

Angier's Petroleum Emulsion with Hypophosphites is prescribed by physicians for children's diseases. The little ones thrive on it. It is pleasant to take and agrees with the stomach.

It is the best children's medicine. They become fond of it. Put your child on a steady treatment of Angier's Petroleum Emulsion, and note how quickly it gains in health and becomes strong and robust.

My little girl was troubled with bronchitis and a harsh hacking cough almost since birth. Nothing benefited her until my druggist advised me to give her Angier's Petroleum Emulsion, which I did. It cured the cough, and she almost immediately began to gain in flesh and improve in color.

WERE RESCUED

ADRIFT WITHOUT FOOD AND WITHOUT HELP.

Rescued After one of the Most Heroic Struggles of Man for Man Ever Chronicled on the Great Lakes—No Way to Signal for Help.

Rochester, N.Y., Dec. 15.—Through the bravery of Capt. Gray and his crew, five persons and two dogs were rescued from the John R. Noyes, of Cleveland, Ohio, and landed safely on the shore at Lakeside after one of the most heroic struggles of man for man ever chronicled on the great lakes.

The crew of the Noyes consisted of Capt. George Donovan, Mate J. Ryan and his son, J. Ryan, and wife, and George Preme, all of Oswego. Capt. Donovan of the Noyes, is a son of captain of the George Hall, believed by the rescuers to be lost.

Capt. Donovan reported that his boat, the Noyes, broke away from the steamboat George Hall, which towed him out of Charlotte, Thursday morning, when they were twenty-five miles off Kingston. That was at eight o'clock Saturday morning. They drifted all of Saturday, Saturday night, and Sunday morning brought up off Lakeside, about twenty miles east of Charlotte. They threw out their anchor there, giving it sixty fathoms of chain.

The sea was so high that the chain stove in the side of the boat, and they had to cut it loose, and drift in the wind. Sunday morning the waves broke in the cabin windows, and the five were entirely at the mercy of the storm. The weather was freezing cold, and spray froze to everything it touched almost as quickly as it struck.

Back in Oswego. Oswego, N.Y., Dec. 16.—After being buffeted about for seventy-two hours by the angry waves of Lake Ontario, the steamer Noyes, bound light from Toronto, made the entrance to the harbor last night, but was unable to get to her dock because of the ice that had formed in the river. When Capt. Beggs reached port he had not half a ton of coal in the bunkers. She was covered with ice.

KEPT CORPSE IN HOUSE.

Widow Had Daughter's Body Removed From The Grave.

Paris, Dec. 16.—An extraordinary discovery has just been made in an ancient chateau far away in the country. On the death of one of its owners, the wealthy widow of a member of the National assembly of 1848, the property passed into the hands of some relatives, who rarely paid it a visit.

Their heirs, on entering into possession a few days ago, exploring the mansion, which is very large, and coming to an unfinished room, which had not been opened within the memory of the oldest retainers, they found in a cupboard a box packed with silk, containing the body of a girl, apparently about sixteen years of age.

Half a century ago the deputy's widow had lost a daughter to whom she was devoted, and it is presumed that after the funeral she obtained possession of the corpse, which had been embalmed, and laid it in that lonely chamber so that she might have her child's body always near her.

The Scheme Is Unpopular. A prominent citizen suggested this morning, that before the city council took definite action towards abolishing market tolls, a meeting of ratepayers should be called to consider the question. He is opposed to lowering the market tolls, and mentioned the names of many leading citizens who shared his views. He says that the proposition to cancel market fees will be defeated at the polls.

THEY WERE WED

CONVENT WALLS FAILED TO KEEP LOVERS APART.

Secret Wedding of J. Arthur Cleary and Julia Hays at Rome, N.Y., in September Becomes Known.

Syracuse, N.Y., Dec. 16.—Convent walls have proved ineffectual barriers to J. Arthur Cleary of this city, who succeeded in getting married to Julia Hays in secret last September, almost under the nose of her guardian, the Rev. William A. Ryan, pastor of St. Agnes' church of Utica. The facts have just come out.

Mrs. Cleary is now only seventeen years of age, and is one of the prettiest girls in the city. After the death of her mother three years ago, her guardian, Father Ryan, who is also her uncle, placed her in the convent of the Sisters of Mercy and St. Peter's academy at Rome. In some manner young Cleary succeeded in paying court to her, and they went to Utica to be married.

The secret would have been kept longer but for the fact that proceedings were taken for the division of the Hays estate and her married name had to be used. She is now living with her husband's parents.

FRASER PLEADED GUILTY.

Former Montrealer in Trouble in Frisco.

San Francisco, Cal., Dec. 16.—W. A. Henderson, one of five men who killed Policeman Robinson here nearly a month ago, has pleaded guilty to manslaughter. He will be sentenced to the penitentiary for ten or fifteen years, in view of the fact that he turned state's evidence and convicted two men.

Henderson's true name is John Fraser, and he hails from Montreal, where for years he was socially prominent, being a college man, whose ability as a football player was widely known. Of late Henderson has been claiming that Attorney William Schooner hypnotized him and a technical fight has been waged in behalf of another defendant upon this ground.

A Close Match.

The Pittsburg, Pa., P.A.C. hockey team (principally composed of Kingston players) were defeated by the Victorias in a keen contest, by three to two. The Victorias are made up principally of last year's Ottawa team. The latter scored two goals in five minutes; then the Kingston men awoke, and had the best of the play, but failed to win out.

They Roost High.

"How are the turkeys out your way?" asked the president of the Buttermilk club this afternoon of a Kingston township man. "Oh they roost pretty high!" replied the visitor, giving a hint that the Buttermilk aggregation had better stay home, and not start out on a Christmas raid. But the honest president did not catch on.

A Successful Season.

Mountain Grove, Dec. 15.—Rev. W. Clark conducted services on the Plevna mission yesterday. The Methodist church here, after being repaired and and refurbished, will be re-opened next Sunday; Rev. W. J. Young, chairman of the district, will conduct services both morning and evening. A successful cheese season has closed by the patrons of the factory receiving \$1.25 per hundred weight for November milk. Christmas entertainments are the order of the day. The people look forward with pleasure to the entertainment by the Methodist Sunday school on December 23rd.

Fran is spending some time with his sister at Havelock. S. Abbott has returned from a trip to Kingston and other points south. Miss Bessie Price is recovering from an attack of pneumonia. Her brother, Carman, came home from New York state on hearing of her illness. Mrs. Drake is again on the sick list, and Edmond Godfrey is very ill. Miss Walworth, who has been here for several weeks, has returned to her home in Verona for the Christmas season.

Harrowsmith Cheese Factory.

The cheesemaker of this factory makes the cheese for one and one-half cents per pound and pays all expenses except insurance and allowance for secretory. Those interested in these reports should consider whether or not the patrons shall haul their milk themselves or pay for its being done as, where they haul their milk themselves, they should get about six cents per hundred pounds more. The factory worked from about the middle of April till the last of November and one day in December. The secretary, James Cooke, reports it received 3,618,573 pounds of milk and made 359,662 pounds of cheese, taking 10.96 pounds of milk to make a pound of cheese. The sales came up to \$36,350.16, making the average price of a pound of cheese 94.1 cents. The making cost \$5,394.91 and the insurance and secretory's work, \$81.95, leaving \$30,873.30 for the patrons; this gave them an average 53.32 cents per 100 pounds for their milk. If the patrons of this factory hauled their milk themselves they would have secured ninety one cents.
