Physicians speak of fat food as "life food" and say that all children ought to have it in abundance. They say too, that weak, thin, nervous children must have fat food and recommend Scott's Emulsion.

It promptly returns sickly; delicate children to rosy health. It is the life of flesh-creating food and keeps the scale of child-health evenly balanced.

Being prepared for easy digestion Scott's Emulsion is readily accepted by the stomach and quickly passed into the blood. There commences at once the repairing of wasted tissues, the enrichment of the blood and the strengthening of the whole system.

Any child who needs more and better nourishment than it seems to be getting from its ordinary food will be greatly benefited if given Scott's Emulsion:
