

A PLEASANT SURPRISE.

In Store For Those Who Doubt. When you read that a sufferer of many years standing has been completely restored to health by using Smith's Cure, you are inclined to doubt the statement, and, in fact, have no belief in it whatever. The reason for this is that so much is claimed for the Cure-all it is impossible for anyone to believe it; if the advertiser confined his claims to the curing of one disease, as do the proprietors of Pyramid Pile Cure, readers would have much more faith in published testimonials. Those familiar with this great remedy know that testimonials as to its merit may be relied upon implicitly, also that the cures brought about by its use are little short of marvellous. The genuineness of the testimonial here given is vouchsafed for and is but one of thousands received. "I had a friend who had used one box of 50 cent Pyramid Pile Cure that entirely cured her. I saw the good effect on her, and thought I would try it, as I had got so I could not sit down without extreme pain and getting up was just as bad; the first box nearly cured me; I got the second box and have had no trouble since. Pyramid Pile Cure does all that it claims to do, and I never miss an opportunity to tell its merits. I speak from observation and personal belief. Two boxes cured me over a year ago, and no return of the trouble since." Mrs. M. Mooney, 6000 Sangamon St., Chicago, Ill. Pyramid Pile Cure is sold by druggists for fifty cents a package, or will be mailed to any address upon receipt of price by Pyramid Drug Co., Marshall, Mich. Write this firm for their book describing the cause and cure of piles.

CITY COUNCIL

BUSINESS BROUGHT BEFORE CITY FATHERS.

To Dispose of Fire Department Horse and Purchase New One—Petitioning Against Construction of Sewer—Request of Board of Health Not Supported.

Council took up considerable time at its regular meeting Monday night in discussing the proposition of the fire and light committee, that an incapable horse be sold and replaced by a new animal. The proposal was adopted. A short debate also took place on the action of the water works committee in refusing, on good grounds, to grant the request of a few ratepayers of Russell street for water service. The balance of the business went through without opposition and council adjourned at about ten o'clock.

When Clerk Shannon called the roll these members answered to their names: Mayor Shaw, Alds. Craig, Dunlop, Graham, Harkness, Hipson, Kent, King, Knapp, McCammon, McFarlane, Sears, Tait, Walkem, White, Abbott, Mallen.

The minutes of the last regular meeting, as printed, were adopted on motion of Alds. Walkem and King.

Communications Considered.

T. McK. Robertson, for public library, asking that taxes for 1899 be written off collector's roll.—Finance committee.

William McNamee and nine others, protesting against construction of sewer in upper William street.—Board of works.

T. McK. Robertson, for public library, asking for remission of rent of city hall, used for concert recently.—City property committee.

E. Hiscoek, stating that he was wrongly assessed for forty foot frontage for sewer in Barrie street; should be only twenty feet.—Board of works.

John Macdonald, secretary Board of Education, asking for rebate of water rate for Victoria school.—Water works committee.

D. A. Givens, for property owners of west Clergy street, objecting to paying certain charges for use of Clergy street sewer.—Board of works.

Peter Edwards, Stuart street, applying for remission of taxation on account of vacancy.—Court of revision.

W. Newlands, for Dr. Sands, asking that a tree and electric light be removed from the corner of Bagot and William street.—Board of works and fire and light committee.

The Finance Report.

The report of the city committee on finances was presented by Ald. Walkem. It recommended payment of the accounts: Bell Telephone Co., \$10.30; W. J. Savage, \$1; Calvin Lewis, \$3; Rathbun Co., \$25.01; John Whelan, \$5; Silas Grimshaw, \$88.86; labor pay list, to November 19th, \$831.58; B. W. Yanwickle, \$9.50; Taylor & Hamilton, \$3.75; John Laird, \$22.15; T. W. Milo, \$55.06; J. W. O'Brien, \$12.54; John Burns, \$13; J. Lal-hue, \$5.20; James McDonnell, \$5.55; Nelson Guess, \$7.15; Sydney Abbott, \$2.75; S. Conley, carting; dead dogs to nuisance ground, \$13.75. Water works department—Oram & Carter, \$14.45; Rathbun Co., \$8.12; Simmons Bros., \$5.75; J. Monley, \$17; J. H. Sutherland & Bro., \$5; S. Anglin & Co., \$254.41; T. W. Milo, \$41.30; C. H. Otto, \$7.90; Selby & Youlten, \$5.92; labor pay list, \$145.12. The committee further recommended that the finance committee be empowered to confer with Queen's university council to arrange for the inauguration of the new arts building, that the finance committee, for the time being, be the committee to confer with the trustees of Queen's university in reference to the nominations to be awarded by the city to pupils qualified to enter upon a university course; that the communication of the Hon. W. Patterson, re: coal entering Kingston through customs house, be filed. Adopted on motion of Alds. Walkem and Kent.

Other Reports Presented.

Ald. McLeved presented the report of the board of works, already published. Adopted, as amended, on motion of Alds. McLeod and Craig.

As the report contained a recommendation, that a sewer be constructed in Upper William street, as asked for by the board of health, Ald. King pointed out that it would be necessary to take the yeas and nays upon the report.

There was some objection to passing that clause of the report, but Ald. McLeod informed council that the board of works was merely carrying out the provisions of the Ontario statute; the council was carrying out the wishes of the board of health, which body was backed up by the statutes.

Ald. White dissented from this view of the situation, and stated that there was not any law compelling the council to carry out requests of the board of health.

Ald. Walkem was surprised that Ald. White should express such views.

Ald. White—"You needn't be surprised."

Ald. Walkem—"Very well, then, I am not surprised."

Ald. King read the act, which provided that if the council upheld the request of the board of health by a two-thirds vote, the necessary drain should be built.

William McNamee addressed the council in words of protest against the sewer.

The amendment was lost on this vote: Yeas—Mayor Shaw, Alds. Abbott, Craig, Dunlop, Harkness, Kent, King, Mallen, McCammon, McFarlane, McLeod, Sears, Walkem.—13.

Nays—Alds. Graham, Hipson, Tait, Knapp, White.—5.

The last clause was struck out, after which the report was adopted.

STRONG SEVEN

WILL REPRESENT QUEEN'S ON THE ICE.

Queen's May Play Yale Hockey Team in New York—Limestone Play Next Saturday—Queen's Rugby Trouble.

Queen's expect to have a strong hockey team to play on the ice in the Intercollegiate union. "Dick" Mills will again guard the posts; Ross Murphy will play point, and "Jack" McEwen (all captain), cover-point; Knight and Wilson will form a last pair of centres. Brock, who played on the wing seven years ago, is now assistant post.

Ald. Tait was afraid the committee would get a "plug" in place of the good horse now owned by the department.

Ald. Harkness explained that the grey horse was a good work animal, but would "go off its feed" after a run. He thought it a good move to get rid of the horse.

Ald. King stated that the city engineer and chief of the department had recommended the release of the horse in question.

Ald. Knapp informed the council that when the horse was purchased two years ago it would not eat, and it had existed ever since, it effected a great saving for the city. He was strongly of opinion that the horse must be got rid of, the best means would be to offer him for sale by auction.

Ald. Craig favored the selling of the horse. The time a horse was of service to the city was when the going sound; this horse becomes nervous and rattled when pressed into service. It was risking the lives of the firemen to ask them to do it. He strongly urged the disposing of the horse, now that he is in good trim.

Ald. McFarlane could not see any reason for disposing of the horse in question; it had never refused to draw the appliances to a fire, and could not be replaced for \$140.

Ald. Tait's amendment was lost.

Ald. McLeod found fault with the wording of the report; he held that if the horse in question was unfit for service, the committee should ask for permission to sell and appropriate money to purchase another. He considered the grey horse one of the best the department ever owned.

The report was amended to meet the wishes of Ald. McLeod.

Ald. McFarlane wanted the reports of officials on the horse's condition presented to council.

Ald. Graham wanted the matter laid over until the chairman could be present and answer pertinent questions.

After a short further discussion, the report was adopted.

Looking For A Meeting Place.

While the city council was in session last evening, Ald. White informed the members that he had been approached by J. Hart and Warden Spoor, re: presenting the Protonce cheese board, and asked if he would present a request to council for use of a room in city buildings for the weekly meetings of the board. Ald. White spoke of the importance of the cheese industry and urged that the request be granted, if possible. The matter was referred to the city property committee to deal with.

I WILL CURE YOU OF Rheumatism

ELSE NO MONEY IS WANTED.

After 2,000 experiments, I have learned how to cure Rheumatism. Not to turn bony joints into flesh again; that is impossible. "But I can cure the disease always, at any stage, and forever."

I ask for no money. Simply write me a postal and I will send you an order on your nearest druggist for six bottles Dr. Shoop's Rheumatic Cure, for every druggist keeps it. Use it for a month and, if it succeeds, the cost is only \$5.90. If it fails, I will pay your druggist myself.

I have no samples, because any medicine that can affect Rheumatism quickly must be drugged to the verge of danger. I use no such drugs, and it is folly to take them. You must get the disease out of the blood.

My remedy does that, even in the most difficult, obstinate cases. No matter how impossible this seems to you, I know it and I take the risk.

I have cured tens of thousands of cases in this way, and my records show that 39 out of 40 who get those six bottles pay thanks to me.

I have learned that people in general are honest with a physician who cures them. That is all I ask. If I fail I don't expect a penny from you.

Simply write me a postal card or letter. I will send you my book about Rheumatism, and an order for the medicine. Take it for a month, as it won't harm you anyway.

If it fails, it is free, and I leave the decision with you. Address Dr. Shoop, Box 40, Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. At all druggists.

WHAT HE WROTE

THE NEW VOICE AND THE BOER WAR

Excerpts to Show Hostility Towards Britain—A Letter From Toronto to Show Mr. Ferguson's Position.

Toronto, Nov. 24.—(To the Editor): According to the Globe's report of the public debate that took place in your city last Saturday night between John Mudie, K.C., and W. P. F. Ferguson, "editor of The New Voice, Chicago," the latter vehemently asserted, "I challenge the production of a line or sentence in The New Voice breathing hostility to Britain."

The simple truth is that during the progress of the South African war not one word favorable to Great Britain appeared in the columns of The New Voice, and not even the ingenuities of the editor—of a Mr. Ferguson—can twist the comments of that paper on the war into anything but the most unenvied hostility to our Mother Land.

For instance in its issue of January 25th, 1900, The New Voice, in an article headed "American Sympathy for the Boers," said:

"The assertion of Senator Hale in the senate that nine-tenths of the people of the United States sympathize with the Boers in their struggle against the British has provoked a good deal of hostile criticism from a certain class of republican newspapers but was not wholly a random statement. . . . Had the Boer war taken place three years ago and had Great Britain seized American ships as she has done of late, it is to be doubted if even a conservative administration at Washington could have prevented a very unfriendly demonstration, if not war. . . . The Washington Post has probably come as near as any one to a clear expression of the American feeling in an editorial of last Friday, in which it says: 'In my judgment nine-tenths of the American people are against England in this bloody war of conquest for a sordid gain and in sympathy with the Boers. . . . Why, I ask, in the name of all that is just and honorable, in the name of our glorious past, should we refuse to lend our moral support, our sympathy, and our aid to the patriots of South Africa? Is American sentiment dead?'"

Just one more excerpt. In an editorial, in which Kitchener was called the Weyler of Kith Africa, The New Voice, in November, 1900, concluded an abusive article in the following words:

"Driven into war by intrigues, defeated over and over again in fair fight by inferior forces, unable even with an enormous army to crush the spirit of independence of a little mountain people, forced to adopt inhuman methods of warfare in a desperate effort to overcome a resistance in every way creditable and praiseworthy, the British government is engaged in business that, whatever may be the opinion of the English people, it under the stress of war, Englishmen two generations hence will despise and condemn."

The foregoing quotations—and they are only samples of the stuff that appeared from week to week in The New Voice—clearly indicate the attitude of that paper towards Great Britain and prove that Mr. Ferguson's love for British institutions finds expression only when he sets foot on British soil. Not many months ago, John G. Woolley, owner of The New Voice, in an article, said that every member of his staff except himself was an ardent supporter of the Boer cause, and this, of course, included Mr. Ferguson, who, if I am not mistaken, was managing editor of the paper.

Mr. Ferguson will hardly dare deny that he wrote to a gentleman, in Toronto, who strenuously protested against the persistent misrepresentations of The New Voice and referred to the Montreal Witness as a staunch supporter of Great Britain, intimating that he would as readily accept the opinion of the Montreal Witness in regard to the South African war as he would that of the New York Journal in regard to the Spanish-American war.

Mr. Ferguson, if I mistake not, has proffered almost every address that he has given in Ontario with a lot of verbal protechnics about his admiration for Britain, and, as a consequence, has doubtless been looked upon by those who have listened to his oratory as eminently fitted to teach Canadians the beauties of prohibition, but it is doubtful if one who abuses in Chicago and is a friend only when it might be perilous to be unfriendly, is the kind of "guide, philosopher and friend" that we need.—JOHNNY CANTICK.
