### THE REWARD.

Will Not Go To the Real Inferno.  
Paris, Dec. 26.—A Madrid despatch to the Matin says a fellow tenant of Mme. Muppan, who was on friendly terms with the Humbert gang, and to whom they entrusted a considerable amount of their money, wrote an anonymous letter to the police which led to the arrest of the swindlers. The person who wrote this letter will receive only three pesetas, which sum is allowed by Spain to informers. The reward of \$5,000 offered by France for the arrest of the Humberts will go to the Spanish detective, Caro, who made the arrests.

Death Was Instantaneous.  
Severn Bridge, Ont., Dec. 26.—Two little sons of a resident of this place, named Cottrell, aged five and eight years, respectively, were playing with a gun, when the elder placed the muzzle of the weapon against his own chest and told the other to pull the trigger. The little fellow did so, the gun was loaded, and the contents were poured into the elder boy's lungs and heart. Death was instantaneous.

### NO ILL-FEELING

Between Britain and United States.

### ARBITRATION

HOPED PRESIDENT ROOSEVELT WILL ACT.

No Change in the Situation—The Powers Are Asking For Payment on a Claim Each as Evidence of Good Faith.

New York, Dec. 26.—The Tribune's London cable says: It is not anticipated, even in the most pessimistic quarters, that the Venezuelan affair will cause any ill-feeling between Britain and the United States. President Roosevelt's decision on the arbitration question is eagerly awaited, and it is still hoped that he will see his way to accepting the post of arbitrator. The Hague tribunal is regarded as an admirable court for the purpose of arbitration, but the prevalent view in political circles here is that its award would carry little weight with President Castro.

A later despatch to the Tribune says: There is no definite change in the Venezuelan situation, but it is now regarded, on all sides, as certain that a settlement is relatively imminent. The London Daily Mail suggests that it will take the form of the payment, by Venezuela, of the small sum of about £16,000 which, it is understood is demanded initially by the powers and the reference of all other questions to arbitration in some form or another.

### FOUND DEAD IN DITCH.

Body of Ytendinga Farmer Discovered Frozen.

Belleville, Ont., Dec. 24.—The dead body of Timothy Hannin, a farmer of Ytendinga Township, was found in a ditch near the Shannonville station yesterday. The body was frozen fast in the ice, and had to be chopped loose before it could be removed. Hannin had been in the city on Monday, and had indulged freely in spirituous liquors. He went to Shannonville, a distance of eight miles, by train, where he got off and started to walk to his home. That was the last seen of him alive. Some bottles containing over half a gallon of whiskey were found alongside the body. An inquest has been ordered. Hannin was fifty years of age, and unmarried.

### Sold His Own Head.

Florence, Cal., Dec. 26.—Walter Jennings, of this city, has just sold his head for \$2,000 to a Chicago medical institute. He will receive \$1,000 down and his relatives will collect the other \$1,000, when his head is delivered to the purchaser. Jennings is one of the few victims of hydrocephalus who has lived to the majority. His head measures thirty-six inches in circumference, and his hair is made to order. He has also an affection of the spine, which compels him to walk with a cane. His mind, of course, is weak, but his relations, it is said, have accepted his unusual bargain.

### Was A Canadian.

Brantford, Ont., Dec. 26.—James Leeming, general freight agent of the New York, Lake Erie and Western railway, who died in Buffalo, yesterday, following an operation for appendicitis, was a son of the late H. The remains will be brought to Brantford for interment at Farmington cemetery.

Victoria, B.C., Dec. 26.—A despatch from Honolulu says that the British cable company, which owns the all-red line from Vancouver to Australia via Fanning Islands, has made an offer to James and Henry Bicknell, Honolulu, to purchase their half interests in the islands. The company has a cable landing at Honolulu now, and it is understood to be seeking to purchase the island, "King" Grieg owns the other half.

### All-Canadians Defeated.

Vancouver, B.C., Dec. 26.—A. T. Congdon, crown prosecutor in the Yukon, who has just arrived from Dawson, says the thermometer there had reached fifty-eight degrees below, but there had been very little snow fall. In spite of this extreme cold, the Yukon river, opposite Dawson and for a short distance up the river, was still open.

### INDIANS MASSACRED.

Pelly River Indians Attacked the Salmon Indians.

Victoria, B.C., Dec. 24.—The steamer Anur, from Skaguay, brought news of the massacre of Salmon Indians and the murder of a storekeeper, whose store was looted and burned by Pelly River Indians. Dispatches from Dawson, published by Skaguay papers, say that the Little Salmon Indians, their way out to sell furs when attacked by the Pelly Indians. The Little Salmon Indians encamped, and they awaited the appearance of the Pellys without expecting danger, when they were in a short distance of the unsuspecting Little Salmon Indians. The Pellys called lustily and simultaneously fired their guns. A number of the Little Salmon Indians were murdered on the spot, others were followed and killed while they were fleeing for safety, and a smaller number effected their escape.

Survivors returned to the home village and the women and children were hurried to the police post at Tantalus for safety. Little definite news was received regarding the attack on the store, which occurred on December 1st, and vague reports received by the police state that the housekeeper was shot and killed and his assistant, James Wounded, fled to the woods, but being unprepared for the cold, would probably die. The store was looted and burned.

Milligan, killed at Hart's River on March 31st. The cost is nearly \$600, which includes the erecting. It is to be completed by May 22nd next. The monument will be seventeen feet high, and will rest on a solid stone foundation ten feet square and ten feet high, making a total height of twenty-seven feet. The weight of the shaft will be about eleven tons. The unveiling will take place on May 21th, and will be conducted by Sir Frederick Borden, minister of militia, and others.

### GREAT OUTPUT.

At the Great Belfast Shipbuilding Concerns.

London, Dec. 26.—The Belfast shipbuilding returns, for 1902, constitute a remarkable record. The two great firms of Harland & Wolff, and Workman, Clarke & Co., have carried all before them and left the highest outputs of both Scotch and English firms about the thousand ton mark. The Harland & Wolff's yards turned out six huge liners with an aggregate of 79,197 tons, and Workman, Clarke & Co., twelve vessels of 73,933 tons. Adding a small steamer of 130 tons, built by Maccoll & Co., Belfast, has been responsible for nineteen vessels, with an aggregate of 153,560 tons, an increase of 7,533 tons, compared with last year.

### STATE OF SENATE.

It Is Now Liberal In Its Majority.

Ottawa, Dec. 26.—Six years ago, when Sir Wilfrid Laurier was returned to the senate out of a total of eighty-one. The death of Senator Primeau, which occurred at Pictou, N.S., leaves the liberals in a majority in the upper chamber. The senate now stands forty-one liberals and forty conservatives, a majority of one for the government. This does not show the real strength of the government, because there are a number of opposition candidates who, by reason of age and infirmity, are not able to attend.

### To Build Irrigation Canal.

Calgary, Alberta, Dec. 26.—William Whyte, assistant to the president of the C.P.R., and Mr. Dennis, the superintendent of the Land and Irrigation company, have arrived here in connection with the proposed irrigation canal between Calgary and Medicine Hat. Mr. Dennis will take up his residence in Calgary to superintend the inauguration of the work.

### Call From Newcastle.

London, Dec. 26.—The United States demand for English coal is again in evidence. Four large steamers, carrying among them 17,500 tons, have this week been engaged on the Newcastle market for New York and Boston. The coal covered by these transactions is for January loading and the rates at which the vessels have been chartered show a smart advance.

### Held Up By Highwaymen.

Hamilton, Ont., Dec. 26.—Stephen McEnany, of Chatham street, reported to the police that he was held up last evening in the west end of the city, by two masked men, armed with revolvers, who robbed him of \$60 in money and a gold filled watch. McEnany is unable to give a description of the robbers.

### WAS RUMPU

At Opening Of The Legislative Chambers.

### RIVAL CLAIMS

AS TO THE NOMINATION OF A PRESIDENT.

The Ministers Had Forced The Doors and Installed the Officer—An Up-roar in Which an Ink Stand Took a Serious Flight.

Athen, Dec. 26.—There was a violent rumour at the opening of the legislative chamber, arising from the rival claims of the Deliyannists and Theotokists to nominate a president. The Theotokists had possession of the keys of the chamber and planned to elect the senior member of their party early in the morning, before the arrival of the Deliyannists. When they arrived at seven o'clock, however, they found that the ministers had forced the doors and installed M. Tsarlanbas, a Deliyannist, as president. An uproar followed and several deputies exchanged blows. Somebody threw an inkstand across the chamber and it fell into the holy water font. The public in the galleries added to the hub-bub with angry cries. Ultimately the withdrawal of the Theotokists under protest, restored order. The king then entered and read the speech from the throne.

### SAVIOR'S BIRTH.

Gospels On Christ As Read By Clergymen.

New York, Dec. 26.—At the Church of the Messiah, Sunday, Dr. Minot J. Savage, in preaching on "The Birth of Christ," stated that nobody knows the month, or the day of the month, upon which the Saviour was born. It was not until the fourth century, he declared, that the 25th of December was accepted as the date. He also stated that there is no reason in the New Testament for the belief that Jesus was born on that day.

"Did you ever notice that Paul had never heard any story of the Virgin birth?" Dr. Savage asked. "The first one of the gospels to come into the present shape was that of Mark, and Mark was written about the year 70. Did you ever notice that Mark had nothing to say about the Virgin birth? It is very striking, also, that the gospel according to John does not refer to it."

"Now we come to the two gospels that do mention it—Matthew and Luke. They were written not far from the end of the second century, and are utterly, hopelessly, irreconcilable. According to the death of Senator Primeau, which occurred at Pictou, N.S., leaves the liberals in a majority in the upper chamber. The senate now stands forty-one liberals and forty conservatives, a majority of one for the government. This does not show the real strength of the government, because there are a number of opposition candidates who, by reason of age and infirmity, are not able to attend.

### TO INTERPELLATE THE GOVERNMENT REGARDING IT.

Paris, Dec. 26.—Baron D'Estournelles, who was French delegate to the Hague peace convention, has notified M. Delcasse, minister of foreign affairs, of his intention to interpellate the government, on the re-assembling of the Chamber of Deputies, regarding the non-observance, in connection with the Venezuelan dispute, of article 27 of The Hague convention, which declares that the signatories consider it their duty whenever a serious conflict is threatened to remind those concerned that The Hague tribunal is open to settle the dispute. Baron D'Estournelles says that this article has been systematically ignored by the European governments and that an explanation is necessary in the public interest.

### In Honor Of Miss Roosevelt.

Washington, D.C., Dec. 26.—Of all the Christmas week entertainments and social functions in the national capital it is predicted that none will surpass the ball to be given to-night by the new Italian ambassador, Signor Mayor des Planches, and Signora Mayor des Planches. ### Nate Saulsbury Dead.

New York, Dec. 26.—Nate Saulsbury, controlling partner in the Buffalo Bill Wild West show, died on Wednesday at his home in Long Branch, aged fifty-seven years. Stomach trouble, from which he had suffered for several years, was the cause of Mr. Saulsbury's death.

The London newspapers publish a further wireless message received at Polihou, from the Marconi station at Glace Bay, N.S. Several messages transmitted in Italian were accurately received, although the operators at Polihou, are ignorant of the language.

### GROWING IN NUMBERS.

Government Troops Too Weak For Pretender's Followers.

London, Dec. 26.—The correspondent of the Times at Fez, Morocco, describes the situation there as very serious owing to a large increase of the pretender's followers, whom the government troops are too weak to attack. Reinforcements amounting to 12,000 men, he says, will leave Fez to-morrow and an additional force of irregular cavalry has been called out. Many tribes not already in rebellion, are wavering and are ready to join the rebels in the event of a serious government defeat. The pretender professes not to claim the throne for himself, but to desire to overthrow the sultan on account of his European tendencies, and if successful, the rebels are to nominate a new sultan who would promise to continue the war against the Christians.

### SAD STORIES.

About the Results of The Drought in Australia.

Vancouver, B.C., Dec. 26.—The steamship Noonan, from Australia, brings sad stories regarding the results of drought there. The great losses of sheep in the past few weeks are viewed almost in the light of a national calamity. The federal government has been appealed to for aid and though the constitution forbids the taking of the duty of fodder, Premier Deakin has promised that any state desiring to do this will not be criticised by the federal powers. Long sessions of parliament are being held to discuss the pitiful appeal of the people of the rural districts. Vast areas which previously yielded full crops have not yielded a bushel of grain.

### DIE IN BLAZE.

Woman and Her Three Children Perish at Piercefield.

Malone, N.Y., Dec. 26.—Four persons were burned to death yesterday in the house of Julius King, Piercefield, a prominent pulp and paper manufacturing town in the Adirondacks. The fire had gained such headway before it was discovered that Mrs. W. J. McGovern, King's eldest daughter, and her three children, who were sleeping on the lower floor, were not able to get out, and all were burned to death. One of the children, whose body was found close to a window, evidently had made heroic efforts to escape. King and his wife, with a few boarders on an upper floor, escaped by jumping out of the windows.

### FIGHT ENDS IN DEATH.

Auburn Tragedy Leads to Arrest—Charge of Murder.

Auburn, N.Y., Dec. 26.—During a fight Wednesday evening Andrew Phelps' skull was fractured and he died of his injuries next morning. His assailant, Michael McDerrott, is under arrest, charged with murder. Phelps was past fifty years of age and is married. McDerrott is thirty-five years of age and unmarried. Both men were omnibus drivers and business rivalry was the cause of the quarrel which preceded the fight.

### KINDNESS WINS FORTUNE.

A draft for \$40,000 came to her this week from Charles W. Johnson of Chicago, whom the girl had seen only once in her life, when she took him for a poor man and was kind to him.
