EDICTS ISSUED

Confiscation Of Telegraphs Is Ordered

ARMY TACTICS

ARE TO BE WITNESSED BY OFFICERS.

Empress Dowager is Again Apprehensive as to the Emperor —The Way the Court Treated Those Who Witnessed Its Passage.

Pekin, Dec. 17.—An edict has been issued ordering the confiscation of the telegraphs in order to insure secrecy for government despatches. Viceroys Chang Chih Tung and Yuan Shih Kai are ordered to ascertain the value of the shares of the telegraph companies and the properties belonging to them.

Another edict orders the southern viceroys to send officers to witness the manoeuvres of the foreign drilled army in the province of Hupeh, and the northern viceroys and governors to send officers to be present at the evolutions of Yuan Shih Kai's army in the province of Chili. The purpose is to reform all the armies.

Yuan Shih Kai and Chang Chih Tung are ordered to prepare army regulations and to umpire the annual manoeuvres that will take place at Pekin and to establish a government inspection of all the troops in the various provinces. This edict is a result of Yuan Shih Kai's visit to Chang Chih Tung.

Yuan Shih Kai has been a guest of the dowager empress at the summer palace.

The return of the court, after a four months' stay at the Summer Palace and after several postponements, evolved several new features of the situation in China. One of these is that the empress dowager is again apprehensive regarding the emperor, who has been closely imprisoned in the Summer Palace all the time. Another is a different feeling on the part of high government officials, officers surrounding the court and members of grand councils towards foreigners. For the first time, since the return of the court from Sian-Au, after the Boxer troubles had been settled for, those who assembled along the route, traversed by the court on its home-coming, were ill-treated. Some were arrested, commanded to make obeisance to the court before the natives and detained under a heavy military guard until the royal cavalcade had passed by.

HEAD TAKEN OFF.

A Bridegroom on Saturday — Corpse on Tuesday.

Detroit, Dec. 17.—Ida Reaume, aged eighteen years, of Jeannette's Creek, Ont., came to Detroit, on Saturday night, and was quietly married to Hugh Mackenzie, a young Scotchman, the young couple immediately taking up house. Yesterday morning while Mackenzie, with two other workmen, was standing on top of one of the passenger elevators in the Stevens building, engaged in painting the shaft, the other elevator was suddenly started up. Mackenzie was leaning over one of the cross beams of the shaft at the time, and the huge balancing irons coming down noiselessly, completely severed his head from his body. Mackenzie's widow is prostrated from the shock.

Mrs. Langtry Sails For America.

London, Dec. 17.—Prominent among the passengers on the Celtic, which sailed for New York to-day, were Mrs. Langtry and the leading members of her company who are to engage in a tour of the large cities of America this winter. NEW ENGLISH CONTRALTO

To Be Heard For First Time in New York.

MME. KIRKBY LUNN.

New York, Dec. 17.—Mme. Kirkby Lunn, an English contralto, who has won renown abroad, not only as a concert and oratorio singer, but on the operatic stage as well, will be heard for the first time in America to-night at the Metropolitan Opera House. Following her New York engagement Mme. Lunn will make a tour embracing the leading cities of the country.

READY FOR ACTION.

Alarm Caused Over British Attitude.

LaGuayra, Dec. 16.—Considerable alarm was created to-day by the British war vessels which made a hostile demonstration with men at quarters and the decks cleared for action. The occupants of the fort expected a bombardment similar to that at Puerto Cabello, and general consernation reigned.

The Outlook Now.

London, Dec. 17.—There is a momentary subsidence in the public discussion respecting the Venezuelan affair. The bondholders claims are less conspicuous than city men had supposed from the interest taken by the bankers in obtaining a settlement. A point which has excited general prejudice is that the British government has been committed, virtually, to support Germany's claims, which are believed to be a miscellaneous lot, good, bad and indifferent, yet there can be no withdrawal by either ally except by mutual agreement.

This hard and fast agreement, which did not operate well in China, is regarded by many writers with uneasiness, since the German emperor is cynically suspected of the intention of creating an estrangement between Britain and the United States. The fact that Count Metternich's proposal for joint action was not made until midsummer, when clear notice had been given last December as to Germany's intention, escaped observation.

Lord Lansdowne's additional explanation, yesterday, respecting the blockade left it uncertain whether all vessels would be stopped or whether an attempt would be made by the British and German authotities to take possession of the customs houses of all the principal Venezuelan ports.

RICH, BUT THEY WORK.

Sons of New York Millionaires Set Up As Florist.

New York, Dec. 17.—Whitelaw Reid, Jr., son of the former ambassador to France, and young "Harry" Havemeyer, son of the millionaire sugar refiner, have gone into the florist business. Their salesroom is in the basement of a brown stone building at No. 509 Fifth avenue, right opposite the residence of Russell Sage.

The "Rosemary Roseries, Inc.," is the style of the company of which young Havemeyer and Reid control the stock. The officers are Quintard Meyer, president and treasurer; Horace S. Gould, secretary, and with them Percy Scheneck and Joseph W. Sidenberg, Jr., constitute the directory.

Speaking of his new venture, Mr. Havemeyer said yesterday.

"I have always held that men had quite as good a right to work as women. There are nearly forty women of the class known as 'society ladies' now in trade in New York, and there seems no reason why a couple of lads shouldn't emulate their example without exciting any special comment.

"The Rosemary Roseries is not a fad nor in any sense a frolic; it's a serious, legitimate business enterprise, which will not be abandoned when no longer a novelty."

Russell Sage strolled in the other day and asked the price of a bouquet of violets, which generally brings a quarter on the streets. When informed it was $1 Mr. Sage gasped for breath.

As society leaders dislike rifling their conservatories for nosegays, the "Rosemary Roseries, Inc.," is likely to do a brisk business.

A CLOSE CALL

Irish Nationalists Saved The Measure.

THROWN OUT.

PETITIONS IN THE HARTOPP DIVORCE CASE.

The Case Summed Up With Lucidity and Impartiality—The Parties Must Pay Big Law Bills and Live on Without Relief.

London, Dec. 17.—The House of Lords amendments to the Education bill were considered by the House of Commons, yesterday, when the speaker declared the question of privilege was removed from the Bishop of Manchester's amendment by the addition of the Duke of Norfolk's amendment, stating that the cost of repairs was not to be a burden on any public fund. The amendment was then supported by the government and carried by 197 votes to 159. The government escaped defeat owing to the return of Irish Nationalists to parliament.

The Hartopp divorce case, which has been in progress for several weeks, was summed up, yesterday, with singular lucidity and impartiality by Justice Barnes. The charge was so colorless, that the jury were left to their own resources in unravelling the tangled skein of evidence. The jury dismissed both petitions for divorce, virtually deciding that neither charge nor counter-charge, had been proved, and that both contestants must pay huge law bills and get on as best they can without relief from the court.

At a gathering of railway directors at yesterday's meeting of Royal Statistical Society, W. M. Acworth read a paper on "English Railway Statistics," in which he said that the United States reports were year by year improving in fullness of arrangement and uniformity, while English railway returns remained to this day in all their archaic simplicity, a monument to the wisdom of the nation's ancestors and the ancestor-worship of their descendants. The chairman of the North Eastern company agreed and the chairman of the Great Northern company disagreed with Mr. Acworth's suggestion that the board of trade should appoint a committee to deal with the question of railway statistical reform.

DEMAND FOR COAL.

The Toronto City Stock Is Now Quite Low.

Toronto, Dec. 17.—Owing to the heavy demand for fuel, Street Commissioner Jones has advised the purchase of further supplies from Buffalo. He also reports that the department is about five days behind in delivery owing to the great rush of purchasers. On Monday orders for $3,509 worth of coal were placed with the city and, yesterday, there were many anxious citizens looking for supply of city coal. Including the 1,200 tons of Welsh coal, safely stowed away in the hold of the Augustus at Kingston, it is doubtful if the city has 6,000 tons of coal on hand at the present time.

WILL STAND TRIAL.

A C.P.R. Conductor Is Accused of Conspiracy.

Montreal, Dec. 17.—Patrick Carlin, the Canadian Pacific railway conductor, was, to-day, committed, by Judge Des Noyers, to stand his trial at the next term of the King's Bench, on a charge of conspiracy. Carlin is one of the conductors alleged to be mixed up in the conspiracy to secure and sell certain information re the secret auditing of trains, and for which Herbert Johnson is now serving two years.

Boll Weevil Evil.

Dallas, Texas, Dec. 17.—The boll weevil is to be exterminated in Texas if a concerted course of action throughout the state can bring about that result. At a conference here to-day held under the anspices of the Commercial Club and to which members of the state legislature, state officials and representatives of commercial bodies and farming interests were invited the preliminary steps were taken for waging an active campaign against the pest.

A Gorgeous Wedding.

Baltimore, Md., Dec. 17.—Society was dazzled to-day by one of the most gorgeous weddings that has ever been celebrated in the old city of Baltimore. The contracting parties were Thomas Alexander McIntyre, millionaire, clubman and Wall street power of New York, and Mrs. Archibald Paul Mitchell, a young and wealthy widow, also of New York.

BRUTAL MURDER.

Excitement in Battle Creek Over Dastardly Crime.

Battle Creek, Mich., Dec. 17.—John Bartlinger lies in the city jail charged with the most cold-blooded murder in the history of this section. Mrs. Robert Garrison who lived on the banks of Bristol Lake, fourteen miles northwest of this city is the victim. Her husband, for whom Bartlinger worked, started for this city early Monday morning with a load of wood. The murdered woman was left alone. The murderer is supposed to have entered the house from the cellar, getting into the kitchen, where Mrs. Garrison was at work. The murderer made demands that frightened the woman who started to run. He then fired a double barrelled shot gun, the contents striking his victim in the right temple, killing her. He was arrested and confessed the crime. He told where he had sold Mrs. Garrison's gold watch, the only property he secured by stealing. It was sold to J. Belmont in this city for $5. Chief of Police Farrington, now has the watch. Great excitement prevails in the neighborhood and threats of lynching are made. Mrs. Garrison was twenty-five years old and was married only about a year.

A FARM FOR PRISONERS.

May Send Police Court Convicts to Soil.

Winnipeg, Dec. 17.—A penal farm for Winnipeg police court criminals will be started. The idea is to prevent the prisoners just being a dead loss to the community.

K. O. Bold & Co's abattoir, in the western part of the city, was destroyed by fire last night. The building was of frame and the loss will not exceed $10,000.

Municipal elections for all points outside of Winnipeg were held yesterday. In many cases the elections were by acclamation and no great interest attached to the contests, except in Brandon, where J. W. Fleming defeated J. Nation by 105 majority for mayor. Other mayors and reeves elected are: Portage La Prairie, town, E. Brown; Portage la Prairie, municipality, C. E. Grobb; Argyle, James Dale; Carman, T. J. Noble; Gretna, M. Long; Dauphin, municipality, C. Zale; Morden, J. Zmitz; South Altona, B. Bergmann; Minnedosa, J. Fairbairn; West Selkirk, J. K. Mackenzie.

An Ottawa Delegation Will See the Authorities.

Ottawa, Dec. 17.—At a conference this morning it was decided that the mayor, aldermen Ross, Enright and Messrs. Birkett and Belcourt, M.P. and Powell, M.P.P., Murphy, M.P.P., should go to Montreal and urge the G. T. R. managers to run the new transcontinental line via Ottawa.

Toronto capitalists have arranged to develop the Viau and Haycock mine near Chelsea, sixty miles from Ottawa.

RUSSIA'S PLANS

For Establishment of Customs And Postal Service.

Pekin, Dec. 17.—Russia is pressing China to assent to the establishment of customs and postal services at the principal stations on the Manchurian railroads, these stations to be under Russian supervision and independent of the Chinese maritime customs. Sir Robert Hart, chief of the maritime customs, is opposing the scheme, and the chances for his success are favorable.

Navigation Closed.

Detroit, Mich., Dec. 17.—The wind-up of through navigation past Detroit is now in sight, as it is not thought more boats will be able to fight their way up through the lake St. Clair towards Lake Michigan. No more will attempt to get through St. Mary's river to Lake Superior. Lake St. Clair is filled with heavy ice.

Horse Stealer Sentenced.

Ottawa, Dec. 17.—Zerine Erneux, of Aylmer, was sentenced to three years in Kingston penitentiary on a charge of stealing a horse. Erneux was also given two years for obtaining a horse under false pretences by trading the horse he stole.
