COMMERCIAL MATTERS.

What is Going On in the Business World—The Market News.

Canadian woolen fabrics are becoming increasingly popular for women's skirts, and jobbing houses report a good trade in this line.

A manufacturing company with a capital of \$1,000,000, has been organized under the Ontario Companies' Act for the purpose of manufacturing the Henderson Roller Bearings in Canada.

The exports of pig iron from the United Kingdom in the eight months ending August 31st, were 612,930 tons, as compared with 583,930 tons in 1901, and with 1,045,526 tons in 1900.

In twenty years, the number of establishments in the United States making electrical machinery and supplies, has increased from twenty-six to five hundred and eighty. The annual output has increased from \$2,600,000 to \$91,300,000.

YOUNG MAN'S SAD DEATH.

Mail Clerk Dies From Blood Poisoning.

A sad death took place Tuesday evening at Trenton, when Ernest Roy Knox, only son of the late Uriah Knox, passed away after a short illness. He had a tooth extracted a few days ago and blood poisoning set in which resulted in his death. He was born in Trenton twenty-two years ago and was a bright and promising young man. He was engaged as mail clerk on the Central Ontario railway previous to his death. He leaves two sisters, Mrs. Allen, wife of G. H. Allen, general superintendent of the Standard Life Insurance company, and Mrs. E. A. Strasser, of Waterloo. The young man was unmarried and was a member of the Methodist church. His death is much regretted as he was very popular among a large circle of acquaintances.

Martial Law Repealed.

Pretoria, Nov. 20.—Martial law was repealed throughout the new colonies today. The proclamation, however, announces that the authorities reserve the right to re-impose military rule in case of necessity. It provides for the expulsion of everyone considered dangerous to the peace of the country, and authorizes the arrest, without warrant, of anyone suspected of sedition.

Run Down And Killed.

Rev. I. W. Puffer, who had charge of the Maynooth missions of the Methodist church, in Addington rear, a few years ago, was run down by an engine at Beauriv, Ill., and received injuries which caused his death on the 14th inst.

Many Happy Returns.

Hon. Sir Wilfrid Laurier, K.C., M.P., K.C.M.G., P.C., prime minister of Canada born at St. Lin, near Montreal, November 20th, 1841.

WHAT IS COMING.

Heavy Snowfall, Followed by Dip, Predicted.

Montreal, Nov. 20.—"An area of low barometric pressure, now west of the great lakes, promises to develop considerable energy during to-night and Thursday, causing rain, changing to a moderate or comparatively heavy snowfall, to be followed by strong winds or gales, and a cold dip," is predicted by Mr. Berrin, who adds: "It will move over the lake region about Thursday night and Friday, and the Upper and Lower St. Lawrence about Friday, and Friday night, at the same time extending its influence southward to New York state and Pennsylvania. Indications are that the barometric centre has sufficient energy to carry it over the Gulf of St. Lawrence, the maritime provinces and New England to the Atlantic as a comparatively important storm."

TO RIVAL THE C.P.R.

Hill Preparing to Build Toward the Coast.

Victoria, B.C., Nov. 20.—A special from Greenwood says that engineers are laying out material in the yard at Curlew, Washington state, preparatory to building the Vancouver, Victoria & Eastern railway, through Midway, Greenwood and the Boundary mining camps. Work will be started as soon as the boundary system is completed on the road westward to the coast.

Will Be Governor Pro Ten.

Ottawa, Ont., Nov. 20.—The term of five years as lieutenant-governor of Ontario of Sir Oliver Mowat expired yesterday, he having been appointed to that position on November 18th, 1897. He will continue to be lieutenant-governor of the province until his successor is appointed.

Helen Gore, said to be an American, was killed by a revolver shot to-day in the Paris apartment, where she lived with Jean de Rydzonski, an actor of the Imperial theatre of St. Petersburg. Rydzonski at first said Miss Gore committed suicide, but subsequently declared the revolver went off accidentally.

IT IS GROWING

MORE ROOM REQUIRED BY DAIRY SCHOOL.

Cheese Board Recognizes Wants of the School and Will ask the Government to Enlarge the Building and Plant.

Kingston, Nov. 20.—What was thought would be the last session of the season of the Frontenac cheese board was held to-day, with a good attendance of salesmen, though few cheese were boarded. President Franklin presided in his usual amiable manner. The buyers present were: O. C. Bissell, L. W. Murphy, J. Alexander, D. J. Mackinnon, R. Thompson and J. Crawford. Only 560 boxes were registered, 375 being white and 185 colored. These factories had cheese on sale:

White—Forest, 50; Farmers' Friend, 100; Glenburnie, 75; Model, 60; Elginburg, 50; McGrath's, 40.

Colored—Pine Hill, 125; Sand Hill, 60.

Bidding opened at 11c. and closed at 11 9/16c. but at that price the salesmen refused to part with the goods, asking twelve cents. Upon that point a discussion arose, the buyers maintaining that all cheese was worth 11c., but the salesmen held that at least twelve cents should be offered. The buyers retorted to the effect that they would sell any quantity at that price and guarantee every box.

Another discussion arose over closing the board, the buyers wanting to conclude business at this meeting, but the salesmen, led by Mr. Vair and Mr. Duff, took the ground that as many factories were still in operation, and as the proper place to sell the product was on the cheese board, therefore the board should meet next week, and offer if necessary. President Franklin took this view of the question and ruled accordingly.

Mr. Vair introduced an important question, namely, the need of increased accommodation at the Kingston Dairy School. He pointed out the good resulting from the establishment of the school here, and he urged that the school should be kept up to the requirements of the times. He presented this resolution:

"Whereas, the Kingston Dairy School has been a valuable factor in the progress of the dairy industry in this and the surrounding counties, and, further, that the school building is entirely too small for the proper instruction of the increasingly large classes of cheese and butter makers in attendance, therefore, be it resolved, that the Ontario government be respectfully requested to furnish the school better accommodation, in order to place it on an equality with similar institutions elsewhere, and in a position to still further benefit those engaged in dairying."

James Crawford seconded the resolution, and dwelt at some length upon the necessity of increased accommodation, in order to properly instruct the large classes in attendance.

Being asked to address the board, Superintendent Hart thanked the board for the interest it displayed in the success of the school. He went into details and showed the handicap under which instructors and pupils were laboring on account of lack of accommodation. More applications have been received so far than at the same date last year. The school filled the necessary qualification when built, but the dairying industry has outgrown the present possibilities of the school. It is impossible to properly instruct the large classes in attendance; pupils have returned for a third and fourth term, and these could not be given advanced instruction, being compelled to labor with the freshmen. The school was now no bigger than an ordinary cross-road factory to be met with all through the county. He had been obliged to refuse gifts of modern machinery because of lack of room to accommodate the commodities.

Mr. Pillar also endorsed the resolution in strong words. It was carried unanimously.

WHAT IS COMING.

Marriage Declared Null.

Vienna, Nov. 20.—An interesting case was settled in the courts here to-day. Leopold Weininger, an Austrian Jew, and Elis Shekely, a Hungarian Protestant were married in 1892. The courts declared that the marriage was null because of the Austrian law prohibiting the marriage of persons of different religious belief. An inheritance of \$1,000,000 was involved in the decision.

A Serious Fire.

San Francisco, Nov. 20.—Fire, early this morning, attacked and destroyed the Southern Pacific railway slips and ferry station, at the end of the Alameda Mole. A large number of passenger coaches also were burned. Loss \$400,000. Several men are missing. The flames started from an unknown cause.

Instantly Killed.

New York, Nov. 20.—Nelson Hensch, editor of the Sunday edition of the New York World, was instantly killed near his home at West Brighton, Staten Island to-day by being thrown from a buggy. He was a graduate of the Yale class of '50. He leaves a widow and family.

Queer Fate Overtakes Boy.

Utica, N.Y., Nov. 20.—Jacob Geigel, aged twelve years, arose in his sleep a night or two ago and went barefooted to the home of a neighbor on an imaginary errand. He was returned to his home, a cold developed and yesterday he choked to death.

An Embargo on Coal.

Reading, Pa., Nov. 20.—Notices have been received here that owing to the freight blockade the Pennsylvania railway company placed an embargo for one week on all shipments of coal from anthracite mines, controlled by the company.

Flavor Is Everything.

Blue Point oysters are the finest flavored in the world. You can get the genuine at Carnovsky's.

DAIRY PRODUCE.

A Lull in Cheese-Butter Shows Firmer Tendency.

Montreal, Nov. 20.—The cheese market, while it does not reflect any radical change, nor any indication of any in the near future, certainly shows less snap, for British buyers do not show the same eagerness for cheese that they did. A lull, however, is to be expected after such a rise as we have had, and the fact does not alarm holders the least or render them amenable to lower ideas of value. To-day 12c. would be the finest eastern goods, but buyers were holding back for offers at 12c. to 12 1/2c. For western white 12c. was the nominal figure, and for colored 12 1/2c. to 12c.

The butter market was distinctly firmer in tone, though no rise in values was actually quotable. For finest fresh made creamery 21 1/2c. was readily bid, but sellers were not free at the price. This quality of butter continues in light supply and this tends, of course, to accentuate its firmness. There has been more enquiry also for well-kept creamery, lately, and we hear of transactions in summer makes to-day at 20c. Dairy is firmer in tone and round lots sold at 16 1/2c. which is an advance.

J. B. Van Allen, Morrisburg, Ont., an inmate of the Sanatorium mission, is dead of cancer of the stomach, and is the third patient to die at that place within a short time. Virginie Gobeille, the proprietress, is now under indictment for manslaughter in connection with the first of the recent deaths in the institution, Frederick Bell.

DRANK BLOOD OF COMRADES.

How Survivors Kept Body and Soul Together.

London, Nov. 20.—The correspondent of the Daily Mail at Wellington, N.Z., cables that the eight survivors of the steamer Elinganite who were rescued on a raft by the British survey steamer Penguin, admit that while their minds were unimpaired by hunger, some of them prolonged life by drinking the blood of their companions. This was mostly done by mutual consent of two parties, incisions being made in their skins, and each sucking the blood of the other simultaneously. Those of the castaways refusing to do this were "tapped" while they were asleep, and it is alleged that the steward died of exhaustion through loss of blood taken by this process.

The correspondent adds that the story of the survivors has caused a feeling of horror in Wellington, their action being regarded as execrable, as the raft was only four days and a half afloat.

MOVING ON WINNIPEG.

But They Are Likely Too Late to Act.

Attleboro, Mass., Nov. 20.—The following notice is being distributed through this section:

"We are on our way to Winnipeg to organize the republic and help the Doukhobors. (Signed) Camp No. 10, Canadian Republican army."

In this connection one of the leaders of the French Canadians, in this section, makes the following statement: "In this country are hundreds of thousands of French Canadians who would gladly return to their native soil in Canada if it could be made a republic and thus remove the British control. The Canadians of this section, and in fact those located all over the country, are endeavoring to form an army. These men will then go to Winnipeg and there join the 40,000 or more who are now moving towards that centre."

Canadian Reciprocity.

Boston, Nov. 20.—Although unsuccessful in his recent campaign for congress in the new Eleventh Massachusetts district, Eugene N. Foss has not relinquished his effort for Canadian reciprocity, and is actively interested in the formation of a reciprocity league in New England, in which he is being assisted by prominent business men who share his views. Headquarters have been secured for the league, and organization will be completed in the immediate future.

Wolfe In Sheep's Clothing.

Lancaster, Pa., Nov. 20.—A. G. Glasco, Millerville, who cloaked his extensive horse-stealing operations under the guise of a Bible agent, an energetic worker in church work, and the organizer of Sunday schools, was found guilty on four indictments for horse stealing, and eleven indictments for felonious entry and larceny of buggies, harness, etc. He was sentenced to five years and nine months in jail, and to pay a fine of \$1,400 and costs.

A Big Barge.

Midland, Ont., Nov. 20.—The barge Agawa with 5,750 tons of Helen ore, arrived here at the Canada Iron Furnace company's dock last evening. This boat is Canadian built and one of the largest carriers on the lakes. She was launched in Collingwood the end of August this year and this is her second trip here with ore.

Radcliffe At Nelson, B.C.

Nelson, B.C., Nov. 20.—W. Radcliffe, the official executioner, has arrived to make preparations for the hanging of murderer Rose, Rose still maintains a calm demeanor and while expressing himself as perfectly resigned to his fate, asserts that he is innocent of the crime.

Rob Lisbon Bank Of \$165,000.

Lisbon, Nov. 20.—Thieves have broken into the banking firm of Pelurinho and have stolen a sum of \$165,000. One of the clerks of the bank has been arrested in connection with the robbery.

Forty Seriously Injured.

London, Nov. 20.—A collision occurred on the Great Eastern railway at Brentwood, to-day. Forty persons were seriously injured.

Rev. Father O'Brien, curate at St. Michael's, Belleville, is to be removed. His new station is not yet known.

Perry Young, Deseronto, was sentenced to four months in the Central prison for the theft of clothing. Stewing oysters, 20c. Carnovsky's.

WHERE STAND

IN THE COMING VOTE ON REFERENDUM.

Dr. Norman Kerr's Description of Wine—P. T. Barnum's Offer to the City of Philadelphia.

Supplied by the Local Prohibition Committee. Be sure to put your cross for "Yes" on December 4th. Do not be in the class labelled "indifferent" in this temperance crusade, and do not shirk duty because of the petty persecution that may ensue. A Chinese proverb well says, "If you want to live in peace, you must not try to do any good." We need prudence and caution, but John Wesley knew of a thing called "hardness." From which he prayed to be delivered as the mystery of iniquity and "mother of abominations," and Goldsmith reminds us it is often the special or solitary virtue of respectable serenity. The eminent physician, Dr. Norman Kerr, of England, in an address at Exeter Hall, London, said: "Fermented wine is indeed a mocker. It promises us strength and mocks us with weakness. It promises substance and mocks us with shadow. It promises us heat, and mocks us with cold. It promises us moisture and robs us of the moisture we already possess. It promises us life and mocks us with premature death. It promises us intelligence and 'sit and covers us with confusion. It dazzles us with visions of happiness and plunges us into the depths of despair."

P. T. Barnum once said in a monster meeting in his great hippodrome in Philadelphia: "I will undertake and give bonds for the fulfillment of the contract that if the city of Philadelphia would stop selling liquor, and give me as much as was expended here for liquor last year, I will pay all the city expenses; no person living within her borders shall pay taxes; there shall be no insurance on property; a good dress and suit shall be given to every poor boy, girl, man and woman; all the educational expenses shall be paid; a barrel of flour shall be given to every needy and worthy person, and I will clear a half-million or a million dollars myself by the operation."

With the abolition of the bar-room, Ontario would make an object lesson of business prosperity and moral and religious progress that would be a surprise to both friends and foes alike. What will you do, gentle reader, to bring about the consummation so devoutly to be wished?

W. P. F. Ferguson, in Cooke's church to-night, eight o'clock. First fifteen minutes Mr. Ferguson answers anti-prohibition statement by Kansas man in Monday's Whig.

Mr. Ferguson in City hall to-morrow evening at eight o'clock. Last appearance in the city. A large anti-bar-room crusade choir of children will render several stirring campaign songs.

To-night Cataract and Frontenac ward workers meet in the anti-bar-room headquarters, corner of Princess and Baggot streets. Also to-night Victoria ward workers meet in the directors' office of Curling rink, near Queen's College. To-morrow night St. Lawrence, Ontario and Sydenham ward workers meet at the headquarters on Princess street.

SECURING DESIRABLE LAND.

Representative of Syndicate Buying on River Front.

Kingston yet have large cement works in operation, as glimpses afforded outsiders by those behind the "limelights" tend to confirm this view. A company of western capitalists is seeking to obtain land along the line of Cataract river, east of the Grand Trunk Junction. A representative of this company, it is said, has paid \$250 as "earnest" money for the Harkness farm, the option being given until June. He has also offered Mr. Irvine, whose property adjoins the Harkness estate, \$800 for a strip of land east of the railroad track. The company does not want to buy property on the west side, but desires to continue purchases of land to the east side. These two pieces of land afford plenty of room on which to construct works such as are contemplated. The land abuts the water.

Wolfe In Sheep's Clothing.

Lancaster, Pa., Nov. 20.—A. G. Glasco, Millerville, who cloaked his extensive horse-stealing operations under the guise of a Bible agent, an energetic worker in church work, and the organizer of Sunday schools, was found guilty on four indictments for horse stealing, and eleven indictments for felonious entry and larceny of buggies, harness, etc. He was sentenced to five years and nine months in jail, and to pay a fine of \$1,400 and costs.

A Big Barge.

INFRINGEMENT OF A TRADE MARK

In an action in the High Court of Justice for Ontario, recently tried before Chancellor Boyd, at Toronto, the Slater Shoe Co., and Charles E. Slater, president of Montreal, makers of the famous Slater Shoe, obtained a judgment forever restraining P. C. Wilkinson, a boot and shoe dealer of Owen Sound, from advertising, offering, exposing for sale or selling boots or shoes not made by the Slater Shoe Co., as "Slater Shoes," "Slater Goods" or "The Slater Shoe." The Chancellor also ordered Wilkinson to pay the heavy costs of the action. The Chancellor, after hearing the evidence, decided that none except the Slater Shoe Co., had a right to use the name "Slater Shoes," "Slater Goods," "The Slater Shoe," or any similar names in connection with boots and shoes, and that Wilkinson had no right to use any name or names in connection with boots and shoes, which might enable him to pass off an inferior shoe, not of the company's make, as being of their make, not in any way to reap the benefit of the reputation which the Slater Shoe has acquired throughout the Dominion of Canada.

THE GENUINE SLATER SHOE

Is positively the best shoes offered for sale in Canada. You may include the United States and that will pretty near cover the world for fine shoe making. There are shoes sold elsewhere at \$1.00 and \$1.50 a pair that carry no more style, are no better fitting and will not wear as well as the genuine Slater Shoe at \$3.50. "Why is it?" you ask. "Just because they are branded with an American stamp."

THE LOCKETT SHOE STORE

IS THE ONLY AGENT IN KINGSTON FOR THE GENUINE SLATER BOOTS FOR MEN.
