THE 5 P.M. EDITION. SECOND EDITION NEWS ALSO ON PAGE FIVE.

COMMERCIAL MATTERS.

What is Going On in the Business World—The Market News.

Canada sends \$9,000,000 annually to foreign countries for sugar.

Large iron wood pulp is now an article of commerce in Germany.

Every square mile of sea is estimated to contain some 120,000,000 fish.

Five hundred and thirty-two tons of cigars were exported last year from Egypt.

Coke, a by-product in the manufacture of gas, has increased 200 per cent. in price in five years.

The total exports of cheese and butter this year will probably reach \$30,000,000, the greatest on record.

German farms occupy nearly 1,000,000 acres in Central America, on which over 20,000,000 coffee trees are planted.

Exports of cheese and butter from Montreal to Britain last week: Cheese, 18,961 boxes; butter, 20,910 boxes; both in excess of the same week last year.

For the whole season, up to November 20th, the export of apples from all America has been 1,006,087 bushels, as compared with 285,907 for the same week of last year.

The other output of the Dominion Iron and Steel company from three furnaces amounted to 18,000 tons of pig iron and 14,700 tons of steel.

This is an increase over the production of the previous month of 2,800 tons of steel and 1,000 tons of pig iron from the same number of furnaces.

With all this same number of furnaces the company should be able to produce 24,000 tons of pig iron and 20,000 tons of steel per month.

I.O.F. Officers in Session.

A meeting of I.O.F. officials was held in this city on Monday evening, where there were present: G. M. Brown, organizer, Belleville; G. M. Elliott, deputy supreme chief ranger, Toronto; G. L. Dickinson, high secretary, Manotick, Ont.; J. S. R. McCann, high treasurer, this city; and Dr. Herald, high chief ranger, this city.

The meeting was held for the purpose of discussing further organization work in Kingston and the surrounding district.

"The Foresters' Temple, in Toronto, has not now a single vacant room," said one of the high court officers this morning.

"It has been said that this was a white elephant on the order's hands, but it has turned out to be the best investment the order ever had."

Boys Damage Property.

Between Friday evening and Monday morning a couple of boys greatly disgraced the outbuildings at Cataragui school. In addition they wrote obscene language upon the walls.

The names of two boys have been given to the police. Such offences are becoming very common, and the first offenders caught will be severely punished.

MARK IT "YES" AND CLOSE UP ALL THE BAR-ROOMS.

Provincial Legislature Has Gone As Far As It Can—Scott Act Failed Because No Machinery to Enforce It.

From Local Prohibition Committee.

The ballot paper handed each voter at the polls on Thursday, December 4th, contains the simple question: "Are you in favor of bringing into force of The Liquor Act, 1902?"

The ballot will contain two columns after this question, one is printed "Yes," and over the other, "No."

Be sure to put a cross under the word "Yes." This means that you are opposed to the bar-room and the treating system.

If the friends of morality win the day, every bar-room in Ontario will be closed on the first of May next.

What an untold blessing this will be! The friends of the liquor traffic are trying to make capital out of the fact that the act does not totally prohibit the traffic; though it is hard to believe this gives them any sorrow.

The provincial legislature has gone as far as it can constitutionally, it is because the authority of the provincial legislature does not extend beyond the limits of the province that this act does not prohibit sales of liquor by brewers, distillers or exporters in Ontario to persons outside the province.

It does not prohibit brewers or distillers from selling to licensed druggists, but the sale is limited with restrictions that will prevent tipping; the sale is only for mechanical, scientific, medicinal or sacramental purposes.

The act prohibits all sale by brewers, distillers or exporters to any other persons, or in any premises connected with any private dwelling.

In regard to such prohibited sale and to the premises, the law is the same for drinking or permitting drinking on brewers and distillers as for other persons.

The failure of the Scott act is paraded as a reason for voting against the liquor act, but the Scott act failed not because it was not a good law as far as it went, but because due provision was not made for enforcing it.

The case is very different with this act, for its breach is met with at least \$200 is imposed for the first offence and for the second imprisonment. No wonder liquorism is alarmed.

The government of Ontario has promised to enforce the act and it can enforce it just as readily as it can enforce any other, if it so determine, and those who say it cannot be enforced are practising on the sympathy and credulity of simple people.

Provided that the government shall appoint a chief inspector for the province, and a local inspector for each electoral district in the province, or more local inspectors if needful, whose duty it shall be to administer the law and prosecute persons offending against its provisions.

All these inspectors will act directly under the government without any intervening boards of commissioners.

If the professing Christians of Ontario who are voters will rise to the occasion, the awful incubus of the bar-room will be thrown off, and an era of prosperity will be ushered in which the province has never known.

There are 94 electoral districts in Ontario, so that if in each district 215 more votes are cast than voted in the legislative of 1891, when 192,389 votes were cast for prohibition, the victory will be won. Vote yes.

Meeting of the executive at five o'clock at headquarters, to-morrow, (Wednesday).

The executive committee of each ward will meet every night at headquarters at seven o'clock.

Tonight, St. Lawrence, Frontenac and Victoria ward workers meet at headquarters at 7 p.m.

To-morrow, St. Lawrence, Ontario, Cataragui and Rideau ward workers. Let every man be in his place.

MITCHELL ARRIVES.

At Washington, Seeking to Adjust Differences.

Washington, Nov. 25.—President John Mitchell of the United Mine Workers, arrived here this morning.

The object of his visit was to hold a conference with Mayne Macveigh in furtherance of the suggestion of the anthracite coal strike commission, that the parties to the controversy get together, if possible, and adjust their differences among themselves.

AGREEMENT REACHED.

Washington, Nov. 25.—An anti-trust agreement has been reached by representatives of the United Mine Workers' Union and the anthracite coal operators.

LAWYERS PUNISHED.

They Will Spend Time on Bread and Water.

Vienna, Nov. 25.—During the trial of 925 peasants of Kharikov, Russia, today, on a charge of rebellion, the eighteen lawyers, defending the peasants, left the court room, declaring that the proceedings were a farce, and that the wholesale condemnation of the peasants was a foregone conclusion. The minister of the interior punished the lawyers by condemning them to one year's solitary confinement on bread and water diet, for their demonstrations against the government.

J. H. Aylsworth, Bath, instituted a committal court of the L.O.F. in Smith's Falls, with twenty-one card applicants.

"The Span of Life" will be at the Grand Opera House Saturday night. It took well in Toronto and Montreal.

HOW'S THIS?

Hall's Family Pills are the best.

THE TRIAL BEGUN.

The Lennox Election Trial is Now Proceeding.

Special to the Whig. Napanee, Ont., Nov. 25.—In the county court house, made famous by the trial and conviction of Pare and Holden, the celebrated Dominion bank robbers and jail breakers, began at two o'clock to-day, the Lennox county election and cross-petition trial.

The original petitioners against the return of Thomas Carscallen, conservative, were J. A. Perry, W. R. Perry and John Gunn, while the cross-petition bore the names of J. F. Baker, H. Milling and Reuben Her-ring, against M. S. Madole, the unseated liberal candidate. It will be remembered that in the returns announced by the returning officer on May 29th last, M. S. Madole was declared elected by a majority of three.

There was a recount and the county judge declared a tie vote. An appeal was taken to the Toronto courts and three several ballots, which the county judge would not allow, were counted in with the result that Mr. Carscallen, the conservative candidate, was declared elected by a majority of two. A protest, enunciating fifty-two charges, on statutory grounds, was filed. This was followed by a cross-petition on behalf of M. S. Madole, which specified 139 charges.

G. S. Watson, K.C., Toronto, and W. S. Harrington, K.C., Napanee, appeared for the main petitioners and W. Cassels, K.C., E. J. Bristol, and Eric and Armour, Toronto, for the cross-petitioners.

The spacious court room would not contain the vast throng which sought admittance. Special seats were reserved for ladies of which there was a large number present. The trial judges are Justices Maclean and Osler.

Before proceedings opened Mr. Bristol asked for summons for the apprehension of Homer Miles, E. P. Smith, J. P. Hulet and B. Derbyshire, for whom summons had been asked and refused, and also for G. M. Sutherland. The judges took note of the application.

Stephen Gibson, returning officer in the recent election, was the first witness examined. Had in his person certain papers pertaining to the election. Did not have a certificate from A. M. Ruttan to vote in No. 1 ward.

Had a certificate from W. H. Perry, to vote in No. 2 ward, also had a certificate from F. W. Hart to vote in No. 1 ward. Total vote polled was 3,160.

Deputy M. Madole had a majority of two. As a result of the recount a tie was declared. In the election of 1898, Aylesworth, liberal, was declared elected by forty-three majority. The seat was declared vacant and the election following, Mr. Aylesworth was returned by 108 majority. Mr. Carscallen's financial account was presented and disbursements were shown to be \$27676.

Mr. Watson read extracts from the evidence of Mr. Carscallen given in the examination for discovery. It sought to trace agency to the conservative association of Lennox county. Witness declared he did not know why this organization was in existence. He had never held office. Witness declared he had not gone into an examination of the election accounts. He left that matter to his financial agent, Mr. Ruttan, secretary of the Lennox association. Looked after the organization in Napanee. W. N. Dollar acted as treasurer. Witness declared his personal account to be \$11. Paid cash to his financial agent for election account. Got \$500 from conservative association at Toronto. Got a cheque for \$200 from Mr. Bristol. Did not get any money from \$200. Got \$100 from Alexander Carscallen, Marmora, and \$100 from Uriah Wilson, Napanee. Put money in his pocket and used it in the ordinary course of business. Could not say that the money would not have been sent him had an election not been pending. Could not say just what he did with that money. None of it was used in payment of his election account.

Uriah Wilson, ex member of parliament for Lennox and Alexander Carscallen, member of parliament for North Hastings. Neither election, personal or business books would show any record of the \$200 received from these two members of parliament.

J. N. Osborne, sworn, testified that he was a voter of Napanee. Knew where conservative committee rooms were located. A boy named McLeod had charge of the rooms. Saw Mr. Carscallen in the committee room quite often. Saw Messrs. Carson, Lewis, Peterson, Knight, Greer, Hart, McCallum and others in the rooms. Saw these men going over the list of voters for the whole riding.

CUPID CHANGES PLANS.

A Pretty Romance Ended at the Altar.

Morristown, N.Y., Nov. 25.—A pretty romance will culminate at the altar this evening, when Miss Addie May Beach, this city, will wed Rev. Henry Cunningham, of Harrisburg, Pa. The bride is a handsome young girl. When she was a young girl of sixteen or seventeen, Mr. Cunningham, then a student, made a visit to this city in the interest of missions and was entertained at the home of Mr. and Mrs. Beach. It was mutual love and first sight. Some way he gave up his lifelong plan of carrying the gospel to foreign lands and resolved to become a home pulpit orator. He took a three-year's course in Princeton Theological Seminary, from which institution he graduated last year.

"Bill," young of Kingston rugby and hockey fame, returned to his old haunts this morning, after a long stay in the Ottawa Valley. He will be here all week, and will be entertained by the "Knobs" club.

The board of works will consider the question of building a crossing in front of the Grand Opera House, the matter having been referred to them by the council. Most of the aldermen favor it.

W. N. Grey, advance agent, and H. J. Biddings, business manager of "Arizona," which appears shortly at the Grand, are in the city.

The superintendent of the Welland canal will let a limited number of vessels winter in Port Colborne harbor.

Two freight trains on the C. P. R., near Clarenceville, Ont., collided Monday night.

REASON WHY

ELECTORS SHOULD MARK BALLOTS "NO".

Ontario Has Good License Laws—Let Well Enough Alone—Direct Taxation Would Follow the New Act.

From the Anti-Prohibition Committee. Prohibition means direct taxation. The workingman would have to pay more for his daily bread and ordinary necessities of life. Why not vote, "No."

Will the proposed liquor act promote temperance? No.

Will the liquor act, if it should become law, lessen the evils of immoderate use of intoxicating liquors? No!

Will the act if it becomes operative encourage our young men to be more moral, self-reliant and manly? No!

Are Christianity and temperance promoted by such legislation as that proposed in the liquor act now before the people of Ontario? No!

Will the passage of the act promote peace and good will among all classes of citizens? No!

Better let the license victualers help pay the cost of government maintenance than to throw the entire cost upon the workingman. Better vote, "No."

If the "Liquor Act of 1902" is enforced it will not stop the sale of liquor, but will close licensed hotels under government supervision and reopen uncontrolled "shebeens" with which the city was cursed for many years. That's why you should vote "No."

The license laws as they now stand are good laws and under their provisions Ontario, "the banner province, has prospered and grown in wealth. Let well enough alone and vote, "No."

The meeting of the anti-prohibition committee rooms was well attended yesterday afternoon. Come one! Come all! to-morrow Wednesday afternoon, 3:30 p.m.

Frontenac, Victoria and Sydenham ward meetings to-night, 7:30 p.m. All friends of liberty, come!

THE CITY MISSION.

Officers Elected at the Annual Meeting on Monday.

The City Mission Society held its annual meeting in the Y.M.C.A. parlour on Monday afternoon. The attendance was not large. Rev. Douglas Laing, president, occupied the chair, and Rev. Thomas Brown acted as secretary. The treasurer's report showed a small balance in favor of the mission after all expenses had been met.

An interesting report was read from the city missionary, Rev. R. M. Hammond, showing that much good work had been done during the past year. Among other things he submitted the following figures: Number of calls made, 1,538, of which 320 were to the sick; reports made to ministers, committees, etc., 39; services held or helped, 112; visits to hospital, jail and House of Industry, 59. In addition to this work, a large quantity of good literature was distributed.

The election of officers then took place, resulting as follows: President, John McIntyre, K.C.; secretary, T. F. Harrison; treasurer, W. G. Strain; the ministers of all the evangelical churches of the city were appointed vice-presidents. Rev. Mr. Hammond was reappointed as city missionary.

An unknown woman committed suicide in Central Park, New York, on Monday, by drinking carbolic acid.

CURED OF PILES SEVEN YEARS AGO.

A Chronic Case of Twenty Years' Standing Cured Permanently by Dr. Chase's Ointment.

To be relieved of the dreadful suffering caused by piles is a wonderful thing, but to be permanently cured is even better. Dr. Chase's Ointment brings relief from the very first application, and as is proven by hundreds such letters as the following, it cures thoroughly and permanently:

Alex. McLaughlin, for thirty years a resident of Bowmanville, Ont., writes: "For twenty long years I suffered from itching piles, and only persons who have been troubled with that annoying disease can imagine what I endured during that time. About seven years ago I asked a druggist if he had anything to cure me. He said that Dr. Chase's Ointment was most favorably spoken of, and on his recommendation I took a box.

"After three applications I felt better, and by the time I had used one box I was on a fair way to recovery. I continued the treatment until thoroughly cured, and I have not suffered any since. I am firmly convinced that the ointment made a perfect cure.

"I consider Dr. Chase's Ointment an invaluable treatment for piles. In my case I think the cure was remarkable when you consider that I am getting on in years, and had been so long a sufferer from this disease."

John Tuttle, expressman, 107 Stuart street, Kingston, Ont., states, "Like most men who do much driving, sitting a great deal, and often exposed to dampness, I have been a great sufferer from piles. As a matter of fact, I had piles for a number of years, and tried nearly everything I could hear of in a vain effort to get cured, but only succeeded when I used Dr. Chase's Ointment. The first application brought me relief from the dreadful itching, burning sensations, and less than two boxes made a perfect and permanent cure. I am grateful for the freedom from suffering, and desire others to benefit by my experience with Dr. Chase's Ointment."

Dr. Chase's Ointment, 60c. a box, at all dealers or Edmondson, Bates & Co., Toronto.

Blue Ribbon Tea is worth more than it costs. Are you drinking it?
