A woman always crosses with a man when he lets her have her own way. We, too, are posterity, though nobody we don't realize it as we ort to—Marietta Holley.

Newspaper advertising is the cheapest and best when it is good and in the most popular and respected journals.

Every time a woman sees a button on for a man she wonders how in the world a man gets along who has no wife.

Everybody nowadays reads papers, even the poorest. Through them the eyes of buyers can be caught at the least expense.

If every one would do all the good he might within an hour's walk from his home he would live the happier and the longer.

What this world needs to make it happy is the sustaining philosophy of the Georgia man who exclaimed when the bank failed: "Thank the Lord, I never had a dollar ahead in my life."

The county council resumed its session Wednesday morning. A communication was read from N. H. Walker, lately Mayor of No. 1 city, Canada, asking for a permit to use for a year, free of charge, in view of the fact that he had paid the county promptly during the years he had the toll gate, in all over \$11,000.

Several reports of committees were read, full accounts of which have from time to time appeared in the Whig during the past few months.

On motion of Councillors Toner and Shannon, the resignation of D. McLean as trustee of St. John's High School, was accepted. D. B. Rogers, Pittsburg, was appointed to fill the vacancy.

A deputation, consisting of John Eves, Henry Eves and Victor Sudds, was present from Simcoe Island to lay before the council the desirability of arranging a better ferry service between that island and Kingston. This was made only in the autumn, in the summer the boat service was out of the Simcoe Island residents required and should get a better connection with the city.

The petition was moved by Councillor Reynolds, seconded by Councillor Avery, and carried. That this council strongly urge the government to give the Whig and Simcoe Island ferry such assistance as will enable them to have a more convenient and better ferry service than they now have.

Moved by Councillors Toner and Sudds, that T. D. Mines be appointed auditor for next year at a salary of \$100. Carried.
