QUARTER OF A MILLION. The report of the Toronto Street Railway company for 1902 has just | the contract, and those who are mov Leen published and some of its statements show how great are the values of the privileges accorded by the peole to private companies in large ities. Under the conditions of its franchise the city of Toronto by this company was paid \$255,551 for year y mileage rent of streets and ten per ent, of its gross re cirts. The sun of \$37,236 was also paid over to the ity for pavement charges, besides shich the provincial treasury aid a tax under the revenue act mount of which is not stated. ithstanding all these disbur ements se holders of the franchise lease have good thing having paid to the Cures COUGHS, COLDS, BRONCHITIS, tookholders in four quarterly divi-HOARSENESS and ALL PHROAT AND dends over \$300,000 and are still able

o report a balance of last year's net the average Toronto man asserts, and s to proceed with business. The There are interesting figures and taxayers should study them carefully. LET THE PEOPLE DECIDE Mr. Quinn, K.C., of Montreal, and well-known in this city because ormer resident of it, and a man ommanding address, has been making a commetion. He has attacked the aldermen who represent his ward ause they are not more observant of

assing events and not more anxious o suppress immorality. He protests against the loud pictures which are hung upon the outer walls in adverlisement of the theatres, and against he gambling which has become so common that the young men generally of revision, better done now than are being corrupted, and the boy with when it was conducted by committees brought before the notice of the city ive cents in his pockets is being in of the city council? Surely not. The eigled and relieved. "Do we ask if men | change in the law has not proved vho seek our suffrages will suppress hese things ?" said Mr. Quinn, "It is he duty of every citizen to study sublic questions. We are not too pure

o have municipal clubs and not too Hoag, the druggist, Princess street had to be reformed." Mr. Quinn's is Geo. W. Mahood, druggist, Princess he correct idea, but it is the ope which is not always exalted to the W. H. Medley, druggist, Princess lace it ought to occupy. The electors here are not always invited to con-H. B. Taylor, druggist, Princes sider the ways of the aldermen, and to pass upon their capacity for doing low, but he does not strike out and rood. Indeed it is intimated in one lirection that the reformer is not real- It suggests several things which he y wanted in the council, and if he nanages to get there he is expected to looking for pointers? se very quiet. Mr. Quinn, therefore, and an authority not so high, have

> heir respectful consideration. WHERE THE CITY STANDS. The decision of the court of appeal, to be cross about it.

Malt Breakfast Food at 15 cents will n favour of the city, on the electric ight and gas case, gives general satfood, easily and quickly digested by the little ones, and while it keeps the sfaction. It confirms the soundness of the city's claim, and gives a clearer ndication of the ultimate success

The one disadvantage of all this de ay on one point-and a point that night not to have interferred with the sceeptance of the arbitration in other espects-is that the plant, while in operation, is undergoing some change expert opinion, and some process of same talk to say the least of it. stablishing actual values must be resorted to before a transfer of the pro-

erty can take place. The company is not suffering in the Toronto Star. meanwhile. It is running the plant to An Indian editor has just died at the fullest capacity and is, according the age of eighty-seven years. And he o all accounts, making so well out of t that an appeal can be profitably made to the higher courts before it

Eventually, and at a reasonable parvellous results to sick people. The igure as things now go, the city will become possessed of a valuable asset, pected they would. and the question of using it advantageously will involve serious consideraion, During the next year, perhaps, it will be for council to consider how it an best direct an industry which demands skilful' management and technical knowledge of a very high de gree. A committee of the council will not make the most of the situation because it is constantly changing, and constantly losing in the experience of its members. Three commissioners, appointed or elected, for not less than

> taking office at different times, affords a better assurance of business management upon its merits. The argument against municipal living until they're torn away sud management is that it is not economical as that of the private corporation. It is for the city to dissi-

CITY'S HEALTH.

JOHN M'INTYRE.

naugural of the Board Monday-The susiness Transacted-Day of Meeting Changed-Contagious Disease Cures. The inaugural meeting of the Board

of Health was convened in the office of the city soficitor Monday afternoon, Those who responded were John Mc ntyre, Alderman Meek, Capt. askin, Mencal Health Officer Fee, anitary inspector Gordon and City Those present sat around for hall

an hour "twisting thumbs," awaiting se arrival of another member t onstitute a quorum, so that business night be proceeded with. The midwinter sun sank low behind the golden clouds of the western horizon, the ommittee room grew dim as the dusk of approaching evening closed about ts shadowy corners, the stillnes beame oppressive, but the desired member came not. Dr. Fee became nerous and made several trips to the open air and breathed in the whole some frost-laden o one to quiet his hrobbing nerves, each time returning lisconsplate. Cart. Gaskin became tired of the monotonous occupation of thumb twirling, and gave expression to his views with regard to deinquent members, and that in no nild way : "I think the alsent members should have courtesy enough toants, to come to meetings and allow mayor, above all, should make it a point to be present," said he.

"the al sent ones are liable to an attack of the itch if they do not at end," said Mr. McIntyre. d that Joseph Donaldson was con

.ng, and a few minutes before o'clock he took his place around the oblong table and the clogged wheels of the health van once more revolved Capt. Gaskin set the business rolling by moving, seconded by Alderman Meek, that Mr. McIntyre be re-elected chairman. Mr. McIntyre returned thanks and requested that his speech ce accepted as having been delivered Upon recommendation of the clerk he board decided to meet on the Puesday preceding the second meeting of the city council in each month his will allow of an expeditious Upon motion of Capt. Gaskin and

fr. Donaldson, permission was given the usual applicants to cut ice for cooling purposes within the prescribed imits. These limits, the same as bonour of Mr. Borden, "the only other years, were adopted upon reommendation of the sanitary inspector and medi al health officer. The William street sewer question up for review. Capt. Gaskin

suggested that the members of the board convene on the place complaind of for the purpose of investigation but it was pointed out that officers of he board had already reported upon he necessity of such a sewer. Mr. Donaldson made out a strong authorize Alderman Meek to request the city to instruct the city engineer to inspect the locality and report

thereon upon the necessity of a new Medical Health Officer Fee reported that dering December there were reported these contagious disease cases; Typhoid fever two; scarlet fever, two; iphtheria, five.

The board regretted to learn, by verbal report, that there were so many typhoid fever cases now in the city.
