

IRRITATING TROUBLE QUICKLY OVERCOME.

If You Only Find Out The Right Course to Pursue.

Many physicians who advertise to cure piles, without the aid of the knife, simply use Pyramid Pile Cure...

Pyramid Pile Cure is not in an experimental stage, but is an established remedy and is recognized and used by the best physicians in the country...

The prevention of piles is better than the cure and they can be prevented if only people would look to the regularity of the bowels...

A FINE CONCERT

Splendid Music Given In Brock Street Church.

A concert and tea, under the auspices of the Y.P.S.C.E., was held in the school room of the Brock Street Methodist church last evening. There was a large attendance, and pleasant and enjoyable time spent. Rev. E. Crumley presided and opened the proceedings with an appropriate address...

During the social part of the evening that followed the programme, the opinion was heard expressed on all sides that Kingdon had not for many years in her church life enjoyed a concert of so high an order. Indeed, the request was so unanimous and clamant that the concert be repeated in a larger hall, that it is heard steps are being taken to have Mr. and Mrs. Kilian-Kronung appear at the city hall at an early date.

Last night the Frontenac-Beechgroves and R.M.C. II met in the concluding round of the O.H.A. junior series for this district. The Reason Why. "Information" writes to the Whig, asking why it is that the market by-laws are not amended so as to make it compulsory for persons offering poultry for sale on the market to have the fowls drawn or dressed. Market Clerk McCammon says that about eight years ago such a by-law was put into force, but was cancelled, as it was found impracticable. It was discovered that fowls and other insects found their way into the opened poultry and caused disease, etc.
