FIERCE MATCH.

HAMILTON TIGERS DEFEATED LIMESTONES

By 2 to 1. After Twenty Minutes Extra Time—A Free Kick Won the Match—Walsh Was Tripped.

Tigers, 2; Limestone, 1. This was the unexpected result of the O.R.F.U. junior championship match in Hamilton on Saturday between the Tigers, of that city, and the King-Limestone. It was unexpected to both teams, but the Tigers were the more surprised.

The Tigers were greatly strengthened since their last match, but even so they could not get through the Kingston line which many times swept the mountains before them. The contest was in Tigers' territory most of the time, but just as soon as the Hamilton goal was in danger and the Limestone were confident of going over to a touch, the whistle would be heard and a free kick awarded the Tigers.

The match was perhaps the roughest and most brutal played in Ontario this season. Limestone can play a strong game, but they cannot equal the Tigers for brutality. Limestone complain bitterly of ill-treatment. Outside of getting the short end of the officials' decision, they were ill-used by the spectators, who struck them with snow and ice while they were playing.

The match was contested on ground covered with mud and water several inches deep. In the first half, Tigers had the wind, but Limestone held them so fast, that couldn't score, while the Kingston team got one point on Bearcase's kick over the Hamilton line, which resulted in a rouge. In the second half came the frequent free kicks to the Tigers' saving them from a decisive defeat.

Time and again, the Limestone advanced towards their opponents' goal only to lose their hard-gained ground by free kicks, while the Tigers were scarcely ever penalized. Finally, the score was evened on a kick over Limestone's goal line. At half time the tally was 1 to 1, and the referee ordered extra time of ten minutes each way.

One minute before this twenty minutes expired, the Tigers were awarded a free kick at the Limestone's goal line. The ball was kicked far over for a rouge. Thus did the Hamilton Tigers gain the championship. When the Limestone held them down on their own grounds so well, after playing twenty minutes overtime, and with the officials favoring the Tigers, the victory of the latter is no victory at all. When the winning point was scored, Limestone's inside wing was ruled off, and had been for some time previous.

Had the Limestone had their half-back division of a week ago, they would have won, despite all drawbacks. Buts was greatly missed at both ends.

Toronto Wellesley players rooted for Limestone, but the Hamilton police tried to stop them, by clearing them away from the field, but any Limestone supporters had to stay far back.

Tigers—Full back, Newfort; half backs, Taps, Moore; quarter, Gundy; scrummage, Allan, Fletcher, Hal-crow; wings, McParland, Crooks, Hayne, Barron, Jamison, Hill.

Limestone—Full back, Walsh; half-backs, Bearcase, O'Brien, Bews; quarter, Moxley; scrummage, Page, Hamilton, Patterson; wings, Varnoy, Davis, Hebert, Smith, Cozier, Williams, O'Leary.

Referee—F. Woodworth, Toronto; umpire, Dr. Wright, Varsity.

Sport In General. It is proposed to form a series of the O.H.A. for young ladies, and Kingston Limestone are inclined to favor the Burnside Rugby rules, so the Toronto Mail Empire says.

The lightest player on the Canadian rugby team for Great Britain weighs 155 pounds, and the heaviest 196 pounds.

Quebec are the intermediate rugby champions of Canada, having defeated Peterboro, in Montreal on Saturday by eight to nothing.

The Canadian rugby team defeated Dalhousie at the English game, on Saturday, by nine points. The players sailed to-day for England.

Ontario Argonauts have decided to vote for the Burnside rules, with a few changes, at the annual O.R.F.U. meeting. They desire the quarter to be allowed to buck the line on receiving the ball from the snap-back, and all goals to count two points.

ST. JAMES' CHURCH.

Life Without God is Barren—Church Notes

Ven. Archdeacon Norton, of Montreal, occupied the pulpit of St. James' church Sunday morning and delivered a thoughtful sermon appropriate to the season of Advent. The venerable preacher based his words on Isaiah xlv 3: "For I will pour water upon him that is thirsty, and floods upon the dry ground; I will pour my spirit upon the seed, and my blessing upon the fruitful sowing."

The speaker traced the falling away of Israel from the condition of righteousness to that of sin and unbelief, until finally God commanded Isaiah to preach to the Israelites the gospel of hope and salvation. The history of Israel was likened to the modern life. A youth is reared in Christian surroundings, but is led into sinful ways, and finally ceases to think of God's wrath and the judgment to come.

With regard to Christianity he becomes pessimistic, which is the bane of modern civilization. This pessimism is the outcome of a life of faithfulness and sin. Redemption is found in looking to Christ, who redeemed us, not with gold or silver, but with His precious life. Salvation is free, and is found in the life-giving stream, which flows from Christ Himself. Without Christ, of what avail is youth? The youth finds his pathway beset by sin, drunkenness, gambling, slothfulness and kindred worldly attractions, and when these traits become established in a youth, they leave him like a fair region deserted by fire, all hope and brightness gone, all but hope and brightness, which ought to rise up a glorious manhood.

Without God, middle age is barren, like a once fertile plain, rendered desolate by the fine drifting sand that blights its fertility. Without God, old age is loneliness, is comfortless and hopeless; a very dry and barren land. Indeed, but God says, "I will pour water upon the ground, my spirit will pour on the seed." God can give that peace which the world cannot give, nor take away, can take a polluted life and make it spotless in His sight.

Church Notes

Rev. Dr. Jordan preaches anniversary sermons in a Montreal Presbyterian church next Sunday. An intercessory service, in behalf of missions, will be held in St. George's cathedral, Tuesday morning. Bishop Mills will preach.

A committee of Ontario diocese are conferring with the bishop respecting the appointment of a permanent diocesan canvasser to augment stipends and increase collections. The result of Rev. L. N. Tucker's first appeal for a grand revival of giving for the grand plan of general mission work is not inspiring. He left Montreal with \$1,000 in cash and \$700 in subscriptions. Ottawa and Ontario dioceses have made assessments of their parishes to meet the multiplied demands upon them.

The Bishop of Ontario preached a sermon most appropriate to the lesser penitential season, Advent, at St. George's cathedral on Sunday, and urged upon all, especially on busy men, the need of attending as many as possible of the services during the week of intercession, pointing out the force for good of a busy man's example in right doing.

Rev. Father Mea delivered the annual sermon on temperance in St. Mary's cathedral on Sunday morning. He advised the members of the congregation to follow the dictates of their conscience in voting on the referendum question. He was not a believer in compulsory temperance, he said, and considered such an act contrary to the teachings and examples set by Christ.

Remembered War Of 1812.

Nexton, Kas., Dec. 1.—Kate Vance, a colored woman, of this city, died Saturday, aged 103 years. She had a daughter ninety years of age and her husband died at the age of 105. She claimed to have remembered with distinctness Jefferson's administration and the war of 1812.

The Duke and Duchess of Connaught started for India Saturday.

The Nurse Testifies

To Personal Benefit As Well as That of Patients Who Have Used Dr. Chase's Kidney-Liver Pills.

None are better qualified to point to results obtained from any particular treatment than the nurse in attendance especially if the nurse is experienced and observant.

The doctor may have a better idea of what a certain medicine is expected to do, but he is not present to study the case and observe the actual results.

"The work of a nurse is often heavy and trying. Mrs. Nash's back ached and her kidneys were strained and deranged so as to cause much keen suffering. She proved for herself the prompt and lasting benefit to be obtained from the use of Dr. Chase's Kidney-Liver Pills, and has since witnessed many remarkable cures among her patients."

Mrs. C. Nash, the well-known nurse, 301 King street, Ottawa, Ont., states: "I consider Dr. Chase's Kidney-Liver Pills a splendid family medicine. I keep them on hand all the time, and do not think I could do without them. I used to suffer a great deal from weak back, caused by deranged kidneys and at times had severe sick headaches, but this medicine always brings relief. I never knew it to fail. Several friends have used Dr. Chase's Kidney-Liver Pills with equally good results."

Dr. Chase's Kidney-Liver Pills are considered an invaluable family medicine in a hundred thousand households. One pill a dose; 25 cents a box. At all dealers, or Edmondson, Bates & Co., Toronto.

LETTERS TO THE EDITOR.

A Parting Shot.

Kingston, Dec. 1.—(To The Editor): I submit that a doctor of divinity should know what facts he can prove before declaring to his congregation in his professed capacity of being a representative of the God of Truth that an advocate of temperance, and being satisfied as to requirements, obtained an option. He was seen on the premises by a coal dealer, who tried to head off the deal, but was too late to "secure a refusal" of the property. Another coal dealer then took a hand in the game, but was as unsuccessful as the first in breaking the option given the Bath man.

A real estate agent "got wind" of the design of the Bathite, and, having a wharf and large warehouse for sale, tried to induce a deal. Several tours of inspection were made of the premises, and the price seemed reasonable. A coal dealer learned that the Bath man had the purchase in view, and at once secured the property at the price asked by the agent, \$8,000.

The Bathite was later impressed with the unavailability of entering the Kingston trade, and went home contented and richer, it is said.

Three Negroes Sold.

Launceston, Kas., Dec. 1.—Sheriff Lawson attracted a large crowd before the court house door by a sale of three negroes, two women and a man. The girls were lively but small. The man, Charles Anderson, sold for twelve months, brought \$7, and the women, Tilly Griffin and Emma Reed, sold for one and three years respectively, brought \$5 each.—The three were convicted of vagrancy and ordered sold to the highest bidder.

John M. Jones, Rowanville, was caught in a window on Saturday night and held for seven hours until relief came. His injuries proved fatal.

ATTEMPTED MURDER.

Farmer Oliver Shot Cheesemaker Skellon. Tweed, Nov. 29.—A shooting affray, which looks very like an attempt at murder, occurred near here last night. The perpetrator of the deed is James Oliver, a farmer, about forty years of age, living near Redversville, Prince Edward county, the victim being Albert Skellon, a cheese-maker, from Caniffon, near Belleville. Skellon's story is that he had been visiting at Oliver's home since Monday last. Yesterday morning Oliver invited him to drive out to his (Oliver's) father's for a visit, and when they arrived at a lonely place on the road Oliver drew a revolver and shot him. The ball entered about an inch in front of the left ear, and came out just below the outer corner of the right eye. The wound is serious, but Skellon has good chances of recovery. Oliver would, no doubt, have finished his job but for the opportune arrival of a farmer named David Lockwood. Lockwood drove the wounded man here. Oliver has not yet been secured. Skellon says he counted Oliver among his best friends, and can imagine no motive for the crime, unless it would be to escape a debt of \$55 which Oliver owes him.

ONE MAN'S DOING.

Got a Fancy Sum For Merely Staying at Home. Kingston narrowly escaped having a new coal yard, and cheaper coal, and it all came about in a simple manner. A resident of Bath felt that he could make money by selling coal in Kingston, and came down to look over eligible sites. He visited the old Imperial Oil Works, took measurements, and being satisfied as to requirements, obtained an option. He was seen on the premises by a coal dealer, who tried to head off the deal, but was too late to "secure a refusal" of the property. Another coal dealer then took a hand in the game, but was as unsuccessful as the first in breaking the option given the Bath man.
