BACK PAINED SO BAD
COULDN'T TURN IN BED.

A citizen of Trenton, Ont., who suffered agony with his
back and kidneys, tells of his rapid and complete restoration
to health by the use of Dr. Pitcher's Backache Kidney Tablets.

We desire to present to you the history of the case of Thomas
Douglas, of Trenton, Ont., whose occupation is that of carter for
the Gillman Co., an avocation which involves heavy lifts and frequent
exposure to wet and cold—all hard on the kidneys. That
Dr. Pitcher's Backache Kidney Tablets could so quickly cure a
case so severe as that of Mr. Douglas is a splendid tribute to
their rapid-acting, thorough-going curative qualities.

MR. DOUGLAS TELLS HIS STORY.

"I had been a very healthy man until a few months ago,
when I was taken with a very severe pain across the small of the
back. As I had a slight cold, I attributed the pain to that, and commenced using
liniments, which I found gave me no relief.
"Seeing the testimonial of Mr. Robold, a Trenton gentleman, who had used
Dr. Pitcher's Backache Kidney Tablets, I made up my mind to try them. I had
used very few Tablets before I found relief, and I can tell you I was very thankful
for this, as I had been so bad that I had to lay off work for days, and at nights I
could not turn in bed. Dr. Pitcher's Backache Kidney Tablets cured me so quickly
and thorough cure in my case. I am at work every day before 7 a.m., and work
hard all day, and I can assure you my work is not easy, as I have a great deal of
heavy lifting to do, and the constant stooping is a great strain on the back, but I am
thankful to say I have been free of twinges of pain, nor has my back bothered
me since Dr. Pitcher's Backache Kidney Tablets cured me."
(Signed) THOS. DOUGLAS.

MRS. DOUGLAS CONFIRMS IT.

"I gladly endorse all my husband says about Dr. Pitcher's Backache Kidney
Tablets. They acted splendidly in his case and have inspired me with such confidence
of their efficacy that I am using them now myself.
"I have been troubled for some time with sick headache, weak spells, tired feel-
ings, and generally run down. I have used the Tablets only for a short time, but
feel so very much better already that you may be sure as soon as I have taken another
bottle or two of the Tablets, you will hear from me.
"I tell all my friends that Dr. Pitcher's Backache Kidney Tablets have done
splendidly for us, and both Mr. Douglas and myself have no hesitation in allowing
you to use our names in endorsement of such a reliable remedy."
(Signed) MRS. THOS. DOUGLAS.

SO DOES MR. SHURIE, DRUGGIST.

"I am well acquainted with Thos. Douglas, of this town, who is a teamster in
the employ of the Gillman Co.
"He is a hard-working and respectable citizen, and I have no hesitation in
endorsing the statement he gives of his cure by Dr. Pitcher's Backache Kidney
Tablets, as it is from my store the Tablets were purchased, and I know the condition
he was in prior to taking them, and that he is now, to the best of my knowledge,
working hard every day without any trace of his former trouble."
(Signed) JAS. SHURIE,

INVENT SCHEME
TO ELIMINATE THE POVERTY FROM
THE WORLD.

Railway Disaster Calls For Invest-

York Sunday Papers are Be-
lieving Criticism.
(What Correspondence, Letter No. 1,345).

New York, Feb. 26.—The man who
shall invent a system or scheme for
the abolition of poverty among
mankind will deserve canonization for
all future time, his place in after ages
will be among the saints who have de-
voted their lives for the betterment of
their fellowmen. The pages of history
are covered with the names of those
who on various fields of strife the
battlegrounds of the world, the arena,
have fought the battles of free-
dom and slavery, these were after all
isolated efforts, but the abolishing of
poverty will need an organized effort
by humanity in every part of the
globe. The question arises, how can
this be done? How, or how much
New York a regular court register
the same as in London, Vienna, Ber-
lin and St. Petersburg, that shall
give us the movements of our crime
and the reason. There was a time not
long ago, when a fashionable belle
would have considered herself dis-
graced if she had seen her photo-
graph in one of our daily journals,
but things are changed to-day, the
fashionable reporter is an auditor,
whose favor is to be courted instead
of condemned. The fashionable belle
now is knocking at his door, she fur-
nishes him not only with her likeness,
but with the story which she has
secretly recalled a season—so full of
fetes, dinners, marriages and being
given in marriage, I shall not be as-
tonished if she were changed to a
stranger, but standing this successful record I can
scarcely recall a season—so full of

again, but if these two railroad dis-
asters were unavoidable, the cor-
oner's jury that examined the
might have returned a verdict, "Died
by the visitation of God," but no
such verdict will ever be recorded for
these two railroad crashes were sins
against God and man. In one case it
is said that the engineer closed his
eyes to the warnings that lined the
way, this evidence may be bolstered
up with perjury for those who ne-
glect to read and heed a warning that
dead men tell no tales. The other
case, recent, the happy child,
were on their way to school,
the bitter storm that raged all over
the country, warned the railroad men
to do everything within human force
to secure the safety of their pas-
sengers. They knew that the rails
were as slippery as glass, a simple
inattention, the sandmen, in one in-
stance, to every car to overcome that
danger, the box containing dry sand
spread its contents on the rails, giving
the wheels a firm grip on the track,
and the precaution had been neglected
the sand was frozen and terrible
death and disaster was the conse-
quence.

Now comes the duty of the public,
an investigation without favor, and
such exemplary damages be ac-
corded to the sufferers as shall make
the investment of capital in the
roads of the land, up to the present
time disasters have been the rule, for
the future with God's help we will
try to make them the exception.

Strange as it may sound, it is not-

STRICKEN WITH PARALYSIS

Could scarcely walk or talk—Legs and arms were paralyzed—
Could do no work of any kind—
NERVOUS SYSTEM COMPLETELY EXHAUSTED

People surprised to see him around again, a living witness to the marvellous
up-building influence of DR. CHASE'S NERVE FOOD.

MR. JAS. A. DEAL.

Mr. Jas. A. Deal, a respected resident
of Bridgewater, N.S., writes:—"About a year
ago I suffered a stroke of paralysis, which left me in
a very bad state of health. To add to my troubles, last
winter I took La Grippe, which completely exhausted my
nervous system. I could scarcely walk or talk, my legs
and arms were partially paralyzed, my blood did not
circulate properly, and I could not do any work. In fact,
I was so bad that the doctors gave me up and
thought I could not live through the
summer."

"I began the use of Dr. Chase's Nerve Food, and
persevered in the treatment, until now I am at work
again. The change in my condition has been most re-
markable. It is a surprise to everyone to know that I am
able to be around again. My nervous system has been
built up wonderfully by this remedy. I am
able to rest well, my circulation is normal, and my
general health good. My appetite is first-class, and I
have gained considerably in flesh."

"The results I have obtained from Dr. Chase's Nerve
Food have been most gratifying, and I have no hesitation
in stating that I believe I owe my life to this preparation.
I am willing that you publish this letter, with the hope
that it may be the means of helping others to regain
their health."

DRUGGIST CERTIFIES.

MR. B. H. PORTER, Druggist, Bridgewater, N. S.,
certifies to this extraordinary cure by Dr. Chase's Nerve
Food and states that at one time "no one expected
Mr. Deal to live for a month."

DR. CHASE'S NERVE FOOD

Like other nervous diseases paralysis and locomotor ataxia are slow in coming on
and gradual in results. The warning comes by way of headache, sleeplessness, twitching of
the muscles, irritability, nervousness, impaired memory, inability to concentrate thoughts,
and general weakness. Then is the time to prevent the further development of nervous
exhaustion by the use of Dr. Chase's Nerve Food. By increasing the quantity
and quality of the blood it

CREATES NEW, VITAL NERVE FORCE,

adds firm flesh and muscle and builds up the system. Patient treatment is necessary for
all nervous diseases, but by weighing yourself while using this great food cure you can
prove its marvellous power as a restorative. 50 cents a box, 6 boxes for \$2.50. At all
dealers, or EDMANSON, BATES & CO., TORONTO.

PUNCHED HER PUPILS.

Made Bumptious Young Men Toe
The Mark.

"Pawtucket, R.I., Feb. 27.—Miss Mary
L. Rogers, a graduate of Wellesley, is
one of the most talked-of young women
in the state to-day. It must be said
also that the state is quite proud of
her. Her jump into fame occurred
yesterday, when she punched the cap-
tain of the high school football team
on the nose, drawing the claret, and
thumped another youth of the same
class with such vigor that the young
man went home to his parents with
his eye blackened. All this Miss Rog-
ers did without other weapons than
her fists.

It all came about because Miss Rog-
ers was the new teacher. It was her
first day with the high school class,
and the youths of the class thought it
proper to have fun with her. The cap-
tain of the football eleven who got a
bloody nose as a result of his encoun-
ter with the new teacher is George
McNeil, six feet in his stockings,
weight 180 pounds. The boy who got
the black eye is William Campbell, five
feet seven inches, weight 140 pounds.
Here is what Miss Rogers said about
the affair:

"It was all a matter of school dis-
cipline, continued disobedience, imper-
tinent and quarrels which I consider
of my job, which was the cause of
it all. It was my first day as teacher
at the high school, and as soon as
I came to the school I found that things
were at loose ends, so far as respect toward me
was concerned."

"It may be that the measures tak-
en to demonstrate that I would main-
tain discipline were somewhat drastic
but what I did was entirely justifi-
able. I regret that the matter must
become public, but as long as it must,
the facts should be stated, and I be-
lieve it will have good effect. It will
result in better discipline, it will be
something accomplished."

The school commission is investigat-
ing the affair. Miss Rogers did not go
back to the class and the two boys
have been suspended.

A NEW CANAL.

To Connect the St. Lawrence
With the Richelieu.

Work is to begin in the spring on a
canal connecting the Richelieu river
with the St. Lawrence river, just
opposite Montreal. It is to be push-
ed so vigorously that it will be com-
pleted within two years on the west
end of about \$5,250,000. The charter
provides that the canal shall have a
depth of 9 ft. and a width of not less
than 80 ft. at the bottom. But it
will have a depth of 14 ft. corre-
sponding with the St. Lawrence ca-
nals. Its length is 18 1/2 miles. The
present connection between Lake
Champlain and the St. Lawrence is
by the Richelieu river, which in its
outlet, and the Chambly canal, the
shoalest of that canal is Lake Cham-
plain and Hudson river.

The Chamblay canal reaches the St.
Lawrence at St. Lawrence, Quebec,
and is a 7 1/2 water
way, with locks 1 1/2 wide. It was
built when the seaport to which ac-
cess was desired was Quebec. It
makes the route of the St. Lawrence
navigable for 200 miles long. This
distance to free
river navigation is reduced eighty-
three miles by the proposed canal
from St. John's to Montreal. Ar-
rangements are being made to in-
crease the depth of the Lake Cham-
plain and St. Lawrence ship canal to
21 ft., when the Georgian Bay canal
is built, as it will really be an exten-
sion of that canal to Lake Cham-
plain and Hudson river.

Kramer To Sail For Europe.
New York, Feb. 25.—Frank Kramer,
the champion of the sprint cyclists,
sailed to-day for Europe, where he
has contracted to ride ten races dur-
ing April and May, six in Paris and
four outside of Paris. It is said that
he will receive more money for his
races than was ever paid to an Amer-
ican cyclist before. This is said to
be due to the active competition
between the two leading tracks of
Paris, which have been bidding
against one another in efforts to se-
cure the services of Nelson, Major
Taylor, Kramer, and other prominent
American cyclists.

and H. B. Taylor—49."

A woman's idea of a must is a man
who refuses to pay her a compliment.

The President A Slave to Cattarrh
of the Throat. D. T. Sample, president of Sample's
Restoration Company, Washington,
D.C., writes: "For years I was afflicted
with Chronic Cattarrh. Remedies
and treatment by specialists only
gave me temporary relief until I was
induced to use Dr. Agnew's Catarrhal
Powder. It gave almost instant re-
lief. 50 cents. Sold by Henry Wade
and H. B. Taylor—49."
