HENS WORKING FOR CHURCH.

Eggs Laid Sunday Sold For Its Benefit.

Williamsport, Pa., Feb. 10.—Rev. A. E. Cooper, pastor of the Lutheran church at Maple Hill, this county, four months ago induced the members of the aid society of the church to dedicate to his church all eggs laid on Sunday by hens owned by members of the society. The dedication covered a period from September 15th to January 15th.

The gathering is to take the form of an egg social to be held on Thursday evening of this week, when the number of eggs laid on Sunday and the proceeds from the sale of the same will be announced. Rev. Mr. Cooper recently attacked the modern church festival and social in an article printed in the "Young Lutheran," and for this reason his egg dedication plan is attracting much attention.

BALKAN ROW

Bulgaria Is Likely To Fight Turkey.

RUSSIA TO AID.

PARIS, Feb. 10.—(AP) There is no need for alarm.

The reforms proposed by Austria and Russia should be put into effect. The demands are really not serious.

Vienna, Feb. 8.—Among the numerous unconfirmed reports concerning the Balkan situation, it is one of the fact that Bulgaria is determined to invade Turkey in the event of an insurrection in Macedonia, being assured that if she is not successful Russia will support her. It is stated that Prince Ferdinand, the ruler of Bulgaria, in receiving a Macedonian deputa-tion said that grave events are preparing and he counted on the patriotism of the Bulgarians.

No Cause For Alarm.

Paris, Feb. 10.—A Sofia despatch to the Figaro confirms the report that Turkey is mobilizing troops for service in Macedonia.

The Eclair says there need be no alarm over Turkey's warlike preparations. Nevertheless the agreement arrived at between the Austrian and Russian governments should be put into effect. All that is necessary for the representative of the powers at Constantinople to insist that the reforms are carried out. The sultan is not blind enough to plunge into war with Austria and Russia.

The Reforms Promised.

Constantinople, Feb. 10.—The plan for the proposed reforms in Macedonia which the Russian and Austrian embassies will present to the porte, this week, is understood to contain proposals of a political character, both Austria and Russia desiring the maintenance of the status quo. The scheme simply proposes palliative administrative measures.

World Stop Preparations.

Sofia, Feb. 10.—Having received official information regarding Turkey's decision to mobilize two army corps at Adrianople and Monastir, the Bulgarian government has addressed representations to the powers, invoking their good offices at Constantinople to procure the cessation of the Turkish military preparations.

It is felt here that while Turkey's reinforcement of her troops in Macedonia may be justified in view of the internal situation and the Austro-Serbian military preparations, the mobilization at Adrianople can be regarded only as a menace to Bulgaria.

It is stated that the government will refrain from any counter demonstration and only mobilize the Bulgarian army in the case of extreme necessity, it being fully realized that even a successful conflict with Turkey would mean financial ruin to Bulgaria.

CASERO IS MASTER.

Government Troops Capture the Town of Guatire.

Caracas, Feb. 10.—A force of 2,000 men with fifty horses and two guns under the command of Minister of War, General Ferrer, left Caracas yesterday in the direction of the seaport Higuera, fifty-five miles east of Caracas. The object of the expedition was to attack a body of 1,500 revolutionists under General Monagas, reported to be too feeble to attack the deserted district around Rio Chico, province of Miranda, sixty miles southeast of Caracas, and daily enter and pillage the town.

The government revolutionists recognize that President Castro is master of the situation.

The government troops captured the town of Guatire at noon and are now marching on Rio Chico.

ENGRAVER'S FEAT.

Cuts National Anthem on Grain Of Wheat.

St. Petersburg, Feb. 10.—A marvel of engraving has just been accomplished by a youth of Odessa, who is known through South Russia for his extraordinary precision of his work.

On a grain of wheat of the Russian government, with the aid of a lens, every note is dotted and clearly defined.

He was called to the imperial court to show the czar the wonderful piece of work, which is framed in a tiny silver setting. The czar, amazed at the production, gave the engraver a gold watch with his monogram on it. Between the two "U's" of Nicholas II, the engraver is now engraving a long prayer for the czar's safety, taken from the Russian liturgy.

RAISE TARIFF.

This is the Wish of the Manufacturers.

Ottawa, Feb. 10.—R. Y. Young, Toronto, Fred Nicholas, Toronto, and Robert Munro, of the Canadian Manufacturers' Association, interviewed the premier and finance minister, this morning, and asked for a general raise in the tariff. The interviewers, now tariff deputations always are, were received behind closed doors.

THE DAVIES COMPANY OPENING.

Next Saturday (February 14th) the Wm. Davies Company open their branch store on Princess Street.

A CENTENARIAN SENATOR.

Hon. David Wark of Fredericton, Is Oldest Member.

Ottawa, Feb. 10.—Today Hon. David Wark, of Fredericton, entered upon his hundredth year, and still retains more than several men in the senate twenty years his junior. Hon. R. B. Dickey, of Amherst, Nova Scotia, was born in 1811, and is over ninety years. Messrs. Vidal, Merner, Gowan, Carmichael, De Boucherville, and Aikens, and fourteen who have passed the age of seventy, Senator Sheyn, Scott, Macdonald, of Prince Edward Island, Kingston, Macdonald, of British Columbia, Lovitt, Masson, Gillmor, Drummond, Robson, Dwyer, Cochran, Carling, and Bowell.

Hon. John Costigan has brought to the federal government's notice a bill for the maintenance of the water rights, the serious injury to Canadian interests. A company in Maine asks authority to construct a dam by which the waters of the Allagash river would be diverted into the St. Lawrence. The natural flow of the Allagash is into the River St. John, and lumbermen, both American and Canadian, with interests in this district, say that great loss would result from lowering the water in the River St. John.

The Ottawa government is asked to protest to Washington against the passage of this bill in Maine. Sir Wilfrid Laurier has asked Mr. Costigan for a statement of the facts, which will be forwarded to the American capital through the British ambassador.

Francis Verrier, the Montreal man, arrested several days ago for uttering blasphemous remarks, pleaded guilty in the police court, this morning, on four counts. He was sentenced to five years at Kingston penitentiary on each count, the sentences to run concurrently.

PUT ON SCREWS.

Conciliation Appreciated by Firmness.

London, Feb. 10.—The Times' London correspondent says the result of the visits of the three deputations that waited on Mr. Chamberlain at Bloemfontein is to prove that the settlement of the Orange River Colony has not progressed quite as far as was represented. The moderate party seems to be leaning a little more towards the extremists than to the ultra-loyalist party, and this, perhaps, is the most unsatisfactory feature of the case. There will always be a certain amount of friction between Mr. Chamberlain's reception in the Transvaal led him to believe that the moderates constituted a more numerous section, and were entirely well disposed towards the Boers, but Mr. Chamberlain, still believes the bark of the Boer is worse than his bite, and it is possible a sufficiently firm attitude has not been adopted in the Orange River Colony, and the anxiety to see the Boers in an easy going attitude and policy of conciliation through being surrounded by so many friends. But the Boer will only accept conciliation when thoroughly impressed by accompanying firmness.

WORKMAN NAILED TO FLOOR.

Companions Gave Him The Place He Wanted.

Pittsburg, Pa., Feb. 10.—Anton Mehor, employed in Schoenberger's mill, was held out by four fellow workmen to-day while a fifth drove a two inch wire nail through Mehor's foot, nailing him to the floor. The men had disputed about their proper positions for working and the men named Mehor, in the spot he claimed. The five men were held for court by Magistrate Me-Masters. Mehor is in the hospital.

MERE SUSPICION.

New York, Feb. 10.—The Tribune's London cable says: The King's return to London for the opening of parliament on the 17th, is the signal for a revival of croaking about his health, the croakers now asserting that he has not been suffering from influenza, but from a revival of the abdominal trouble and that all the royal plans for the season will be changed. These gloomy forebodings do not appear to have any better authority than the suspicion, except by the court reports of King Edward's health since his visit to Aldershot last June.

FINED AND IMPRISONED.

Vancouver, Feb. 10.—John Gill, Vancouver, was held on remand in the Burrard parliamentary election, in Vancouver City, and sentenced to six months imprisonment and \$50 fine. He will be further proceeded against for perjury.

FOR ROWING HONORS.

Toronto, Feb. 10.—The Argonaut Rowing Club, under the auspices of which will be held this year's Canadian amateur boxing championships, has decided to hold the championships on the aquatic rink on April 9th, 10th and 11th, Good Friday week.

MADE APPLICATION.

Montreal, Feb. 10.—The newly formed Montreal Street Railway Employees' Union, which has just conducted a successful strike has applied for affiliation with the International Association of Street Railway Employees.

A BRAND NEW WAR.

London, Feb. 10.—The Daily Mail, this morning, publishes a despatch from Guatemala, which applying for admission on one side and Salvador and Honduras on the other.

HAS BEEN POSTPONED.

Pembroke, Ont., Feb. 10.—Owing to the blockade of the roads by Sunday's storm the liberal convention which was to have been held here to-day has been indefinitely postponed.

MOB CUT OFF HIS EARS.

Horrible Souvenirs Taken by Georgia Lynchers.

Augusta, Ga., Feb. 10.—A dispatch from Wrightville, Ga., says that Lee Hall, a negro, who mortally wounded Sheriff Crawford, was taken from jail Friday night by a mob. Hall a mile from the jail, in a clump of trees, the mob stopped and Hall was tied. Woodstock, Feb. 10.—The people of that section of West Zorra around Golspie post office, had a sensation the other day in the disappearance of the blacksmith at the corner. He pursued his work until evening in the usual way and then quietly disappeared, and nothing has since been heard of him. He leaves a young wife and one child. He had been a widower, having another child by his first wife which he took with him. The reason of his disappearance is not known, but it has created quite a sensation in the neighborhood. FELL DEAD ON ROOF.

Gustavus Eichorn Stricken Down With Heart Failure.

Alexandria Bay, N.Y., Feb. 10.—Gustavus Eichorn arose at the usual hour yesterday, ate his breakfast and seemed to be in perfect health. About nine o'clock he went on the kitchen roof to shovel off the snow. He had been there only a short time when his wife heard a noise like some one falling on the roof and found him lying there, apparently dead. Doctors were immediately summoned by the son and did all in their power to revive him, but in vain. They pronounced the case one of heart failure.

Mr. Eichorn had always been in good health. For a number of years he had been caretaker of Lewis Max property on Cherry Island. Mr. Eichorn was fifty years of age and leaves a wife and one son.
