CURE SICK HEADACHE

HAD OVER 500 BOILS.

This may seem an exaggeration to you, BUT IT IS TRUE. All sufferers from Bad Blood should read about this miraculous cure by BURDOCK BLOOD BITTERS.

CURED IN 1885. Mr. David F. Mott wrote us from Spring Valley, Ont., in 1885. He said: "I suffered from impure blood and had over 500 boils, but since taking BURDOCK BLOOD BITTERS I am entirely cured, and can recommend it to any person troubled with bad blood."

CONFIRMED IN 1901. Mr. Mott writes us from 62 Broad St., Utica, N.Y., under date of Dec. 31st, 1901. He says: "Some time ago I received a letter from your firm, saying that some years ago you received a testimonial from me, stating that I had over 500 boils. Yes, sir, I had, and I must say that I have never had the reappearance of one since I took the course of your BURDOCK BLOOD BITTERS. I thank God that I have had good health ever since, for I was a great sufferer. I wish B.B.B. a world of success, which it surely deserves."

A VOTE CAN DO GREAT BENEFIT TO THE BRIGHT YOUNG MEN

By Saving Them From Temptations—Poll Votes as Early as Possible in the Morning—News From Headquarters.

From Local Prohibition Committee. If you want to help to save our youths and young men from the temptations of the bar-room and treating system you will vote.

Yes. On Thursday, and be sure and vote early in the day. The poll opens at nine o'clock. Be amongst the first to vote.

If a prohibition elector is personated, he cannot in any way put in a vote. The vote cast for him will count against prohibition. The mischief cannot be undone.

This fact makes it very important that every vote should be polled as early in the day as possible. This is the most effective way of preventing personation and securing an honest vote.

It is well that our workers should be posted beforehand upon the law regarding personation. Anyone who commits this offence is liable to a fine of \$100, and to imprisonment for twelve months, with or without hard labor. The penalty is severe, but the offence is great.

Our friends ought to let it be definitely known that they propose to have arrested all persons attempting to perpetrate the crime of personation, and our scrutineers ought not to hesitate to lay information and demand the issue of warrants when this offence has been committed.

Prohibition Headquarters.

Rideau ward workers meet to-night. A full meeting of all polling subdivisions of Rideau ward, at the corner of Princess and University avenue.

Without fail let every chairman, secretary and all scrutineers, both inside and outside, as well as drivers of rigs be present.

Let every scrutineer check off his book fully to-night and report at the head office, not later than nine o'clock in the morning.

At the headquarters, corner Princess and Bagot street, all the chairmen, scrutineers, inside and outside, of all the other wards are asked to meet at 7:30 o'clock. Will every man be present with his book fully checked.

The inside scrutineers are required without fail to take the necessary oath before J. D. Thompson, the returning officer, to-morrow.

On Tuesday evening a lecture will be given between 7:30 and 8 o'clock, at headquarters, to all bona fide inside and outside scrutineers as well as chairmen, and drivers of rigs.

At 8 o'clock a meeting of all the polling subdivisions at their several tables.

As lively rigs are difficult to obtain in this city, farmers friendly to temperance work are kindly urged to report volunteer rigs not later than Wednesday noon.

For The Aged Poor.

The directors of the House of Industry return hearty thanks for these donations from January 1st to October 31st: Evening treat of fruit cake, ladies Williamsville Methodist church, St. Andrew's Guild, ladies Sydenham Street Methodist church, St. Andrew's Guild, Charity Circle of King's Daughters, ladies of St. Paul's church, Mrs. Melroy and others; fish, W. J. Craig & Co., Lake Ontario Fish Company, John Gilbert, deputy fish inspector, potatoes and grapes, a friend; treat of strawberries, Mrs. W. Horace, Miss Holt, Miss Gibson, Miss Boarne and Clark, M. Knapp, St. Andrew's Guild, King's Daughters, apples, Mrs. (Prof.) Shortt, vanguard bread, R. H. Toye and Miss Holt; preserves, Miss McGill, Mrs. Grass, King's Daughters; cheese and grapes, ladies Brook Street church; chili sauce, a friend; hymn-books for church service, Mr. Bryant; clothing, Mrs. J. Gardiner, Miss Holt, Miss Leslie, Mrs. Birch, Mrs. Wheeler, Miss Wesson, Miss March, Messrs. A. Chown, Anderson, George Soars, R. Meek, tobacco, Messrs. McGowan, Elmer and friends.

Also an evening treat and entertainment from Miss McArthur and her Sunday school class, in honor of the 101st birthday of Murdoch McRae—the oldest inmate.

It is hoped that the House of Industry will, this year be generously remembered at Christmas by those who kindly provide good cheer for their needs, as the institution is much cramped for funds and cannot afford any but the plainest fare. Donations of clothing for men are always much needed, and gifts of tobacco will be greatly appreciated by the old men long habituated to its use.

The Dead Head Craze.

Why should people look for free newspapers any more than they look for free cigars, free umbrellas, free wifing sticks, free collars, free cuts, or free beetsteaks? Every copy of a newspaper is a product which costs money. The tailor, the tobacconist, the gent's furnisher or the grocer is not called upon to supply free copies of the products which they handle. The people themselves, if they cannot get a free copy of a newspaper would not think of struggling for place on a free list of a grocery store, a dry goods store, or butcher's shop.

From the Toronto Telegram comes this brief declaration of independence. It can be cordially endorsed in every newspaper office, where ordinary business transpires, and where debt is avoided, or adroitly. The Whig has seldom somewhat because it has reduced this deadheadism to a minimum, and especially at the hands of one now very much in evidence in proclaiming personal liberty.

On Saturday evening Queen's Alma Mater society nominated officers for the coming year. A mass meeting of the students takes place in Convocation Hall to-morrow afternoon to hear address by the candidates. The election will take place next Saturday. The General Booth of the Salvation Army, held crowded meetings in Winnipeg on Sunday. He characterized them as his last appeals to Winnipeg.

AT HOLINESS CHURCH. The Scott Act While in Force.

"The Scott act while in force," declared Mr. McDonnell, at the Holiness Movement church, Sunday night, "caused a flourishing business house to close its doors."

It happened in Sydenham only sixteen miles north of the city, where I was living at the time. Three hotels were doing business when the act came in force, but before it was repealed the central one closed its doors and the hotel man transferred his business to Kingston, where the license system was in force. A few days after the business closed some sympathetic friend pinned a paper on the front of the hotel with these words printed on it:

Scott Act And Hard Times.

"During the three years," the speaker went on to say, "the act was in force, a terrible drunkard, who lived in Sydenham purchased and paid for a house and lot in the village."

The speaker aroused great interest by calling the wife and daughter of the man, who were in the congregation, by name and asking them the following questions:

Q.—"Is that statement correct?"
A.—"Yes."
Q.—"Are you his wife and you his daughter?"
A.—"Yes."

Q.—"Could your husband have paid for the house and lot before the Scott act came in force?"
A.—"He was not sober enough to do so."

Q.—"Could he have purchased the property after the act was repealed?"
A.—"No, he could not."

This shows the reasons the liquor party are so active at the present time and why the Scott act is "cried down."

DR. PARKIN RETURNS. Speaks of Mission to Oxford on Rhodes Scholarships.

New York, Dec. 1.—Dr. G. R. Parkin, the commissioner, who is charged with the distribution of the Cecil Rhodes scholarships in the colonies and United States, returned today from England on a Canadian tour connected with the scholarships.

"There are some 200 scholarships to be distributed in the states and the colonies," said Dr. Parkin. "I have been at Oxford for several weeks, trying to get the wishes of the Oxford authorities, in the matter of distribution. There are twenty-one colleges at Oxford, and each wants three or four scholarships as it comes under its own peculiar rules of entrance and so forth. Some prefer to have post-graduate and others undergraduate scholarships. For the next year I shall be kept busy visiting and consulting with the leading educators of the states and the colonies as to the best methods of selecting candidates for the various scholarships which are allotted to their several districts. Each of these scholarships carries with it \$1,500 a year for three years, and it is an interesting question just what class of men are going to apply for them. As the first beneficiaries will go to Oxford in the fall of 1901, the final awards will be made early in that year."

CANADA BEATS HER RECORD. Increase in Manufacture of Cheese and Butter Over Last Year.

Montreal, Dec. 1.—The past season has been the most successful one ever experienced in Canada in the manufacture and export of butter and cheese. Cheese exports during the season just closed showed a total increase of 305,132 boxes over those for 1900, and a total increase of 22,353 boxes over those for 1900, while last year shipments showed an increase of 121,605 packages over those for 1901, and an increase of 25,288 packages over the season 1900.

The disbursements to the factories for cheese were also largely in advance of any previous year, cheese being constantly one or two cents higher than the previous season. Butter-makers were not relatively so fortunate, the price of butter being lower during most of the season than it was in 1901. As the exports were larger, however, the total disbursements to factories would probably amount to about as much as last year.

DEATH OF WILLIAM MACKAY. He Left a Fortune Estimated at \$3,000,000.

Ottawa, Dec. 1.—William Mackay, one of Ottawa's millionaire lumber men, died to-day, aged eighty-four. He came from Ireland in the thirties and started life as a mill hand, working on the Chaudiere drives. He afterwards, by saving, bought limits on a small scale and eventually became a lumber king. His fortune is estimated at \$3,000,000. He was a generous giver to charity and a devoted Catholic. He leaves two daughters, Mrs. Darcy MacMahon, and Mrs. St. Denis Lemoine, and a son, Walter Mackay. Mr. MacMahon is a son of Justice MacMahon.

Magnificent Coaches. The Grand Trunk railway system has just placed five more of the new 2,000 series coaches into service on the main line, and if anything, they surpass in artistic workmanship in completeness of detail, and in their appointments in finish, anything of the kind that has hitherto been seen on any railway. These coaches were turned out by the Grand Trunk shops, Point St. Charles, and reflect the highest credit on Canadian skill and workmanship. The cars are equipped with all the modern devices for safety, and the interior is finished and upholstered in handsome style.

Queen's Alma Mater society are thinking of establishing a "Book Order Department," through which the students will secure their text books, at a lower rate. A committee has been appointed to consider the matter.

Arrived at Richardson's elevator Steamer Arabian from Fort William with wheat. Birmingham's, were made in Germany.

Rev. Dr. Wilson is preaching in St. Martin's church, Toronto.

A COMPARISON CHRISTIANITY VERSUS PROHIBITION

Movements Antagonistic to the Progress of Christianity—An Inconsistency in the Prohibition Tract.

From Anti-Prohibition Committee. Yes, the solid coin of Christianity's needs, not sentimental gush, tyrannical compulsion, selfishness, starvation and annihilation, all of which are being now broadcast in Canada in the name of Christianity by the total prohibition and other delusive movements which are really antagonistic to the progress of Christianity and one amongst her most gigantic foes.

The Saviour did not come to destroy the works of the devil (if he could have made short work of it and all the attendant evils) but He came to destroy the works of the devil by leading a sinless life and by helping and teaching others the same. God can turn all alcoholic beverages into salt water as easily as he turned the water to wine and His character binds Him to do it if it were best; total prohibitionists would do this if they could; God can but does not, so God and the total prohibitionists clearly differ. God never violates the Divine principle of free agency; this is a distinguishing feature in God's government of the human family. To get the best results we must conform to the Divine plan.

A Slight Inconsistency.

One of the prohibition tracts states that the fact of a house being licensed does not increase its assessed value, while a prominent reverend gentleman, an ardent prohibitionist, is reported as declaring that the value of the hotel property at Cataragui increased from \$1,200 to \$3,000 immediately after obtaining a license.

If you vote yes you vote in favor of a system that has been a failure wherever tried.

Vote No Dec. 4th.

It seems utterly impossible for some people to learn by past experience. They are constantly trying to make history repeat itself. Most people have learned that it is impossible to make men good by act of parliament, and hence the good sense of a majority of the people is against using such a method for the purpose.

Mankind cannot be legislated into heaven. God has given us the power of enjoying ourselves. He has placed us where we can in the right way have recreation and relaxation from the burdens and cares of this life. It must surely be a reflection on the wisdom of the great Creator for the fanatics to proclaim the pleasure of life as sinful.

To pass prohibitory laws now against amusements, as was done in the past, would only result in failure and be disastrous to morality and religion. It is impossible to make men sober by acts of parliament.

The man who wants liquor will have no change of heart and advocate prohibition; if such an act is put into force they will get the liquor in spite of the act and its penalties. All right thinking people believe that drunkenness is a great sin, but it is not a sin to take a glass of beer or a glass of wine. Because one man abstains for example's sake, what right has he to condemn his brother who takes a glass of wine and goes about his business. We will do well to keep the commandments of God without trying to question His wisdom by adding to the list. He gave us.

It is right to educate people by moral suasion, by precept and example to see the need of practising temperance in all things. It is wrong for those who do not use liquor to try to compel, by legal enactment, others to give up the use of liquor.

The result will be an increase in drunkenness and a determined effort to make it a dead letter. Why have almost all the states which have tried it, given up prohibition and substituted the license system if the former is such a great blessing?

The trouble is that many of our Christian people are too visionary and are governed by sentiment instead of common sense. Do not inaugurate a disastrous reign of folly on Dec. 4th, but VOTE AGAINST THE LIQUOR ACT.

Vote No!

Consider your best interests morally and financially and VOTE NO. All chairmen and committees will meet Monday, 7:30 p.m., at L.H.P.A. committee rooms.

A meeting of the trade and all workers, Tuesday, 4 p.m.

November Customs Collections.

Collections on account of customs duties at the local port, during November, were \$15,297.38, being an increase of \$3,332.72 over the corresponding month last year.

SEASON CLOSED. Navigation is Over at Montreal For European Ports.

Montreal, Dec. 1.—With the sailing of the Black Diamond line S.S. Louisburg, this morning, the navigation season of 1902 for the port of Montreal closed. The number of boats which arrived in port this season was 757, as against 742 last year, an increase of fifteen vessels. The total tonnage of last year was 1,453,048 and has been exceeded this season by about 75,000 tons.

The increase in collections of the customs department this year has been phenomenal. The figures show that the difference between 1902 and 1901 is \$1,000,477.59, which is an increase of nearly twenty per cent.

During this week of prayer the blood and thunder theatre posters opposite to St. George's cathedral will pressing those who go to service three times per day.

Commenting upon a sermon of Sunday evening a citizen remarked that if John the Baptist had preached it he would have been relegated to an asylum.

The latest importations to Kingston, Ontario, Birmingham's, were made in Germany.

offered his patrons by the American Athletic Club, for its boxing show to-night. Yanger has never met with defeat and the outcome of his match with so reputable a fighter at Sul-

BENNY YANGER.

livan is awaited with much interest in sporting circles. Both men appear to be in the pink of condition for the contest.

Wedded At Kingston Mills.

A very pretty wedding took place at the Church of the Holy Name, Kingston Mills, on Monday morning, the contracting parties being G. W. Corkery, Glenburnie, and Miss Jettie Hogan, daughter of Patrick Hogan, and one of Kingston Mills' most popular young ladies. The ceremony was performed by the pastor, Rev. J. J. Collins. The bride was attired in blue tulle, trimmed with white tulle, silk poplin, and with a large picture hat of blue velvet. She was assisted by her cousin, Miss Rose Black, who wore blue lady's cloth with hat to match. Patrick Hogan, brother of the bride, supported the groom. Miss Florence Graham presided at the organ. The soprano solos were sung by Miss C. Graham and Miss M. Canning, while the alto was sung by Miss Florence Graham, which was much admired. The bride was for many years a member of the choir.

After the ceremony the bridal party proceeded to the home of the bride's parents, where the wedding breakfast was served. Lockmaster Andin had his flag flying in honor of the occasion, testifying to the esteem in which this popular young lady was held. A very large number of costly and useful presents were received from friends and acquaintances.

Deserves Credit.

"I believe in giving every man his just due," remarked a well-known sportsman this morning, "and I think it is due to Inspector Brickwood to say that he is deserving of credit for the manner in which he has seen to it that the game laws have been carried out in this district. I have been around considerably, and I have found a wholesale dread of violating the laws, due to the educational campaign inaugurated by Inspector Brickwood."

Great Clearing Sale.

For a Hurried Luncheon Nothing is so handy as Bovril

The evils of hurrying over or putting off one's meals are manifold: headaches, feverishness, depression, and worst of all impaired digestive powers, are nearly always the results of this irregularity. The remedy is, however, within the reach of all. Whenever circumstances compel you to postpone a meal, take a Cup of Bovril, which can be prepared in a minute by adding a little boiling water, or may be obtained at any lunch room or restaurant.

BOVRIL

Bovril contains all the nourishing properties of the best lean beef in the most concentrated and palatable form. It strengthens the system and gives renewed life and vigor after fatigue.

Concussion

Feet strike the ground six thousand times per hour in walking. This means six thousand shocks to nerve and spine on city pavements.

From physician's knowledge of the result sprang an immense market for rubber heels.

But solid rubber heels take up only a small proportion of the jar. The RESILIA cushion centre-sole extends from toe to heel, between the leather insole and outsole.

It has twice the spring of a solid rubber heel, with half its weight, and no "sneaker" disadvantage.

It is springy as a bicycle tire; distributes pressure over the foot sole, wear over the shoe sole, is water-proof and ventilating.

Half the labor in walking—observe cushion centre-sole beneath.

THE RESILIA SOLE

THE SLATER SHOE.

F. G. LOCKETT, Sole Local Agent.
