# What Consumption Means To-day.

There was a time when that word consumption struck terror to the stoutest heart. It need not do so now. In the light of present knowledge consumption is always to be considered hopefully.

We all know that when the little consumption germs have once gained a foothold in the lung tissue there is no one remedy which will directly destroy them or drive them out. The only thing that will eventually dislodge them is an abundant supply of rich blood throughout the whole body and particularly in the lungs. This will build up healthy tissue in which the germs cannot live.

To get this needed supply of good blood, and keep it pure, there are many things to do and you must try to do them all. Live all day in the sunshine and air. Sleep all night in a room that gets plenty of both. Keep warm. Don't use up one extra ounce of energy. Rest a great deal. Learn how to breathe. And above all take regular, abundant nourishment.

Let your doctor prescribe what medicine or stimulants you need, if any, and advise you about bathing and what to eat. And with his consent add to this Scott's Emul-

No other form of nourishment is so rich in material for making good blood and repairing damaged tissue. It acts with peculiar directness upon the lungs and lends valuable aid in driving out consumption germs.

We do not say it is a cure for consumption. There is no consumption specific. Scott's Emulsion is simply one of the most effectual of the many good influences, any one of which may turn the scale in your favor. With right living and proper nourishment there is always good ground for hope. Men have lived to healthy old age with only one lung. The germs got the

If a burglar crept into your room at night and had you by the throat you would not stop to calculate how much help you needed. You would shout for all the help you could get.

This is how you must treat consumption. Summon every possible force to drive it out keeping it pure. You should not neglect a single source of help. You certainly cannot afford to overlook Scott's Emulsion.

W. B. Collins and James Castello, the two alleged detectives, who hailed from Buffalo, and who were thought to have some knowledge of campaign trickery, were called by Mr. Watson but failed to respond.

T. B. German took the stand and testified that he had served subpoenas on the two Buffalo detectives, on Thursday or Friday last. They were sauntering around at the very time. Had also paid them the usual fee of \$1. They had stopped at the Royal Hotel for some time during the campaign, and had returned there within the past week.

Cross-examined by Mr. Cassellsby getting good blood and Witness said he understood the two men were members of the detective staff of the Buffalo police force. When served with subpoenaes they asked to be relieved and not compelled to at tend. Had every reason to believe at the time that they would remain and attend the trial.

The Buffalo Detectives.

Mr. Cassels informed the court that the two men had been bought over from Buffalo to glean some evidence for the election trial. They could not be expected to remain under the cit cumstances, especially as they had been paid only \$1.

Mr. Watson wanted the charge held over with a view to having the two men return to give evidence, but Jus tice Maclennan could not see any pos sible chance of getting the pair back so declined to hold over the charge. This closed the case as far as clause 37 was concerned.

Mr. Watson, in summoning up the evidence, held that the charge came under section 163 of the elections act There was not any doubt but that two men, George Lewis and Paul Peterson, were guilty of giving liquor to two voters on election day. The only question open to argument was that of agency, but as the respondent had failed to offer any evidence in rebuttal, it must be assumed that both Peterson and Lewis were acknowledged agents. It had also is been shown that these two men had attended at the committee rooms and had taken part in preparation and marking of voters' fists. A citizen of Trenton, Ont., who suffered agony with his back and kidneys, tells of his rapid and complete restoration to health by the use of Dr. Pitcher's Backache Kidney Tablets.

Thas Dr. Pitcher's Backache Kidney Tablets could so quickly cura a case so severe as that of Mr. Douglas is a splendid tribute to their rapid-acting, thorough-going curative qualities.

MR. DOUGLAS TELLS HIS STORY.

"I had been a very healthy man until a few months ago, when I was taken with a very severe pain across the small of the back. As I had a slight cold, I attributed the pain to that, and commenced using liniments, which I found gave me no relief.

"Seeing the testimonial of Mr. Kobold, a Trenton gentleman, who had used Dr. Pitcher's Backache Kidney Tablets, I made up my mind to try them. I had used very few Tablets before I found relief, and I can tell you I was very thankful for this, as I had been so bad that I had to lay off work for days, and at nights I could not turn in bed. Dr. Pitcher's Backache Kidney Tablets have made a perfect and thorough cure in my case. I am at work every day before 7 a.m., and work hard all day, and I can assure you my work is not easy, as I have a great deal of heavy lifting to do, and the constant stooping is a great strain on the back, but I am thankful to say I have never had a twinge of pain, nor has my back bothered me since Dr. Pitcher's Backache Kidney Tablets cured me." THOS. DOUGLAS.

MRS. DOUGLAS CONFIRMS IT.
