THE ICE RACES.

RUN OFF ON KINGSTON'S FAST TRACK.

Best Races Seen in Kingston in Many Years—The Record of Cresceus Beaten — Horsemen Say the Kingston Track is a Perfect one.

Those who toiled so arduously in perfecting arrangements for the ice trotting races here, must feel gratified at the success which attended their efforts. To them the thanks of all local lovers of horse racing are due. It was a huge undertaking, but the men having arrangements in hand are stalwarts, not easily frightened from a toilsome task, and after a severe course of trial, they had the satisfaction of seeing their efforts crowned with gratifying success.

Fine weather, a fast track and large field attracted many thousands to the harbor front, where the crowd took possession of vantage points to best view the events. All the wharves were lined, and it looked as though every man for miles around who owned a horse had hitched it up and driven to the races. The scene viewed from the judges' stand was an animated and interesting one—the constantly moving crowd, fast horses speeding hither and thither, foot races, sparring matches and other side events presenting a spirited picture.

Beyond doubt, Kingston possesses the fastest and best kite shaped ice track ever laid out in Canada; all the horsemen say so, and the remarkable time made by the trotters bear out the statements. D. F. Wood, Smith's Falls, one of the judges, who has been following horse races for upwards of half a century, and who says he has seen all kinds and conditions of ice tracks in Canada, affirms that the Kingston track eclipses them all, in point of construction, which makes it very fast. He was astonished at the speed developed by the trotters. W. H. Gibson, Gananoque, the starter, another old horseman, considers the Kingston track a model one. He expressed the opinion that if Cresceus had attempted to create a record on the local track, the great stallion would have cut the figure down to about 2:06 or 2:08. As it was, horses in a trial heat in the 2:20 class yesterday encircled the track in 2:14½, which is three-quarters of a second better than the Canadian ice record established at Ottawa last week by Cresceus. In to-day's free for all race, with Deveras and D.L.C. in the ring, it was expected that a mark of at least 2:12 would be created.

Off In The Heats.

The 2:20 class brought up a field of four, Nellie S., owned by M. Steck, Lyn, having been drawn owing to having gone lame. No excuse was offered for the non-appearance of Billy Patterson. The starters were: J. B. F., owned by G. W. Curtis, Lindsay; Johnny P., owned by Dennis Lake, Napanee; Sir Knight, owned by W. J. Lyons, Harrowsmith; and Babeline, owned by Dr. Abbott, Kingston. Every heat of this race was closely contested, and the finishes were close and exciting; on two occasions the first, second and third horses were almost abreast coming under the wire. Johnny P. won the first heat, but was sent back to last place for running:

J. B. F.	1 1 1
Johnny P.	4 2 2
Sir Knight	2 3 4
Babeline	3 4 3

Best time, 2:21¼. Purse, $150.

It required five heats to determine a winner in the 2:50 class. Great interest attached to the event, as some of the horses were known to be on a par as regards speed, and the results by heats showed this to be the fact. In the fourth heat Minnie Keswick and Dan Phinister finished so close that it required the eye of an expert to discern which horse led. In the second heat Billy M. did not get into his position and consequently did not make an attempt to forge to the front. The owner of King Ben made a couple of complaints about being jockeyed but the quarter judges did not see any unfair work. On the other hand complaints were lodged against the driver of King Ben for alleged irregularities, but no notice was taken of complaints of either side. Minnie Keswick won fairly and squarely on her merits, and proved herself a game little mare. The entries were: Minnie Keswick, owned by G. W. Curtis, Lindsay; Billy M., W. Metcalfe, Kingston; King Ben, W. Murphy, Portland; Rover, M. Murphy, Cape Vincent; Dan Phinister, J. Alder, Fenelon Falls. The heats were thusly won:

Minnie Keswick	1 3 3 1 1
Dan Phinister	2 2 1 2 3
King Ben	4 1 2 3 2
Billy M.	3 4 4 4 4
Rover	5 5 5 dr.

Best time, 2:22¼. Purse, $125.

Hoof Beats.

Samuel Conley acted as clerk of the course, mounted on horseback, and performed his duties satisfactorily.

Rover was drawn after the third heat of the 2:50 class, because he had cut himself and was not in good form.

P. S. Sherrier, New York, is the driver of Deveras, and he certainly knows how to handle the big stepper.

Some of the city officials and their friends viewed the races from a grand position in the clock tower of the city buildings.

Samuel Harkness, a veteran horseman, says he never saw races so keenly contested. Every horse was made to go the limit of its speed, and a fine exhibition of racing was the result. Every heat was won fairly and squarely.

Many sports of the tin horn variety took delight in witnessing the races in showing off their fast steppers on the track, but when appealed to for a subscription to help meet the cost, they said they had no money to waste on the races. The collectors who were in the judges stand pointed out many of these sports (?) as they drove by, and it was noticeable that they always took up a position of vantage at the wire to view the start and finish. It was ever thus in Kingston. A crowd can always be collected to "holler" at a free show, if somebody else is "paying the shot."

Bird seed, choice mixed, 6c. lb. McLeod's drug store.

Taylor's Snowflake Baking Powder 25c. lb., absolutely pure.

A STRONG ROLE.

Miss Blair Was Well Received Here as "Zaza."

Only a fair sized audience greeted Eugenie Blair in David Belasco's dramatic creation, "Zaza," at the Grand Opera House last evening. This is the play in which Mrs. Leslie Carter created such a stir in the title role, and Miss Blair is hailed as her natural successor. The character of Zaza affords wide scope for a display of emotion, and particularly in the fourth act is this the case. Miss Blair must be credited with having done full justice to the part, scoring a genuine success. The fourth is the crowning success of the drama, and only an actress highly trained in emotionalism could attempt a portrayal of the feelings of the concert singer who denounces the man she has loved upon finding that he already possesses a wife and family. The only fault, if fault could be found, is that Miss Blair seems to have passed too many summers on this mundane sphere, to pose as a young, affectionate, easily deceived singing girl, such as the character calls for. At the close of the fourth act Miss Blair received five curtain calls.

To Miss Blair, of course, fell the bulk of the work, but she was ably assisted by Allanson Lessey, Clifford Hipple and Eleanor Montall. "Tote," Little Hazel Sherwood charmed the audience by her sweet simplicity and cleverness.

Belleville To Blame.

About two weeks ago the Whig man went up to Belleville with the K.B.C. Ramblers to witness the hockey match between that team and Belleville. He loaned his $1.39 watch to the timekeeper, and has had no end of trouble with it ever since. It caught the Belleville affection and has been running slow since that night, losing as much as fifteen minutes a day. It keeps him late for meals, and worst of all, has been keeping him out late at nights, for which offence he has undergone a series of lectures. Next time he visits Belleville he says he will leave his watch at home.

Manly Strength And Womanly Beauty.

Depend on purity of the blood, and much of that purity depends on perfect kindey filtering. If these organs are diseased and will not perform their functions, man will seek in vain for strength and woman for beauty. South American Kidney Cure drives out all impurities through the body's "filterers"—repairs weak spots. Sold by H. B. Taylor and H. Wade.—46.

John Wants Children.

Mrs. John Shamy, wife of the "King of the Assyrian Colony," on Ontario street, was in the police court this morning laying information against her husband, charging him with assault. She claims that her husband beats her because their union is not blessed with children.

The Newsiest And Best.

The Weekly Whig, fourteen pages, ninety-eight columns, issued to-day, is the newsiest paper of the week from any Ontario city. It will be a big letter from home to any one removed or absent from Eastern Ontario. A year's subscription is a most appreciated gift to absent friends.

In Dairying Interests.

The directors of the Eastern Dairymen's Association have arranged with Superintendent Hart, of the Kingston Dairy School, for a short special course for instructors under Mr. Publow before beginning the season's work.

Reached Their Prison.

Albert Parker and Fred Cook reached the city last night from Chatham to serve four years each in the penitentiary for theft of cakes and pies. Parker has served a previous term in that institution.

Potatoes. Potatoes. Potatoes.

Extra fine potatoes, $1.20 bag.

Roll butter, 20c. cooking figs, 5c.; cooked ham, 25c. Crawford.

No one knows better than those who have used Carter's Little Liver Pills what relief they have given when taken for dyspepsia, dizziness, pain in the side, constipation, and disordered stomach.

Massage cream and toilet lanoline. H. B. Taylor.

BUILDING BONES.

Of Great Importance That Children Have Proper Food.

A child will grow up with weak and small bones or strong and sturdy frame, depending on the kind of food given.

That's why feeding the youngsters is of such great importance. The children do not select the food—the responsibility rests with the parent or guardian, or with you if you select the food for a boy or girl.

The scientific selection of this food should begin as early as possible. That's when the delicate little plant needs the tenderest care. A well-known lady of Calistoga, Cal., says: "About two years ago my little niece was taken sick. When medical aid was called one physician pronounced it the case curvature of the spine; another called it softening of the bones and gave but little hope of her recovery. For weeks she had been failing before her parents thought it anything but trouble from her teething.

"She had been fed on mushes and soft foods of different kinds, but at last her stomach could retain scarcely anything. At this time she had become a weak little skeleton of humanity that could not much more than stand alone.

"The doctors changed her food several times until finally she was put on Grape-Nuts which she relished from the first and ate at almost every meal and her recovery has been wonderful. She has been gaining ever since in strength and weight.

"She has eaten dozens of packages of Grape-Nuts in the last year and a half and the child is now a rosy-cheeked and healthy little girl, still clinging to her Grape-Nuts.

"It is plain the food has saved her life by giving her body the needed material to keep it well and the same material to build with. Name given by Postum Co., Battle Creek, Mich."

MEET TO-NIGHT

FIRST OF THE O.H.A. JUNIOR MATCHES.

The Make-Up of the Two Teams—Toronto Ruffianism is Ready to be Fyled—Ladies at Hockey.

To-night the Toronto Marlboros meet the Frontenac-Beechgroves here in the first of the O.H.A. junior final matches. A large crowd is expected to cheer on the local team. The players will be:

Marlboros — Goal, Geroux; point, Gall; cover-point, Brown; centre, C. Thoms; rover, F. Thoms; left wing, Smith; right wing, Anderson.

Beechgroves — Goal, Macdonnell; point, Robinson; cover-point, Harold Clarke; centre, Herb. Clarke; rover, Potter; right wing, Williams; left wing, Kidd.

To-night's match will virtually wind up the season here. It is hardly likely that Queen's or R.M.C. will appear on the ice again. Their league schedule being over, they have no interest in playing further. Queen's would have been willing to have gone to Montreal this week to play McGill and so decide which was the better team. On the big Arena rink, and after their New York matches, Queen's claimed that they could skate McGill off their feet and win hands down.

Wellingtons Are Champions.

Cornwall, Feb. 26. (Special).—Wellingtons, 3; Cornwall, 2. That was the way the figures stood in the final senior hockey contest here last night. Wellingtons journeyed to the factory town yesterday with the firm resolve to "do or die." And win they did, and to them for the fourth time in succession goes the laurel wreath of the victor, and incidentally the Robertson trophy, emblematic of the championship of Ontario. Referee "Chaucer" Elliott, of Kingston, officiated in a manner that was highly creditable, the O.H.A. officials being well pleased with his work.

During the first half the Cornwall team literally played the Wellingtons off their feet and secured a lead of two goals to one. In the second half the "Iron Dukes" showed a decided reversal of form and kept the stalwart home team on the defence for a large portion of the play. Chadwick, McLaren and Hill showered a perfect tornado of shots on Cornwall's goal, but Hunter appeared to be able to catch them all in time and prevent Wellingtons from scoring. Finally "Chummy" Hill saw what looked to be a pretty nice opening and shot the puck in past the vigilant Hunter, and the score stood: Wellingtons, 2; Cornwall, 2.

Again the puck got in motion and another tie seemed imminent, but after a very dashing run Worts succeeded in shooting the goal that decided the championship for 1903, and shortly afterwards the timekeepers' whistle announced that it was all over and that dear old Hogtown was again the home of the senior hockey champions.

It was estimated that about 1,200 enthusiastic rooters crowded into Cornwall's big rink and they were a very crestfallen lot at the conclusion of the game. Many of the sports were so confident that Cornwall would win out that odds of two to one were freely offered on the home team with a fair sprinkling of takers. The result shows that the "wise ones" were wrong "once again." The teams and officials were:

Wellingtons (3) — Goal, Loudon; point, Pringle; cover-point, Ardagh; wings, McLaren and Hill; centres, Worts and Chadwick.

Cornwall (2) —Goal, Hunter; point, Warwick; cover-point, George Stiles; wings, Macmillan and Allen; centres, Eastwood and Harold Stiles.

Timekeepers—J. Millan, Toronto; J. Hunter, Cornwall. Goal judges, James T. Sutherland, Kingston; E. A. Gilroy, Smith's Falls.

Referee, E. S. Elliott, Kingston.

President J. Ross Robertson was present and enjoyed the game to the utmost.

Loudon, the Wellingtons' goal keeper, will be remembered as the R.M.C. star of two years ago.

Their Courage Failed.

Though they face death every day and though they display an unlimited quantity of nerve on occasions, yet the courage of the guards of the Kingston penitentiary failed them when they were called upon to meet the seven parcels of sweetness in the persons of Rockwood maidens, who had challenged the guards to combat at hockey on Rockwood rink. The match was to have taken place last night, and at the appointed hour the maidens appeared on the ice, but their stalwart opponents failed to put in an appearance.

At The Curling Rink.

Only one scheduled match was played at the Kingston curling rink last night, the result being:

J. Hooper, J. C. Almon, Dr. Knight, F. Shaw, skip—15.

H. D. Bibby, W. Rampfield, T. Slater, W. S. Ellis, skip—18.

To-night's team skips will be W. B. Dalton vs. R. S. Bailey, and F. Shaw vs. L. L. Henderson.

Yesterday afternoon, a team of Queen's curlers played a rink from the Kingston club and were defeated by ten to eight. The losers were to take a gallon of milk to the Infants' Home.

Victorias Won.

In Montreal, last night, the Victorias defeated the Montreals by 3 to 2. This virtually makes Ottawa champions of the Eastern League, and also gives them the Stanley cup. Ottawa is certainly the best team in the east, and proved it by defeating the Stanley cup holders twice. Now the Toronto Wellingtons may have to go to the capital to play for the Canadian trophy.

General Sport Review.

Belleville and Barrie play a sudden-death match at Toronto to-morrow night.

Lacrosse has been booming in England since the visit of the Canadian team last year.

A hockey team from the Royal Military College defeated the R.C.F.A. officers last night at the Kingston rink by 7 to 4.

Toronto Marlboros complain of rough treatment in Belleville. One of their players had to retire, and another had his face badly cut.

To-night at the armouries a team from the Army Service Corps will meet the unconquered sergeants of the 14th Regiment in an indoor baseball match.

Kingston hockeyists who witnessed the Cornwall-Wellington match declare that neither team is by any means the equal of Queen's, who are far faster.

President Rutter, of the Toronto Wellingtons, who witnessed the Ottawa-Montreal hockey match, says the Toronto seven would not have much chance with either team on Montreal ice. The easterners are faster.

A Boston dispatch says: The Rev. Father O'Gorman's champion Irish terrier Celtic Badger, by taking three blues in the novice, open and winners' classes, gave a notable opening to the annual exhibition of the New England Kennel Club, on Tuesday.

The first public ladies' hockey match in Montreal is to take place next Tuesday between the Montreal and Three Rivers' teams. Again, Kingston leads in this respect. Seven years ago, Queen's and Kingston ladies' hockey teams played benefit matches for the general hospital.

There are seventeen races to be contested by the Kingston ice yachts, but if the harbor does not soon round into condition, the season's sport will be ruined for the ice-yachtsmen. There have really been only two or three days this winter when the yachts could have raced, but as a day's notice had to be given of the contests, no chance of bringing on the races has been afforded.

The Toronto Globe intimates that there is no rule in the O. H. A. requiring the referee to hold the time during the last five minutes of the match. Perhaps that is the case, but what led the Whig to comment upon the matter was the fact that several referees held the watch during that period, at Belleville for instance, when Varsity III and Beechgroves played.

For some years past the O.H.A. executive would always secure the rinks in small places for final matches for $50, while the Toronto rink management with its hold nice always held out for percentage, and would get in the neighborhood of $400. This was the case last year in the senior finals, but now the Cornwall rink held out for the same terms as the Toronto rink got. This the O.H.A. executive had to grant.

The Ottawa Journal says: "Chaucer" Elliott, Kingston, regarded in the Limestone city as only second to the evergreen Guy Curtis, has been reinstated as an amateur. "Chaucer" is a first rate fellow off the field as well as on and only last summer the Kingston sports presented him with a nicely engraved gold locket in appreciation of his services to various sports in the city on the lake. "Chaucer" can still get into the game whether it be football, hockey or baseball.

The Toronto Globe intimates that to-night's hockey match in Kingston "is subject to the rink management in that city giving satisfactory assurance that the ruffian who struck a Belleville player in a recent match there will be prosecuted." There is no fear of the Toronto Marlboros being ill-treated. No team ever visited Kingston without being kindly received, and an individual act does not hold against the city. So long as the Globe man is not in the match, there will be no trouble. Toronto needn't pose as a model place where sporting teams were never treated to bricks. We have clippings (from the Toronto papers) of such occurrences up there, all ready for the Globe man's perusal —or the O.H.A. executive for that matter.

TWO NEW STEAMERS.

Will be Named Westmount and Fairmount.

The new steamers building in England for the Montreal Transportation company will cost $100,000 each. One will be named Westmount, the other Fairmount; both will be on the same route as the Rosemount, Duluth and Fort William to Kingston. The new craft will be 248 feet long, 23 feet hold, and 42 feet beam, with triple-expansion engines and Scotch boilers. Everything throughout will be modern. The captains chosen for the new steamers are Capt. Alexander Milligan, St. Catharines, and Capt. P. C. Telfer, Owen Sound.

An Amherst Island Wedding.

On Wednesday, 18th inst., a very pleasant event took place at the home of Caleb Tugwell, Amherst Island, where his youngest daughter, Miss Rachel, was united in marriage to George Botting, of Deseronto. The ceremony was performed by Rev. F. T. Dibb, Bath, in the presence of about forty guests. The bride was tastefully attired in a gown of castor crepe de chine, with cream lace trimmings, and was assisted by her cousin, Miss Ella Strawbridge, Picton, who looked charming in a dainty gown of white organdie over pale blue. Irvine Tugwell, brother of the bride, was groomsman. The groom's gift to the bride was a handsome opal ring, and to the bridesmaid a sunburst of brilliants. After the ceremony, a sumptuous wedding breakfast was served, the dining-room being prettily decorated with ropes of smilax. Mr. and Mrs. Botting left on the evening train for Deseronto, where they will in future reside.

Had A Good Time.

A most enjoyable surprise party took place on Friday evening, twenty collegiate and university students joining in a dancing drive to the country. A pleasant evening was spent in the home of Mrs. J. English, Dufferin, with varied amusements, dancing included. A vote of thanks was tendered the kind host and hostess. The successful management was chiefly due to the efforts of W. Patterson.

Pure maple syrup.

Pure maple sugar.

Cooking figs, 5c.

25 sweet oranges, 25c.

Potatoes, $1.20 bag. Crawford.

"Many a man who boasts that he is laying up treasures in heaven will never see them again," says the Portsmouth Philosopher.

DAY'S EPISODES

PARAGRAPHS PICKED UP BY OUR BUSY REPORTERS.

The Spice of Every Day Life — What the People Are Talking About—Nothing Escapes Attention.

Best potatoes in bags.

Fresh haddock, 5c.; fresh herrings; Smelts, apples.

Cooking figs, 5c. Crawford.

Taylor's Lettuce Cream is a perfectly elegant toilet preparation.

The puzzles for Saturday will be the names of sports. It will be a popular series.

There were large congregations at the three Ash Wednesday services at St. George's cathedral.

Hard or soft corns cured with three applications of Peck's Corn Salve, 15c. at Wade's.

Lever's Y Z (Wise Head) Disinfectant Soap Powder is a boon to any home. It disinfects and cleans at the same time.

A meeting of the board of works was called for four o'clock this afternoon for the transaction of general business.

The demand for our chocolates is constantly on the increase. They are perfectly delicious fresh shipment just in. H. B. Taylor.

The presbytery of Lindsay meets on March 17th, to consider the call of St. Andrew's church, Lindsay, to Rev. James Wallace, M.A., of Queen's. It is quite likely that Mr. Wallace will accept the call, but he intends to go to Europe in May to first pursue a further course of study.

"Sewell's" and "Adams'" face massage cream, for cleansing and beautifying the skin, 50c. each. McLeod's drug store.

The snow on Princess street should be carted off, so that the street would be fairly level with the street railway track. Yesterday a lady was thrown out of her cutter, by one runner slipping into the deep gutter dug along the walk. Cut the high banks down.

PERSONAL MENTION.

Movements Of The People—What They Are Saying And Doing.

Rev. C. H. Daly, Lyn., is in the city.

M. Knapp and wife, Sydenham are visiting friends in the city.

Miss J. E. Weller, Almonte, is the guest of her sister in this city.

G. H. Strawbridge, Stratford, Ont., returned yesterday, after spending a week visiting friends in Kingston and on Amherst Island.

Antoine Wendling, Brockville, owner of the trotting horse Deveras, arrived in the city this morning to witness the races on the ice.

Miss Pearl Warren, 184 Wellington street, entertained a number of young friends at a birthday party, on Saturday afternoon. She received a number of beautiful presents.

E. Parker Crossley, Boston, son of Rev. D. O. Crossley, Bowmanville, was married in Peterboro on Wednesday, to Miss Lottie E. Cameron. Mr. Crossley is a nephew of Evangelist Crossley.

The Track A Full Mile.

City Engineer Kirkpatrick was asked this morning if he was sure his measurements of the kite-shaped track in the harbor were correct. He replied that he was positive that the track was a full mile; if it was wrong it was rather on the side of the length than shortness. Each stretch is 1,760 feet long, and the longest point of the circle is 1,825 feet from the starting point. The radius is 483 feet, or eleven degrees, fifty-two minutes. The track contains 5,280 feet. His measurements were submitted to Prof. Dupuis, of Queen's University, who confirmed them as mathematically correct.

The Timbers Are Sound.

A meeting of the city property committee was called for two o'clock Wednesday afternoon, and at the appointed hour Chairman McCammon, Alds. Tait and Angrove presented themselves. The meeting was called for the purpose of examining the timbers in the floor of Ontario hall. The flooring had been torn up in places to allow of a view being had of the joists. These, the city engineer said were as sound as the day they were first put in. The examination was made in expectation of the hall being converted into a council chamber.

Valuable Dog Poisoned.

Michael Conroy, Alfred street, mourns the loss of a valuable prize winning Scotch terrier. The little animal was imported last summer, and was the only representative of his race in the city. On Tuesday it was allowed out for a gambol and picked up some poisoned meat, which cut short its young life. Mr. Conroy will pay a liberal reward for the detection of the party guilty of offering the poisoned meat.

The One Thing Needful.

If you want to live to a green old age, take care to keep your blood pure. Impoverished blood is accountable for nearly all bodily ills. Take Wade's Iron Tonic Pills, and you will find your health benefited, your blood purified and nerves strengthened. 50 pills for 25c., at Wade's.

Speak Well Of Him.

The Theologue, the magazine of Presbyterian College, Halifax, extends a hearty welcome to Prof. McComb. He is already very much appreciated. Of Principal Gordon, whose place he is taking for the session, it speaks affectionately; he is pronounced tactful, sane and liberal.

Potatoes, $1.20 bag; roll butter, 20c.; cooked ham, 25c. Crawford.

The deputy sheriff, of Gouverneur, N.Y., was in Brockville this week searching for Tracy Summing, who followed the "Chris and Lena" company, with a sum of money purloined from his mother, in his pocket.

E. W. Grove on every box. 25c

Laxative Bromo Quinine

Cures a Cold in One Day, Grip in 2 Days

A NEW DEPARTURE.

A New, Effectual and Convenient Cure For Catarrh.

Of Catarrh remedies, there is no end, but of catarrh cures, there has always been a great scarcity. There are many remedies to relieve, but very few that really cure.

The old practice of snuffing salt water through the nose would often relieve, and the washers, douches, powders and inhalers in common use are very little, if any, better than the old fashioned salt water douche.

The use of inhalers and the application of salves, washes and powders to the nose and throat to cure catarrh is no more reasonable than to rub the back to cure kidney disease. Catarrh is just as much a blood disease as kidney trouble or rheumatism and it can not be cured by local treatment any more than they can be.

To cure catarrh whether in the head, throat or stomach an internal antiseptic treatment is necessary to drive the catarrhal poison out of the blood and system, and the new catarrh cure is designed on this plan and the remarkable success of Stuart's Catarrh Tablets is because being used internally, it drives out catarrhal infection through action upon stomach, liver and bowels.

William Zimmerman of St. Joseph, relates an experience with catarrh which is of value to millions of catarrh sufferers everywhere. He says: "I neglected a slight nasal catarrh until it gradually extended to my throat and bronchial tubes and finally even my stomach and liver became effected, but as I was able to keep up and do a day's work I let it run along until my hearing began to fail me and then I realized that I must get rid of catarrh ar lose my position as I was clerk and my hearing was absolutely necessary.

"Some of my friends recommended an inhaler, another a catarrh salve but they were no good in my case, nor was anything else until I heard of Stuart's Catarrh Tablets and bought a package at my drug store. They benefited me from the start and in less than four months I was completely cured of catarrh although I had suffered nearly all my life from it.

They are pleasant to take and so much more convenient to use than other catarrh remedies that I feel I can not say enough in favor of Stuart's Catarrh Tablets."

Snowflake Baking Powder

Is made of the best materials which could enter into a powder. It leaves no unpleasant taste after cooking. Try it and you will like it. 25c. per lb.

New York Chocolates

There is an increasing demand for our New York Chocolates. When one wants a box of really fine Chocolates we have them, 40c., 60c. per lb. Fresh shipment just in.

A Cosy Bright Fire

Is an attraction for every one. The cheery glow and immense heat of our coal will make itself felt with pleasure during the cold weather. It's just the kind to cook with, too. Let us fill your bin with

BOOTH'S COAL.

'Phone 133, Foot of West St.

Sanitary and Scientific Basis.

Clarified milk and cream is prepared on a sanitary and scientific basis. Delivery with the greatest care. Always ready, always pure, sweet and palatable.

Try a sample and be convinced that our product will give you more pleasure and satisfaction than you can get elsewhere.

'Phone 567 your order, or purchase from any of our drivers twenty quart tickets for a $1.

The experimental period has long past with the MAGI Caledonia Waters, and for which there is no substitute. Sold everywhere.
