FOUND DEAD IN BED.

E. L. Ebbels Took Overdose of Chloroform.

The people of Kingston were terribly shocked this morning when the tragic death of E. L. Ebbels, the young King street druggist, was announced. It seems that he was addicted to the use of chloroform, as a means of obtaining immediate sleep, and the habit had so grown upon him that it was impossible to break it off. Friends had urgently advised him to give it up, but to no avail. Last night, Mr. Ebbels retired at his boarding house room on King street, and as usual put a handkerchief, moistened in chloroform, over his face. Fellow-boarders were so accustomed to the occurrence that they would go to his room after he retired and take the handkerchief away. This was done last night, but the sleeper had evidently been more strongly under its influence than usual. This morning, he failed to appear at the usual hour, and on investigation, he was found lifeless. Dr. Kilborn, coroner, was called, but after hearing the circumstances, decided that an inquest was unnecessary.

The remains were taken in charge by Undertaker Corbett, and will be held till arrival of the deceased's father from Port Perry, Ont. D. A. Givens was solicitor for the young druggist, and he telegraphed the sad news to the home.

The late Mr. Ebbels came here from New York last September, and took over the drug store previously occupied by H. Roche, and is said to have done a good business ever since. He was an intelligent and a refined young man, and in his twenty-seventh year. Last night he was initiated into Cataraqui Lodge, No. 10, I.O.O.F., and appeared in the best of spirits.

QUITE COLD, INDEED.

The Winnipeg Railway is to Be Extended.

Winnipeg, Feb. 18.—The temperature at Minto, yesterday, was fifty one degrees below zero.

The Winnipeg street railway is preparing to extend its line through St. James and Kildonan this spring.

Neepawa municipal electors defeated the attempt to repeal present no license conditions, with a vote of 191 to 107. Local option remains in force.

MAY COME OUT

From The Drought-Cursed Sheep Runs

TO FAIR CANADA

CREAMERIES IN ALBERTA, NORTH-WEST TERRITORIES.

Quite a Number of New Ones Erected—Next Year's Rush to the North-West is Expected to Be Very Large—What "Ralph Connor" Says.

Ottawa, Feb. 18.—There may be soon a migration of Australians from the drought-cursed sheep-runs of the commonwealth to the fertile and well watered lands of Canada.

At least there is a suggestion that something of the kind may take place in letters which were received at the department of agriculture yesterday.

The writer of one of the communications is Capt. Hedley Kirkpatrick, of the South African constabulary, who is in charge of the party of Boers that toured Canada under imperial auspices last fall, and are now engaged in the same pleasant mission in Australia.

A number of new creameries are being erected in Alberta this season. The farmers are unanimous in requesting the dairy branch of the department of agriculture to take charge of them, in conjunction with the existing government creameries. As this can be done without expense to the department, the application will likely be granted.

Mr. Gordon, in Ottawa, says that next year's western crop is being estimated at from 110,000,000 to 150,000,000 bushels. This meant that the existing winds with their equipment tracked, and their roads doubled tracked, would be unable to handle the traffic. Temporary relief might be found by sending a portion of the traffic across the boundary to the American roads. This might be accomplished by building lines to the boundary, but such an expedient should be looked upon by all Canadians as only temporary.

"Canada needs more railways, not only for her development, but for her unification," he said. "The building of the C.P.R. saved British Columbia to the dominion."

Mr. Gordon points out that the present freight blockade works both ways. Carloads of merchandise often take six weeks to get from Toronto to Winnipeg.

The Mackenzie and Mann hold on Manitoba is such, he says, that the province cannot possibly get a cent of interest on its outlays and will probably have to pay part of the yearly outlay on the lines. The bargain was entirely in the interest of Mackenzie & Mann, the welfare of the province being a secondary consideration.

The Canadian commercial agent in South Africa, in a report to Sir Richard Cartwright, says that before long British South Africa will be incorporated into one commonwealth. The first step will be the formation of a customs union. Sir Gordon Sprigg, premier of Cape Colony, favors working on lines similar to the Canadian preferential tariff, favoring the mother country, and giving a preference to the world at large.

The postmaster-general, in order to facilitate the posting of printed matter mailed in considerable quantities, addressed for delivery at post-offices within the dominion, has decided that payment of postage may be effected in cash instead of stamps. The articles posted must be of a uniform weight, and must be put up in such a way as to admit of their being readily counted. Circulars are to be put up in packages of 50, 75, or 100, with addressed sides all one way. Catalogues must be tied up in neat bundles. Each article must have printed upon its wrapper or cover an impression of an official stamp. The lowest amount which may be received in payment for matter mailed under these regulations is $25.

The annual meeting of the Canadian exhibition was held this afternoon. The early dates of last year were pronounced a success and it was decided to hold this year's show during the last week in August.

BRINGS RICH CHINESE.

Minister From Celestial Kingdom Has a Large Suite.

Washington, Feb. 18.—The Chinese news mail just received, contains interesting details respecting the suite the new Chinese minister, Sir Cheng Tung Liang Cheng is bringing to Washington. It comprises seventeen persons and is absolutely unique not only in size but in personnel.

Besides these seventeen persons the new minister is bringing with him twelve young men of whom ten are coming to study at their own expense. They include the grandson and two grand-nephews of the Chinese grand secretary, Sun Chia-Nai, formerly the chancellor of Pekin university and imperial tutor to the present emperor of China.

Assessed Damages.

Edinburgh, Feb. 18.—Lord Killachey, judge of the court of sessions and judiciary, to-day, awarded to Spain £67,500 damages against the Clyde Ship Building company for its delay in delivering four Zoroaco boats before the outbreak of the Spanish American war.

Christopher Chisholm, M.P.P., Antigonish, has been appointed a member of the executive council of Nova Scotia to fill the vacancy caused by the appointment of the Hon. Angus McGillivray as county court judge.

A despatch from Alma, in the Canary Islands, says the Italian barque Iris, Capt. Conigliere, from Pensacola for Marseilles, has arrived there with several suspected cases of bubonic plague. Two of the crew died on the voyage.

HE HAS RESIGNED.

On the Safe Ground of Ill-Health.

Pekin, Feb. 18.—The protest of the foreign ministers against the appointment of Yu Lien Sou, the former anti-foreign governor of Honan, as viceroy of Shensi, has resulted in the request by him that he be relieved of his new post, on the ground of ill-health. The Chinese government has acceded to his request.

Accused Of Conspiracy.

Calcutta, Feb. 18.—Two Chinamen have been arrested, at Darjeeling, on a charge of criminal conspiracy against the Chinese government. They have been deported to China. It is believed here that the conspiracy against the Chinese government is a large one, and that there are ramifications of it in Singapore and Hong Kong.

TO HOLD COURTS.

And Rules Are to Be Strictly Enforced.

London, Feb. 18.—It is announced that the official entertainments, during the coming season, will include two "Courts," which will be held in the evening. A different list of names will be selected this year from last. Preference will be given to women with daughters to present. This has been agreed upon because last year a number of debutantes could not be presented, owing to lack of space. The rule that no one shall attend more than one in three years will be strictly enforced.

A LIVELY SCENE.

Hot Time in the Hungarian Diet.

Vienna, Feb. 18.—Baron Geza Fejervary, Hungarian minister of national defence, aroused the fury of the opposition deputies in the Hungarian diet, yesterday, by accusing one of them of falsehood. Amid angry shouts, the offended deputy made a rush at the minister, who was protected from attack by Governmental deputies. Subsequently Baron Fejervary by order of the president of the diet withdrew the offensive expression, but the deputy who was insulted has since challenged the minister to fight a duel.

ITS MEASURES

Will Be Found Extremely Unpopular.

BRITISH VIEW.

HAS NOT FAITH IN THE PROGRAMME.

The Bulgarian Government is Out With a Circular Detailing What it Has Done Regarding the Macedonian Committee.

Vienna, Feb. 18.—It is considered here that the British cabinet, while approving autonomy for Macedonia, does not appear to place much faith in the efficacy of the Austrian-Russian programme, but would support it with the sultan. The Bulgarian government, in a circular, announcing the dissolution of the Macedonian committee and the arrest of the leading members thereof, states that the government is well aware that the measures it has taken will be extremely unpopular.

Gathering Stores.

Sebastopol, Feb. 18.—In view of possible eventualities enormous stores of war material have been accumulated here and are being made ready for instant shipment. It is taken for granted, in the event of a war between Russia and Turkey becoming unavoidable, the Russian Black Sea squadron will make a demonstration at the mouth of the Bosphorus while the Russian army is being landed at the Bulgarian ports of Bourgas and Varna.

Grave Complications.

London, Feb. 18.—Notwithstanding the pessimistic tone of the king's speech, as regards the Balkans' situation, it must not yet be said that war is inevitable. Certain grave complications have arisen which add to the interest of the crisis, and make the outcome more doubtful than ever. According to a diplomatist of the highest rank, it was Russia's desire to impose radical reforms in the government of Macedonia upon the sultan and a partial understanding concerning joint action was reached between Austria and Hungary and Russia, extending also to certain eventualities in case Turkey resisted their demands. This understanding was entirely verbal and recently difficulties have arisen regarding it, which were so serious that they necessitated the abandonment or rather a substantial modification of the original programme.

Another unexpected difficulty arose with the king of Roumania who refused to consent to the passage of Russian troops through his country in certain eventualities and intimated his intention to oppose their progress to the extent of his ability if the programme was attempted. This induced Russia to change her military plans so as to provide for attack from complications, in case she decided upon intervention. These combined reforms, for urging upon sultan, are of so mild a character that they cannot be expected to check the insurrectionary plans in Macedonia even if the plan is agreed to by the sultan. The attitude of the latter is described as being extremely reluctant. It is doubtful if he will recognize interference of any nature. It is represented to be his belief that a crisis in his European possessions has now arrived, and that he feels himself better able to undertake the inevitable struggle now than at any future time.

MEET MARCH 10TH.

The Calling of the Ontario Legislature.

Toronto, Feb. 18.—The Ontario legislature has been called to meet on March 10th. So far no hint has been given of any legislation likely to be of great moment, unless it be the amendments to the liquor act, which have been promised, and possibly wider privileges to municipalities with reference to the development of power.

A provincial convention of mine owners, mine operators, prospectors, mining engineers, mining brokers, assayists and metallurgists opened yesterday afternoon. More than forty persons interested are present. James Conmee, M.P.P., was elected chairman. Two committees were appointed, after which an adjournment was made until this morning in order to give the committee on resolutions time to make preparations.

It is announced that President John Mitchell, of the United Mine Workers, will be in Toronto on the first Monday in April. The executive of the American Federation of Labor meets here then. A great reception has been planned for Mr. Mitchell and all the labor organizations in Toronto will take part.

Proceedings have been taken to unseat Arthur Gravelle, Renfrew, town councillor and a newspaper man. Mr. O'Brien, railway conductor, is petitioner. The ground taken is that Gravelle was a separate school trustee at the time of his election.

TERMS ARRANGED.

As to the Shortage of a County Treasurer.

Chatham, Ont., Feb. 18.—The county of Kent has made an agreement with the bondsmen of A. L. Shambleau, the defaulting treasurer of Kent county, who is lying seriously ill in Chatham hospital, by which $8,000 in full for all claims against Shambleau. The total shortage of the ex-treasurer is about $16,000.

La Patrie Provincial, Montreal, has decided to open a branch at Windsor, Ont.

RESOLUTIONS PASSED.

Convention Will Lay Matter Before Government.

Toronto, Feb. 18.—The convention at which mine owners, engineers, etc., were present, this morning, passed a resolution favoring the removal of the duty on soft coal, another urging the appointment of more inspectors and the erection of a separate department in the Ontario government and a third asking that the province be divided into mining divisions, with different officers in charge of each division. The resolutions will be presented to the government this afternoon.

Lease has been granted to Henry Graves & Co., of London, Eng., to appeal to the privy council from the court of appeal's judgment, dismissing their action against George T. Gorie, Toronto, for infringement of copyright by selling the picture "What We Have We'll Hold." The Canadian courts held that the English acts as to copyright in paintings does not apply to the colonies.

WELL RECEIVED.

Chamberlain Has Reached Cape Town.

Cape Town, Feb. 18.—Colonial Secretary Chamberlain and his party arrived here this morning and met with a hearty reception from a crowd of about 10,000 persons. A number of addresses were presented to Mr. Chamberlain. During the reading of one of these the prime minister, Sir Gordon Sprigg, arrived on the platform and was hooted with much vigor.

Mr. Chamberlain, in the course of his speech, made a powerful appeal for the union of the races. He admitted, however, that since his arrival in Cape Colony he had become less hopeful of immediate satisfactory results from his visits. He found the antagonism of the two races had become chronic.

INTERESTED IN WILL.

Henry And William Dalton, Of Kingston.

Toronto, Feb. 18.—The will of Sophia Dalton, who died in 1859, mother of the late master in chambers, R. G. Dalton, is before the courts on a question as to legacies and annuities. Those chiefly interested are Edith Z. Williams, Belleville; R. G. Dalton, Ottawa; J. J. Dalton, Milton West; Emma Lerich, Hamilton; Robert Dalton, Staffa; Henry and William Dalton, Kingston; and Jessie Morrison, Florence E. Dalton, Sophia F. Denison, R. W. G. Dalton, Mary G. Dalton, and Emma Wilson, all of Toronto.

SHOT HIS PLAYMATE.

Result of Lads Fooling With a Gun.

Cornwall, Ont., Feb. 18.—A young lad, ten years of age, the son of Norman Yates, Cornwall Centre, was seriously wounded by being shot in the arm and side by his playmate, a lad named Runions. The two boys loaded a gun to go and shoot sparrows. Yates said to Runions: "You can't shoot the buttons of my coat," at which the young lad levelled the gun and pulled the trigger, the shot taking effect in the side and arm. His condition is serious.

SAVED BY FIREMEN.

A Serious Time in a High Chicago Block.

Chicago, Feb. 18.—Quick work by firemen, early to-day, saved the lives of a number of persons who lived in the five-storey brick building at 1 and 3 North Clark street. Clayton Bush, proprietor of a beer and concert hall, on the first floor of the building and his wife and children were carried from the building and saved for by the police. Several other tenants, overcome by smoke, were rescued in the same manner. Loss estimated at $75,000.

QUACK GETS THREE YEARS.

German Who Mixed Poisons In his Nostrums Sentenced.

Berlin, Feb. 18.—Herr Nardenkoetter, whose name in large black type has been a feature for years in the German press in connection with nostrums, has been sentenced to three years' imprisonment and to pay a fine of $500 after a trial which has been a fortnight's sensation for Berlin. The convicted man was in the habit of mixing poison carelessly in his decoctions.

What Is Proposed.

Berlin, Ont., Feb. 18.—The conference held here to discuss power decided to appoint a representative committee of the various municipalities interested to urge upon the government the advisability of building transmission lines from Niagara Falls and distributing electrical energy to the various municipalities, failing in which the municipalities themselves ask for power to develop, transmit and distribute energy under the direction of a commission.

Opens Branch Offices.

Montreal, Feb. 18.—H. Stickman, general manager of the Bank of British North America, has issued a circular in which he makes the following announcement: "Branch offices of this bank have been opened in the following places: At Battleford, N.W.T., under the temporary management of F. J. Dixon, and at Yorkton, N.W.T., under the temporary management of G. F. Laing."

The Train Delayed.

Quebec, Feb. 18.—The regular passenger train of the C.P.R. from Montreal, due at Quebec at seven o'clock this morning, was four hours late, owing to an accident which occurred to a freight train. The railway authorities are reticent as to partical ars.

WEATHER PROBABILITIES.

Toronto, Ont., (10 a.m.), Feb. 18.—Strong westerly and north-westerly winds, extremely cold, with snow flurries. Thursday, fair and very cold.

Five Hangings In One Day.

Jackson, Miss., Feb. 18.—This is truly hangman's day in Mississippi, there being no fewer than five men to pay the death penalty in various parts of the state to-day. The condemned men are Alexander Smith, colored, in Pearl River county; Joe Campbell, colored, in Yazoo county; Antonio Dukes, white, in Copiah county; Tom Swor, white, in Smith county, and Emanuel Walker, colored, in Sunflower county. This is the largest number ever scheduled for one day in Mississippi.
