Wood, formerly of Toronto, preached a sermon in Cleveland, Ohio, and stated that in the matter of influence and usefulness the press was first, the stage second, and the pulpit third. Most of the criticism of the stage, said the preacher, is from those who never go to the theatre.

There has never been a period in the history of the theatre in America when so great and so good a variety of legitimate dramas and comedies has been put before the people of the United States as during the past ten years. During that time also the mechanical resources of the theatre have been more than doubled in variety and efficacy.

Returned From The West.

Soperton, Nov. 12.—Our popular school teacher, Miss Lucy Kelley, has been re-engaged for another year. John Murphy in South Dakota for several months, has returned home and taken up residence with his family in Athens. The weekly Tuesday night dance was a success in numbers and interest. The pastor, Rev. G. H. Williams, has charge of the church.

Mrs. Robert Taber is spending a few weeks with friends at Sandwich. Hil Howard and Edward White have gone, with a number of others, on a fishing expedition on the Ottawa for a couple of weeks. The Ladies' Aid met at Robert T. Taber's on Wednesday afternoon. Thomas Jones and family, Franklinville, have moved into J. Fry's tenement house. A new Berlin piano has arrived at J. Fry's. Mrs. W. Davis is all smiles over the arrival of another daughter.

Forgive.

Boston Herald, Nov. 1783, did 1826. O God! I am as angry as man and woman against my wife. She has been unfaithful to me. And all my guilty deeds forgone up to Thy temple. I will tremble and quake. With Thy rebuke my trembling soul, that to despair is driven? "Forgive" the voice replied, "and thou shalt be forgiven."

My father, Lord, are five and fell; they spun me in their pride. They render evil for my good; my patience they deride. Arise, my King! and be the proud in righteous mind forgiven? "Forgive" the voice replied, "as thou would be forgiven."

Farms Change Hands.

Fair View, Nov. 17.—Farmers are busy shipping their apples. Reuben Loucks and Mrs. Shannon visited at John Loucks' last week. Mr. and Mrs. Snider spent Sunday at Violet. Lewis Baker has moved onto Victoria street, having rented Hugh Lovell's farm. Robert Deason has moved to Napanee. Fred Wales has bought a farm on Robin's Hill, and has moved there. John Simmons has rented George Traup's farm, and will move there in the spring. Shyer Loucks was pressing hay last week.

To Play In Kingston.

The W.L.S.F. executive has ordered the Wellesleys, of Toronto, to play a sudden-death game at Kingston with the Limestone, in the semi-finals of the junior series, on November 22nd. The Kingston club to guarantee \$50 towards the Toronto team's expenses.

HAS BEEN CASTIGATED.

The Dean of Ripon and the Creed.

London, Nov. 18.—The Bishop of London has ordered the prosecution of Rev. Middleton Evans, vicar of St. Michael's, Shore-ditch, for the introduction of Roman services into the regular liturgical use of the English church. The bishop himself will be the prosecutor, under the church discipline act of 1840, and the services of aggrieved parishioners will be dispensed with.

The Bishop of London by a single pointed protest has enforced discipline informally against Dean Fremantle for expressing heretical views respecting the incarnation, miracles and the resurrection. Dr. Fremantle at once shifted the responsibility for heresy upon the reporter who took notes of his address, but was subsequently left in an awkward position by the production of evidence that the report was submitted to him before publication.

INSURANCE CASE.

The Company, on Appeal, Had to Pay the Policy.

London, Nov. 18.—A very remarkable insurance claim came before the court of appeal.

On September 18th, of last year, Mr. Stuart, the assignee of an insurance for £2,500 on the life of the Hon. Francis Lawley, paid the premium on the policy to the General Life Assurance company—a day late—and obtained a receipt. At the time, however, Mr. Lawley was dead. He had expired at two o'clock that day, but neither Mr. Stuart nor the company was aware of the fact.

The company refused to pay, and Justice Ridley entered judgment for them on the ground that the policy was void owing to the premium being overdue. The court of appeal, however, held that the policy was valid and gave judgment for Mr. Stuart for £2,500, with £100 interest and costs.

Another Policeman In Trouble.

New York, Nov. 18.—The case of former Captain of Police Moryhan came up for hearing to-day before Justice Holbrook. Moryhan is accused on the oaths of former policemen and others with accepting money to permit disorderly houses to run on the upper East Side. Owing to the fact that several former police officials are now serving terms in Sing Sing for the same crimes with which Moryhan is charged considerable interest is manifested in the case. Moryhan admits being worth a quarter of a million dollars, but declines to give any details as to how he acquired his wealth.

Advance In Wages.

Watertown, Nov. 18.—The division superintendent of the Rome, Watertown & Ogdensburg railroad has issued a circular announcing that the pay of freight conductors has been increased from \$2.75 to \$3, the pay of through freight brakemen from \$1.75 to \$1.85 and the pay of freight brakemen from \$1.95 to \$2.05 a day.

This increase, effective from November 1st, is the second voluntary increase that the New York Central has given the train service employees on the Rome, Watertown & Ogdensburg division within a month.

Fall Importation Of 1902.

Provoost, of the New York clothing store, Brock street, has received all his fall importations for order work in his tailoring department. His ready-made department is well assorted and a large assortment to choose from. For low price and durability he defies competition.

Rubber Springs Give Entire Satisfaction.

Taylor, 124 Princess street. Rev. T. Wilbur Price, B.A., formerly of Newburgh, and till recently a probationer in the Bay of Quinte conference, was ordained in Calgary, Alberta, on November 5th.

Oil As Locomotive Fuel.

New York Engineering and Mining Journal. As an example of the extent to which oil is replacing coal for locomotive firing, may be cited the present equipment and fuel cost of the western division of the Southern Pacific railroad. Sixty-three locomotives are now operated by oil burners and eighty-three are yet to be converted from coal burners to oil burners. It is stated that with the present equipment a saving in fuel cost of over \$10,000 monthly has resulted. During the month of September of the current year the Southern Pacific in the western division travelled about 200,000 miles, and the coal burners 295,000 miles. It takes twenty-four barrels of oil, as compared to five tons of coal, for each 100 miles, which is a ratio of nearly five barrels of oil to one ton of coal. The saving with oil on each 100 miles varies from \$16 to \$20. The burning question of the substitution of oil for coal, particularly in localities where the latter is of high cost, has been discussed at length in recent years, and it is satisfactory to note the increasing use of a pre-eminently superior fuel. It, in the past few years, a sufficient supply of cheap oil had been available at eastern ports, so that manufacturing concerns would have been justified in going to the expense of changing from coal firing to oil firing, much of the inconvenience and suffering which resulted from the recent anthracite coal strike would have been obviated. On the Pacific coast prices of coal have always been high, so that the proportionate saving is greater than would have been the case elsewhere.

Bleeding Piles.

Not Only Painful and Annoying But a Menace to Life Itself—Can Be Cured by Dr. Chase's Ointment

File of hemorrhoidal tumors, like varicose veins in other parts of the body, sometimes burst and permit the escape of blood from their central veins. These constitute bleeding piles. Such hemorrhages are sometimes exceedingly profuse, so as to even endanger the life of the patient. The victim of piles should avoid rich and stimulating foods and drinks and should keep the bowels slightly relaxed, as constipation is one cause of this ailment.

Some people do not think of trying Dr. Chase's Ointment for bleeding piles, though they know of its wonderful power in curing other forms of this horrible complaint.

The best proof of the efficiency of Dr. Chase's Ointment in this regard is the testimony of persons who have been actually cured of bleeding piles by using it. The statement of Mr. Jackson given below is that of a well-known and respectable business man who felt so grateful for the benefit derived from Dr. Chase's Ointment that he determined to do what he could to let others know about it.

James Jackson, of the Laurie Spool company, St. Alexis de Monts, Que., writes: "You may put my name to any praise you can give to Dr. Chase's Ointment, for it has done me more good than any medicine I ever used."

"I was troubled for two years with that cruel disease, bleeding piles, and after using Dr. Chase's Ointment, I can say I am entirely rid of it. It is a treasure to all suffering from piles."

Dr. Chase's Ointment, 60 cents a box. At all dealers, or Edmanson, Bates & Co., Toronto.
