MAKE IT "NO" VOTE AGAINST THE BACK WOODS LEGISLATION

What the Late Principal Grant Said—What the New York World Says in Regard to the Prohibition in Maine.

From the Anti-Prohibition Committee. Vote against the backwoods legislation!

Remember that to-morrow when you vote "No" you declare that you are master of your own mind and refuse to be made the serf of others.

Rebuke the impertinent assumption that you are weak-minded and require legislation to protect you. VOTE NO.

Principal Grant, though dead, has left his thoughts for our consideration and instruction. He said:

"The Scott Act with us admittedly proved a failure. It follows that provincial prohibition would be a greater failure."

His forensic vision pictured the passage of the "Liquor Act" as a promoter of illicit stills, importations of liquor from Quebec, and many undesirable conditions, quite opposite to the promotion of decency and good order.

"The longer I live the more varied my experience, the more impartial my study of the facts connected with the oft-repeated attempts to suppress rather than to regulate the liquor traffic and the more mature my reflections on the springs of human action."

It follows from the arguments that the first and indispensable thing to be done is to show by our votes that ONTARIO IS NOT IN FAVOR OF PROVINCIAL PROHIBITION.

Mark your cross under the word "No!"

The New York World says: "The people of that state (Vermont) have registered their judgment against the tyranny, the rottenness, the humbug and the futility of prohibition laws that failed to stop drinking, and whose attempt at enforcement is far more prolific of evil than the drunkenness which they fail to suppress."

The New York Tribune says: "The people of Vermont wanted to make as emphatic as possible the expression of a wish for the repeal of the present prohibition laws, the enforcement of which is little more than a mockery. They are tired of hypocrisy, and want TO GET RID OF THE DEMORALIZING CHEAT OF PROHIBITION."

The claim that there is successful prohibition in Maine, Kansas, New Hampshire and the Dakotas is a brazen fraud.

The province and the dominion have assets to show for the benefits derived from the liquor traffic. What assets would prohibition have to show for the destruction of those benefits?

General meeting of the trade, chambers, committees, workers and all persons interested in the defeat of the liquor act will be held at the I. H. P. A. rooms—Wednesday, 7:30 p.m.

The Referendum—Vote "No."

Table with columns: ARE YOU IN FAVOR OF BRINGING INTO FORCE THE LIQUOR ACT OF 1902? YES, NO. Includes a large 'X' in the NO column.

Mark your ballot as above and vote against prohibition.

Vote "No."

In October last half a dozen Congregational ministers and laymen of England were sent to Canada to look over the work of that church in this country.

Statue Of King Edward. London, Dec. 3.—A handsome statue of King Edward was unveiled at Reading today, the occasion being made one of the interesting ceremonies.

REV. DONALD McCORMICK.

Once of Kingston, Dead at Boothbay Harbor, Me.

Kingstonians will learn with regret of the death, at his home in Boothbay Harbor, Maine, on November 21st, of Rev. Donald McCormick, at one time pastor of Bethel Congregational church, this city.

The deceased clergyman was born on the Island ofIslay, on the west coast of Scotland, on March 1st, 1842. He was the eldest of fourteen children, eleven of whom were sons.

The Boothbay Register says that Mr. McCormick was a fearless preacher of the gospel. His was a pure soul, with the simple truth of a lit-tle child.

ELECTION TRIAL. The South Oxford Case Is Still Going On.

Woodstock, Ont., Dec. 3.—The South Oxford election case was resumed this morning. The entire morning was occupied with the hearing of charge No. 11, that Donald Sutherland, the respondent, and his agents, treated in the Mount Eden hotel, on the evening of May 27th, after the respondent held a political meeting there.

A RAILWAY ACCIDENT. And Some Thirty Persons Reported Killed.

Somerset, Ky., Dec. 3.—A disastrous wreck occurred, this morning, on the Queen and Crescent railway, at Sun-bright, Tenn. Twenty-five passengers and five railway men are reported killed. Engineer Coners, Samuel Bryant, and Fireman Fowler of this city, are reported dead.

Five of the crew of the Banquet-burn were members of St. James' congregation. Two large tins peaches 25c. at Gilbert's.

PUT THE CROSS UNDER THE WORD "YES" ON BALLOT.

Why You Should Register Your Vote in Favor of the Putting Into Force of the Liquor Act. From Local Prohibition Committee.

To-morrow, Dec. 4th, is day appointed for voting on "The adoption or rejection of "Liquor Act of 1902."

This act may not be perfect, but it is the best act ever put on the statute books of the province, to promote the interest of temperance, and every elector ought to vote for its being put into force.

If you are in danger from strong drink, VOTE YES.

If you have a friend who needs the prohibition from the temptations of the bar-room, VOTE YES.

If you are a father and have boys whom you wish to grow up sober men, VOTE YES.

If you wish your province to advance in wealth, VOTE YES.

If you are wishful to see morality conserved and advanced, VOTE YES.

If you are an honorable man and wish to show your disapproval of the mean tactics of the pro-liquor men in working moral reformers, who are charging for the well-being of society, with being hypocrites, VOTE YES.

If you wish to be in company with the best elements of society, VOTE YES.

If you are a Christian man, and believe you are responsible for your brother's welfare, VOTE YES.

Remember if you let to-morrow's opportunity slip by unimproved, you cannot recall it; therefore, even should it require self-denial and involve some petty persecution, do your duty like a good citizen and go early to the polls and VOTE YES.

We make this our last and urgent appeal, believing that if you accept our disinterested advice, you will never regret it, so VOTE YES.

The archbishop of the Roman Catholic church is in earnest sympathy with the temperance work. One of the leading educators of that church in Kingston has been amongst the best workers at headquarters. The organ of that church, The Freeman, has cordially supported this movement.

Let every inside scrutineer, without fail, call at headquarters before seven o'clock this evening, and get his appointment and certificate; and then see that he is at his particular polling sub-division at 8:30 to-morrow morning, to be sworn in by the deputy returning officer.

Will every chairman marshal his men and horses at eight o'clock to-morrow morning and report at headquarters, corner Bagot and Princess streets, at 8:30? There they will be appointed to their places in their several sub-divisions.

Chairmen of sub-divisions, inside and outside scrutineers, and other helpers, are all urged to be at their particular sub-divisions not later than 8:30 in the morning for a brief conference, and then to the work.

If there is money, or drink, or persuasion employed to prevent an honest vote let those instructed and pledged for the purpose promptly attend to the matter and telephone headquarters, and summary justice will be dealt to the law-breaker. The law is plain on this point and will be rigidly enforced.

VOTE YES.

Advent Special Services. The attendance at the special services in St. George's Cathedral is very gratifying to the bishop, who joined with all his spirit in the call for this special week of prayer by the archbishop.

The three services daily are being well attended at St. George's. In the evenings fully eight hundred have regularly attended. Eleven of the city clergy lead in the devotions. The bishop preaches every evening, except Saturday.

At Portsmouth service was appointed for Wednesday evening, the congregation to join with St. George's for the rest of the week.

The services at Barfield begun on Tuesday evening will be continued all week. Prof. Worrell was the preacher for Tuesday evening, Rev. G. L. Starr for Wednesday evening.

Separate School Board. Rev. Fr. Kehof presided at a regular meeting of the separate school board last evening. A number of accounts were presented and passed.

The report of the attendance at the schools for November was presented and considered satisfactory; only five cases of truancy occurred during the month. It was decided to at once improve the lavatory arrangements at St. Mary's school. The matter of the "Terney" defalcation was considered, but the outcome was withheld from the press.

Will Stop Driving. Police Magistrate Farrell has sent out warning that he will heavily fine anyone guilty of driving across Frontenac park. Many complaints have been received of violations of parks' ordinances, and Magistrate Farrell is determined to punish offenders.

Comes Back to Port. A telephone message from Ogdensburg, this morning, announced that Capt. Lesslie would not proceed to Newfoundland, as intended, but would return to this port and winter here. The Patrol is expected here this evening.

Gone To The Wreck. The Donnelly company's wrecking steamer Donnelly left this afternoon for Cobourg for the scene of the disaster of the schooner Jessie Drummond, ashore there. A complete wrecking outfit was taken along.
