BERMUDA
THE NOW FAR-FAMED BERMUDAS, with cable communication and equable winter temperature of 65 degrees, beautiful scenery and 100 miles of good roads, headquarters of the British army and navy, is unrivalled in its attractiveness, reached by the first-class iron steamers TRINIDAD or PRETORIA in forty-eight hours from New York. Sailing every SATURDAY this winter. The tropical islands, including SANTA CRUZ, ST. KITTS, MARTINIQUE, ST. LUCIA, BARBADOES AND DEMERARA, also afford beautiful and interesting tours, all reached by steamships of the Quebec Steamship Company from New York. For descriptive pamphlets and dates of sailing apply to A. EMILIUS OUTERBRIDGE & CO., Agents, 39 Broadway, New York; J. P. HANLEY or J. P. GILDERSLEEVE, Kingston, Ont. ARTHUR AHERN, Secretary, Quebec.

Our Coal Is As Clean As Though It Were Washed and Brushed.
Each lump stands by itself. Good solid coal—so much solid fire. After coal reaches the surface of the earth from the mines, impurities are picked out by hand. Thereafter it is screened several times before it reaches you, and dirt, slate, etc., really have no chance, if the dealers are careful.
We are very careful.
Crawford COAL THAT SUITS.

Health in
Abbey's Effervescent Salt
Get in good condition for the trying winter days—take a nature's tonic that aids digestion—that acts gently on the bowels—that cleanses the system—that keeps the blood rich—the circulation perfect—and the nerve centres keyed to the right tone—and the whole anatomy aglow with the fire and the vigor of good health.
At all Druggists.

MILBURN'S HEART AND NERVE PILLS
Make Weak Hearts Strong.
Make Shaky Nerves Firm.
THEY CURE
Nervousness — Sleeplessness — Palpitation of the Heart—Nervous Prostration—Faint and Dizzy Spells — Brain Fag — After Effects of La Grippe—Anæmia—And all Troubles Arising from a Run-down System.
Read what T. L. Foster, Minesing, Ont., has to say about them:—I was greatly troubled with palpitation of the heart, a sudden blindness would come over me, and floating specks before my eyes caused me great inconvenience. Often I would have to gasp for breath, and my nerves were in a terrible condition. I took MILBURN'S HEART AND NERVE PILLS, and they have proved a blessing to me. I cheerfully recommend them to all sufferers from heart and nerve trouble.
Price 50c. per box, or 3 for $1.25; all dealers or The T. Milburn Co., Limited, Toronto, Ont.

A Guaranteed Cure
For All Forms of Kidney Disease.
We the undersigned druggists are fully prepared to give the following guarantee with every 50 cent bottle of Dr. Pettingill's Kidney-Wort Tablets, the only remedy in the world that positively cures all troubles arising from weak or diseased kidneys:
"Money cheerfully returned if the sufferer is not relieved and improved after use of one bottle. Three to six bottles effect astonishing and permanent cures. If not relieved and cured, you waste no money."

AGRICULTURAL.

HORSES ARE NOT RAISED AT A PROFIT.

Condemning Grants or Subsidies to Railways—A Barn Painting Crusade to Beautify Canada.

Stocks of wheat in Canada on February 1st were 20,210,000 bushels, as against 16,700,000 a year ago.

A. F. McLaren, M.P. for North Perth, comes out in favor of a barn-painting crusade, which in a few years would transform and beautify the appearance of rural Canada.

A Bowmanville hog buyer proposes to introduce a system of co-operation in buying hogs by which, he says, it will be possible for him to buy hogs at a margin of five cents per hundredweight.

Farmers' Associations all over the province are strongly condemning the granting of subsidies to railways or other corporations, and declaring that not another dollar should be spent in this manner.

There are immense stocks of apples now on hand at Winnipeg and other points west. The stocks are more than sufficient, says the Winnipeg Commercial to meet all demands for months to come.

Tomato growers in North and South Wentworth have decided that they will not grow tomatoes for canning this year unless canners come up to their terms, which, it is expected, will be 25c. a bushel.

At the auction sale of pure-bred Shorthorn bulls, in Ottawa last week, T. C. Stark, of Pitts Ferry, purchased, for $140, Golden Robe II., bred by William Bright, Raglan, Ont., and contributed by John Bright, Myrtle, Ont.

The first annual Fat Stock, Dairy and Poultry Show, which opened in Ottawa on Monday, promises to be a grand success. There were over 1,400 entries of poultry. Every available pen is filled with swine of the different breeds.

Prices of hay in Toronto: No. 1 quality, $12 to $14; No. 2, $9 to $6. Sheaf straw, $9 to $10. No. 1 hay brings $8.50 to $9 a ton in Montreal. Canadian hay, No. 1, is selling in New York for $20 to $20.50 a ton, and No. 2, at $18 to $19 a ton.

Owners of creameries not provided as yet with a cold-storage room should avail themselves of the offer of a bonus of $100 from the federal government, and build such a room in accordance with departmental plans, says the Farmers' Advocate. The commissioner of agriculture, Ottawa, will supply these plans if requested.

The ewes in the sheep flock which will be due to produce early lambs need a little extra care and feed as the lambing time approaches. If they have not been receiving roots, a moderate supply of these will help to keep up their vigor and health, while a light ration of oats and bran will provide the necessary milk supply, as well as give strength to both the ewe and her lambs.

C. L. Whitney, nurseryman, of Walla Walla, has received an order from the Aberdeen ranch, near Vernon, B.C., for 10,000 apple trees. Mr. Whitney sent the same ranch 5,000 trees last year. The management of the Aberdeen ranch sold one entire crop of apples in Hong Kong at $3.50 a box, thus showing the possibilities for our western apple growers in the Oriental trade. Last year the orchard paid $14,000 over all expenses.

Dr. Reid, speaking at a Farmers' Institute meeting in South Brant, declared that the majority of horses raised in this country are not raised at a profit. "No man," he said, "can bring a horse up to four or five years and then make a profit in selling him at $100. The price should be at least $150." Most horses, he held, were not bred right. Animals should be raised that would conform to some well established breed. If the whole section can be induced to breed the same kind of horses the profit will be all the greater, because buyers will give more for horses where they can pick up a car or six cars within a narrow area than where they can pick up only one here and there.

Thousands of farmers attended the Live Stock and Poultry Show held at Ottawa last week and heard the instructive addresses given by practical men. Larger accommodation will have to be provided next year. Among the speakers were Profs. Dean and Ruddick; J. E. Brethorn, of Durford, and W. A. Smith, president of the show. The sheep, swine and poultry displays were first-class, and the promoters of the show are well pleased with the result.

During 1902 more land was sold in Western Canada than ever before. Besides the large land-dealing companies, numberless small ones and hosts of private individuals have speculated in this money-making business. The C.P.R., as usual, tops the list, having disposed of 2,420,440 acres at a total sum of $8,140,245. Second comes Osler, Hammond & Nanon, with 1,445 698 acres, and the Canadian North-West Land Company ranks third, with 516,000 acres for $2,520,000.

Winter vetch, says the Farmers' Sun is rapidly becoming a favorite clover crop for orchards in the Hamilton-Grimsby section. This makes a complete mat over the ground, and grows so thick that the frost does not penetrate into the soil. Joseph Tweddle, in going over a part of his orchard, where this was grown, recently was able to pull some of the stems out of the ground, the matted growth having completely prevented the frost from entering the soil.

Live Stock Sales.

In many districts of Great Britain auction sales of live stock have been held annually for years. Large numbers of pure-bred animals for breeding purposes have been marketed in this way. In several Canadian provinces sales of this kind have been established with satisfactory results, and have created a feeling in favor of county or district sales. There are hundreds of Canadian farmers who raise yearly from one to four good breeding males, and perhaps a few females. Many of these men understand the principles of stock-breeding. Yet their progress and profits have been greatly hampered because of their inability to sell their surplus stock promptly. On the other hand, many farmers desire to obtain suitable breeding males, but do not know where to buy them at a reasonable price. The cost of travelling from place to place in search of suitable animals deters them from purchasing at all. To bring buyers and sellers into touch with each other a number of breeders of pure-bred cattle in Durham, Northumberland and adjacent countries formed an association and started a series of annual auction sales. Their second sale will take place at Campbellford on March 18th. On February 11th an auction sale of pure-bred Shorthorn bulls was held at Ottawa, when twenty animals brought $2,646, or an average of $111 a head. Another sale will take place at Guelph on February 25th, when eighty beef bulls will be sold. These sales have produced most satisfactory results wherever tried.

Extensive Cement Works.

Papers have been filed at Albany incorporating the Hudson Portland Cement company with a capitalization of 86,000,000, under Lyman C. Smith, Burns L. Smith, Fred. B. Scott, and E. Bravender. A Hudson, N.Y., property was secured for $200,000, and the plant, one of the largest and most complete in the United States, will be placed in operation in April. On 1,200 acres of rock and shale, 300 acres run from ninety-eight to ninety-nine per cent. carbonite of lime. The output at the outset will be 2,000 barrels every twenty-four hours, and during the year the company plans to more than double the output. E. Bravender, formerly of the Empire Portland Cement company of Warner, and who produced the first barrel of Portland cement in Canada, will be superintendent of the plant, as well as a stockholder. He is also vice-president of the Lakefield Portland Cement company of Lakefield, Ont.; besides holding a quarter interest in it. He is a Canadian by birth and will be remembered as one of the most active of the Rathbun company hustlers. He built and operated their cement factory at Napanee Mills, and from these works came the first output of Portland cement of good quality in Canada.

A NEW DEPARTURE.
A New, Effectual and Convenient Cure For Catarrh.
Of Catarrh remedies, there is no end, but of catarrh cures, there has always been a great scarcity. There are many remedies to relieve, but very few that really cure.
The old practice of snuffing salt water through the nose would often relieve, and the washers, douches, powders and enhalers in common use are very little, if any, better than the old fashioned salt water douche.
The use of inhalers and the application of salves, washes and powders to the nose and throat to cure catarrh is no more reasonable than to rub the back to cure kidney disease. Catarrh is just as much a blood disease as kidney trouble or rheumatism and it can not be cured by local treatment any more than they can be.
To cure catarrh whether in the head, throat or stomach an internal antiseptic treatment is necessary to drive the catarrhal poison out of the blood and system, and the new catarrh cure is designed on this plan and the remarkable success of Stuart's Catarrh Tablets is because being used internally, it drives out catarrhal infection through action upon stomach, liver and bowels.
William Zimmerman of St. Joseph, relates an experience with catarrh which is of value to millions of catarrh sufferers everywhere. He says: "I neglected a slight nasal catarrh until it gradually extended to my throat and bronchial tubes and finally even my stomach and liver became effected, but as I was able to keep up and do a day's work I let it run along until my hearing began to fail me and then I realized that I must get rid of catarrh or lose my position as I was clerk and my hearing was absolutely necessary.
Some of my friends recommended an inhaler, another a catarrh salve but they were no good in my case, nor was anything else until I heard of Stuart's Catarrh Tablets and bought a package at my drug store. They benefited me from the start and in less than four months I was completely cured of catarrh although I had suffered nearly all my life from it.
They are pleasant to take and so much more convenient to use than other catarrh remedies that I feel I can not say enough in favor of Stuart's Catarrh Tablets."

Mrs. Padelford Weds.
London, Feb. 24.—The wedding of Mrs. Florence Padelford and Ernest Cunard took place in St. George's, Hanover Square, to-day, in the presence of a brilliant company that included nearly all the prominent members of the American colony. After a wedding breakfast and reception the bridal couple departed for Nice where the honeymoon is to be passed.
The bridegroom belongs to the wealthy and well-known Cunard family is himself rich, "in the city," and has a magnificent house in Portman Square. Some years ago he was engaged, and shortly to be married, to the lady who is now Lady Romilly, but she unexpectedly became the wife of another.
Mrs. Padelford, the bride, was formerly Miss McPeeters, of Baltimore. She is very fair, and a great favorite in smart society in London. Although still very young looking, she is the mother of a grown-up daughter, who came out a year or two ago. She is independently wealthy and possesses a magnificent art collection which has been removed from her home in West Halkin street to Mr. Cunard's new house in Portman Square.

Speechless And Paralyzed.
"I had valvular disease of the heart," writes Mrs. J. S. Goode, of Truro, N.S. "I suffered terribly and was often speechless and partially paralyzed. One dose of Dr. Agnew's Cure for the Heart gave me relief, and before I finished one bottle I was able to go about. To-day I am a well woman." Sold by H. B. Taylor and H. Wade.—43

Mrs. G. E. McKnight, Iroquois, is in search of her husband, who left there on the 7th inst, with a large sum of money, and driving a grey horse. He wore a Wambat coat, and a black Derby hat.

FROM THE U. S.

BRIGHT BUDGET OF NEWS FROM CAPE VINCENT.

The Gymnasium a Popular Place Work to be Renewed on the Breakwater — Many Items About Many People.

Cape Vincent, Feb. 20.—J. Lanegar, living near this village, is recovering from a serious illness. J. Forsythe, Fargo, Dakota, is visiting his sister, Mrs. G. W. Warren, who is seriously ill. Rhetorical exercises will be held at the high school to-day, appropriate for the birthdays of Lincoln and Washington. Just after Lent a minstrel show will be given to raise funds to carry on the gymnasium. The institution has been a great benefit to the young people of the village. Mrs T. M. Brewster is recovering from a severe sickness. S. S. Block lost a valuable horse Sunday. John Rienbeck has been ordained an elder in the Presbyterian church.

Mr. Clark, Stittsville, was the guest of his son, Prof. Clark, principal of the high school on Sunday. Mrs. C. W. Lyndall and daughter are visiting relatives and friends at Baltimore. A. G. Bates has graduated from the Potsdam Normal school. D. L. Fitzgerald and family spent Sunday with relatives at Grenadier Island. Capt. J. T. Boriand has returned from a visit to his son at Richfield Springs. Mr. and Mrs. H. Ainsworth gave a reception Saturday evening on the return from their wedding trip. The Grange will hold an important meeting, Saturday. A. Majo, Duluth, is visiting his parents, Mr. and Mrs. W. Majo.

W. Murphy has entered a horse in the races to be held at Kingston next week. C. Loynes, an old Cape Vincent boy, now of Bay City, Mich., is visiting his sister, Mrs. J. Putnam, Carleton Island. Mr. Cross, Adams, who has bought out the jewellery business of J. Aruiel, will take possession on March 1st. The next meeting of the Browning Club, will be held February 23rd, at the residence of Mrs. T. Masson. The King's Daughters are trying to secure a hundred members for the Tabard Inn library. The society will realize $50 by the enterprise. About one hundred couples attended the party given at Freemen's hall, Tuesday evening, given by the young people of Wolfe Island. The village election will occur March 17th.

The King's Daughters were entertained Monday evening by Mrs. J. Kilborn and Miss E. Woolaser at the home of the former. Harry Ainsworth and Miss Elizabeth McGowan, this village, were married on Thursday of last week, at the home of the bride, by the Rev. C. N. Tyndall. Mr. and Mrs. Ainsworth are highly esteemed by a large circle of acquaintances, who wish them a long and happy life. It is now settled that work on the breakwater will be continued the coming summer. As soon as the river is clear of ice the engineers will arrive and work will be commenced. About 100 feet will be added to the northeast portion of the breakwater.

A supper and card party will be held at Freeman's hall, Saturday evening, for the benefit of St. Vincent de Paul's church. Supper will be served from six to eight o'clock and the card party will commence at 8.30 p. m. There will be elegant prizes for the winners. A musical programme will be given in connection. The electric light plant is still far from completion and seems to be dragging along too slowly for many of the people. The election was held last August, and it is very likely that the plant will not be in operation before the first of April. There is trouble now over the engine and dynamo, which have not arrived. Most of the inhabitants of the village will be glad when the plant is completed and the matter settled. As things have turned out, it would have been just as well if the village had let a contract for the erection of the plant.

The gymnasium, under the management of one person, is growing in favor every day, and the young people are becoming more and more interested in the institution. Every evening basket-ball matches are held, and the boys will undoubtedly organize a team to compete with outside organizations. For several days the gathering of ice has been suspended on account of the storms. Work is progressing rapidly at present. E. Brooks, a former resident of this village, died at Watertown, Friday morning after a short illness. The remains were brought to this place Friday evening, and taken to the home of his daughter, Mrs. R. A. Davis. The funeral was held Monday morning, and the remains placed in Riverside cemetery vault.

Edward—I think the saloons ought to be open on election day.
Ethel—Why?
Edward—Then we could poll a full vote.

The young men's Bible class of Grace Methodist, Gananoque, have presented Rev. W. J. and Mrs. Wood, with a couple of easy chairs and an address, in recognition of the good work done by them.

Hard or soft corns cured with three applications of Peck's Corn Salve, 15c. at Wade's.
