

DIABETES CURED

Honorable James Howard, Financial Secretary Royal Temp- lars, State of Illinois, Who was Given Up by Doctors as Incurable, was Completely Cured of Diabetes by **WARNER'S SAFE CURE**

Sold in the Twilight.

Long ago, in the age of faith, the lady of fashion set aside the very simple pleasures and gaities of her day at midnight on Shrove Tuesday in a simple, unquestioning obedience to the command of Mother Church, who said: "To-day thou mayest revel in the good things of earth, but to-morrow, Ash Wednesday, thou must put them aside; thou must fast and be still, for the discipline of thy soul." And so it was, that because she did as she was told, for six weeks the lady's mind had rested from excitement, and her body from banqueting; and thus she managed to keep a hold on her nerves, with a grip which even the servant question couldn't relax.

It was agreed that the politician should write to his opponent, waging any testimonial in his favor to the politician's satisfaction. The politician, by accident the case of Newton Young of Pennington, N.J., was cured of hemorrhoids, or piles, by the use of Pyramid Pile Cure. The case was especially skeptical regarding this case, as it was alleged that Mr. Young was a man over 50 years of age, and had been cured after fifty years of a wretched affliction when all other remedies had failed.

Dear Sirs: I suffered greatly for seven years with diabetes, was unable to attend to my business or enjoy life, and felt that I had only a few days to live. I had spent my money with doctors and given up hope, when my attention was called to Warner's Safe Diabetes Cure. I had no faith in anything, but on the urgent request of my wife I bought a bottle and began to take it. I was surprised to find that about ten days after I felt much better and my general health seemed to improve. The dizzy spells which I had been troubled with disappeared quickly and in three months and a half I was restored to perfect health. I would have been in my grave today had it not been for Warner's Safe Cure, and I am certainly very grateful. Yours most respectfully, **JAMES HOWARD**, (signed) 220 South Peoria St., Chicago, Ill.

"SAFE CURE" CURES BRIGHT'S DISEASE.

If you have pains in the back, rheumatism, uric acid, kidney, rheumatic gout, diabetes, Bright's disease, inflammation of the bladder and urinary organs; scalding pains when you urinate, eczema, jaundice, swellings or torpid liver; if a woman, bearing-down sensation, fainting spells, scanty female weakness, painful periods; these symptoms tell you that your kidneys have been diseased for a long time, for kidney diseases seldom put out such symptoms as the victim recognizes until they have been working several months. You should lose no time—get a bottle of Safe Cure at your druggist's. It will relieve you at once and effect a permanent cure. It kills all disease germs.

Doctors prescribe and hospitals use "Safe Cure" exclusively in all cases of kidney or bladder trouble. "Safe Cure" is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment and pleasant to take. It does not constipate, it is the most valuable and effective tonic; it is a stimulant to digestion and activates the torpid liver. It repairs the tissues, soothes inflammation and irritation, stimulates the enfeebled organs and heals at the same time. It builds up the body, gives it strength and restores energy. You can buy Safe Cure at any drug store or direct. **41 A BOTTLE.**

There is a good laugh circulating in society circles in Hamilton, at the expense of one of that city's belles. Returning in the train from Toronto, she told a dearest friend of her engagement to a Toronto man, and added that no one in Hamilton suspected it. People near her heard the statement and now Hamilton knows the interesting fact.

Savoury Toast—Toast and butter well on both sides two rounds of bread, cut thin. Take half a dozen sardines, scrape off the skin, remove the bones, and pound them well in a mortar; spread them on one slice of toast, and put the other on top, pressing it down. Pour the yolks of four eggs with a little cream, stir over the fire until they thicken, but they must not boil. Pour over the toast and serve very hot.

Twitchy Muscles And Sleeplessness.

The hopeless heart sickness that settles on a man or woman whose nerves are shattered by disease can best be pictured in contrast with a patient who has been in the "depths," and has been dragged from them by South American Nerve. George Webster, of Forest, Ont., says: "I owe my life to it. Everything else failed to cure."

Nervous Dyspepsia.

Indigestion, Headache and Dizziness Spell the Result of Exhausted Nerves—Lasting Cure Effected by

Dr. Chase's Nerve Food.

A certain amount of nervous energy is necessary to stimulate the digestive organs in their work. When the nerves are weakened and exhausted and nerve action is checked, nervous energy is consumed in excessive mental labor or over-exertion of other organs, digestion is impaired, and headaches and dizzy spells come on.

This is why so many brain workers, business and professional men and women, and others complain of indigestion, sleeplessness and accompanying ailments. Dr. Chase's Nerve Food permanently cures each of these ailments resulting from weak blood and exhausted nerves. It is the most satisfactory treatment obtainable for nervous dyspepsia and indigestion.

London, Feb. 24.—The unmarried women of the ancient town of Guildford, the county seat of Surrey, have been organized into a society "for promoting man indifference among women," secured a cozy headquarters which they have named the "Spinsters' Retreat," and have pledged themselves to assist "young women, and those older in years, to withstand temptations to enter the marriage state." The rules of the order compel the members to have a wholesome contempt of love, to abstain from marriage and to display the society's badge at least one day a week.

Pretty Fair Railway Assets.

Chicago Herald-Herald.

Among the contents of the world wide Canadian standard eighth as to its rail mileage, and considering its large extent of territory and widely scattered population such a rank might well be expected. In proportion to its population its railway mileage is materially larger than that of the United States. The mileage of this country, disregarding sidings and double track, is now about 250,000, or something less than eleven times that of Canada, while the population of the United States is fourteen times that of Canada.
