### IT IS IMPORTANT.

To Know What You Are Taking When Using Catarrh Medicines. Catarrh is the short route to con-

sumption, and the importance of early and julicious treatment of catarrh, wher er located in the head, throat or bronchial tubes, cannot be too strongly emphasized.

The list of catarrh cures is as long as the moral law and the forms in which they are administered, numerous and confusing, from sprays, inhalers, washes, cintments, and salves to powders, liquids and tablets.

The tablet form is undoubtedly the most convenient and most effective,

tems. Stuart's Catarrh Tablets being composed of red gum, blood root and similar valuable and antiseptic ingredients, and are pleasant to the taste and being dissolved in the mouth they take immediate effect upon the bered that the cocaine or morphine habit has been frequently contracted as the result of using se ret catarrh

Stuart's Catarrh Tablets meet with cordial approval from physicians, because their antiseptic character render them perfectly safe for the general public to use and their composition makes them a common sense cure for all forms of catarrhal troubles. All druggists sell them at 50c. for

KINGSTON'S MARKET.

The By-Laws Copied and Admired -A Privilege. Considerable fault has been found

with the forestalling by-law and other rules and regulations governing the maintenance and control of the city's market. But while citizens freely criticize or condemn some of these rules, outsiders praise them. City Clerk Shannon has received communication after communication from vince, requesting that they be sent a copy of the market by-laws. This was done, and in almost every instance Purses 25c. and up at Taylor's. the reply finally came back from the town and city clerks to the effect that Kingston's by-laws were the best they had ever seen. Towns, which had adopted these laws, found them to work satisfactorily in every respect, and they were not backward in testiwell, there's the old adage about day, the prophet and his own country.

Several of the aldermen have lately rules should be abolished, thus taking away the protection the citizen had against the merchant. It has been stated that the people can buy from farmer on the market, but the fallacy of this contention is so evident that it does not merit argument, says another alderman. The latter also points out that this privilege to buy on the market before 10 a.m., without having to meet the competition of large and small merchants, is a great boom and liberty for the citizens, and one they should never allow a few over-zealous and short-sighted aldermen to rob them of. The enforcing of this by-law is all that is

# For Friendship's Sake

Tell Me a Sick One Whom You Want To See Well.

Send no money-just a postal card stating which book is needed. It costs but a penny-takes but a moment. Write it to-day, and I will do all that man can do to make your friend well.

I will even do this: I will mail the sick one an order - good at any drug store - for six bottles Dr. Shoop's Restorative. He may take it a month at my risk. If it succeeds, the cost is \$5.50. If it fails, I will pay the druggist myself. And the sick one's mere word shall decide it.

Could I meet you I would forever convince you that I have what these sick ones need More than that, they must have it, for most of them can never get well without it. I would overwhelm you with evidence.

But I can meet only a few, so I say to all who need help: "Try my Restorative one month at my risk. Learn by a test just what it can do. If it succeeds, you are well. If it fails, it is free." I know that no sick one can neglect an offer like that. I fail sometimes, but not often. In rare cases, there is a cause-like cancer-which medicine cannot cure. But I have furnished my Restorative to hundreds of thousands on these terms, and 39 out of each 40 have gladly paid, because they got well. I am willing to trust sick ones to be fair with me. It is a remarkable remedy that can stand a test like that. It is my discovery, and I spent a lifetime on it. My Restorative is the only Remedy that strengthens the inside nerves. Those nerves alone operate every vital organ of the body. When an organ is weak it means that its nerve power is weak. It is like an engine, that needs more steam. To doctor the organ is useless. The weak organ will do its duty when given the power to act, and no other way can cure it. My success comes from the fact that my remedy always restores that nerve power. My book will explain it. Please

write me to-day who needs it.

Mild cases, not chronic, are often cured by Shoop's Restorative is sold by all druggists.
