

Breathing Disease.
Infectious diseases are breathed into the system from those affected with disease or from bad smells; yet how many women breathe daily the offensive steam from cosmetics, soaps made from rancid fats, and keep their hair in oil with such soap ends as are worn next the tender skin. No wonder disease and eczema are prevalent! Users of Sunlight Soap—Octagon Bar—know the difference between that and the pure, healthful smell from the vegetable oils and pure edible fats in Sunlight Soap.

EASY VICTORY OF QUEEN'S OVER YALE IN NEW YORK.

Queen's 7, Yale 3 — Beechgroves To-night—Local Team Curling Matches.

Queen's hockey team played on the St. Nicholas rink, New York, last night, and had no trouble defeating Yale, the score resulting 7 to 2. Six years ago they played on the same rink, and won from Yale by 3 to 0, this victory giving them the title of Intercollegiate champions of America. To night Queen's play Princeton.

Curling Matches.

The senior curling matches at the Kingston rink last night resulted: Rink No. 1—E. C. Mitchell, W. F. Webster, E. Lyons, S. R. Bailey, skip—9. W. B. Bamfield, A. McNaughton, C. D. McFarlane, W. S. Ellis, skip—11.

Rink No. 2—J. M. Elliott, J. Almon, Dr. Knight, F. Shaw, skip—7. W. H. Daly, H. Youden, Dr. Haig, W. Lesslie, skip—23.

To Play Baseball.

To-morrow night the sergeants and officers of the 14th Regiment will meet in the armories in a friendly indoor baseball match. It will be the second meeting of the team, and a spirited contest is expected. The officers have never been defeated, but the sergeants say that on this occasion they will meet their Waterloo.

Will Take A Scratch Team.

K.R.C. Ramblers have been invited to play at Perth, Friday night, but are unable to go. The cadets, intercollegiate intermediate champions, kindly consented to take their place, if permission of the college authorities could be obtained, but this was not possible. An effort will be made to get a scratch team together to give Perth a match.

Sport In General.

The Kingston curling team skips who stayed in Japan to day were W. E. Dalton and Col. Drury.

Joss the Ghost, owned by Joseph Theobald, Watertown, N.Y., races again to-day with Bachelors' Club, and will run in the Gordon cup at Utica, N.Y., defeating the United States teams in an international match by 19 shots.

Croceus, the famous trotter, was to attempt to lower his ice record at Ottawa to-day. He was to clip a quarter second off the record.

The first exclusive automobile speed way in America has been completed at Lakewood, N.J. It stretches for about a mile and a quarter through the pine woods, and is eighty feet wide. Members of the Gould family pay half the expenses of building it.

It is declared by a well-known citizen who witnessed the Belleville K.R.C. Ramblers' match with the person who hit Brown of Belleville, that he belongs to Kingston. He informed the rink authorities immediately afterwards that the man was a stranger.

The Beechgrove left this afternoon for Belleville, where they meet Varsity III in a sudden death semi-final match. The Kingston team will be the same as that which defeated Cobourg. A large number of supporters accompanied the young hockeyists who are under the care of Dr. Clarke.

St. George's hockey team are champions of Toronto, having defeated Varsity in overtime by 11 to 8. First Wellingtons trounced St. George's, then Varsity defeated Wellingtons, and now St. George's turns around and wins from the proud collegians. Every time seems to be topsy turvy so far this year.

K.R.C. Ramblers are unable to fill a date in Perth on Friday, and have asked the champion Royal Military College hockey team to take their place. The Perth team is badly in need of a licking, and it's the general opinion that the seven from Navy Bay can just about give the Perth bunch all they want, both of hockey and scrap.

A liberal speed limit is contained in an automobile ordinance adopted by San Joaquin county, Cal. It limits the rate of roads to twenty-five miles an hour, when within 300 feet of a horse attached to a vehicle, the speed must be reduced to four miles an hour; or, at the signal of the person in charge of the animal, the speed must be brought to full stop.

The funeral will take place Thursday morning at nine o'clock to St. Mary's cathedral, where a solemn requiem mass will be sung for the repose of the soul of the deceased.

A FINE PROGRAMME. Arranged For a Coming Convention in Ottawa.

AIM TO SCIENCE.

SAYS QUEEN'S IS NOT DENOMINATIONAL.

Principal, Gordon Speaks About Recent Methodist Resolution Presented to Premier Ross.

On being asked for his opinion on the Methodist general conference resolution, presented to Premier Ross, protesting against aid being given by the Ontario government to universities that are denominational and not strictly provincial, and not controlled by the government, and responsible to the government for their expenditure, Principal Gordon, of Queen's University, said: "The fine and our programme last night was worth a dollar at least. From nine till ten o'clock the orchestra played in the music room. This room is a dream of beauty. The walls and ceiling, the chair frames and piano case are all done in white and gold. The panels and frescoes are painted most artistically. Musicians' heads, scenes from famous operas and copies of famous paintings, are the subjects employed. The dining-room is fairyland in very truth. We were wakened this morning, at half past seven, by the orchestra playing a great march. The organist, Mr. G. L. Smith, was happy to hear the sweet, soft strains of the strings in instruments first, then gradually the wind instruments added, till it swelled out in one grand amen. At 10:30 o'clock the orchestra played 'Near My God to Thee,' and we had prayers and Bible reading, then 'Jesus Lover of My Soul' all voices joining in. A fifteen minute address followed, and then the doxology, after which there were general introductions. After a brisk walk on the promenade deck, we went to a five-course luncheon, the orchestra playing the loveliest music throughout.

Mrs. Crumley says that there are some very delightful and interesting people on board. Amongst the passengers are twenty-five ministers, a lady evangelist in the number, any amount of M.D.s, and several cosmopolitan.

The point of all this is that a vigorous old age depends upon good digestion and plenty of wholesome food and not upon dieting and an endeavor to live upon bran crackers.

There is a certain class of food cranks who seem to believe that meat, coffee, and many other good things are rank poisons, but these eaters, sickly looking individuals are a walking condemnation of their own theories.

The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantity any wholesome food will be properly digested; if the stomach does not do so, and certain foods cause distress, or two or three Stuart's Dyspepsia Tablets after a meal will remove all difficulty because they supply just what every weak stomach lacks, pepsin, hydro-chloric acid, diastase and pepsin.

Stuart's Dyspepsia Tablets do not act upon the bowels and in fact are not strictly a medicine, as they act almost entirely upon the food eaten, digesting it thoroughly and thus gives a much needed rest and giving an appetite for the next meal.

If people who travel nine out of ten days Stuart's Dyspepsia Tablets know

them to be perfectly safe to use at any time and also having found out by experience that they are a safeguard against indigestion in any form, and eating as they have to, at all hours and all kinds of food, the travelling public for years have pinned their faith to Stuart's Tablets.

All druggists sell them at 50c for full-sized packages and any druggist from Maine to California, if his customers are asked, will say that Stuart's Dyspepsia Tablets is the most popular and successful remedy for any stomach trouble.

OFF ON THE JOURNEY.

Mrs. Crumley Writes of Life on Board Ship.

Mrs. Edward Crumley and Henry Crumley sailed from Hoboken, on February 9th, for the Mediterranean. They were charmed by the elegance of the steamer on which they sailed. Mr. Crumley has received a letter from Mrs. Crumley, who charmingly describes her first impressions on board ship. It is a forecastle of what our readers may expect, as Mrs. Crumley has promised to describe her trip.

She writes: "The orchestra

is fine and our programme last night

was worth a dollar at least. From

nine till ten o'clock the orchestra

played in the music room. This room is a dream of beauty. The walls and ceiling,

the chair frames and piano case

are all done in white and gold. The panels and frescoes are painted most

artistically. Musicians' heads, scenes

from famous operas and copies of

famous paintings, are the subjects

employed. The dining-room is fairyland in very truth. We were wakened this morning, at half past seven, by the orchestra playing a great march.

The organist, Mr. G. L. Smith, was happy to hear the sweet, soft strains of the strings in instruments first, then gradually the wind instruments added, till it swelled out in one grand amen. At 10:30 o'clock the orchestra played 'Near My God to Thee,' and we had prayers and Bible reading, then 'Jesus Lover of My Soul' all voices joining in. A fifteen minute address followed, and then the doxology, after which there were general introductions. After a brisk walk on the promenade deck, we went to a five-course luncheon, the orchestra playing the loveliest music throughout.

Mrs. Crumley says that there are

some very delightful and interesting

people on board. Amongst the passen-

gers are twenty-five ministers, a lady

evangelist in the number, any amount

of M.D.s, and several cosmopolitan.

The point of all this is that a vig-

orous old age depends upon good

digestion and plenty of wholesome

food and not upon dieting and an

endeavor to live upon bran crackers.

There is a certain class of food

cranks who seem to believe that

meat, coffee, and many other good

things are rank poisons, but these eaters,

sickly looking individuals are a

walking condemnation of their own

theories.

The matter in a nutshell is that if

the stomach secretes the natural

digestive juices in sufficient quantity

any wholesome food will be properly

digested; if the stomach does not do

so, and certain foods cause distress

or two or three Stuart's Dyspepsia

Tablets after a meal will remove all

difficulty because they supply just

what every weak stomach lacks, pep-

sin, hydro-chloric acid, diastase and

pepsin.

Stuart's Dyspepsia Tablets do not

act upon the bowels and in fact are

not strictly a medicine, as they act

almost entirely upon the food eaten,

digesting it thoroughly and thus gives

a much needed rest and giving an ap-

petite for the next meal.

If people who travel nine out of ten

days Stuart's Dyspepsia Tablets know

them to be perfectly safe to use at

any time and also having found out

by experience that they are a safe

guard against indigestion in any form,

and eating as they have to, at all

hours and all kinds of food, the trav-

elling public for years have pinned

their faith to Stuart's Tablets.

All druggists sell them at 50c for

full-sized packages and any druggist

from Maine to California, if his cus-

tomers are asked, will say that Stuart's

Dyspepsia Tablets is the most popular

and successful remedy for any stomach

trouble.

We are very careful.

The police suspect ex-convicts of the

robberies at J. S. Johnston's house.

Sunday night and Wormith's piano

factory Monday night. About ten re-

cently discharged convicts are at pre-

sent hanging around the city.

DAY'S EPISODES

PARAGRAPHS PICKED UP BY OUR BUSY REPORTERS.

The Spice of Every Day Life — What the People Are Talking About—Nothing Escapes Attention.

Buckwheat flour.

Lancaster.

Maple syrup, maple sugar.

Fresh herring.

Fresh haddock, 5c.
